Introduction

New Mexico State University was founded in 1888 as Las Cruces College. The Territorial Legislature of 1889 established the land-grant Agricultural College and Experiment Station, which officially opened on January 21, 1890. During its first full academic year, the college became known as the New Mexico College of Agriculture and Mechanic Arts, the first degree granting institution in the Territory. Under the provisions of the Morrill Act of 1862 and subsequent federal legislation, the special mission of land-grant institutions has been to provide a liberal and practical education for students and to sustain programs of research, extension education, and public service.

In 1960, New Mexico College of Agriculture and Mechanic Arts became New Mexico State University. Since that time, while sustaining excellence in those programs traditionally associated with land-grant institutions, New Mexico State has become a comprehensive doctoral level university offering a wide variety of programs through the Graduate School and the colleges: Agriculture and Home Economics, Arts and Sciences, Business Administration and Economics, Education, Engineering, and Health and Social Services.

New Mexico State University is the state's land-grant university, serving the educational needs of New Mexico's diverse population through comprehensive programs of education, research, extension education, and public service.

The New Mexico Constitution establishes New Mexico State University as one of the state's post secondary educational institutions, and requires the legislature to provide for the control and management of the institution through a five member Board of Regents, which serves as the governing body for both New Mexico State University as well as for the New Mexico Department of Agriculture. (See [Appendix 1-A](#) for a partial listing and description of relevant constitutional and statutory provisions.)

10. **Agenda:** The meeting agenda sets the order of Board of Regents' business. A proposed agenda shall be prepared for each regular meeting of the board and mailed to each member at least 5 days before the meeting. Any member of the board and the chair may, prior to the deadline for public notice of the agenda, request placement of an item on the agenda. If any individual or group wishes to have an action item considered by the Board of Regents, all pertinent documentation must be submitted in advance of the meeting to the Office of the President in order to allow for staff review. As necessary, the chair of the board or designee will correspond with the individual or group to obtain additional information if needed, and to inform whether or not the item will be placed on the agenda. E. ARTICLE V - Functions/Operating Principles of the Board of Regents:

1. Functions of the Board of Regents:
 - a. To exercise control and management over the university and to exercise all other powers, authority, responsibilities, obligations, immunities and duties granted to it by law and the Constitution of New Mexico.
 - b. To provide educational opportunity to prospective students, particularly those prospective students residing in this state, and to provide a high quality education to all students of the university.

 - e. To select a chief executive officer for the institution and the director/secretary of the New Mexico Department of Agriculture.
 - f. To promulgate rules and regulations for the university and for the New Mexico Department of Agriculture: to enforce statutes, rules and regulations pertaining to the university and to the New Mexico Department of Agriculture.
2. Principles of Board Operation: The Board of Regents exercises its control over the institution through its policies as administered by the administration. Decisions of the Board of Regents shall be made by the board acting as a body in a duly constituted meeting; individual members of the board may, however, discuss the affairs of the university and obtain information pertaining thereto from any other members of the board and from any employee or student of the university. Policies of the board shall be maintained in written form, but failure to do so shall not affect their validity. A member of the board shall not be interested pecuniarily, either directly or indirectly, in any contract for building or improvement of the university, or for the furnishing of supplies, services or materials to said institution. Contributions to the university, in any form, by a member of the board are not in violation of these bylaws. No one member should enter into correspondence as a member of the board. This is a group operation and not an individual one; therefore, it is undesirable to have a letterhead specifically for the board. Any change in organization or structure of any subdivision of this university from the level of dean and higher and any other organizational change which the administration deems of sufficient importance shall be approved by the board before it is implemented.

F. ARTICLE VI - Amendments:

1. Amendments: The power to make, alter, amend, or repeal these bylaws is vested in the board by the affirmative vote of at least 3 of its members.
2. Notice of Amendments: Copies of proposed amendments shall be submitted to the Board of Regents members at least 5 days prior to the meeting at which the proposal is to be acted upon, unless waived by unanimous consent of the board.

- C. Role of EVP/Provost: The executive vice president and provost serves as the chief administrative officer in the absence of the president.
- D. - E. Operational Authority: The board delegates authority for the internal management of the institution to the president. All key policy decisions are made by the president in consultation with the appropriate administrators. All administrators serve at the pleasure of the president. For purposes of this policy, the university president and the executive vice president and provost, and their respective direct reports, shall be collectively referred to as “administration”. Shared governance shall remain a central tenet of academic decision making at New Mexico State University.
1. By law, the Board of Regents governs the NMSU system, under the advice of faculty, by the enactment of policies and by its delegation of operational authority through the university president.

The faculty shall have primary responsibility for curriculum and subject matter and methods of instruction, research, faculty status and those aspects of student life which related to the educational process. Faculty shall have primary responsibility for developing and applying policies affecting the university’s academic mission in regard to education, research, and service, subject to the authority of the Board of Regents, the university president, and the executive vice president and provost.
 3. The faculty shall also be involved in administrative planning processes. To facilitate this, faculty members serve on the many and varied administrative committees.

 - c. As directed by administration, members of the general faculty serve on other advisory committees, including but not limited to: the University Budget Committee, the University Research Council, and the President’s Associates Board. Moreover, the Faculty Senate may select the requisite faculty representative; in addition, administration may select a member of the faculty directly.

Members of the legislative branch (student senate) are elected; the executive offices of president and vice president are elected; and members of the judicial branch are appointed by the president of ASNMSU. ASNMSU has supervision over budgeting and expenditure of all activity monies allocated to ASNMSU; the Publications and Communications Board; the Intramural Board; the Student Activities Committee and other such boards and committees which are created from time to time. All of ASNMSU's accounts are channeled through the ASNMSU Comptroller's Office under the supervision of the Office and Administration and Finance. All recognized student organizations, except for fraternities and sororities, must conduct their financial affairs through the Office of the ASNMSU Comptroller.

- A. Leadership Scholarships: [Amendment adopted by Administrative Council 12.13.05; ratified by Board of Regents 12.08.06] Students who meet the criteria outlined below and who are either: (a) elected to ASNMSU student senate in a campus-wide, student body election, or (b) elected by their respective college councils and recommended to serve as a semester-long appointee to fill a vacant ASNMSU student senate position are eligible each semester to receive a financial award amounting to at least 75 percent of the dollar value of an academic semester in-state tuition and fees scholarship. This financial award is subject to the conditions and processes governing all financial aid awards administered by the Office of Financial Aid and Scholarship Services. As such, students may be awarded only one tuition scholarship in any given semester.

The criteria for the initial award of the Leadership Scholarship are:

1. Undergraduate students must have an overall grade point average of at least 3.0 and, in the semester previous to taking office, have successfully completed 12 or more grades credits with at least a 2.5 grade point average.
2. Graduate students must have an overall grade point average of at least a 3.5 and have, in the semester previous to taking office, successfully completed 9 or more grades credits with at least a 3.0 grade point average and must serve the entire semester as a senator.
3. Undergraduate students must be currently enrolled in at least 12 credits and graduate students in at least 9 credits. Both undergraduate and graduate students must serve the entire semester as a senator to remain eligible for existing and future awards. Resignation, termination, or impeachment from the student senate prior to the completion of the semester voids any award made for that semester and holds the student liable for repayment of the amount awarded.
4. Renewal awards:
 - a. Undergraduate students must have an overall grade point average of at least 3.0 and must have successfully completed 12 credit hours the previous semester.
 - b. Graduate students must have an overall grade point average of at least 3.5 and must have successful completed 9 credit hours the previous semester.

Policy exceptions for termination and repayment of an award include cooperative education programs, medical withdrawals from the university, death, or any situation approved as an exception by the Office of the Associate Vice Provost for Student Affairs and Community Colleges.

- B. ASNMSU - Students Club Endowment Policy: Establishes a policy for maintaining a Club Endowment and a separate Club Account.
1. Purpose of Policy: The Club Endowment is established to provide stable funding for recognized organizations. The income earned from this endowment is to be allocated to recognized organizations to provide consistent funding for them regardless of the financial picture of the ASNMSU.
 2. Deposits: Beginning Fall 1991, \$1 for each full time student, and \$.50 for each part-time student shall be deposited in the Club Endowment each fall and spring semester.
 3. Endowment Management: The Club Endowment shall be a permanently treated endowed fund of the NMSU Foundation, Inc. The principal shall be invested and reinvested in a common investment trust fund for endowments in accordance with the investment policies of the Foundation. The principal shall remain permanently invested and cannot be withdrawn without board's approval. Income earned from the Club Endowment shall annually be transferred to the Club Account in the student account business office according to the policy of the NMSU Foundation.
 4. Withdrawals: The ASNMSU senate, by a simple majority, may withdraw funds from the Club Account for recognized organizations. This shall be done through the normal appropriations process.
 5. Transfers: The ASNMSU senate, by a 3/4 vote, may transfer money out of the Club Account to the Activity Surplus Account or the Major Expense Fund, providing the July 1 balance of the Club Account is a minimum of \$20,000. An amount no greater than the July 1 balance minus \$20,000 can be transferred. This shall be done through normal appropriation methods.

1.05.90 NMSU BOARDS *[New policy recommended by Administrative Council 12.14.10; approved by Board of Regents 01.31.11]*

Much of the work of the university is accomplished through committees or other bodies consisting of the diverse and dedicated members from the university and local community. This policy provides guidance relating to the creation, “lifespan”, and cessation of these bodies that serve NMSU in advisory, investigatory, adjudicatory or other capacities. For purposes of this policy, the term “board” refers to any official body established to serve a university business purpose, whether it is referred to as a board, commission, committee, council, panel, task force, or other title. Because these boards are typically informal, advisory in nature, made up of volunteers or employees taking on duties in addition to their regular job duties, and not incorporated, they are not separate legal entities from the university.

- A. Types of NMSU Boards: Due to the great number of boards utilized for a variety of functions, they will be distinguished by whether or not they serve the entire university community or a part thereof.
1. **University Board**: A university board is a body formally established by university policy or by directive from the Board of Regents, university president, or executive vice president and provost.
 2. **College and Departmental Boards**: A college, departmental or administrative unit board is a body appointed by a community college president, dean, vice president, associate dean, division or department head or other executive or academic administrator, whose work furthers the interest of the college, department or administrative unit by providing collective work product, advice, and/or recommendations.
- B. Role in Policy Development: Any policy recommendations made by NMSU boards will be subject to the policy adoption protocol outlined in Chapter 1 of the *NMSU Policy Manual*.
- C. Formal Creation of Board: At the time any university board is created, the following shall be indicated:
1. The name of the board, and the authorizing body or official;
 2. The type of board and scope of work (i.e. whether standing or *ad hoc*, and whether the scope of the board’s work will impact the NMSU System or only a particular campus);
 3. The purpose and authority of the board;
 4. The membership, including whether the members are appointed by position or by individual, any special selection procedures (i.e. election by another university constituency or selection by that constituency’s chair), the term of each member’s appointment, whether terms are staggered, whether there are any ex-officio (non-voting) or other continuous members, and whether the appointed member may utilize a designee who will vote on the member’s behalf;
 5. How the board’s chair is to be selected;
 6. Whether or not a particular office will provide administrative support to the board;
 7. Guidance relating to meetings, if appropriate.
 8. The date at which the board creation is effective

For university boards, this creation document shall be distributed to all members of the University Administrative Council.

D. Upkeep:

1. All university boards, which include neither those sub-committees of the Faculty Senate, Employee Council or other university boards, nor those corporate entities which may be affiliated with NMSU, shall be listed in the NMSU Handbook of University Boards, maintained by the Office of the Chief of Staff. The Office of the Chief of Staff is responsible for ensuring processes are in place to update the listings to keep them current as of 30 September each year. *See* [NMSU Councils Committees and Boards](#)
2. All *ad hoc* university boards shall have a term of no longer than one year, and within that year shall be reviewed by the official(s) who established it, to determine whether or not the board's term should be extended. When it has been determined that the task for which the board was created has been completed or otherwise discontinued, the authorizing body or official shall direct the cessation of the board in writing to members of the University Administrative Council and reference to the board will be removed from the Handbook.
3. If there is any doubt regarding the status of any university board, and after consultation with the chair of the Board of Regents or key personnel (as appropriate), the university president or the executive vice president and provost (as appropriate) will provide direction to the Office of the Chief of Staff.
4. All standing university boards shall provide an annual report to the authorizing board or official no later than June 30 of each year, including the most current list of members.
5. All college, departmental and other administrative unit boards shall be maintained by the office of their respective appointing officials. The college, departmental and other administrative unit boards shall not be listed in the *Handbook of University Boards*.
6. The chair of each university board is required to ensure that all positions are properly filled in accordance with the guidance provided at the time of board creation. Chairs are to notify the Office of the Chief of Staff immediately upon a position vacancy and assist in nominating names of appropriate individuals for consideration to the authorizing body or official.
7. The authorizing body or official is free to alter or change the nature, membership, role or responsibility of any university board at any time by notifying the University Administrative Council and current board members in writing.

1.05.95 NMSU Community Colleges (*See also* policy headings such as Promotion, Tenure, etc) *[Amendment recommended by Administrative Council 07.13.10; approved by Board of Regents 07.20.10]*

- A. Land Grant Mission: The special mission of the university as a land-grant institution established under the provisions of the Morrill Act is to provide a liberal and practical education for students and to sustain programs of research, extension education and public service. The provisions of the Branch Community College Act of the State of New Mexico (NMSA 1978 Sec. 21-14-1 *et seq*) enable institutions of higher education to establish branch community colleges at the request of communities to meet their educational needs. The university has a long history of success in serving the citizens of New Mexico through its community colleges. The benefits to students for access to quality education through the NMSU community colleges have been documented and recognized. The Board of Regents supports, endorses, and recognizes the reciprocal benefits of its relationship to its community colleges and recommends the continuity of this partnership as one which contributes significantly to the educational and economic development of the state of New Mexico.
- B. Policy Statement: The NMSU Board of Regents pledges full cooperation in the further development of its community college programs to ensure that the higher educational needs of the several communities are fully met. Each of the community colleges will develop its own mission and purpose statement, which shall be brought forward periodically for review by the Board of Regents.

- C. Administration of Community Colleges: Each community college is administered by a campus president under the cognizance of the NMSU president. Community college academic issues are administered by their respective campus president, with oversight by the executive vice president and provost. (*See also Policy 5.06, Administrative Reviews*).
1. Responsibilities of Community College Presidents: The community college campus presidents are responsible for providing leadership for their campuses in the following areas:
 - a. Educational Programs
 - b. Faculty and Staff Appointments
 - c. Student Services
 - d. Community Relations

 - f. Facility Planning (*See Policy 9.50 Use of Facilities*)
 - g. Assessment/Accreditation
 - h. Campus Budgeting (a shared responsibility with the main campus Office of Administration and Finance)
 2. Course Approvals: All new and revised community college courses are submitted for approval to the executive vice president and provost, who circulates the proposed changes to the appropriate Las Cruces campus colleges and committees.
 3. Program Approvals: New designated associate degree programs proposed by the university's community colleges are submitted for approval to the executive vice president and provost, who prepares the proposal for review and approval by the appropriate Las Cruces campus college, the Associate Deans Academic Council, the Academic Deans Council, the Faculty Senate, and the Board of Regents.

It shall be awarded on suitable occasions and with appropriate ceremonies. Documented nominations may come from any group or individual, which have been forwarded through the administration, including the appropriate community college campus president, for consideration for this honor by the Board of Regents. The award will be in the form of a plaque.

1.05.96 Community College Faculty Council [*Amendment recommended by Administrative Council 07.13.10; approved by Board of Regents 07.20.10*]

The purpose of the Community College Faculty Council is to provide a forum for communication among the faculties of the four NMSU community colleges and with the executive vice president and provost. Membership is comprised of nine faculty members: four faculty senators representing the community colleges, one additional faculty representative from each community college, and a chair elected at large from the four community colleges. The executive vice president and provost is an *ex officio* member of the Community College Faculty Council. The four faculty representatives may be college (full-time, regular), tenure-track, or tenured teaching faculty.

1.10 **Policy Development, Review and Approval** [*Amendment, consolidating and revising policy adoption protocol provisions, recommended by Administrative Council 07.13.10; Approved by Board of Regents 07.20.10*]

The NMSU Policy Manual contains approved policies and essential procedures by which the university operates. The following documents are incorporated into the primary *NMSU Policy Manual* by reference: *Undergraduate Catalog*; *Graduate Catalog*; *Handbook for Students*; *Business Procedures Manual*; and *Police Manual*. Except for provisions which may be expressly incorporated by reference into an employment contract, the provisions contained in the *NMSU Policy Manual* do not create any type of contract, implied or otherwise, between the regents of NMSU and its employees. The provisions of the manual reflect the general operating policies and essential procedures of the university, are not all inclusive, and may be amended or revoked at any time by the university.

The president of the university shall specify which, if any, advisory bodies (as indicated below or as may be created) shall review proposed new and revised policies and make a recommendation regarding formal approval:

- Academic Deans Council
- ASNMSU
- Associate Deans Academic Council
- Athletics Council
- Community College Faculty Council
- Community College presidents' Council
- Employee Council
- Faculty Senate
- President's Council
- University Administrative Council
- University Executive Council
- University Research Council

After recommendations from the advisory bodies, if any, and with the approval of the president of the university, the matter shall be placed on the board's agenda for consideration and action. As policies are revised throughout the year, they will be incorporated into the *NMSU Policy Manual*. The *NMSU Policy Manual* may be viewed or downloaded from the university's home page website at www.nmsu.edu. A summary list of the policy revisions and their approval histories will also be posted on line each year. A copy of the *NMSU Policy Manual* and annual summary will be printed each year following the board's July meeting, and filed at Zuhl library.

The Board of Regents recognizes that provisional modification of a policy may occasionally be necessary to ensure effective operation of the university. The president of the university is hereby given the authority to modify current policy, as long as such modification is presented to the board at its next regular meeting, or until such meeting as the board is able to consider it.

The president of the university or whoever the president delegates will have responsibility for maintaining and updating this manual.

1.15 **Non-Academic Units - Creating, Reorganizing, Relocating, Eliminating** (*See Policy 6.05 for Academic Units*)

For the purpose of this policy, a non-academic unit is defined as a unit that is **not** within a college, an undergraduate major, a graduate degree program or the library, whether these units are located on any NMSU campus. Any proposal to create, reorganize, relocate and/or eliminate a non-academic unit must be submitted for review and approval through the appropriate vice president, vice provost or dean and the executive vice president and provost (refer to chart of approval process, [Appendix 5-B](#)).

If a change results in a structural change to the organizational hierarchy, the change will be effective January 1 or July 1 following the approval. Structural changes are defined as changes that affect the hierarchical organizational and reporting structure. Changes to organizational attributes may be

processed at any time throughout the year. These changes are defined as: department long title, acronym, mail stop code, PO Box number, street address, city, state, zip code, building name ([See Policy 2.50, Naming Policies](#)), room number, telephone number, fax number and departmental e-mail address.

Procedure: After the appropriate administrative approvals are obtained, the requesting department head/director must submit an Organization Request Form to the Office of Human Resource Services for processing. The form must be submitted with all relevant documentation attached no later than November 30 (for January 1 effective date) and May 31 (for July 1 effective date).

CHAPTER 2- GENERAL OPERATING POLICIES

2.03 **Art, Archives and Other Cultural Collections** *[Amendments to Policies 2.03 and 2.04, merging and substantively revising the two (repealing 2.04), were recommended by Administrative Council 03.09.11; approved by Board of Regents 03.14.11]*

- A. Purpose: To ensure the proper acquisition, inventory, professional care and use of the university's art, archives and other cultural collections.
- B. Scope of Application: This policy applies throughout the NMSU System; it addresses all art owned by NMSU, including art acquired to become part of the university's permanent art collection (i.e. those works of art in the custody or control of the Art Gallery), art acquired via the Art in Public Places Act, art donated to or acquired by any NMSU entity.
- C. Policy Administrator: This policy is administered by those officials with continuous position appointments to the Art Gallery Acquisitions Committee and the University Cultural Collections Committee, the University Museum, University Archives, as well as by appropriate state personnel and committees formed pursuant to the New Mexico Art in Public Places Act.
- D. General Guidelines:
 1. **Art Belonging to NMSU**: Works of art for museums or for display in public buildings or places are distinct from other types of personal property owned by the NMSU Board of Regents. The acquisition of art is exempt from the New Mexico Procurement Code, but is subject to other state requirements and other university requirements relating to gifts in kind. For the purpose of this policy, "art acquisition" includes the receipt of artwork through any means, including purchases using publicly appropriated or privately donated funds, commission, gift, trade, transfer, exchange, or bequest. The Art Gallery coordinates the management of all university owned art. It is the Art Gallery's charge to exhibit, maintain, and preserve the university's art consistent with current professional standards. The Director of the Art Gallery serves as the curator of the NMSU System art collections.
 2. **Mission of the Art Gallery**: Through the exhibition, research, and interpretation of original works of art, the Art Gallery supports the University's pedagogical goals and endeavors to educate its audience and raise its awareness to the diverse and valuable experience available in the visual arts.
 3. **Art Committees**: The following committees are hereby recognized:
 - a. The Art Gallery Acquisitions Committee, a standing committee charged with identifying and recommending acquisition of artwork for the NMSU permanent collection, as well as making recommendations for the conservation and presentation of art in the cultural collections owned by the university. The Art Gallery Acquisitions Committee is the committee granted the authority to approve expenditures from the NMSU Permanent Art Collections Account, in collaboration with other members of the university community and in accordance with the provisions outlined herein. *See* subsection E. below.
 - b. The University Cultural Collections Committee, a standing committee charged with approving the acquisition of art and other cultural collections available or offered to NMSU, and with decisions relating to the conservation and presentation of art and other objects in the cultural collections owned by the university.
 4. **NMSU Archives and Special Collections**: NMSU Archives (Hobson-Huntsinger University Archives) selects, preserves, houses, and makes accessible all records of enduring value created by administrators, faculty, students and alumni of New Mexico State University. Through its programs the University Archives seeks to illuminate the history, evolution, and societal role of the institution.
 - a. **Political Papers Archives**: Political paper archives consist of the congressional, selected gubernatorial and personal papers of senators and members of both the state and U.S.

- House of Representatives and U.S. Senate from New Mexico serving from 1916-present, highlighting their political careers at the local, state, national, and international levels.
- b. **Reprographics/Digital Duplication:** This division responds to internal and external reproduction requests, as well as coordinates regarding conservation and cataloguing photographic materials and audio and video recordings that are added to the collections.
 - c. **Rio Grande Historical Collections (RGHC):** The RGHC division acquires, preserves, and makes available for research records of organizations, personal papers, and other unpublished materials which document the cultural heritage and history of New Mexico and the Spanish Borderlands.
 - d. **Special Collections:** The Special Collections division houses published research materials including books, periodicals, maps and newspapers. The most heavily used of these materials relate to the history, culture, peoples, and resources of New Mexico; the broader Southwest and the Borderlands; and materials supporting specialized university programs.
- E. **Art Acquisition:** This subsection does not address the acquisition of art for capital improvement projects, which is governed by state law. *See* subsection I. below.
1. **Funding:** The university shall set aside a sum each year in the NMSU Permanent Art Collections Account, an amount equivalent to \$1 for each student enrolled full time each academic year, for the restricted use of funding the acquisition, conservation and presentation of works of art. The Art Gallery Acquisitions Committee is the entity authorized to approve expenditures from this account.
 2. **Criteria:** All works of art proposed for acquisition, conservation or presentation for the benefit of the university may be evaluated by the Director of the Art Gallery, the Department Head for the Department of Art, or any other interested individual member of either the Art Gallery Acquisitions Committee or the University Cultural Collections Committee. All recommendations shall be considered by the University Cultural Collections Committee, which shall make the final decision on behalf of the university, based on the following criteria:
 - a. **Quality, Condition and Aesthetic and Academic Value:** The quality and condition of the object, aesthetic value and appropriateness to the academic environment and the department to which it is donated. The object under consideration should be relevant to an existing collection or should be capable of forming the nucleus for a new collection. The value of the object for scholarly use within an established collection on campus should be considered.
 - b. **Care and Maintenance Requirements:** The university is committed to properly care for and maintain the objects in its cultural collections in accordance with acceptable professional standards. The director of the Art Gallery, a representative of the Art Gallery Acquisitions Committee (other than the director of the Art Gallery), and the chair of the University Cultural Collections Committee are also charged with bringing issues such meeting professional standards for adequate storage, protection, and preservation to the attention of the two committees for resolution.
 - c. **Security and Logistical Concerns:** The security and appropriateness of the location for installation of the object. Considerations for protection of the object through security systems and insurance restrictions should also be considered.
 - d. **Purpose for Acquisition:** The intention is that an object shall remain in the collection so long as it retains its authenticity, pertinence to the collection, and physical integrity. Short range acquisition for the purpose of later sale, as well as speculative acquisition for short-range sales should be discouraged and then only entered into with the express approval of the Art Gallery Acquisitions Committee and the University Cultural Collections Committee.
 - e. **Legality:** NMSU will operate with due diligence in researching the background of any art objects to be acquired in order to assure compliance with applicable state and federal laws.

3. **Decision making Authority:** The responsibility to search for accessions is shared between the director of the Art Gallery, the Art Gallery Acquisitions Committee and the University Cultural Collections Committee. University officials, faculty, staff and other support groups of the Art Gallery shall not obligate the university to any acquisition; prospective donors or sellers should be advised that all objects proposed for acquisition by the university are subject to review and recommendation from the director of the Art Gallery and the Art Gallery Acquisitions Committee, and approval from the University Cultural Collections Committee, subject to this policy and other gift acquisition protocols which may apply.
4. **Valuation of Gift Art:** NMSU officials, faculty, staff or other agents shall not participate in the appraisal of gifts of art, archival material or other special collectible offered to the university for the purpose of establishing the tax deductible value.
5. **Acquisition by Gift or Bequest:**
 - a. **Donor Restrictions:** The university prefers to receive gifts free of restrictions that might affect the university's ability to utilize the gift in the most efficacious manner on behalf of the students and the NMSU community. There can be no commitment to permanent display, nor can the university commit to retain ownership in perpetuity. Every effort should be made to limit restrictions to a reasonable period, after which they will expire. Any restriction shall be documented and maintained with the records pertaining to the gift and kept on file at the Art Gallery.
 - b. **Gift Agreement:** The gift of objects or works of art needs to be formalized in a deed of gift agreement which includes statement of transfer of legal title and where applicable, copyright and literary rights and signature of the donor. The deed of gift or a copy of the deed of gift should be kept on file at the Art Gallery. Documentation should include:
 - i. Name and address of donor and intermediary, if any;
 - ii. Description of the object in sufficient detail to enable easy identification and a photograph;
 - iii. Date of acquisition by the donor and method of acquisition;
 - iv. The original cost or appraisal of the object at the time of original acquisition;
 - v. Any records, receipts or other documents that provide proof of ownership;
 - vi. Date of donation to the university and date of acknowledgment;
 - vii. A history of the object and any information that may have bearing in its authenticity or enhance its educational value;
 - viii. A current appraisal by an independent qualified appraiser;
 - ix. Factors used to arrive at the current value;
 - x. De-accession of the object, if not retained by the university;
 - xi. Any restrictions or conditions placed on the gift by the donor and the expiration date of the conditions.
6. **Acquisition by Purchase:** The purchase of a work of art for the university, either through commission or purchase, will be formalized by a written contract for commission or bill of sale. Proposals will be reviewed by the director of the Art Gallery, the Art Gallery Acquisitions Committee and the University Cultural Collections Committee. Contracts will follow the template created by these committees, if any, in consultation with the university's general counsel.
7. **Acquisition by Incoming Short Term Loan:** Under ordinary circumstances, the university does not accept deposits of objects or works of art unless there is reason to believe that the deposit will be changed to a permanent gift to the university or that it is unlikely that the object of value will be preserved in any other way. The university will provide professional care for art objects received on loan, but will not assume responsibility for any loss or injury to the deposit which may occur. Should an object be received for long-term loan, the specific period of the loan shall be defined in a written loan agreement at the outset. Loan agreements shall follow the template created by the Art Gallery Acquisitions Committee and the University Cultural Collections Committee, if any, in consultation with the university's general counsel.

8. The following documentation will be maintained for all incoming loans: copies of all loan forms; incoming and outgoing condition reports, to include any special requirement for the object; all records of transport; any records that pertain to the work with regard to value and insurance.

F. Art Inventory, Custody and Conservation:

1. Designation of Art Custodian and Duties: Any NMSU entity physically in possession of a work of art shall assign a specific person to serve as custodian of the art and liaison to the director of the Art Gallery. At least once annually, as directed by the director of the Art Gallery, the designated unit art custodian shall annually verify the object is secured in accordance with standards for insurance against risk of loss, and document its physical condition and location. The art custodian shall send the results of this art inventory to the director of the Art Gallery.
2. Art Conservation: All proposals for necessary restoration and repair to works of art shall be presented to the Art Gallery Acquisitions Committee and the University Cultural Collections Committee for consideration. Professional conservators should be consulted when feasible. If restoration work is needed, requests for funding should be submitted through normal administrative channels. University administration is responsible for the cost of conservation of university art. Should conservation be unfeasible and the poor condition of a work of art impugn the integrity of the piece, the work should be removed from view, or in the case of murals, be appropriately covered, upon consultation with the Art Gallery Acquisitions Committee and the University Cultural Collections Committee.

G. Outgoing (Short Term) Loans from the University's Permanent Art Collection:

1. Short Term Loans to Other Public Institutions: In keeping with its traditional support of scholarly and educational exhibitions, the Art Gallery may loan NMSU works of art to qualified educational and exhibiting institutions for up to one year. Prior to lending, the following conditions must be met:
 - a. The object to be loaned must be able to survive, intact, the rigors that will be imposed by transportation and handling.
 - b. The borrowing institution shall have proper environmental controls, qualified handlers, and adequate security for the protection of the object. Facilities reports will be required.
 - c. The director of the art gallery shall ascertain that there will be no immediate need for the work within the NMSU community.
 - d. The borrowing institution will provide wall to wall insurance; a certificate of insurance will be required.
2. Long-Term Loans from Collection to Other Public Institutions: Loans to institutions for extended tours, exceeding 1 year, may be made at the discretion of the art gallery director, on the condition that all institutions involved in the tour meet the above qualifications for loan. Long-term loans from the permanent collection may be made from time to time to other institutions at the discretion of the art gallery director. Objects selected for such loan should not be of primary importance to the NMSU art collection, nor be of substantial value.
3. Record of Outgoing Loans: For all short and long term outgoing loans, the following records will be maintained: copies of all loan forms; incoming and outgoing condition reports, to include any special requirement for the object; all records of transport; any records that pertain to the work with regard to value and insurance.

H. De-accession: A de-accession is the removal of an object from the university's art collection with legal transfer of title or other appropriate action. The following de-accession process applies in the event any university department wishes to dispose of a university owned work of art.

1. Requests for De-accession: The director of the Art Gallery shall present a written request for de-accession to the Art Gallery Acquisitions Committee and the University Cultural

Collections Committee. The request should include a justification and a proposed destination for the work of art. Written outside appraisals will be sought for any object of significant value that is being considered for de-accession. The Art Gallery Acquisitions Committee and the University Cultural Collections Committee shall make its recommendation(s) to the NMSU Board of Regents. An object should not be de-accessioned on the grounds of taste, current or otherwise. The Art Gallery Acquisitions Committee and the University Cultural Collections Committee should discourage the sale of objects without clear justification and deter the sale of objects for revenue.

- a. **Reservation for Distinct Special Collection:** If the director of the university museum, or the library's archives and special collections department head desire the object for a collection, the Art Gallery Acquisitions Committee and the University Cultural Collections Committee should release the object for approval by the acquisitions committee of the established collection. If the object is not desired for an established collection, the de-accession process shall continue.
- b. **Current Restrictions on Gift of Art:** Objects with mandatory donor restrictions may not be de-accessioned prior to expiration of any time limitation or until permitted by a court of competent jurisdiction. If it is practical and reasonable to do so considering the value, the Art Gallery should notify the donor if it intends to dispose of such objects within 10 years or the donor's lifetime, whichever is shorter. If there is any question as to the intent or force of the restrictions, the Art Gallery will seek advice from the university's general counsel.
- c. **De-accession of Objects:** The manner of de-accession chosen will be in the best interest of the Art Gallery and its collection. Any profit from the de-accession will be applied to acquisitions and/or art conservation. Consideration may be given to placing the object through gift, exchange, or sale with another tax-exempt public institution. If the object is to be sold to a non-public entity, a public auction or other publicly noticed sale should be conducted. Staff and officials of the university are ineligible to purchase or otherwise acquire NMSU works of art. If any profit is accrued through the sale of an object, it shall be deposited into the NMSU Permanent Art Collections Account.
- d. **Respect to Artist:** The de-accession of works will be accomplished in such a manner that it will not impugn the reputation of the artist or the artist's body of work. Should the de-accession of works by living artists be required, the feelings of the artist should be respected and whenever possible, the artist should be consulted regarding the de-accession of the work of art.
- e. **Documentation of De-accessioned Objects:** Full record of all exchanges and sales will be maintained. Records of the Art Gallery shall document the de-accession process and the final destination of the object.

2. **Museum Items:** In the absence of a specific de-accession procedure for items in the University Museum, the above art de-accession procedure shall apply. The Dean of the College of Arts and Sciences is authorized to promulgate a policy for the de-accession of museum items.

I. Art Acquisition for Capital Projects:

1. New Mexico law, at NMSA 1978, § 13-4A-1 et seq, known as the Art in Public Places Act, requires one percent of the amount appropriated for new construction or major renovation or \$200,000, whichever is less, to be allocated for the acquisition and installation of works of art. New Mexico Arts, a division of the New Mexico Office of Cultural Affairs administers such acquisitions. Expenditures for works of art are required by law to be contracted for separately from all other items in the new construction of the public building.
2. The state's guidelines include the involvement of a Local Selection Committee, consisting of members reflecting the cultural diversity of the community and with an interest in the project. The membership typically includes a representative from the users of the building, the owner representative or designee, an architect, an arts professional or community art representative, an artist not competing for the project, and up to two community or student representatives or a member of the Board of Regents.

3. The university architect, the director of the Art Gallery, and the head of the Department of Art shall serve on all Local Selection Committees as position appointments, as long as permitted by applicable state regulations. The Local Selection Committee is responsible for selection of art for the identified public building, using the public selection process and adhering to the procedures developed by the New Mexico Arts division. Those procedures may be viewed at NMAC 4.12.11.2 through 11.16.

Their de-accession is controlled by the NMSU Board of Regents or subject to state and federal law. Proposals to dispose of records should be reviewed by and receive the concurrence of the Department Head for Archives and Special Collections.
 2. Appraisal Guidelines: See NMSU Archives Appraisal Guidelines for records. [NMSU Library: Policies and Procedures - Policy #012](#)
 3. Authority to Accept: The NMSU Board of Regents has delegated authority to the Archives and Special Collections Department, with the approval of the dean of the University Library, to accept on behalf of the university, collections of documents of 100 cubic feet or less. 2.25 Emergency Preparedness *(See also Emergency Notification at 2.35.1.1.8)[Amendment superseding former Policy 2.25 “Emergencies” adopted by Administrative Council 05.12.09; ratified by Board of Regents 07.29.09] [Amendment adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09]*

A. All Hazards Emergency Operations Plan (AHEOP): Each component of the New Mexico State University System (Las Cruces, Dona Ana, Grants, Alamogordo and Carlsbad) shall maintain an “All Hazards Emergency Operations Plan” to guide responders, administration, and the community during emergency situations. As part of this plan, each component of NMSU is an active participant in local, regional, and state plans, and the National Incident Management System is the model for command and communications to be utilized. The NMSU Las Cruces AHEOP can be accessed at, [NMSU-All-HazEOP](#) as well as through the NMSU Police Department and the Office of Environmental Health & Safety. This model plan shall serve as a guide to other system components for the types of planning and documentation required for their AHEOP.

The authority for the plan is granted to the Board of Regents of New Mexico State University by the New Mexico Constitution (Article XII, Section 13) and state statute (21-8-3 NMSA 1978 *et seq.*). The regents have delegated the authority to manage the daily operations of the university (to include management of emergencies) to the president of NMSU, who has in turn authorized personnel in certain departments to take those actions necessary for mitigating, preventing, preparing, responding, and recovering to/from emergencies and disasters.

The president shall approve and sign each component’s AHEOP. Prior to signature, each AHEOP shall be reviewed by all appropriate parties. At a minimum these plans shall be reviewed by the

following.

- Central Administration Response Team
- Environmental Health & Safety
- NMSU Fire and Emergency Services Department
- Local fire department for components
- Information and Communications Technologies
- NMSU Police Department
- Local police department for components
- University Communications

At a minimum, each component shall insure their specific plan is reviewed every two years. Any substantive changes made to the plan require approval by the president. Appendices to each component's AHEOP are considered working documents and do not need to be re-approved when changed, as they are expected to be changed regularly in order to be kept up-to-date.

- B. Unit/Department Level Emergency Planning: Each department or unit should engage in emergency planning in order to protect their human and physical resources to the fullest extent possible. Such local planning effort is required under each component's AHEOP. Such plans should include the following.
1. Unit-Level Emergency Action: These plans are intended to address response of unit-level personnel to hazards such as natural disasters, fires, hazardous material spills, and active shooters. The goal of this plan is to get unit-level personnel and those in the area (to include students and visitors) to safety as quickly as possible. They are not intended to address actual response to the threats presented by said hazards. A component of all plans must be notification of emergency response personnel and communication within the unit.
 2. Continuity of Operations: The Continuity of Operation Plan (COOP) identifies the key missions carried out by the unit, and identifies mechanisms for continuing to meet/achieve them during or after a disaster. These plans should include information necessary to operate in a variety of circumstances, such as from a remote site, without electricity, without computer connections, etc. Paper forms, electronic forms, databases, spreadsheets, and similar information that support the plan should be maintained/stored off-site for use during a disaster.
 - a. Lines of Succession: All units shall maintain a listing of who is in charge, along with a line of succession of 2 additional people. Contact information for said individuals must be readily available, and the line of succession and contact information shall be communicated within each unit and to the next level of supervision.
 - b. Contact and Communications: These plans identify the mechanism to be used for contacting unit personnel in the event a disaster takes place. This may include use of telephone trees, e-mail, personal visits to homes, etc. (NOTE: Communication during an emergency should also be addressed within the Unit-Level Emergency Action Plan.)
 - c. Designations of Essential Positions: An essential position is one that has been designated as critical to the operation of the unit. Prior approval for the majority of essential designations will assist in emergency planning and provide the best outcome during an emergency. Notwithstanding the prior approval, any position may be designated as essential at any point during a university State of Emergency, even if not so designated prior to the emergency.
 - i. Approval of Designation: Each department or unit must submit their list of essential positions to their respective college dean, vice president or vice provost for approval and subsequently submit to the Office of Human Resource Services for inclusion in each job description.
 - ii. Communication of Designation to Employee: Personnel identified to fill essential positions or alternates for essential positions will be listed on the COOP for that unit. Departments and units shall communicate designations to employees. Personnel

designations may be changed by department head or unit director level supervisor during an emergency, if needed.

- iii. Reasonable Flexibility: In an emergency, both employer and employee should be as flexible as possible to enable employees to work, including facilitating working from home and other remote locations (telecommuting); allowing full-time employees to work part-time; using flexible work schedules; and other appropriate solutions.
 - iv. Extension of Deadlines: All probationary periods and other critical deadlines will be extended for the duration of the University State of Emergency.
 - v. Responsibility of Essential Personnel: Essential personnel shall report for work unless specifically directed by supervisor or authorities not to report for health and safety reasons. Alternate essential personnel whose designations are changed to essential shall report for work upon notification of changed designation. Standby personnel, not designated as essential or alternate to essential, shall not report to work during a university State of Emergency and may only work if pre-approved by department or unit.
 - vi. Work Outside Normal Scope of Employment Duties. Employees may be required to work outside their normal scope of responsibility as deemed necessary by appropriate NMSU administrator. This includes employees with the necessary skills that are needed to work outside their colleges/vp units. Base compensation will be at the individual's regular base pay for their primary job unless other arrangements are approved by HR Services.
 - vii. Compensation and Leave Time: Non-exempt/hourly employees will receive regular rate of pay and overtime compensation for time worked in excess of 40 hours per week. Exempt/salaried employees will receive regular base pay for time worked and be eligible for a hardship differential if excessive overtime is required. Employees not able to work at any location or not needed to work will not receive regular pay but may be granted paid or unpaid leave consistent with university policies.
3. Assistance with Development of Plans; Periodic Updates: Assistance in developing these plans is available from the Office Environmental Health & Safety and from the NMSU Police Department for any NMSU facilities in the state. Unit/Department level plans should be reviewed and updated annually, or more frequently when critical information changes.
- C. NMSU Las Cruces - Location Specific Plans: NMSU Las Cruces is an active part of the Doña Ana County/City of Las Cruces emergency plans and regularly participates in emergency planning and response. For NMSU Las Cruces and portions of Doña Ana Community College, the NMSU chief of police and NMSU chief of fire and emergency services (and their respective delegates) are responsible for acting as the incident commander on the scene of disasters and emergencies. They are authorized to conduct evacuations, shelter in place, close buildings, block roads, and take other such actions as are necessary for the immediate preservation of life and property. They may also request mutual aide pursuant to written agreements with other agencies without the need for a presidential declaration. In addition, they are authorized to activate the Central Administration Response Team and the Doña Ana County/City of Las Cruces Emergency Operations Center in support of their emergency operations.

The public safety entities at NMSU Las Cruces are also expected to maintain policies, procedures, and guideline manuals for their personnel that provide proper guidance in both daily and emergency situations.

- D. Coordination with Local Emergency Service Agencies: In Doña Ana County there are resources internal to NMSU that provide police, fire, and medical command and control of incidents. However, NMSU components outside Dona Ana County are dependent upon the local jurisdiction for fire, police and emergency medical services for at least initial response. Managers of those facilities are responsible for coordinating emergency plans and responses with those entities having jurisdiction in their location. For facilities outside Doña Ana County, it is incumbent upon administration of those facilities to notify central administration of any emergencies that take place as soon as it is safe and practical to do so. In no way should such notification delay requests for help from the local jurisdiction via 911 calls or other pre-arranged mechanisms. For any criminal activity, notification to the NMSU Police Department should also be made so the

department can coordinate with the agency(ies) of primary jurisdiction on the investigation. As deemed appropriate, the NMSU Police Department may assign personnel to handle criminal investigations taking place on NMSU property anywhere within the State of New Mexico.

E. NMSU System Command and Control of Emergency Situations:

1. Declaration of Emergency: The president of NMSU is authorized to declare a state of emergency and/or a disaster at NMSU or any of its components, sections or divisions as is deemed appropriate. Such a declaration shall invoke all agreements and plans (to include local City and County All Hazards Plans and/or the State of New Mexico All Hazards Plan) necessary and appropriate for resolving the pending crisis. When the president is not available, the line of succession for said office shall be followed, with all such individuals having the authority to declare a disaster or emergency in the absence of the president.
2. 2.30 **Fire Safety, Prevention and Emergency Services** *[Amendment adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09] (See also [Fire Prevention Guidelines and Practices](#) approved by Administrative Council 05.12.09)*

- A. **Purpose and Scope:** This amended policy, and corresponding Fire Prevention Guidelines and Practices, are established in order to protect and preserve the safety of the public and NMSU property. This policy and the Fire Prevention Guidelines and Practices apply to university students, employees, visitors and contractors working or conducting business on the NMSU Las Cruces (NMSU) and NMSU Doña Ana Community College (DACC) located on the NMSU Las Cruces campus.
- B. **DFES Jurisdiction:** Consistent with the university's Emergency Preparedness Policy, the NMSU Department of Fire and Emergency Services:
1. Serves as the primary response agency for NMSU-Las Cruces and NMSU-Doña Ana Community College for emergencies such as fire, medical, hazardous materials mitigation and confined space rescue operations.
 2. Provides mutual aid assistance to City of Las Cruces and Dona Ana County's 15 fire districts.
 3. Provides EMS services at special events conducted on campus or at the request of an NMSU entity.
 4. DFES is also under the broader jurisdiction of the New Mexico State Fire Marshal's Office (FMO). The State of New Mexico has adopted the National Fire Protection Association (NFPA) Standards. DFES is granted Authority Having Jurisdiction (AHJ) from the New Mexico State FMO and is the authority in all matters dealing with fire safety for NMSU and NMSU-DACC. For other NMSU campuses and locations, the Authority Having Jurisdiction is the New Mexico State Fire Marshal, local county fire marshal or municipal fire department.
 5. As delegated from the New Mexico State Fire Marshal's Office, the NMSU Department of Fire and Emergency Services is the Authority Having Jurisdiction (AHJ) and performs the fire safety inspections as requested or as determined for facilities located on the NMSU-Las Cruces and NMSU-Doña Ana Community College campuses. The inspections are conducted for the purposes of identifying and recommending corrective action to eliminate or reduce the potential for loss of life or property due to fire. The inspections are conducted utilizing State adopted National Fire Protection Association (NFPA) codes, with the International Building Code and International Fire Code as reference.
 6. NMSU Office of Environment Health and Safety is responsible for occupational fire safety and shares fire inspection duties with the NMSU Department of Fire and Emergency Services.
- C. **Fire Prevention and Safety, Generally:**
1. The National Fire Protection Association (NFPA), International Fire Code (IFC), International Building Code (IBC) and the Occupational Safety and Health Administration (OSHA) standards are the primary resources used in the development of the Fire Prevention Guidelines and Practices. Because the DFES is recognized as the Authority Having Jurisdiction (AHJ) in matters related to fire safety, interpretations and/or deviations may be allowed in some cases. Deviations will be evaluated and determined by DFES on a case-by-case basis. Specific issues not addressed in the *Fire Prevention Guidelines and Practices* may be referenced in one of the above standards, and will apply as determined by the DFES.
 2. The *Fire Prevention Guidelines and Practices* is intended to facilitate the training of NMSU personnel and compliance by NMSU by restating some of the more fundamental requirements of the above referenced national and state standards and laws. Due to the risk of serious injury and/or death from fire or fire-related emergencies, students, employees, visitors and contractors shall comply with the *Fire Prevention Guidelines and Practices*. Any hazardous or emergency situation, even if only suspected, shall be reported to DFES.

3. Fire Emergency Action and Evacuation. The NMSU Office of Environmental Health and Safety and the NMSU Fire Department shall coordinate regarding the requirements of the Fire Prevention Guidelines and Practices relating to general and specific fire evacuation plans for the protection of university students, employees, visitors and contractors from the hazards associated with a fire-related emergency which may occur on university property. Examples of fire-related emergencies that would require initiation of building evacuation include and are not limited to:
 - The smell of smoke (regardless of how small an amount),
 - The sight of smoke (regardless of how small an amount),
 - The smell of gas or other hazardous chemical,
 - Electrical equipment that is sparking,
 - Any fire, regardless of how small, even if it has already been extinguished.

D. Roles and Responsibilities of NMSU Entities:

1. NMSU Administration: To provide NMSU, through support and funding, with a fire safety program which will provide staff, faculty, employees, students, and visitors the guidelines, programs, and policies which will ensure their safety.
 2. Deans, Directors, and Department Chairs: Responsible for implementing fire safety programs in areas under their control, and providing assistance to DFES in conducting fire safety inspections, correcting hazards and concerns, and implementing fire prevention and evacuation policies.
 3. Office of Environmental Health and Safety (EH&S): Responsible for the development, coordination, implementation, and training of safety programs. The EH&S is responsible for providing assistance to all NMSU staff, faculty and employees in correction of safety hazards and concerns.
 4. Managers and Supervisors: Responsible for ensuring that their areas of responsibility are compliant with approved fire safety practices, receive the required training and coordinate code violation corrections with DFES.
 5. Maintenance Personnel: Responsible for ensuring the proper maintenance, operation, and documentation of all emergency and safety devices under their control.
 6. Students, Employees, Visitors and Contractors: Shall become aware of and comply with fire safety programs, attend required training, and report any suspected fire safety hazard to DFES.
 7. Students: Although not specifically required to be trained in the same manner as faculty and staff, students are urged to become familiar with the safety policies of NMSU and should report any potential fire safety hazard to DFES.
 8. Contractors: Are responsible for compliance with local, state and federal safety standards. Contractors have the responsibility to ensure that their work does not create fire or other safety hazards.
- E. Other Considerations: Emergency Procurements: For purposes of the New Mexico Procurement Code, an emergency condition is a situation which creates a threat to the public's health, welfare, safety, or to property such as may arise by reason of floods, epidemics, riots, equipment failures or similar events. The existence of the emergency condition creates an immediate and serious need for services or construction that cannot be met through normal procurement methods. The Office Central Purchasing and Risk Management Administration may either initiate or authorize others to make emergency procurements, provided that such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency procurement and for the selection of the particular contractor shall be included in the procurement file. Emergency procurements shall not include the purchase or lease-purchase

of heavy road equipment. In the event of an emergency, as defined above, the Office of Central Procurement and Risk Management Administration may purchase without bids. During regular working hours, the Office of Central Procurement and Risk Management Administration should be informed at once of emergency purchases greater than \$2,500. When circumstances beyond the department's control prevent following established procedures or when delay would be detrimental or prove costly to the university, an emergency purchase may be made with the approval of the purchasing director.

 - 2. Postponement of related technology project
 - 3. Exclusion of the system from connectivity to university systems and data

Practices such as "vendor exercising," which is the practice of inviting vendors to demonstrate their products prior to central purchasing office involvement in the product's purchase, violate NMSU purchasing guidelines and are prohibited.

- C. Process: The acquisition and implementation of software systems policy process, [Security Guidelines](#), details the software systems evaluation, notification of potential software systems acquisition, and the acquisition approval process.

2.35.1.3.2 NMSU Records Access

- A. Purpose: This policy specifies the requirements for accessing computer data logs.
- B. Policy: Access to computer data logs is restricted. Access to these logs shall be granted with written approval of university president/chancellor, provost, general counsel, human resources, internal audit department or law enforcement.

2.35.1.3.3 Caller ID

- A. Purpose: This policy defines the caller id policy in effect at the NMSU Las Cruces campus and Alamogordo campus telephone systems. Caller identification information is deployed for both incoming and outgoing calls.
- B. Policy: It is the policy of NMSU to share caller identification information with national telecommunications infrastructure. Telephone numbers that are listed as "private" on NMSU's telephone system shall be registered as "blocked" with external carriers. Caller identification information on all "unblocked" numbers shall be shared.

2.35.1.3.4 Mobile Communication Device Usage

- A. Purpose: This policy addresses the use of mobile communication devices for business purposes; and methods for making communication devices available to employees.
- B. Policy: NMSU provides mobile communication devices to employees who have on-call responsibilities. All other employees who are required to use a mobile communication device to perform bona fide job duties shall use their personal mobile communication device. NMSU provides a monetary allowance to employees for the use of personal communication devices.

C. Acquiring a Mobile Device:

1. University owned mobile devices:

A department may purchase and own mobile devices that may be loaned temporarily to individual employees. The mobile device is university property and shall be used by the employee for university business purposes only.

This option is limited to personnel whose responsibilities require them to assume on-call responsibilities as part of the job requirements. This is also available to departments utilizing the service for limited, job specific purposes. To qualify under the on-call provision, the mobile communication device is assigned to the employee only during on-call periods. *No NMSU employee shall be issued a university owned mobile device and service on a permanent basis.* The department and the on-call employee(s) must substantiate all business related usage by signing certification of the monthly bill provided by ICT. Personal use of a university owned device is strictly prohibited.

2. Employee owned mobile devices:

Allowances paid to the employee are considered taxable compensation and, accordingly, are subject to required tax withholdings. Allowance payments are not subject to retirement deductions. A department may elect to provide a monthly allowance to cover employee's mobile communication device expenses.

D. Infrequent Use of Mobile Communication Devices for Business Purposes: If an employee's job duties do not necessitate the need for a mobile communication device, then the employee is not eligible for an allowance to cover such expenses. Employees not eligible for an allowance can request reimbursement of business calls incurred on their personal device provided that the reimbursement for per-minute charges is limited to the total overage charge indicated on the invoice.

E. Fees for Contract Cancellation: If the university cancels or changes its requirement that an employee use his/her personal mobile communication device for university-related job duties, and the cancellation or change results in additional fees or penalties levied by the employee's communication service provider, then the university shall reimburse the employee for any resulting fees or penalties imposed on the employee by the service provider.

F. Departmental Responsibilities: The dean, director, or department head is responsible for:

1. Determining if an employee's job duties necessitate the need for a mobile communication device;
2. Determining the source of funding;
3. If an allowance is provided, determining the appropriate monthly allowance plan based on business need; and
4. If an allowance is provided, completing the necessary forms to document approval. Detailed information can be found at [ICT Guidelines](#).

For university owned devices, the department is responsible for establishing a check-out system to be used during on-call periods.

G. Employee Responsibilities:

1. University Owned Devices:

- a. Ensuring the device is used for business only;
- b. Ensuring the device is protected from damage and unauthorized use;

- c. Ensuring the device is returned to the university when expected (based on departmental check in/out or rotation procedures).
2. Employee Owned Devices:
 - a. Providing the department with current contact information or address of the communication device within three days of activation;
 - b. Providing notification to the department within three (3) days of inactivation. An employee is prohibited from receiving an allowance when the device is no longer active or needed; and
 - c. Responsible for all contract terms and payments to service provider.

2.35.1.3.5 High Speed Data Connectivity in Employee's Home

- A. Purpose: This policy addresses NMSU-funding of high-speed data connectivity at an employee's home.
- B. Policy: When an employee requires high-speed internet access to satisfy NMSU job requirements, the cost associated with the access service can be borne by NMSU.

In order to obtain NMSU funding of home internet access, NMSU employees shall obtain written approval, with justification, from their supervisor and department dean or vice president prior to the service being requested as outlined in the *NMSU Policy Manual*.

ICT shall provide guidance to employees for obtaining high-speed service, pricing, and methods of payment.

2.35.1.3.6 Bandwidth Management

- A. Purpose: This policy ensures that adequate bandwidth is available for official university use as overseen by NMSU's Information Technology governing bodies.
- B. Policy: NMSU limits aggregate bandwidth for applications associated with peer-to-peer file sharing depending on bandwidth availability.

NMSU shall not eliminate the use of peer-to-peer file sharing programs on the network, nor monitor the content of file sharing programs, unless mandated by law.

2.35.1.3.7 Network Connection

- A. Purpose: Connections of devices to the NMSU institutional network are controlled to prevent disruption of service or loss of institutional or personal data.
- B. Policy: ICT is responsible for the design, installation, and operation of the NMSU's institutional network. This network includes all voice, video, and data connections. All devices connected to the institutional network must comply with requirements published in university policies. Devices not in compliance, or which disrupt other network clients, may be disconnected. To insure compliance with current policies and regulations, all network wiring, related components and installation must be approved by ICT. Installations that do not comply with published requirements are not authorized to be connected to the institutional network.
Network Disconnection Any networked device that compromises or critically impacts the NMSU network shall be immediately disconnected from the network until such time that the cause of the compromise or impact is rectified. If a networked device is identified as potentially harmful to NMSU's network, the device owner shall be notified to take corrective action to ensure that the NMSU network shall not be impacted. If corrective action is not taken, the network device shall be disconnected from the network.

In addition, any networked device that is not operating with updated virus scanning software, up-to-date critical operating system updates, or other software necessary to protect the NMSU network, may also be disconnected from the network.

Data Network Device Registration All devices connected to NMSU-Net must be registered with the netreg.nmsu.edu. Devices that are not registered shall be disconnected. This includes all devices such as printers, servers, workstations, and other devices.

Entities and devices belonging to entities that connect to the NMSU network (NMSU-Net) and are not governed by the Board of Regents of New Mexico State University (NMSU) shall be considered guest connections.

NMSU reserves the right to impose a fee on any and all users, including guest connections. If required by either the ISPs or by action of the NMSU Administration. Advance notification shall be given to those affected.

2.35.1.3.8 NMSU Wireless Network

- A. Purpose: This policy insures the continued safety and usability of the wireless network infrastructure at NMSU.
- B. Policy: Individuals and departments shall not independently deploy wireless networking equipment on NMSU wireless network infrastructure without approval by ICT's telecommunication and Networking services division. Any wireless networking equipment independently installed without prior approval shall be subject to disconnection/removal without notice.

Installation, engineering, maintenance, and operation of wireless networks serving NMSU faculty, staff, or students, on any property owned or tenanted by NMSU, are the sole responsibility of ICT's telecommunication and networking services.

2.35.1.3.9 Alarm Systems

- A. Purpose: This policy establishes the guidelines for alarm systems in use at the university.
- B. Policy: ICT and the university police are jointly charged with establishing and maintaining intrusion alarms, panic alarms, or personal safety alarms on the campus in accordance with the following guidelines:
 - 1. All alarms shall utilize a standardized system.
 - 2. All intrusion, panic and personal safety alarms shall report to the police department.
 - 3. A reasonable fee shall be charged for monitoring alarms and for responding to false alarms.

All alarms installed on the NMSU campus after July 1, 1999 shall comply with these requirements.

2.37 Investments

Investments shall be made by the senior vice president for finance and administration, assistant vice president, controller and director of treasury services. These will be reviewed with the president of the university on a regular basis, at least semi-annually.

- A. Statement of Policy: This policy will apply to all cash balances of the university, with the sole exception of those cash balances associated with the university's Endowment Funds, which are invested under a revocable trust agreement by the NMSU Foundation, Inc.

The policy is designed to govern all investment transactions for the prudent investment of cash balances, and to maximize the efficiency of the university's cash management system. The goal of the policy is to protect funds by investing such funds in a manner, which provides for the safety of principal and adequate liquidity, while maximizing investment income.

Cash balances of the university may be held in interest and non-interest bearing demand and interest-bearing time deposits of financial institutions, or invested in securities and/or other financial instruments which, under the direction of the Board of Regents, are considered to be relatively safe. The Board of Regents has the authority to make investment decisions in the best interests of the university. As such, investment decisions will be made with due care and judgment, taking into consideration principal preservation in addition to income maximization, and not for speculative purposes.

- B. Return on Investment: Except for non-discretionary funds defined below, the goal of the university's investment program is to achieve a rate of return on investments at least equal to the average rate of return on the one-year U.S. Treasury bill for the reporting period, or other appropriate performance measures as determined by the senior vice president for finance and administration.

Returns on non-discretionary funds shall be reasonable and consistent with the investment objectives, external constraints and cash flow characteristics of the specific funds.

- C. Ethics and Conflicts of Interest: Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions.
- D. Legal Restrictions: The Board of Regents is granted authority under state statute to manage the investment of its cash balances. Within the university, the senior vice president for administration and finance has been authorized to make investment decisions. Investments shall be made in such a prudent manner as to ensure a reasonable yield with a minimum risk, in compliance with this policy.
- E. Permitted Investments: Cash balances of the university may be held in interest and non-interest bearing demand and time deposits of financial institutions or invested in securities and/or other financial instruments which are not contrary to Section 6-8-10, NMSA 1978, existing bond covenants or any other externally placed restrictions. Under these restrictions, authority is granted to invest cash balances not required for immediate disbursement, including non-discretionary bond proceeds, in specific types of money market instruments as follows:
1. Direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America; or certificates or receipts established by the United States Government or its agencies or instrumentalities representing direct ownership of future interests or principal payments on direct obligations of, or obligations fully guaranteed by, the United States of America or any of its agencies and instrumentalities, the obligations of which are backed by the full faith and credit the United States.
 2. Obligations of, or obligations guaranteed as to principal and interest by, any agency or instrumentally of the United States which are backed by the full faith and credit of the United States, including but not limited to: General Services Administration-participation certificates, Government National Mortgage Association (GNMA)-Guaranteed mortgage-backed securities and GNMA-guaranteed participation certificates, U.S. Department of Housing & Urban Development-local authority bonds, and U.S. Export-Import Bank-fully guaranteed obligations.
 3. Accounts with banks and savings and loan associations or branch institutions located in New Mexico, provided that the banks and savings and loan associations, and the collateral securing the investment permitted by the section, satisfy the requirements for the deposit of public money required by applicable state guidelines.

4. Bonds of negotiable securities of the State of New Mexico or of any agency or political subdivision or school district thereof which has a taxable valuation of real property for the last year of at least one million dollars and has not defaulted in the payment of interest or sinking fund obligations or failed to pay any bonds at maturity at any time within five years preceding the date of investment.
 5. U.S. Treasury generic STRIPS (Separate Trading of Registered Interest and Principal), which are direct obligations of the U.S. Treasury department. U.S. Treasury generic STRIPS represent government securities sold at a true discount, as opposed to synthetic or mortgage-backed STRIPS sold through brokerage houses, wherein principal payments are separated from interest payments by a trust fiduciary, creating principal-only and interest-only securities.
 6. The short-term investment fund described in Section 6-10-10.1, NMSA 1978, or other similar pooled fund maintained by the State of New Mexico for the investment of public funds of the local public bodies of the state.
 7. Repurchase agreements involving the purchase and sale of securities and guaranteed investment contracts with a bank, savings and loan association or credit union, or alternatively, a brokerage firm or recognized institutional investor having a net worth in excess of \$500 million, the par value of which is collateralized by the perfected first pledge of, or security interest in, or the payments of which are unconditionally guaranteed by, obligations of the type set forth in paragraph 1, 2 or 5 of this section, which collateral is held by the university, or for the benefit of the repurchase agreement, with a collateralized value of at least 102% of the par value of such repurchase agreement or guaranteed investment contract or 102% of the market value thereof, valued at intervals of no less than monthly and which collateral is not subject to any other pledge or security interest.
 8. Obligations of the following government-sponsored agencies: Federal Home Loan Mortgage Corporation participation certificates and senior debt obligations; Farm Credit System (formerly: Federal Land Banks for Cooperatives) consolidated system wide bonds and notes; Federal Home Loan Banks consolidated debt obligations; Federal National Mortgage Association senior debt obligations and mortgage-backed securities (excluding stripped mortgage securities which are valued greater than par on the portion of unpaid principal); Student Loan Marketing Association senior debt obligations (excluding securities that do not have a fixed par value and/or whose terms do not promise a fixed dollar amount at maturity or call date) and letter of credit backed issues; Financing Corporation debt obligations; and Resolution Funding Corporation debt obligations, including REFCORP STRIPS (Stripped by the Federal Reserve of New York).
 9. Money market instruments and other securities of commercial banks, broker-dealers or recognized financial institutions, which securities or institutions are rated in the highest Rating Category by any nationally recognized rating agency or which securities are guaranteed by a person or entity whose long-term debt obligations are rated in the highest rating category by any nationally recognized rating agency, including, without limitation, securities of, or other interests in, any open-end or closed-end management type investment company or investment trust registered under the provisions of 15 U.S.C. Sections 80(a)-1 et. seq., which invest only in, or whose securities are secured only by, obligations of the type set forth in paragraph 1, 2 or 5 of this section.
 10. Certificates of deposit, time deposits and banker's acceptances of any bank or savings and loan association located outside of New Mexico, the short-term obligations of which are rated in any of the three highest rating categories by any nationally recognized rating agency, provided that such deposits must be fully secured by obligations of the type set forth in paragraph 1, 2 or 5 of this section and held in safe-keeping for, or on behalf of, or held in book-entry form in the name of, the university.
- F. Non-discretionary Funds: For the purposes of this policy, non-discretionary funds are defined as those funds, which are externally-restricted to specific types of investments. Non-discretionary

funds include, but are not limited to: bond proceeds; endowments managed by the university; and other sponsored project or gift funds with specific investment requirements.

Notwithstanding any other provision of law to the contrary, proceeds of bonds and other securities of the university and amounts set aside by the university in a project acquisition fund, sinking fund or otherwise for payment of university bonds or other securities or in a reverse fund related thereto may, where allowable, in addition to the aforementioned securities, also be invested in:

1. Obligations, the interest on which is excluded from gross income of the recipient for federal tax purposes and any other instrument which does not constitute investment property under section 148 of the Internal Revenue Code, as amended from time to time, which is rated any of its three highest major Rating Categories by any nationally recognized rating agency.
2. Any other investment specifically permitted by bond resolution authorizing the issuance of the bonds or other securities or set forth in a resolution, escrow agreement or trust agreement, approved by the Board of Regents, relating to the bonds or other securities.

All non-discretionary funds will be invested in compliance with accepted external restrictions.

- G. Investment Management Duties: Responsibility for the day-to-day management of the university's investment program is delegated through the senior vice president for administration and finance to the treasury services department of that unit. The director of treasury services shall act as the investment manager for the university.

The primary investment management duties assigned to this position are:

1. Preparing cash flow projections and structuring the university's investment portfolio to meet liquidity requirements.
2. The ongoing management of the university's investment portfolio, including all purchases, sales and trading activities. This will encompass responsibilities for the timely deposit and safekeeping of all cash balances of the university, and the direct responsibility for placing specific investments with financial institutions in accordance with this policy.
3. Recommending investment guidelines to the senior vice president for administration and finance and designees, including recommended investment maturities.
4. Presenting short-term investment recommendations for new monies to the Controller.
5. The preparation and presentation of a comprehensive set of reports designed to keep the senior vice president for administration and finance and designee fully apprised of all investment transactions and current status of the university's investment portfolio.
6. Maintaining a system of internal controls to guarantee the integrity and security of the university's investment portfolio and cash balances, which shall be reviewed by university's administration and independent auditors on an annual basis.

- H. Selection of Appropriate Investments: Individual investments are selected to meet anticipated cash requirements and provide adequate liquidity to meet university obligations. Within these cash flow considerations, the investment manager will select those securities, which will best meet the university's portfolio objective. The investment manager will continually analyze the risk/reward relationships existing in the marketplace with particular emphasis given to the following factors when selecting a specific security for inclusion in the university's portfolio.

1. Relative Yield-to-Maturity: comparison of return available from alternate investment media for comparable maturity dates.
2. Marketability: analysis of relative marketability of alternate investments in case of forced sale and/or possibility of future trade.

3. **Intermarket Yield Analysis:** analyze the spread relationship between sectors of the market, i.e., Treasury Bill vs. Discount Notes, to take advantage of aberration in yield differentials.
 4. **Yield Curve Analysis:** analyze the slope of the yield curve to determine most attractive maturities for earning maximum return with minimum risk.
 5. **General Economic and Interest Rate Outlook:** review and analyze current literature on interest rate projections to assist in timing transactions and selecting appropriate maturities.
- I. **Maturity Restrictions:** Investment maturities for cash balances will be scheduled to coincide with projected cash flow. The university will not commit any discretionary funds to maturities longer than ten years from the date of purchase. Funds will only be committed to maturities longer than five years from the date of purchase if directly related to a specific capital or other long-term project. Investment of non-discretionary funds will reflect maturity dates not to exceed the final maturity dates established within the funds' restrictive purposes. At least 50% of all cash balances will be invested in maturities less than two years.
- J. **Diversification:** The university will diversify its use of investment instruments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities. With the exception of U.S. Treasury securities and authorized pools, no more than 50% of the total investment portfolio will be invested in a single security type or with a single financial institution or at a single maturity.
- K. **Trading Securities (Swaps):** The university will attempt to take advantage of temporary aberrations in the market by trading securities of comparable quality to further improve the overall rate of return on the portfolio. It is the policy to trade only if both an improvement in yield (pick-up in basis points) and an increase in net monetary return will be realized by the university over the life of the original investment. Three basic trading techniques are used to accomplish this goal:
1. **The Substitution Swap:** this technique involves trading in owned security of a certain class *i.e.*, U.S. Treasury Notes, for a comparable security of equal quality, *i.e.*, U.S. Treasury Bills (or other Notes), for a net pick-up yield. The new security is a perfect substitute for the old security in terms of quality, maturity, and marketability.
 2. **The Intermarket Spread Swap:** this technique takes advantage of the spreads in yield, which exist from, time-to-time between different sectors of the market, *i.e.*, Treasuries vs. Agencies. (An example would be to sell Treasury Bills or Notes and purchase FHLB Discount Notes or debentures of comparable maturity when the spread becomes wider than is considered normal under prevailing market conditions.)
 3. **The Maturity Extension Swap:** this technique involves lengthening the maturity of owned securities when a normal upsloping yield curve exists to take advantage of higher returns at longer maturities. (In the case of an extreme inverted yield curve, maturities can sometimes be shortened to achieve a net gain.) A yield pickup may be achieved by rolling out the curve within the same class of securities or by intermarket extensions which must be evaluated not only on the relative maturity extension, but also on the relative intermarket spread. Maturity extension swaps are subject to restrictions imposed by cash disbursement requirements.

The investment manager will **not** engage in any other Trading Techniques unless prior written approval is obtained from the senior vice president for administration and finance.

The following criteria are established for evaluating a swap in the university's marketable securities portfolio:

1. On maturities of one year or more, the gain per transaction must be at least \$1,000.00 per million dollars (GPM) invested.
2. On maturities of 90 days to one year, the gain per transaction must be at least \$500.00 per million dollars invested.

3. On maturities of less than 90 days, trade will be made at the discretion of the university's investment manager.

In many yield pickup transactions (particularly when interest rates are rising), a book loss must be recorded at the time of the sale of the owned investment. It is the policy of the university to charge the loss against the interest income account, recognizing that this loss will be fully recovered, and an incremental gain will be earned, over the life of the original investment.

- L. Safekeeping and Collateralization: All investment securities other than local financial institution Certificates of Deposit purchased by the university will be held in the university's name by a third-party custodian approved by university administration. All transactions will be evidenced by safekeeping receipts.

Deposit-type securities will be collateralized in accordance with the State board of Finance collateral policy.

- M. Authorized Financial Dealers and Institutions: The director of treasury services will maintain a list of financial institutions authorized to provide investment services. No deposit shall be made except in a qualified depository as established by the Board of Regents. In addition, a list will be maintained of approved security broker/dealers selected by credit-worthiness. These may include primary dealers or regional dealers that qualify under Securities & Exchange Commission Rule 15C3-1 (uniform, net capital rule).

An annual review of the financial condition and registrations of qualified dealers and institutions will be conducted by the director of treasury services. A current audited financial statement is required to be on file for each financial institution and broker/dealer with which the university deposits and invests monies.

The university will give first preference to investment with local dealers and institutions within the guidelines of this policy. Investment with out-of-state dealers and institutions will require prior approval of the senior vice president for administration and finance or and designees.

- N. Case Pools and Interest Allocation: Except as noted below, the investments of the university (including amounts held in interest-bearing demand and time deposits) are pooled in order to determine a weighted average monthly interest earnings rate. In order to compute this rate, all such investment earnings are accrued monthly, including amortizing premiums and crediting discounts on short and long-term investments.

The monthly earning on these pooled investments are allocated to various university accounts in accordance with externally mandated requirements (*i.e.*, bond resolutions) and other internal designations. Nothing herein shall prohibit separation of bond proceeds, reserve funds, or other non-discretionary funds from the pooled investment fund. The senior vice president for administration and finance approves all such internal designations. The allocation is based upon the average monthly cash balance in each of these university accounts, with the remaining balance of the pooled earnings being allocated to unrestricted current funds.

Under this method, all of these designated university accounts (other than current unrestricted funds) will be presumed to have 100% of their cash balances invested in the pooled investment account, unless the senior vice president for administration and finance determines that lesser percentage is to be utilized for a given account(s).

At the discretion of the senior vice president for administration and finance separate investment accounts may be set up at external institutions and utilized to adequately monitor the earning of certain university accounts. These separate accounts are also restricted to investments that are considered relatively safe, as determined by the Board of Regents.

2.40 Legal Services

- A. Service of Process on NMSU: The Office of the President shall be the only office authorized to be served with all suits, summonses, garnishments, and other legal documents for the university.
- B. Authority of President to Initiate or Defend Legal Proceedings: The president is authorized to initiate or defend any legal proceeding involving or affecting the university, the Board of Regents, any administrator, a member of the staff, a member of the faculty, or a member of the student body. The president will seek confirmation of any action taken at the board's next regularly scheduled meeting.
- C. Representation of NMSU Employees Within Course and Scope of Employment: The board authorizes the general counsel to represent all university employees who are defendants in a lawsuit which results from the performance of their duties as employees of the university. It is the intent of the board that the university represents such defendants in both their individual and professional capacities as long as the general counsel determines that the defendants were acting within their duties and responsibilities as employees of the university. The general counsel will inform the board on a regular basis concerning the actions taken under this policy.
- D. Contract Approval: Official contracts or agreements must have the approval of the general counsel as to form. Contracts and other matters which do not require special consultation with the general counsel prior to approval will be processed by attaching a Contract Approval Form which will be routed to the general counsel.
- E. Access to University General Counsel: Any university employee who wishes to discuss official university business with the general counsel may, with the concurrence of appropriate department head/director and dean/vice president, make an appointment by calling the Office of the General Counsel. The members of the Administrative Council may call the Office of the General Counsel directly to make appointments.

2.45 Lobbying

- A. In compliance with Section 310 of Public Law 101-121, it is the policy of the university that no monies shall be used directly or indirectly to influence any member of the federal legislative or executive branches unless in strict compliance with the exceptions of that public law and the regulations issued there under.
- B. No employee of the university, agent of the university, or paid lobbyist shall contact any employee or officer of the federal, state, or local governments for the purpose of influencing that employee or officer without complying with this policy.
- C. The vice president for research is directed to be the sole individual responsible for assuring the compliance with this policy. The vice president for research may designate one or more individuals to act in the absence of the vice president for research, in order to assure continuity.

2.50 Naming Policies

- A. Guidelines for Renaming an Academic Unit in Honor of a Person(s) or Organization: From time to time opportunities arise to name an academic unit (such as a program, center, department, school or college) in honor of an alumnus, friend of the university, public figure, (persons or organization).. Such recognition honors both the individual and the university, enhancing the stature of the named unit. In such cases, a major benefit to the university should be clearly documented.
 - 1. In consideration of naming an existing academic unit or one to be established, the primary criterion will be that the person (persons or organization) to be honored has made a substantial contribution to the university. It will be the policy of the Board of Regents not to name an

academic unit after any person who is presently employed by the university or serving as a regent of the university.

2. A unit may be named after a member of the university community who has been retired from the university for at least 1 year or who is deceased.
 3. Requests may originate from any source and must be submitted in writing through normal administrative channels to the executive vice president and provost, who, after consultation with the vice president for university advancement, shall inform the president. Strong support from persons in the unit to be named and from subsequent reviewers in the administration will be required for further consideration. Such supported requests will then be referred to the Academic Deans Council for recommendation through the executive vice president and provost to the president. If supportive of the recommendation, the president will submit it to the board, whose action will be final.
- B. Requests for Approval of Naming Opportunities: All naming requests are subject to approval. (Procedures are outlined in the Review and Approval of Naming section in this chapter.)
- C. General Considerations: In the consideration of naming an existing building, room, street, or mall, or one to be constructed, the first priority shall be given to honoring that person or persons who have made substantial contributions to the university. It shall be the policy of the Board of Regents not to name any building, room, street, or mall, or other facility, after any person who is presently employed or serving as a regent. A facility may be named after a member of the university community who has been retired from active service for at least 1 year, or who is deceased. Under special circumstances, a naming opportunity may be granted without a monetary gift for an individual who merits special recognition. The Naming Committee will review the proposed naming. Considerations include the impact the proposed honoree has had on the university, civic and philanthropic activities, and contributions in the honoree's chosen field/career. The university reserves the right to decline a gift for any and all naming opportunities covered by this policy. (See [Removal Section](#)) The recommendation of the Naming Committee to undertake any construction effort is subject to final project approval in accordance with university and state policy.
- D. Acceptable Forms of Gifts to Result in a Naming: The Naming Committee will consider a variety of gifts for naming opportunities, including: cash gifts, gifts of appreciated securities, life income gifts (charitable gift annuity, deferred gift annuity), gifts through estate planning, and gifts-in-kind. The Naming Committee will follow federal and state regulations applicable to the Office of the Vice President for University Advancement in determining the value of each gift. As needed, endowment agreements shall include language that provides for instances where the original intent of the endowment changes.
- E. Modification, Relocation, or Demolition of Named Property: As the university grows, it may become necessary to modify, relocate or tear down named university property. In the event such actions are necessary, the appropriate vice president(s), dean(s), or director(s), and the Naming Committee will convene to discuss the proposed change. The university will honor a naming opportunity for the life of the property, unless otherwise noted in the agreement. In the event that a named property must be torn down, the Naming Committee will contact the donor or donor's authorized representative to arrive at a mutually acceptable solution that preserves the history of the gift. Solutions may include (1) the placement of a plaque adjacent to the former site of the facility that memorializes the gift and the facility that used to stand there or, if applicable; (2) the naming of a space in any new structure erected on the site. The university reserves the right to not retain any names assigned to internal portions of a property that is torn down. The Naming Committee will address such instances on a case-by-case basis. Approval for changes must be obtained using this policy and set of procedures.
- F. Removal of a Name: The university reserves the right to remove a name from any and all naming opportunities covered by this policy. The Naming Committee will convene to discuss the circumstances surrounding the issue and make a recommendation to the president and Board of

Regents as to whether the name should be retained or removed. Circumstances that may lead to the removal of a name include:

1. The perpetration of a heinous crime by an individual whose name appears on a naming opportunity.
 2. Donor failure to fulfill gift commitments as specified in the agreement (*e.g.*, estate gifts, where the donor was to name the university as a beneficiary; failure to complete a multi-year pledge, etc.).
- G. Memorializing the Named Gift on the Site: All signage, including plaques and lettering for buildings, will conform to standing university practices and procedures. In order to ensure uniformity and clarity, the university retains the right to direct how names are displayed on buildings. The Naming Committee will meet with the appropriate vice president(s), dean(s), or director(s) associated with the naming opportunity and the university architect to determine the most appropriate placement for naming. A name shall appear on the exterior of a building if it is (1) the name for that specific building (*e.g.*, Breland Hall) or (2) the name for the sole occupant of the building (*e.g.* The Conroy Honors Center). Other naming opportunities may result in the placement of a name on the exterior of a building. The Naming Committee will convene to address these opportunities on a case-by-case basis with the appropriate vice president(s), Dean(s), or Director(s) and the university Architect. Every building named, the names of all current buildings, and those named hereafter, will have a function designation (*e.g.*, O'Donnell Hall – Education; Clinton P. Anderson Hall – Physical Science Laboratory; Gardiner Hall – Physics; etc.). Names of buildings and facilities with functional names may be amended to reflect future dedications. Some buildings may be designated by a combination of their dedicated and functional names (*e.g.*, Zuhl Library).
- H. Postponed Naming: Instances may occur where a donor wishes to make a named gift, but prefers to postpone the formal naming until a future date. The Naming Committee will work with the donor to achieve a mutually acceptable solution.
- I. Ownership of Gifted or Purchased Items: All named property is property of the Board of Regents.
- J. Approval from Parties Outside the University: The recommendation of the Naming Committee to undertake any construction effort is subject to final project approval in accordance with university and state policy; therefore, the Naming Committee will review all proposals and make a recommendation. Some naming opportunities, including those that impact the property of the university, may be subject to approval from parties outside of the university. The Naming Committee will coordinate with the Office of the Assistant Vice President for Facilities and Services to gain such approval. It is the responsibility of the Office of Human and Physical Resources to handle any construction project, including the project submission to the Board of Regents, Higher Education Department, and State Board of Finance.
- K. Amendments to the *Policy and Procedures for Naming Opportunities*: The Naming Committee will review all proposed changes to the policy and procedures and make a recommendation to the Administrative Council for approval.

- Evaluate and recommend, in consultation with the appropriate dean and development officer, an appropriate gift size for the proposed naming opportunity.
- Maintain a list of all buildings (named and unnamed), outdoor structures and other property, and forward all records of approved dedications and building names to the Office of the Vice President for University Advancement for maintenance.

- O. Review and Approval of Naming: The vice president(s), dean(s), or director(s) should submit a formal letter to the vice president for university Advancement requesting review of a naming opportunity. The letter should discuss the importance of the naming to the university; the details surrounding the gift and/or honorary naming; and any other conditions or concerns of the naming. Supporting documentation should include a resume or discussion of the individual(s) being honored as well as letters of reference or recommendation from individuals. Plans for any plaque, signage and/or maintenance should be identified. The Naming Committee will review the proposed naming and forward a recommendation to the president. If Board of Regents approval is required, the president will return the recommendation to the vice president for advancement for the purpose of creating draft documents and scheduling the item for the next board meeting. The board has final authority to approve the naming of buildings, colleges, schools, departments, centers, institutes, malls, streets and the like. The vice president for university advancement informs the Naming Committee, the vice president(s) dean(s), director(s), and other party(s) involved of final approval. Approval for the naming of any building, facility or other physical property must be secured from the Naming Committee prior to any discussions with donors concerning the naming opportunity. The Naming Committee will not accept any obligation to honor commitments made by faculty, staff, or members of the administration without its prior written consent and approval.

 - c. If the donor decides to name the addition, the name should be placed above the addition's main exterior doors or on an interior location near the addition's main exterior doors. If the donor selects a different naming opportunity, see applicable policy.

- d. Reviewed by Naming Committee; subject to president and Board of Regents' approval.
4. Building Renovations:

 - e. Unnamed is defined as a building that has not been named as the result of a monetary gift and/or honorary naming.
 - f. A name may be appended to a building that already has a name if the original naming had no monetary gift attached (or if the donor of the first name agreed that an additional name could be added at a future date). The Naming Committee will address each potential naming on a case-by-case basis.

The Naming Committee will convene to discuss proposed reallocation with the appropriate vice president(s), dean(s) or director(s).
7. Benches, fountain, display space, other outdoor structures or areas:

 - b. Gift must cover the entire cost of the structure or installation and if ongoing operations and maintenance costs will be incurred, an endowment sufficient to cover these costs may also be required.
 - c. Reviewed by Naming Committee; subject to president and Board of Regents' approval.
 - d. As the university grows, so do the space needs of the campus. In order to successfully meet these needs, it may become necessary to remove an outdoor structure. Therefore, the university will commit to the naming of a bench, fountain, display space or other outdoor structure or area for seven years, at which time the university is free of commitment to retain or remove the structure within the seven-year period, the Naming Committee will contact the donor or authorized representative to arrive at a mutually acceptable solution.

- A. Purchasing Policy: The university shall take all steps to assure compliance with the State Purchasing Act of New Mexico and with all federal regulations dealing with the procurement of equipment, supplies, and services. In addition, every attempt will be made to be fair in obtaining bids and information for preparation of bid requirements and bid specifications. Bids will be awarded to the lowest responsible bidder, giving due consideration to price, quality of product, and time of delivery. The president is authorized to promulgate and implement regulations pertaining to procurement consistent with the *Procurement Code of the State of New Mexico* which became effective November 1, 1984. In the event of a tie bid between two firms each domiciled and residents of New Mexico, the firm awarded the bid will be determined by the toss of a coin. Each firm will be notified there is a tie bid and of the date and time when there will be a toss of the coin, so that either party, or both parties may be present.

2.56.05 **Professional Services Contracts**

- A. Application: This policy provides for the procurement of professional services. Professional services covered by the statute are the services of architects, archeologists, engineers, land surveyors, landscape architects, medical arts practitioners, scientists, management and system analysts, certified public accountants, registered public accountants, lawyers, psychologists, planners, researchers, and persons or businesses providing similar services.

- C. Procurement of Professional Services, Excluding Professional Design Services, Not Exceeding \$20,000: Before contracting with any person or firm to provide required professional services, the central purchasing office must process a professional service contract or agreement in advance of the services being performed. The process will include confirmation of independent contract status, inquiries for conflict of interest, adherence to employment regulations, and will require the appropriate authorization signatures. The central purchasing office shall examine the qualifications of the firm or individual and shall determine if the required services are at a fair and reasonable price. If a fair and reasonable price cannot be reached, negotiations will be terminated with that source and negotiations begun with the next most qualified source. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section.
- D. Procurement of Certain Professional Services, Excluding Professional Design Services, in Excess of \$20,000: When the Central Purchasing Office is procuring professional services whose estimated costs will exceed \$20,000 such procurement shall be made using competitive sealed proposals. Such competitive sealed proposals shall be solicited through a Request for Proposals which shall include the specifications for the services to be procured; all contractual terms and conditions applicable to the procurement; and the date, time, and place where such proposals are to be received and reviewed. The Request for Proposals shall state the evaluating factors and the

relative weight to be given the factors in evaluating the proposals. Notice of the Request for Proposals shall be published not less than 10 calendar days prior to the date set for receipt of proposals. The notice shall be published at least once in a newspaper of general circulation in the Las Cruces, New Mexico area. Other methods adopted by the central purchasing office shall be used to notify prospective offerers that proposals are being solicited, including publication in a trade journal, if available. Request for Proposals shall be sent to those businesses which have indicated an interest in submitting proposals for particular categories of services. Offerers submitting proposals may be afforded an opportunity for discussion and revisions of proposals. Revisions may be permitted after submissions of proposals and prior to award for the purpose of obtaining the best and final offer. Negotiations may be conducted with responsible offerers who submit proposals found to be reasonable and likely to be selected for award. Taking into consideration the evaluation factors, the award shall be made to the responsible offerer whose proposal is determined most advantageous. The award of a professional service contract may be based upon criteria which does not include price.

- E. Procurement of Accountants, Attorneys, and Medical Arts Practitioners: Inasmuch as the selection of accountants, attorneys, and medical arts practitioners involves decisions other than price, including but not limited to knowledge of the university, its staff, faculty, employees, students, personal reputation, rapport with the Board of Regents and administration, and approval by state agencies (such as the state auditor), the selection of such individuals shall be approved by the executive vice president and provost. This approval must be given before the selection is presented to the business office for processing. Neither proposals nor competitive bids are required for such procurement. The executive vice president and provost shall determine the method of selecting these professionals on a case by case basis. All such individuals so employed shall be subject to termination without cause upon such notice as the executive vice president and provost determines appropriate under the circumstances. A request for proposals shall be required for the selection of an outside auditor if the same auditor is used consecutively for 3 years.
- F. Sole Source Procurements of Professional Service, Excluding Professional Design Services: A professional service contract may be awarded without competitive sealed proposals, regardless of the estimated cost if the central purchasing office makes a determination, after conducting a good faith review of available sources and reviewing a written justification submitted by the requiring department, that because of its unique capabilities there is only one source for the required services. Negotiations shall be conducted with the selected source for price and terms in order to obtain the price most advantageous to the university. Research consultants may be considered sole source.

The return address furnished to donors and on all printed materials must be that of the NMSU Foundation, Inc., the Development Office, or the Office of the Vice President for University Advancement. All gifts received by the university, including gifts to any college, department or division, should be reported directly and immediately to the Office of the Vice President for University Advancement. Gifts in kind (noncash contributions) may be reported by memorandum or letter; gifts of cash or securities should be delivered promptly to the Development Office for receipting and deposit. The Office of the Vice President for University Advancement will be responsible for providing an official receipt to the donor, for appropriate acknowledgment, and for informing the appropriate campus personnel. However, departments

awarding restricted gifts for student aid are entirely responsible for ensuring that all donor criteria, financial and otherwise, have been met. The board prefers that real estate and gifts-in-kind be given free of restrictions which would reduce the full range of educational benefits which could be realized from the gift. If restrictions are imposed upon the gift, or if the gift is such as to require costs of care, maintenance or upkeep, such gift must be first approved by the board or its designees before acceptance by the board. Gifts of real estate may be given through the NMSU Foundation, but are subject to the policies and the procedures of the NMSU Foundation.

- A. Gift Income Spending Policy: The university recognizes the importance of private gift income in providing its colleges and departments the flexibility needed to achieve its goals and objectives. The university also recognizes that different colleges and departments will have varying needs and priorities for the use of the private gift income as they continue to develop and maintain quality programs. This policy is designed to provide those areas receiving private gifts the maximum amount of latitude to address these differing goals and objectives while at the same time maintaining the fiduciary responsibility inherent in the acceptance of these funds. Gift income received by the university from any external source, including the NMSU Foundation, will be expended in compliance with this policy. In all cases, exceptions may be made if these types of expenditures are sanctioned by the Offices of the President or Executive Vice President and Provost for college or university-wide functions. All expenditures must be for the enhancement or benefit of the university, in recognition of the university's official mission statement. In general, gift funds will be recorded in the current restricted fund, as they are externally restricted to purpose, even if internally unrestricted as to nature of expenditure. Only those gift funds which are received by the university for any related university purpose, without restriction of any type, are to be recorded in the current unrestricted fund. Within this policy, restricted fund income will be subdivided into restricted and unrestricted gifts based only on the level of donor specification attached to the gift, as explained below.
- B. Restricted Gift Income: For the purpose of this policy, restricted gift income is defined as all gift income on which the donor has placed specific restrictions beyond the general purpose for which the income is to be used. Thus, income designated for a specific college or department's general use will be classified as unrestricted gift income, as long as that college or department is given full authority to decide how the funds are to be best spent in compliance with the general guidelines detailed above. Any gift income which must be spent for a specific purpose, such as scholarships or travel reimbursement, or under any specific conditions, such as following a certain event or date, will be classified as restricted. All restricted gift income, if accepted and expended, will be expended according to the written restrictions of the donor, without exception. The Office of the Vice President for University Advancement will be responsible for accepting these restrictions before the gift is accepted on behalf of the university. Following this approval, the documented restrictions will take precedence over the guidelines for disbursement of funds outlined below.
- C. Unrestricted Gift Income: For the purpose of this policy, unrestricted gift income is defined as all gift income received by the university and not classified as restricted gift income. Expenditures allowable from this category of gift income will be limited by applicable laws, statutes, and regulations, and by this policy. It will be the responsibility of the Business Office to identify gifts as unrestricted, and to verify that donor's intent related to the department within the university in which the funds are to be spent is honored.
- D. Authorization Structure: The standard approval structure in place for expenditure of non-gift funds will be followed for gift funds. All non-payroll expenditures are to be approved by the department head (where applicable), dean or director, and Office of the Senior Vice President for Administration and Finance. All expenditures involving a payment for services rendered by a university employee will be processed through the Office of Human Resource Services, following all existing authorization requirements for the given transaction. All requests for exception to policy will be directed initially to the Office of the Senior Vice President for Administration and Finance.
- E. Cash Disbursement Controls: All existing university internal controls will apply to disbursements made from gift funds. All requests for expenditure will be submitted on the appropriate form; separate vouchers exist for requesting disbursements directly from the university and the NMSU

Foundation. All vouchers will be accompanied by invoice or receipt support, or the attestation of the individual claiming reimbursement if other documentation is not applicable.

- F. Guidelines for Disbursements of Funds: All gift income funds will be used by or for the benefit of the university in fulfilling its mission of teaching, research, and public service, including expenses sanctioned for the improvement of employee morale. All types of expenditures falling under these guidelines will be allowable, with the following exceptions:
1. Any payment in conflict with existing law, statute, or regulation applicable to private gift funds.
 2. Charitable contributions made to entities or individuals external to the university. Where appropriate, expenses incurred by separate nonprofit organizations which could have legitimately been considered university expenses, such as those incurred by a separate student organization engaged in a university -related function, may be transferred with the approval of the Office of Senior Vice President for Administration and Finance to the university.
 3. Any duplicate payment for goods and services, or reimbursement of employee expense. Duplicate payments include the reimbursement of actual travel expense to employees who have already received per diem payment through other sources.
 4. Payment for university employee services outside the payroll system.
 5. Gifts made to university personnel except as recognition of service to the university.
 6. Loans to any individual, unless the gift was made for the specific purpose of establishing a loan fund.
 7. Payment of fines imposed for violations of local, state, or federal law, unless resulting from university negligence.
 8. Memberships in organizations, country clubs, or other expenditures for any individual, where it cannot be demonstrated that the expenditure is for the enhancement or benefit of the university.
- G. Endowment Trust: The Board of Regents approved the revocable Endowment Trust Agreement to cover the establishment of endowments, making it possible to take money that has been privately contributed to the NMSU Foundation for endowed chairs, professorships, or lectureships and match it with monies from the State of New Mexico. The monies may be placed together into a trust, managed by the NMSU Foundation in such a way that the NMSU Foundation retains title to the private money and the board retains title to the state money in a revocable trust. The board may designate a change in trustee at its discretion at any time or may dissolve the agreement if it desires. The assignment may allow the NMSU Foundation its usual management fee as trustee. It must, however, contain provisions (1) for termination of the placement of all or part of these endowments in the trust at any time at the board's sole discretion; (2) for annual accountings; and (3) for absolute authority on the part of the board for the disposition of each of the endowments (consistent with the terms of each particular endowment).
- H. NMSU Endowment Fund: This fund, managed by the NMSU Foundation, was established to enable faculty and friends to contribute to a permanent fund to strengthen the university's academic programs. Endowment funds are permanently invested and a portion of the annual earnings are made available to support the programs selected by donors as the beneficiaries. Earnings over and above the amount available for expenditure are added to the principal. Many contributions are received as memorials from those who wish to convey their sympathy upon the death of a relative, friend, or colleague. The university provides an official receipt for all gifts, and, when contributions are made in memoriam, informs the family that a memorial gift has been made. Amounts of the contributions are not disclosed. Faculty and staff may contribute through the Foundation via payroll deduction arranged through the Office of Human Resource Services.

- I. NMSU Foundation, Inc.: The NMSU Foundation, Incorporated, is a private, nonprofit corporation whose only purpose is to accept and administer gifts in support of the university. The NMSU Foundation is a tax-exempt corporation, registered with the appropriate state and federal agencies. Contributions to the Foundation are exempt for federal income tax purposes. The NMSU Foundation works closely with the university. Its directors, who are committed to attracting private resources for the benefit of the university, serve without compensation. Contributions may be made for annual operating expenses or for the endowment.

- J. University-Affiliated Organizations: Numerous organizations have been established to support the Board of Regents in a variety of ways and are separate, not-for-profit entities. The focus of the following policy statement is on those organizations whose primary functions are to solicit, manage, and distribute funds and other assets that are given to these organizations for the support of the university in general or specific colleges or other program areas of the university. The university recognizes advantages of these organizations, such as:
 1. Creating an opportunity for private individuals and organizations to invest in the enrichment of the programs with greater assurance that the benefits of their gifts supplement, not supplant, state appropriations to the institution.
 2. Providing a corporate structure for managing private gifts, including endowments and income-producing real property, that does not jeopardize the university's tax-exempt status, create unnecessary unrelated business tax obligations, or create additional liabilities for the university.
 3. Creating an effective forum for alumni and community leaders to participate in and contribute to strengthening the university through their participation in the solicitation, management, and distribution of private gifts and donations to the university.

(Other separate entities have been established for purposes unrelated to soliciting or managing gifts and donations on behalf of the university; i.e., the NMSU Research Park Corporation and Arrowhead Center, Inc., which engage in the commercialization of research productivity. However, this policy focuses on those organizations created to actively engage in raising funds for the university.)

- K. Recognition: Any organization formed to represent the university or any college, department, or program area of the institution will receive approval by the university to represent it to prospective donors. A condition of any recognition of an organization will be that the organization agrees to conduct its business in concert with university policy for such organizations. A written agreement will be executed between the university and each organization, consistent with these policies but recognizing the specific significantly performing fund-raising functions until after the date of adoption of this policy (10/90) will be established as an arm of the NMSU Foundation, unless otherwise approved by the Board of Regents upon the recommendation of the president (or designee).

- L. Statement of Purpose: The purpose of the organization will be clearly defined as being for the sole benefit of the university, or one or more of its specific programs. In order for the university to be able to support the organizations and not be in conflict with the state's anti-donation laws, the benefits to the university from the organization will be spelled out in the agreement.

- M. Structure of the Organization: Organizations may structure themselves in any manner they deem appropriate to fulfill their role and responsibilities to the university, with the following understandings:
 1. The Articles of Incorporation and Bylaws and any amendments should have the approval of the university.
 2. A regent, the president (or designee) may be included as a voting member of the governing board of the organization.

3. Unless specifically agreed otherwise by the university and the organization, the composition of the organization's governing board will be such as to assure continuation of the organization as an independent, legal entity separate from the university. Normally, more than 50 percent of the governing board membership of the organization must be non-university employees to assure continuation of the organization as an independent, legal entity separate from the university.
 4. When an organization has a beneficial affiliation with an organizational unit, the university organizational unit should be expected to provide the staff support for the organization. No such organization will use funds received by the organization for the benefit of the university to employ staff independently of the university. The university and the organization may agree to allocate some of the income the organization earns to the university for the specific purpose of supplementing institutional staff support. This provision does not preclude the affiliated organization from directly retaining professional services as is deemed necessary for the organization to fulfill its responsibilities to the donors and to the university, with the understanding that the retention of fund-raising and/or public relations consultants must be approved by the vice president for university advancement.
 5. The affiliated organization's Articles of Incorporation and Bylaws should assure the retention of the organization's legal status as a tax-exempt non-profit organization pursuant to Section 501(c)(3) of the Internal Revenue Code, or any successor statute, if applicable.
- N. Solicitation of Gifts and Donations: Recognized affiliated organizations may organize and conduct fund-raising campaigns as they deem appropriate, except that major multi-year campaign solicitation of gifts and donations to support new academic programs or services, the major renovation of existing buildings, or the construction of new facilities may not be initiated without the prior approval of the president of the university. The initiation of any fund-raising campaign by any organization must be coordinated with the overall fund-raising activities of the Office of the Vice President for University Advancement to assure proper contact with potential donors. Each organization will, in concert with the Office of the Vice President for University Advancement, establish procedures for the review and acceptance of gifts and donations and for the coordination of solicitations and prospect contacts. The acceptance of any gift or donation that contains restrictions as to its use requires a matching fiscal obligation of the university, creates a future obligation of the university, or involves real property must be approved by the president (or designee). Although each organization would be expected to maintain records of gifts and donations received and to properly acknowledge such gifts, the university has designated the Office of the Vice President for University Advancement as the central record-keeping agency for all gifts and donations received on behalf of the university. The receipt of all gifts and donations must be reported to the Office of the Vice President for University Advancement. The Office of the Vice President for University Advancement is available to advise and/or assist any affiliated organization in designing and conducting fund-raising campaigns. No affiliated organizations will accept any funds intended for a university organizational unit which requires performance or service by the university. Income generated by a university program or service is revenue of the university and must be directly deposited into a university account.
- O. Management of Gifts and Donations: All gift monies, whether received directly by the university or indirectly through a university-affiliated organization, will be managed in accordance with investment policies approved by the Board of Regents. Affiliated organizations are encouraged to deposit their gift receipts with the university for the specific organization. Oversight of the funds deposited in these agency accounts is the responsibility of the organization. The university will provide all accounting services related to the funds for the organization. Short-term investment income earned by the university on funds in these accounts will be allocated to the accounts. Gifts received in the form of endowments by any recognized affiliated organization should be assigned to the NMSU Foundation, for investment management purposes. All endowments must be managed in accordance with investment policies approved by the board. The identity of individual endowments will be maintained by the NMSU Foundation; however, endowment funds may be co-invested in a pooled funds approach. Consolidation of the endowment investment management program provides the opportunity for cost-effective management of the endowments. Endowments retained by the organizations or transferred to the NMSU Foundation through

revocable trust agreements will be maintained on the organization's books. Gifts received in the form of real property will be managed in accordance with the donor's request. If the donor specifies that the property be used by the university in its gift form, such as art work, library books, real estate, etc., the property will be transferred to the university. If the donor desires that the property be used to establish an endowment, or if the gift is real property or property interest, the gift will be assigned to the NMSU Foundation, for management purposes. The NMSU Foundation may retain the real property and use the income earned to accomplish the donor's gift objectives. If the donor permits, and it is a better investment management decision to dispose of the real property, the NMSU Foundation will use the proceeds from these sales to establish the endowment. The NMSU Foundation will obtain university approval before disposing of any real property. No individual member, director, or officer of an affiliated organization should accept any gift or gratuity that is offered because of the individual's position held with the organization.

- P. Distribution of Funds: Affiliated organizations will not disburse directly any funds in the form of compensation to a university employee without the express written approval of the president of the university and/or Board of Regents. Exceptions may be made for awards, recognition, etc. Any funds intended for employee compensation will be transferred to a university account and subsequently disbursed in accordance with university policies and procedures. The affiliated organizations will receive interest income earned on funds in agency bank accounts held by the university in the name of the organizations, and may use such income to cover operating expenses directly incurred by the organizations. Organizations should establish policies for the review of any business transactions involving its members and the organization. Members, directors, and officers of the organization should disqualify themselves from making, participating in, or in any way attempting to use their position to influence decisions in which they have or would have a financial interest. Organizations will establish policies which preclude the use of any funds received or earned by the organization to support any political candidate. Organization funds will be accounted for in the university agency's fund, unless the university expressly approves the organization's separate accounting system. All separate systems will follow all university internal control policies where applicable.
- Q. Reports: Each affiliated organization maintaining a separate accounting system will report monthly to the Office of the Vice President for University Advancement the receipt of all gifts and donations and expenditures related to these funds. Each affiliated organization will provide monthly a summary of cultivation and solicitation activities. Organizations should prepare annual reports for the university and board that include standard financial statements required of non-profit organizations and any supplemental schedules requested by the university. The organization's auditor's opinion of these statements and schedules should be included in these annual reports, if applicable. Organizations should furnish to the university copies of all forms required to be filed by law, such as Form 990 and annual reports to the State Corporation Commission.
- R. Audits: Organizations shall provide the university with the results of annual financial audits performed by an independent auditing firm selected by the organization. Any independent audit firm selected by an organization that is not the same firm selected by the university must provide the necessary audit confirmations and assistance to the university's external auditor upon request. Organizations not required to provide an independent audit report should furnish to the university an annual financial report signed by the organization's president and treasurer. The Office of Audit Services staff may review all items approved by the organization's board for release to the university, with the understanding that such items and any reports related to them will fall under the organization's internal audit policy. This information will not become a part of the university's public records. The organization will not be used to provide any instructional, research, or public service activity sponsored or participated in by a university department or individual university employee in the name of university unless allowed by the university for specific purposes. Under no circumstances should an affiliated organization offer an instructional program for university academic credit. Nothing herein is intended to make any affiliated organization subject to the New Mexico Open Meetings or Public Records Acts; nor is it intended to violate any confidentiality of donor information.

- S. Institutional Support: In recognition of the support and contributions that these university-affiliated organizations give to the university, the university may provide logistic support at no cost to these organizations, such as:
1. Space for meetings and other needs that an organization may have in the conduct of its business.
 2. Staff support as described previously. In those regulations where university staff have a responsibility of significant support to the affiliated organization, the organization's officers should be consulted in selection and evaluation of such staff.
 3. Use of university's financial accounting systems for their fiscal management needs.
 4. Utilization of computer-based information management systems, such as donor record-keeping, etc.
 5. Use of the Office of Central Procurement and Risk Management Administration's staff when assistance is required in arranging purchases. Under no circumstances will purchases be made for the organizations through the Office of Central Procurement and Risk Management Administration.

Recognized affiliated organizations will be given a non-exclusive license to use the name New Mexico State University and any other appropriate trademarks or trade names of the university in connection with their fund-raising activities. The university may, from time to time, deem it appropriate to provide financial support to an organization's major fund-raising campaign.

- T. Termination/Dissolution of Organizations: Upon termination of any agreement between the university and an affiliated organization, or upon the dissolution of any such organization, all assets held by the affiliated organization on behalf of the university shall become the property of the university, or such other affiliated organization as the university shall designate. This condition shall be included in the bylaws of any affiliated organization.

page will be signed with an e-mail address so users can contact someone responsible for maintenance of the page with comments or to request information. Each page also will be dated as to its latest revision. This can be done unobtrusively with a line at the bottom of the page, such as: Last modified xx-xx-xx. Each home page for a department, college, or other unit will contain a link back to the NMSU home page.

- D. Accessibility: All university pages should be in compliance with the Americans with Disabilities Act requirements regarding accessibility. Departments may consult the Office of the General Counsel, the Office of Institutional Equity/ADA, and the Office of Information and Technological Services for technical assistance.

Each organization should identify a person as its Web coordinator, who will be responsible for the content of material published on the Web.
- F. Personal Home Pages: The university is not responsible for the content of personal home pages. A disclaimer to this effect should appear at the top of any menu for personal home pages. The following disclaimer is suggested: The following pages are not official NMSU pages. Comments about these pages should be directed to the page authors.
- G. Copyright: The university web site has been created by many different members of the university community using materials from various sources. 2.90 University Records *[Amendment adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09]*

2.90.10 Records Integrity and Retention

- A. Records Integrity: Because the university business records and reports are of critical importance in meeting financial, legal, and management obligations, they must always be prepared promptly, accurately and truthfully. Those who rely on these records and reports have a right to timely and accurate information. The integrity of university records is based on validity, accuracy, and completeness. All employees involved in creating, processing, recording, and reviewing such information are responsible for ensuring such integrity. Supporting documentation and records for

transactions, such as agreements, invoices, request for reimbursement, and time and effort reporting must fairly and fully support the actual purposes and amounts of the transactions. Transactions must be recorded in the proper account. All university assets, liabilities, and components of fund balances will be recorded on the university books, and all accounts will be appropriately approved and maintained according to university policies and procedures.

- B. Records Retention: Statutory or other legal requirements provide that certain records be retained for specific periods of time. Some records and documents may have to be held in connection with regulatory directives or other business purposes; therefore, no records may be destroyed, except in accordance with applicable laws and NMSU policy and procedures. Email communications relating to university business are part of the university's records and shall be retained depending upon the nature of the document, consistent with the retention requirements for that type of document.
- C. Duty to Report Records Integrity Violations: Employees who become aware of the possible omission, falsification, or inaccuracy of information entered into university records, the basic data supporting such entries or any other university record, or who become aware of the improper destruction of records, shall report this knowledge to the Office of Audit Services.

2.90.20 Student Educational Records - Compliance with FERPA

- A. Purpose: The Family Educational Rights and Privacy Act of 1974 (FERPA, also known as the "Buckley Amendment"), codified at 20 U.S.C. § 1232 (g), guarantees certain rights for students and eligible parents regarding access to, confidentiality of, and correction of the student's education records. FERPA provides that students may inspect their education records. If a student finds the records to be inaccurate, misleading, or otherwise in violation of the student's privacy rights, the student may request amendment to the record. FERPA also provides that a student's personally identifiable information may not be released to someone else unless (1) the student has given a proper written consent for disclosure or (2) provisions of FERPA or the corresponding federal regulations permit the information to be released without the student's consent. This policy is administered in accordance with the FERPA regulations published in 34 CFR Part 99.
- B. Disclosure of Directory Information:
 - 1. The university may release the following directory information to the public without the student's consent: name; class; college and major; dates of attendance; degree(s) earned; honors and awards received, including selection to the dean's or chancellor's list, honorary organization, or the GPA range for the selection; local address; local or contact telephone number; NMSU electronic mail address; most recent previous educational institution attended; place of birth; participation in officially recognized activities and sports; and the weight and height and date of birth of members of athletic teams.
 - 2. Under FERPA, the student has the right to request that the disclosure of directory information be withheld. Directory information will be released upon request, unless the student does not wish such a release and notifies the Office of the NMSU Registrar in writing.
- C. Disclosure of Personally Identifiable Information:
 - 1. The university may release personally identifiable information from student education records without the student's consent to school officials who have a legitimate educational interest to access the records.
 - 2. "Education records" mean records that are maintained by NMSU in any form or format (e.g. paper, electronic, digital image, film, video, audio tape) which contain information directly related to a student and are personally identifiable to a student. Education records do not include:

- a. Personal records of university employees that are in the sole possession of the maker (i.e. notes of conversations), are used as a personal memory aid, and are not accessible or revealed to any individual except to a successor in the position held;
 - b. Records of the NMSU police department used for law enforcement purposes;
 - c. Student medical and counseling records maintained and used only in connection with provision of medical treatment or counseling of the student and are made available only to the individuals providing the treatment;
 - d. Employment records unrelated to the student's status as a student;
 - e. Records created or received after an individual is no longer a student in attendance and that are not directly related to the individual's attendance as a student (i.e. alumni records); or
 - f. Grades on peer-graded papers before they are collected and recorded by a faculty member.
3. "School official" means:
- a. An employee, agent or officer of the university acting in the employee's official capacity;
 - b. A person serving on university committees, boards, and/or councils, including an individual serving on a disciplinary or grievance committee;
 - c. Another educational institution that requests records for a particular student who seeks or intends to enroll or where the student is already enrolled provided the disclosure is for purposes related to the student's enrollment or transfer; and
 - d. A person or company with whom the university has contracted (e.g. internship and clinical facilities, attorney, auditor, or collection agent) but limited to only the specific student information needed to fulfill the contract. The contracting entity is bound to follow FERPA regulations for control, maintenance, use and re-disclosure of the information provided to it.
4. "Legitimate Educational Interest:" means a school official who is performing an authorized task or an activity that the school official is undertaking in the name of the university for which access to an educational record is necessary or appropriate to fulfill the school official's professional responsibilities for the university.
5. "Student:" means an individual who is or has been in attendance at NMSU for degree seeking courses, non-credit courses, life-long learning courses, and/or certificate courses. It does not include persons who have been admitted but did not attend the university. For the purposes of this policy, "attendance" starts with orientation or course registration and includes in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not physically present in the classroom and the period during which an individual is working under a NMSU work-study program.
6. In addition, the university may disclose personally identifiable information from a student's educational records without a student's consent to individuals or entities permitted such access under applicable federal law and regulations, as more fully specified in 34 CFR §99.31. This access includes, and is not limited to, the following situations: to parents of dependent students; to accreditation organizations or agencies; to comply with a lawfully issued subpoena or court order; to protect the health and safety of any student (whether a dependent or not) or others in an emergency; in litigation or for implied waivers by the student. For certain disclosures, university officials must record when, what records, and to whom they have disclosed personally identified information to third parties. In the case of emergencies, school officials must also record the articulable or significant threat that formed the basis for the disclosure.

D. Disclosure of Alcohol and Drug Violations and Violent Crimes:

1. Unless there are extenuating circumstances, the university will not generally notify parents or legal guardians of students under the age of 21 of the first time alcohol violation. Parents and

guardians will be notified if the student is determined by the university to be a danger to himself or herself, to others, or to property.

2. The university may notify parents and legal guardians of students under the age of 21 of all second and subsequent alcohol violations. For purposes of determining what constitutes a second or subsequent violation, multiple related violations during a single incident will be treated as one offense.
3. The university may notify parents or legal guardians of students under the age of 21 of any drug violations.
4. The university may disclose the final results of campus disciplinary proceedings in which a student is charged with a violent crime or non-forcible sex offense. Disclosure to victims of the crime or offense may be made regardless of whether the student was found responsible. Disclosure to third parties may be made only if the student is found responsible. Disclosure is limited to the name of the violator, the type of violation found to have occurred, and the sanction imposed by the university.

E. Inspection and Review of Student Records:

1. FERPA provides students with the right to inspect and review (within 45 days of request) information contained in their education records (as defined above), challenge the contents of their education records and to have a hearing if the outcome of the challenge is unsatisfactory (see below), and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panels to be unacceptable.
2. The Office of the Registrar has been designated by the university to coordinate the inspection and review procedures for student education records. Such records are maintained at several locations on the campus. The official custodians and their offices which may be contacted for access to the various types of student records are listed in the *Student Handbook*. A written request may be required. If the student is uncertain as to the location of a particular record, a written request should be addressed to the Registrar identifying the item or items of interest.
3. Students may have copies made of their records unless a financial “hold” has been placed on the record by an appropriate university official. Such copies will be made at no cost to the student unless the costs exceed \$50.00.
4. Students may not inspect and review the following, as specified in FERPA: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. 2.95.10 Establishment of Controlled Access Areas for Motorized Vehicles *[Adopted by Administrative Council 12.11.07, with effective date of 01.08.08; ratified by Board of Regents 07.15.08]*

- A. **Background:** The operation of motorized vehicles (electric or combustion engine) in a university setting is always a challenge between providing adequate access to enable the operational needs of the campus to be met versus the pedestrian nature and desired feel of a campus setting. If the rules established are too restrictive then day to day operations of a campus are harmed. If no restrictions are in place then vehicles are daily operated in a manner that is not in the best overall interest of the institution.
- B. **Legal Basis:** State law establishes the ability for local jurisdictions to place restrictions on the operation of motorized vehicles on controlled access areas. The enforcement of these restrictions, once established, falls to the police department. Violations of these controlled access restrictions will be cited in accordance with state law.
- C. **Need for Controlled Access:** Operation of motorized vehicles on sidewalks is a direct conflict with their primary intended use for pedestrian traffic. Furthermore it damages the sidewalks resulting in increased cost to maintain this infrastructure in a reasonable condition. Operation of motorized vehicles on turf areas damages turf and trees, thereby harming the investment made in the establishment and maintenance of our landscaped areas of the campus.
- D. **Valid Reasons for Access:** There are valid reasons for operating motorized vehicles within controlled access areas:
 1. Motorized wheelchairs, personal assistive mobility devices (Segway Human Transporters), or other motorized equipment used to provide disabled access.
 2. Response to emergencies. Emergencies include any action to protect human life; well being and to prevent potential damage to property or to respond to utility outages.
 3. Deliveries to or transport from specified buildings otherwise inaccessible. It is recognized that several facilities have no delivery access without travel through a controlled access area. These buildings are listed below. Access routes and access parking zones shall be established for these buildings, which shall be available for viewing at [NMSU Controlled Access Area](#).
 - a. Aggie Memorial Stadium
 - b. Foreman Hall
 - c. Academic Research C
 - d. Guthrie Hall
 - e. Branson Library
 - f. Hadley Hall
 - g. Chamisa Village
 - h. Health & Social Services
 - i. Computer Center
 - j. Jett Hall
 - k. Engineering Complex I
- E. **Defined project specific access:** Certain activities such as movement of heavy loads, athletic events, special events, projects involving the remodel or construction of campus facilities and infrastructure require, by their very nature, limited entry to controlled access areas of the campus. This access route will be established by the project manager as best possible and signed accordingly during the course of the event/project life.
- F. **Use of Turf Vehicles:** Maintenance of the campus turf areas requires access by specialized turf vehicles. Nothing in this rule is intended to restrict access to turf areas by these vehicles.

- G. Non-emergency Access by Police, Fire and Shuttle Vehicles: Access rights are given to Police and Fire response vehicles for training activities and patrol activities when access will increase the safety of campus population and its real property assets. Limited access on approved routes is granted to vehicles providing shuttle service to the NMSU campus.

2.95.11 Establishment of Utility Cart Safety Program *[New policy adopted by Administrative Council 12.11.07 and 01.16.08, with an Effective Date of 03.08.08; ratified by Board of Regents 07.15.08]*

 8. Equipment tie downs for service vehicles.
 9. Lights (head, tail, brake) for all night use vehicles.
 10. Any utility cart capable of being operated in excess of 15 miles per hour shall be equipped with seat belts and lights regardless of time of day or night use.
- E. Vehicle Fueling and Storage: All operators must receive department specific fueling instructions when applicable and all vehicles must be charged and stored in approved sites. Each of these sites will take into account machine specific hazards (e.g. flammability of fuel, off gassing of hydrogen from battery charging). Chargers for low speed electric vehicles must be plugged directly into a ground fault interrupter receptacle. Extension cords shall not be utilized unless the vehicle is specifically approved for such and this use is noted during the Inspection and Registration process.

2.95.12 Fraudulent Practices Prohibited

- A. Policy Statement: It is unlawful and a violation of these regulations to intentionally falsify information in order to obtain a NMSU Parking Permit, to use a NMSU Parking Permit issued to another person without their knowledge and authority, or to alter, forge, reproduce, counterfeit, or steal any NMSU Parking Permit.
- B. Consequences for Violation: Anyone found to have engaged in fraudulent practices shall have their parking privileges at NMSU permanently revoked, and may be subject to other administrative (*i.e.* employee discipline up to and including termination), civil and/or criminal sanctions.
- C. Impound for Display of a Stolen Parking Permit: Vehicles found to be displaying NMSU parking permits that have been reported as stolen may be seized as evidence for the purposes of criminal prosecution.

2.95.13 Methods for Enforcement of Parking and Vehicle Operation Regulations

To enforce these regulations, Transportation and Parking Services may:

- A. Issue citations, collect fines and administrative fees;
- B. Place vehicle on the “Tow or Boot” list;
- C. Immobilize a vehicle by “booting” the vehicle’s wheel;
- D. Have the vehicle towed and impounded;
- E. Cancel parking permits and revoke parking privileges for excessive violation of these regulations or the failure to pay outstanding fines and fees;
- F. Prohibit (or cancel at any time during the year) the pre-registration or registration for classes;
- G. Refer the faculty, staff or student to the Student Discipline Office or NMSU Office of Human Resource Services, as appropriate for administrative action;
- H. Withhold NMSU records, including academic credits, transcripts, and diplomas until all fines and other fees are paid; or
- I. Employ private collection agencies to collect outstanding unpaid fines and fees.

2.95.14 Booting and/or Towing of Vehicles

The following policies apply when Transportation and Parking Services has determined that the appropriate remedy for a violation of a parking or traffic regulation is to immobilize or tow and impound a vehicle:

- A. Definition of “Boot”: A device which mounts on/around a vehicle’s tire or wheel to prevent or discourage vehicular movement. These may be legally attached and released only by Transportation and Parking Services.
- B. Placement on “Tow or Boot” List: A vehicle may be placed on the tow or boot list for:
 - 1. Two or more outstanding citations;
 - 2. Non-payment of fines or fees imposed under this policy;
 - 3. Returned checks written to Transportation and Parking Services;

4. Breach of citation payment agreement;
 5. Display of a cancelled permit;
 6. Display of a stolen permit; or
 7. Violation of previous revocation of parking privileges.
- C. Reasons for Tow or Boot: A vehicle may be towed or booted when:
1. It is parked in a tow-away zone;
 2. It is parked in such a manner as to obstruct traffic or present a hazard;
 3. It is on the “tow or boot” list. Vehicles on the “tow or boot” list are subject to enforcement action when otherwise legally parked on campus (including in free lots);
 4. Otherwise interfering with the safe movement of pedestrian or motor vehicle traffic;
 5. Any visible indication that the boot has been tampered with while affixed to the vehicle; or
 6. As otherwise provided by law.
- D. Removal of Boot/Release from Tow: To have the boot removed requires payment of a fee, in addition to full payment of accrued fines. The fee for boot removal is included at [NMSU Parking Fee Schedule](#).
1. Immobilized vehicles will remain “wheel-locked” until the outstanding fines and fees are paid in full. The vehicle’s registered owner or operator must pay for the boot removal and applicable fines at Transportation and Parking Services located at 1400 E. University Avenue, Las Cruces, NM from 8:00 a.m. to 4:30 p.m. or at the Corbett Center Student Union Information Desk from 4:30 p.m. to 9:00 p.m., Monday through Friday. Note: There are no boot releases on holidays or weekends.
 2. Vehicles immobilized for longer than 96 hours shall be towed from NMSU property to a designated storage facility of the towing company. The vehicle registered owner or operator will be responsible for all applicable towing and storage charges.
 3. Charges in addition to the boot removal, and/or towing and/or storage fees may be assessed against the vehicle owner or operator, depending upon the circumstances (*i.e.* rental car or dealership agencies). If a permit was displayed in the vehicle that was booted or towed, the permit holder may also be held responsible.

2.95.15 Citations: Fines and Fees; Citation Appeal Process

- A. Issuance: The NMSU Office of Transportation and Parking Services is hereby granted the authority to issue parking citations on any lands under the control of the NMSU Board of Regents. All such citations shall be issued in accordance with policies and procedures set forth by the Office of Transportation and Parking Services.
- B. Fines and Fees: Pursuant to Section 29-5-1.1, NMSA 1978, *et seq.*, a parking citation must be paid or contested within five (5) business days from the date it was issued. Fines and fees are included at [NMSU Parking Fee Schedule](#).
- C. Payment of Citation Fines and Fees: Instructions on how to pay the fines and fees are included with each citation issued. Payment may be made at Transportation and Parking Services during posted hours, via mail at P.O. Box 30001/MSC 3PAR, Las Cruces, NM 88003-8001 (when paying by check or money order), via telephone at 575-646-1839 (when paying using a Visa, Master Card, or Discover credit card).

- D. Fees Related to Towing and Impound: Authorized fees charged for vehicles that are towed and/or booted by the Transportation and Parking Services are included at [NMSU Parking Fee Schedule](#).
- E. Dismissal of Citations:
1. Any individual receiving a citation presenting such citation to Transportation and Parking Services within five (5) business days from the date of issuance, may elect to have the citation reduced to a warning if the recipient has not had a citation dismissed or reduced to a warning within the prior two (2) years.
 2. If the citation was issued for “no permit displayed”, the recipient may elect to have the citation reduced to a warning if the recipient purchases a permit and is eligible to purchase such permit.
 3. This section does not apply to citations issued for illegally parking in a parking space designated for the disabled, in an emergency/fire zone, or yellow zone.
- F. Citation Appeals Hearing Process: A fair and impartial appeal hearing is provided for each individual’s case.
1. Citations must be contested by submitting a Citation Appeal Form within five (5) business days of issuance. Forms may be submitted online at www.nmsuparking.com or at Transportation and Parking Services located at 725 College Drive or 1400 E. University Avenue, Las Cruces, New Mexico on the NMSU campus. The elapse of five (5) business days results in the violator’s forfeiture of their right to appeal the citation.
 2. If after an internal review the appeal is not granted, the appeal will automatically be scheduled for the Parking Citation Appeal Hearing Officer at the next available scheduled hearing.
 3. Transportation and Parking Services shall schedule the hearing dates and times on behalf of the NMSU Parking Citation Appeal Hearing Officer. Notice of the date, time and place of the hearing shall be provided to the appellant seven (7) business days in advance of the hearing date.
 4. If the appellant fails to appear at the hearing or seek a continuance, the hearing officer may uphold the citation, and add the administrative fee to the amount of the fine.
 5. Transportation and Parking Services will maintain on file the hearing docket and decisions of each session at which the Citation Hearing Appeal Officer hears cases under its jurisdiction.
 6. Arguments by appellants before the Citation Appeal Hearing Officer shall be limited to those issues raised in the written appeal. Mitigating circumstances are limited to a determination that there was a failure on the part of the university to clearly mark or otherwise designate parking areas.
 7. The Citation Appeal Hearing Officers are empowered to take the following action on a citation brought before them:
 - a. Uphold the citation
 - b. Reduce the citation to warning
 - c. Reduce the citation fine by one-half if mitigating circumstances are found
 8. The decision of the Citation Appeal Hearing Officer is final.
 9. An administrative fee, as authorized by law, shall be added to all citations upheld by the Citation Appeal Hearing Officer. Said amount shall be paid to Transportation and Parking Services, along with the citation amount at the time of judgment.
 10. If appellant does not pay/fulfill any judgment, fines, and/or hearing costs assessed within five

business days, the cited vehicle will be added to the “tow or boot” list, and subject to other sanctions under this policy.

11. Citations upheld due to appellant failing to appear at the appeal hearing will have five (5) business days to pay the citation and administrative fee; failure to pay fees within the five business days will automatically put vehicle on the “tow or boot” list.

CHAPTER 3 – EMPLOYEE, STUDENT, AND VISITOR CODES OF CONDUCT

3.05 **Alcohol Policy** *[Amendment adopted by Administrative Council 10.11.05; ratified by Board of Regents 09.08.06] [Amendment recommended by Administrative Council 07.13.10; approved by Board of Regents 07.20.10]*

- A. Statement of Purpose: The Board of Regents of New Mexico State University recognizes that diversity of opinion and freedom of choice are concepts upon which higher education has been established. Inherent within these two basic concepts are the exercise of individual responsibility and making informed decisions on matters related to personal behavior. These are concepts basic to all American freedoms.

Within the university setting, faculty, staff and students must demonstrate a mutual respect and commitment to the institution's educational mission while at the same time fostering diversity of opinion, freedom of choice, and responsibility. In this regard, the university respects the right of those of legal age to consume alcohol if they so choose, providing they do so in accordance with this policy and all applicable laws.

This Alcohol Policy shall apply to every function or event, including but not limited to receptions, banquets, dinners, picnics, or any outdoor event, social event, and campus-wide activity sponsored by organizations or individuals associated with NMSU. Off-campus events conducted by university approved organizations are bound by this policy.

NMSU recognizes it cannot protect its staff and students from making decisions that could potentially cause harm to themselves or others. NMSU disclaims any intention to assume duties to protect its staff and students from their own abuse of drugs or alcohol or to protect third party persons from conduct of the staff or students.

- B. Scope of Policy: This Alcohol Policy shall apply to all NMSU campuses (main and community colleges) that have applied for and received a waiver from their respective county jurisdictions.
- C. Permissible Use of Alcohol: Where permitted under the policy, the use of alcohol shall be considered a privilege and may be allowed only if consistent with local, state and federal laws and university policy, and only when it does not interfere with the academic atmosphere of the university.
1. Students of legal age are permitted to use alcohol only in a manner consistent with this policy and the Student Code of Conduct.
 2. Students who reside on campus and are 21 years of age or older may possess and consume alcohol as permitted by law and in areas designated by the director of housing and residential life. Refer to the housing policy for those areas designated as "alcohol free".
 3. Selling, either directly or indirectly, of alcoholic beverages on campus is prohibited, except in those university facilities possessing a state alcohol license granted under the authority of the Board of Regents or where pre-approved by the president or designee by event type. The president or designee has authorization, at their discretion, to grant permission for the serving or sale of alcohol at any other on-campus events. All venues approved for the routine sale of alcoholic beverages must have in place an approved policy for the sale and service of alcoholic beverages.
 4. Events occurring on campus involving alcohol must obtain the proper approval/permit. The following shall apply:
 - a. Any event involving alcohol must be registered and approved by the university in order to obtain a proper permit.
 - b. Student groups, campus organizations and Greek affiliates who wish to host events involving alcohol must have proper policies in place, consistent with university policies and local, state and federal laws, before they will be issued a permit for their event.

- c. Student fees may not be used directly to purchase alcohol. However, in certain cases, student fees may be used to fund events where alcohol may be served, provided the appropriate permits are obtained and applicable policies are adhered to.
 - d. Permits will be issued by the president or designee.
 - e. State law requires that anyone serving alcohol must complete a class and receive a server's permit.
 - f. If the consumption of alcohol is a normal part of an academic class, written approval for use must be obtained from the Office of the Executive Vice President and Provost and the Alcohol Review Committee.
- D. Unacceptable Use of Alcohol: NMSU discourages the use of alcohol that is inconsistent with local, state and federal laws and university policy. NMSU recognizes that the illegal use of alcohol interferes with the academic environment of this institution and the personal growth of its students.
1. NMSU explicitly prohibits the unlawful use, possession, sale, or distribution of alcohol or controlled substances by all students and employees. Any violation of applicable local, state, and/or federal law is considered to be a violation of this institution's policies.
 2. Staff and/or students will be disciplined if their use of alcohol threatens to create disorder, public disturbances, danger to themselves or others, or property damage.
 3. Students who have not yet reached legal age are prohibited from purchasing, using, and/or possessing alcohol.
 4. Except as outlined by this policy, consumption or possession of alcohol intended for consumption is prohibited on the university campus. Possession of alcohol intended for consumption is permitted for the sole purpose of prompt delivery to a designated, approved location.
 5. Open containers of alcohol are prohibited outside of designated areas.
 6. Kegs, party balls or common containers are not permitted, unless in conjunction with an event approved by the president or designee.
- E. Alcohol-Related Misconduct:
1. Possession of false identification. Students found in possession of or attempting to use false identification in order to procure alcohol will be subject to the fullest force and effect of the consequences outlined in this policy and/or the Student Code of Conduct
 2. Alcohol as an aggravating factor to other violations. If alcohol is found to be an aggravating factor in other violations of the Student Code of Conduct and/or local, state and federal laws, the student may be subject to more severe punitive sanctioning.
 3. Off-campus violations of Student Code of Conduct. The university reserves the right to impose sanctions upon students and student organizations that violate this policy and/or the Student Code of Conduct, even if such actions occurs off-campus.
- F. Consequences for Violations:
1. Students found to be in violation of any of these policies through Student Judicial Services will be subject to disciplinary action ranging from disciplinary probation in conjunction with educational sanctioning through expulsion from the university
 2. Students in violation may also be subject to the disciplinary procedures of housing and residential life, if applicable.

3. Staff or students found to be in violation will also be subject to all local, state and federal laws and nothing in this policy shall be construed to protect staff or students from such actions as local, state and/or federal law enforcement deem appropriate. Similarly, if local, state and/or federal law enforcement entities decide not to pursue action against violators, the university reserves the right to process violations through the Office of Student Judicial Services and/or Housing and Residential Life, if applicable.
 4. Staff or students who have not been found to be in violation of any of the policies herein who wish to self-identify and seek confidential help through the Employee Assistance Program, Counseling Center and/or the Wellness, Alcohol and Violence Education Program, will not jeopardize their employment or academic status. This benefit will continue as long as the staff member or student refrains from further alcohol misuse and/or abuse.
- G. Tailgating: On days on which an NMSU football game is scheduled at Aggie Memorial Stadium, alcohol may be consumed on campus as part of pre- or post- game tailgating activities, subject to the restrictions of this Alcohol Policy, including the following:
1. Tailgating will be limited to four hours prior to kick-off and two hours after the game ends. (Exceptions to the start /end times of tailgating may be granted based on scheduled kick-off time.)
 2. Tailgating activities are authorized solely within the Tailgate sections jointly designated for such use by the athletics director, the assistant vice president for facilities, the director of special events, and the NMSU police chief. A map reflecting the areas designated for tailgating shall be made available to the public on request, and posted on line at the NMSU athletics department website.
 3. Persons under the age of 21 are prohibited from drinking alcohol in accordance with state and federal laws and university policy.
 4. Glass containers are not permitted.
 5. Disruptive behavior, disorderly conduct, public drunkenness and similar types of behavior will not be tolerated.
 6. Kegs, party balls or common containers of any kind are not permitted.
 7. No alcoholic beverages may be brought into the Aggie Memorial Stadium.
 8. For those of legal age, the quantity of alcohol beverages one can bring to the tailgate section is limited to the amount one person can reasonably consume.

3.10 Campus Access-Prohibited, Restricted

- A. Restrictive Access Policy: In order to establish an appropriate environment and preserve university property for educational purposes, the university reserves the right to restrict access to some of its lands and facilities. Academic spaces are generally used for educational purposes only, and buildings which serve as residences for students are restricted to students, their guests, and appropriate university employees. While some other university facilities and grounds are available to the general public, activities must be scheduled and authorized, and facilities/grounds must be used according to university rules and regulations. No individual(s), except for those contracted to reside on campus, shall temporarily or permanently remain overnight on the property of the Board of Regents, or dwell on the property of the board, including but not limited to, in motor vehicles, or in temporary or permanent structures, without the specific prior approval of the vice president for student affairs and enrollment management (or designee). Members of the campus community, as well as visitors, are expected to behave in ways that do not interfere with the rights of others to pursue an education and/or do not disrupt community living on campus. Behaviors of any individuals that interfere with, disrupt, impair, or obstruct the processes, procedures, or functions of the university are prohibited.

Failure to comply with this policy could subject the individual to warning, probation, and removal from the campus, arrest, barring from the campus, or any other sanctions applicable under the Student Code of Conduct, university personnel policies, or state or federal laws. Actions taken under this policy will be initiated by the appropriate dean or vice president (or designee). Contested administrative actions may be appealed in writing to the executive vice president and provost within 3 working days after receipt of the decision made by the appropriate dean or vice president. The decision of the executive vice president and provost is final.

- B. Prohibited Access Policy: The following individuals may be prohibited from entering upon land or buildings owned or used by the board, its colleges, departments, community colleges, experiment stations, ranches, and all property owned or occupied by agencies supervised by the board:
1. Persons charged with criminal acts against the board or students or employees during the pendency of such criminal charges.
 2. Persons found guilty by a court of competent jurisdiction of criminal acts against the board or students or employees.
 3. Any individual whose presence on the campus constitutes a clear and present danger to the persons, property, or peace of the board, or students, employees, or agents (contractors).
 4. Any individual whose presence on campus, given all attendant circumstances, could reasonably cause injury against the persons or property of the board or students or employees.
 5. Any student ordered withdrawn under the Medical/Psychiatric Withdrawal Policy (available in the Office of the Vice President for Student Affairs and Enrollment Management).

In order to be prohibited from use of university lands and buildings, individuals must be notified in writing of the prohibition by the vice president for student affairs and enrollment management (or designee). Notice may be made personally or by certified mail. Individuals so notified shall be immediately barred subject to the right to request a hearing within 3 days of the service of the notification or within 6 days of the date of mailing the certified letter. Extension of time will be given to the next business day for any day that occurs on a weekend or a holiday as established by the university. Appeals shall be made by giving written notice to the Office of the Executive Vice President and Provost of intent to appeal. Hearing on the appeal shall be within 7 days from the receipt of the notice of appeal. Neither the individual prohibited nor the university shall be represented at the hearing by legal counsel.

The hearing need not conform to the strict rules of legal evidence. In the event that the executive vice president and provost reverses the prohibition, the individual shall be immediately entitled to enter upon university land or property. In the event that the executive vice president and provost affirms the decision, the individual's prohibition shall continue. The decision of the executive vice president and provost is final. Under most circumstances, prohibitions under this policy will be for one year or less. When the prohibition is indefinite, the affected individual may petition for the removal of the prohibition after one calendar year by submitting a written request to the vice president for student affairs and enrollment management. With respect to individuals convicted of criminal acts against the university, its students, or employees, the one year shall commence at the time the individual is released from incarceration resulting from the conviction. Any violation of such prohibition may result in legal action by the board against the individual, including such criminal charges as may be appropriate under the circumstances, including criminal trespass.

- C. Vacating University Buildings or Property: The university recognizes the importance of providing a venue where members of the community can freely and openly express their ideas. However, if an individual(s) and/or organization improperly or illegally occupies university buildings or property, the following statement will be read:

You are violating university regulations and/or state laws concerning improper occupation of buildings or property. If you leave within the next 10 minutes, no

further action will be taken. If you do not leave within 10 minutes, you may be arrested. If you are a student, you may also be subject to disciplinary action as outlined in the Student Code of Conduct.

In the event a crime (other than the peaceful but illegal occupation of a building or property) has occurred, is occurring, or is about to occur, action may be taken without regard to the above statement by the appropriate university officials in order to protect the safety, lives, and property of the university community.

3.15 Children in the Workplace

Students, staff, faculty, and administrators can expect to attend and teach class, or complete work or research in laboratories, libraries, offices, and other workplaces with a minimum of distractions or interruptions. Consequently, the following regulations have been established, and will be enforced by the appropriate dean or administrative supervisor, to ensure that an appropriate academic and work environment is maintained.

- A. Children visiting campus must be closely supervised by an adult at all times.
- B. Children will be prohibited from entering dangerous settings such as labs and equipment rooms without the approval of the appropriate dean or administrative supervisor.
- C. Children may not attend a class in session without the prior approval of the class instructor. Children under the care of the instructor may not attend class without the prior approval of the immediate supervisor.
- D. Children may, on rare occasions and with the approval of the supervisor, accompany a parent to the workplace. However, the expectation is that parents will make alternate arrangements for the care of their children during normal working hours.
- E. Children taking part in programs and/or special events on campus are expected to abide by the rules and regulations established by the program or event sponsors.

3.19 Conflict of Interest – Ethical Conduct

3.19.10 General Statement

Inherent within the responsibility for educating the future leaders of our society is the obligation to adhere to the highest ethical standards and principles. New Mexico State University is committed to maintaining the highest standards of ethics and integrity in all of its academic and administrative operations, by promoting such standards among its regents, administrators, faculty, staff, students and others acting on behalf of the university (including those acting on behalf of university controlled entities) and by striving to ensure a level of accountability appropriate for a public institution.

3.19.20 Principles of Ethical Conduct:

- A. Members of the university community are expected to exercise and demonstrate personal and professional honesty and to respect the rights, values and contributions of others.
- B. Members of the university community are expected to be aware of and comply with relevant laws, regulations, contract requirements and university policies and procedures. An unethical practice should never be condoned on the grounds that it is “customary” or that it serves a worthy goal.
- C. Individuals with access to confidential, proprietary or private information must never use or disclose such information except where authorized or legally obligated to do so.

- D. All members of the university community are responsible for avoiding, where possible, real or potential conflicts of interest and commitment between personal and professional responsibilities, including relationships that have the appearance of a conflict.
- E. The university's interests should be foremost in all official decision making and employees and others acting on behalf of the university shall remove themselves from decision-making roles that involve them in any personal capacity or which involve their friends or family members.
- F. All individuals acting on behalf of the university have a responsibility to ensure that funds and other assets received are used in an ethical manner. Assets of the university (including personnel), whether tangible or intangible, may not be used for illegal purposes or personal gain.
- G. Members of the university community shall strive to present all information, including financial information and research data and results, completely and accurately.

3.19.30 Addressing Concerns Relating to Ethical Conduct

Individuals who have concerns about the propriety of a situation or about the conduct of a university employee or someone acting on behalf of the university, are expected to consult with appropriate university officials (that is, the person to whom the individual whose conduct is in question directly reports or, in the case of someone acting on behalf of the university, the chair of the Committee on Conflicts of Interest in Sponsored Activities, or when a regent is involved, the president). Confidentiality about individuals reporting violations of these standards will be maintained whenever possible and employees shall be free from retaliation for voicing concerns.

3.20 Conflicts of Interest and Conflicts of Commitment in General (*See 3.75 Non Work Related Use (of university Resources), 3.92 Sales and Solicitation, 4.50 Outside Employment and/or Activities, 4.60 Public Affairs Participation, 5.30 Faculty Consulting, 7.05 Educational Opportunities for Employees and Their Families, and 8.25 Professional Staff Consulting*)

3.20.10 Principles

Both individual members of the university and entities controlled by the university have a vital need to recognize and deal with conflicts of interest and/or commitment. Such conflicts may compromise or have the appearance of compromising the integrity of university-related activities and have unforeseen effects on those activities. Even if there is no perceptible effect on the activity, any apparent inability of the university to avoid and/or resolve conflicts of interest invites outside criticism and supervision. Such supervision could result in the loss of the university's ability to decide its own direction. Conflicts of interest may be primarily financial or may involve the use of one's position and powers for non-monetary self-interest. Such conflicts may be personal or relate primarily to the institution or its constituent organizations or involve an individual whose behavior is inextricably linked with her or his official position, such as an upper-level administrator or a member of the Board of Regents. In any of these situations, the general principles remain the same; 1) disclose always, 2) manage when possible; and 3) prohibit when necessary and where management is not possible.

- A. Disclose always: It is vitally important that individuals provide a clear picture of their activities and complete forms accurately and in a factually correct manner so that potential or actual conflicts of interest can be identified. Similarly, if situations change, disclosure needs to be made within 15 working days (*see section 3.20.15 of this policy*). The university is under no obligation to manage, as opposed to prohibit, a conflict of interest disclosed by someone other than the individuals primarily involved.
- B. Manage when possible: The vast majority of conflicts can and are managed through removing at least one of the parties from the conflict situation. For example, an individual might recuse him or herself from the review process on a proposal, have another individual become principal investigator or abstain from participating in a particular promotion or tenure situation. The preference of the institution will be to provide management solutions to a conflict of interest that

will remove or isolate the conflict. However, such management is not possible when disclosure is not made.

- C. Prohibit when necessary and where management is not possible: In some few cases, it will not be possible to manage a conflict and the individual or organization will have to withdraw from the activity. In some cases, university policy and/or state or federal law allows no solution other than prohibition. For example, no member of the Board of Regents may act as a vendor of goods or services to the university (Board of Regents Bylaws and Section 21-1-35, NMSA 1978).

3.20.15 Procedures and Remedies in Cases of Conflicts of Interest and/or Commitment

[Amendment presented to Administrative Council 04.13.10; ratified by the Board of Regents 07.20.10]

It is the responsibility of all persons covered by this policy to report any real, apparent or potential conflict of interest or commitment to their supervisors. The primary means of doing this is through the completion of the Conflict of Interest Disclosure Form upon hire and on an annual basis, with disclosure updates submitted on the basis of changes in circumstance. Additional policies, as set forth in Section 3.21.26 of this policy, are applicable to conflicts arising from sponsored activities but are based upon the annual disclosure requirement.

- A. Procedure: Each person covered by this policy is required to complete, sign and submit a Conflict of Interest Disclosure form upon hire with any NMSU entity; as new conflicts arise during employment by NMSU; and on an annual basis as requested by the Office of Human Resource Services. Completed forms will be reviewed and approved by the applicable supervisor (and only require next level supervisor review as defined below). Disclosure forms submitted containing no conflicts require only one level of review and approval. Disclosure forms submitted containing one or more (real or perceived) conflicts of interest require two levels of review and approval. In addition, a plan to manage or eliminate the conflict(s) must be submitted. If a conflict of interest or commitment exists for which no management plan is possible, the supervisor is required to recommend a plan of action. Conflicts of interest and commitment that have been submitted may be reviewed by the Committee on Conflicts of Interest in Sponsored Activities as necessary. Maintenance of the form is the responsibility of the Office of Human Resource Services.
- B. Paths Towards Remedies: There are two basic conditions that influence the path taken to remedy a conflict of interest or commitment. These may be summed up in the questions: 1) did the conflict arise as part of a sponsored activity? and 2) who disclosed the conflict? These questions must be asked together, as a conflict may be self-disclosed or disclosed by others and may or may not arise as part of a sponsored activity.

The first question that determines disposition of conflicts of interest and/or commitment is whether or not the conflict arises from a sponsored activity. The treatment of conflicts in non-sponsored activities will follow normal personnel procedures as outlined in section 4.05 and 4.25 of the policy manual, drawing informally on the advice of the Committee on Conflicts of Interest in Sponsored Activities as desired. Resolution of conflicts arising from sponsored activities shall be governed by the procedures set forth in section 3.21.27 of this policy. The second question is whether the individual(s) involved in the conflict made the disclosure prospectively or as part of a timely update, or whether someone else has brought the conflict to the university's attention. In cases disclosed by the individual(s) having the conflict, the university will generally try to manage the conflict in a manner agreeable to the parties involved and in agreement with applicable university policies and state and federal laws. The person(s) identified as having the conflict may elect to manage the conflict by participating in measures that will guard the integrity of the situation. Such measures require the approval of the relevant dean, vice president or vice provost or (in the case of sponsored activities, the Committee on Conflicts of Interest in Sponsored Activities). The person(s) involved may choose or be told to withdraw from the activity or situation that creates the conflict. In some cases, the supervisor and appropriate dean, vice president or vice provost and, if applicable, the Committee on Conflicts of Interest in Sponsored Activities, shall approve the action taken. When someone other than the individual(s) involved in the conflict brings an existing conflict to the attention of the university, the university is under no obligation to try to remedy the conflict and may require that the individual(s) withdraw from the activity or situation creating the conflict. In addition, the individual(s) may be required to repay

monies that have been obtained in a situation involving a conflict of interest or commitment. Other sanctions up to and including termination of an individual's employment, may be imposed; subject to the appeals process outlined in sections 4.05 and 4.25.

3.20.20 Definition of Terms

The definitions and example listed below are intended to aid university employees and appropriate review bodies in identifying conflicts of interest. Identifying conflict situations and documenting steps taken to manage these conflicts serve to protect the employees and the institution, as well as ensure that the university will remain eligible for government sponsored research.

3.20.22 Member of the University Community

Members of the university community includes regents, employees (administrators, faculty, staff, student employees) and others acting on behalf of the university (including those acting on behalf of university controlled entities such as the NMSU Foundation).

3.20.23 Relationships

For purposes of this policy, the term "relationships" shall mean and include the following; "family", as defined in the university policy manual, *i.e.*, legal spouse, domestic partner, parent (including in-laws, adoptive, step or surrogate), child, brother (including half, step and in-law), sister (including half, step and in-law), grandparent, grandchild, legal guardian. The term "family" shall also include the legal spouses of any of the individuals named above.

- Close personal friends
- Business partners and corporate professional associates

3.20.24 Investigator

Investigator means the principal investigator or co-investigator and any other person at the university who is responsible for the design, conduct or reporting of a sponsored activity which has been funded or proposed for funding. For purposes of this policy and the disclosure requirements set forth herein, the term "investigator" includes the investigator's family members.

3.20.25 Sponsored Activity

A sponsored activity is a research, training, service or other type of project with identifiable objectives and/or deliverables for which external funding, material support or other compensation, in the form of a grant, gift, contract, cooperative agreement or other formal arrangement, is being requested or has been received.

3.20.26 Significant Financial Interest

Significant financial interest means anything of monetary value owned or payable to a faculty or staff member, including but not limited to:

- A. Salary, royalties, commissions, consulting fees or honoraria and/or any other form of compensation for services which is:
 1. Directly or indirectly paid or payable to the faculty or staff member by an entity other than the university or an affiliate or instrumentality of the university; and
 2. In excess of \$10,000 per year when aggregated for the faculty or staff member and his or her family members.
- B. Equity interests such as stocks and stock options and other ownership interests which:

1. Exceed \$10,000 in value or represent more than five percent ownership interest in any single entity, when aggregated for the faculty or staff member and his or her family members; and
 2. Do not comprise widely held, publicly available, diversified investment funds over which the faculty or staff member does not and has no ability to exercise control; and
 3. Are not held in a blind trust where the faculty or staff member has no knowledge of trust assets.
- C. Intellectual property rights, such as patents and copyrights and royalties from those rights.
- D. Student stipends, scholarships, fellowships, work/study grant monies and/or any other form of financial aid paid or payable by an entity other than the university to a faculty or staff member or a member of his or her family.
- E. Gifts or donations of goods or services to a faculty or staff member or a member of his or her family; provided, however, that gifts of a nominal value (\$100.00 or less aggregated in a year) do not comprise a significant financial interest.

3.20.27 Conflicts of Interest

Conflicts of interest occur when there is a competition between a member of the university community's private interests and the member's professional obligations to the university such that an independent observer might reasonably question whether the member's professional actions or decisions are determined by any considerations other than the interests of the university. In this context, the term member of the university community also includes that member's family members, close personal friends and business partners and corporate professional associates, as listed in section [3.20.23](#).

- A. Examples of conflicts of interest may include but are not limited to:
1. The presence of a real or apparent incentive for the faculty or staff member to decide an issue in such a way as to have the opportunity for a financial interest in the result.
 2. A faculty or staff member having a significant financial interest in a concern that is in direct competition with the interests of NMSU.
 3. Procuring goods or services for NMSU from a concern in which an NMSU regent, administrator, faculty or staff member or member of their family has a significant financial interest.
 4. Using NMSU resources or staff for non-NMSU projects or granting external entities access to the same, in more than an incidental way, unless permission has been given and the activity benefits the university.
 5. Reviewing proposals or bids from family members, or those with whom the faculty or staff member has a close, professional relationship, or from an entity in which the faculty or staff member has a significant financial or management interest.
- B. Examples of permitted activities may include but are not limited to:
1. Serving as principal investigator or co-investigator on a multi-institutional project where NMSU is a participating member.
 2. Permitting access to NMSU resources as part of licensing agreements or as part of statutory permitted activities.

3.20.28 Conflicts of Commitment

Full-time faculty and staff of New Mexico State University owe their primary professional allegiance and their primary commitment of time and intellectual efforts to the education, research and service programs of NMSU. Conflicts of commitment occur whenever the time devoted to external activities adversely affects a faculty or staff member's capacity to undertake NMSU responsibilities, including maintaining appropriate time and accessibility as defined by the requirements of the job.

A. Examples of conflicts of commitment may include but are not limited to:

1. Maintaining full-time paid employment at another institution/organization that interferes with work performance and/or attendance. (*See* section 4.50 on outside employment)
2. Excessive (not more than one day per week, on average) private consulting or advisory committee service, even if it is in the public interest or pro bono.
3. Taking on a significant management role in a non-NMSU entity as part of consulting activities.
4. Holding an elective political office.

B. Examples of permitted activities may include but are not limited to:

1. Faculty consulting for private companies not in excess of one day per week during that portion of the year when drawing an academic or summer salary (*see* sections 5.30 and 8.25).
2. Serving on advisory committees of public or private concerns for the benefit of the university, even if an honorarium is paid for such activities, as long as it does not interfere with work performance and attendance.
3. Acting as an editor or reviewer for a professional society journal.
4. Preparing chapters, textbooks or monographs related to teaching, research or service activities, even if paid royalties as an author or editor.
5. Occasional lectures, colloquia or seminars to disseminate results of university -related teaching, research or service activities.
6. Holding an office in a professional society.

3.20.30 Policies for Specific Situations

3.20.32 Nepotism [*former Policy 4.45, renumbered*]

Members of a family may be employed by the university except when one individual will directly supervise the work of the other. If one member of the family is to be employed in the same department as another, approval shall be obtained from the executive vice president and provost prior to any offer of employment. Under no circumstances will a supervisor evaluate a family member.

3.20.33 Faculty or Staff as Students

When a university faculty or staff member enrolls in a program to earn a degree at the university, a potential for conflict of interest may arise as a result of the dual role as student and as a faculty or staff member. Persons in this status who are seeking degrees or certificates must demonstrate that the potential for conflict of interest will not compromise the quality of their program of study. Approval of cognizant department heads and deans will be required. In any case, supervisors should never have the responsibility of grading individuals whom they supervise.

In the case of graduate degrees or certificates, such programs must also be approved on a case-by-case basis by the dean of the Graduate School with the concurrence of the executive vice president and provost. When appropriate, the dean may confer with the Graduate Council about the potential for conflict of interest in such programs. The graduate dean may require a specific representative on such a graduate committee, possibly including off campus representatives, as a condition for approving programs.

3.20.34 Relatives and Significant Others as Students

Faculty of NMSU may not place themselves or be placed by others in situations in which they supervise, evaluate, teach or grade the work of members of their families enrolled in courses offered by the university main campus and/or its community college campuses unless the cognizant department head and dean or equivalent approves a plan to manage the conflict. The same regulation applies to individuals with whom the faculty member is in a consensual relationship (*See* section 3.22). Supervisors of faculty need to adopt the same procedure to manage situations in which the faculty they supervise teach members of the supervisors' family.

3.20.35 Participation in Committees

A conflict of interest can exist during the execution of routine committee service activities when they involve family members of close professional associates or friends. Normally, recusal from the committee's decision is the preferred way to manage these conflicts.

Examples of conflicts of interest in committee service work might include but are not limited to:

- Serving on employment selection committees when a family member (as defined above), friend or close professional associate from outside the department concerned is applying for the position.
- Serving on selection committees or promotion and tenure committees when a person who is or has been involved in a grievance relating to the committee member is applying for promotion or tenure.
- Serving on the promotion and tenure committee when a family member is applying for promotion or tenure.
- Serving on the graduate committee for a family member of a close professional associate.

3.20.36 Requests Made to Subordinates

In order to prevent individuals from being placed in a position of conflict between the needs of the institution and those of supervisors, persons in a position of supervisory authority over another individual may not ask that individual to perform duties that benefit the supervisor or a family member in a way that does not directly relate to the official duties of the employee or supervisor. An example of such a request would be for a supervisor, including a faculty member, to ask that a subordinate nominate the supervisor or anyone else for an award. Another example might be suggesting that a subordinate purchase something to support a school activity of the supervisor's child.

3.20.37 Sales and Solicitations

Sales and solicitations by individuals or organizations on university property that result in personal financial gain are expressly prohibited except as noted in Policy 3.92 of the *NMSU Policy Manual*.

3.20.38 Procurement

No member of the Board of Regents or any employee, either directly or indirectly, shall sell to the university any supplies, equipment, services or insurance or receive any commission or profit on account thereof, and all such persons are prohibited from being parties directly or indirectly to any such contract. The university shall strictly comply with all state statutes and federal regulations to include, but not limited to, NMSA 1978 Section 21-1-35 and NMSA 1978 Section 13-1-190. Further guidance may be found under Section 4 of the [Business Procedures Manual](#).

3.21 Conflicts of Interest and Commitment in Sponsored Activities

Actual or perceived conflicts of interest or commitment that arise from Sponsored Activities are of special concern because they almost always involve or implicate entities outside of the university community (and thus are more prone to public scrutiny), are frequently governed not only by university policies but also by governmental conflict-of-interest regulations and are subject to special disclosure requirements administered by the vice president for research. The principles, definitions and policy statements set forth above in sections 3.19 and 3.20 apply also to this section 3.21. Specific guidance on conflicts of interest in sponsored activities is set forth below.

3.21.21 Conflicts in Sponsored Activities that Arise from Financial Interests

Actual or perceived conflicts of interest or commitment in sponsored activities generally arise when an investigator or family member has a significant financial interest in, or a consulting arrangement with, a private business concern or other organization that is or may be affected by the sponsored activity. Some examples of this kind of conflict situation include, but are not limited to:

- Engaging for sponsored research a business firm in which the investigator or family member involved in the research project has a significant financial interest.
- Purchasing major equipment, instruments, materials or other items for sponsored research from a private firm in which the investigator involved in the research has a significant financial interest.
- Engaging a private consulting firm in connection with sponsored research where the investigator involved in such research has a consulting arrangement with or significant financial interest in a competing consulting firm.
- Acceptance by an investigator involved in a sponsored research project of gratuities or special favors from a firm or other organization with which the university does business in connection with the sponsored research.
- Utilization of privileged information acquired by an investigator in connection with sponsored research for personal gain, or to economically benefit a business concern in which the investigator or family member has a significant financial interest.
- Sponsorship of research by a business firm in which an investigator involved in the research has a significant financial interest.
- In the absence of disclosure and express sponsor approval, employment of, or an offer of employment to, a family member of an investigator involved in sponsored research by either the sponsor of, or an organization engaged in, the research project.
- Receipt by a family member of an investigator involved in a sponsored activity of a scholarship, fellowship, work/study benefit, or other financial aid, which is funded by or through the sponsored activity.

3.21.22 Conflicts in Sponsored Activities that Arise from Personal Interest

An actual or perceived conflict of interest or commitment may also arise from situations that may have a significant impact on an investigator involved in sponsored research, even though the situation does not involve a significant financial interest. These non-financial conflict situations frequently involve personal interests or relationships that are or may be affected by sponsored activities. Some examples are:

- An investigator's involvement in a sponsored activity where the investigator or a family member of the investigator acts as a non-paid advisor to, or board member of, the sponsoring entity.
- An investigator's involvement in a sponsored activity in which a family member is engaged as a human subject, student researcher or other non-paid participant.
- An investigator's involvement in a sponsored activity that includes testing and validation of new technology developed by a family member of the investigator.

3.21.24 Other Conflict Situations in Sponsored Activities

It is important to realize that any number of other kinds of conflict situations can arise in the context of sponsored projects, some of which may be undeterminable at the outset of the project. Investigators involved in sponsored activities must be cognizant of the need to monitor project developments in order to identify potential or perceived conflict situations as they arise and to disclose them or facilitate their disclosure as soon as possible. Examples of other kinds of conflict situations might include:

- An investigator's involvement in a sponsored research project becomes so extensive during the course of the project that other obligations to the university are neglected, thus creating a conflict of commitment.
- An investigator's responsibility for multi-disciplinary sponsored research project gives rise to nepotism issues when a family member employed in a different university department falls under the investigator's supervisory authority in the context of the project and no disclosure of and express sponsor approval for such arrangement is in place.
- An investigator's loyalty to a family member (*See* section 3.20.23), close personal friend or a professional associate employed elsewhere results in sponsored research being conducted elsewhere which could and ordinarily would be conducted within the university, to the disadvantage of the university and its legitimate interests.

3.21.25 Governmental Conflict of Interest Regulations Concerning Sponsored Activities

Any research or other project that is sponsored or funded by a governmental agency is likely to be subject to agency regulations or guidelines covering conflicts of interest as well as university policies. The federal Office of Management and Budget has promulgated rules, applicable to all federally funded grants and agreements with institutions of higher education, which define conflicts of interest and the financial thresholds applicable to them and which require grant recipients to maintain written standards of conduct governing real or apparent conflicts of interest. These rules are found in OMB Circular No. A-110, Sec. 42. Most federal departments and independent agencies have formally adopted these rules and codified them in various sections of the Code of Federal Regulations. A few agencies have adopted supplementary conflict of interest guidelines applicable to their own grant administration procedures. Two agencies, the National Science Foundation and the Public Health Service, have established specific financial disclosure requirements and disclosure review and conflict of interest management procedures applicable to grants from those agencies. The guidelines and requirements set forth in this section 3.21 are intended to implement and comply with these federal conflict of interest rules, so that compliance with this university policy will generally assure compliance with governmental requirements. Investigators are urged, however, to familiarize themselves with the conflict of interest rules adopted by agencies sponsoring their research activities.

3.21.26 Disclosure Procedures for Sponsored Activities

Each person engaged in an area of sponsored research and covered by this policy is responsible for determining whether any actual, potential or apparent conflict of interest or commitment exists. The principal investigator of each specific sponsored activity, in consultation with all other participants in the activity, is responsible for determining whether any possible conflicts exist with respect to such activity and for so indicating on the New Mexico State University Proposal Award Form submitted to the Office of the Vice President for Research at the time approval for such activity is sought. If any possible conflicts are identified, the person or persons having the conflicts should attempt to resolve them in advance of submitting the activity proposal for review and approval, but in any event must concurrently disclose them for review by the Conflict of Interest Committee during the pre-award process. Disclosure shall be made by submitting the individual's current annual Conflict of Interest Disclosure Form with the approval documentation provided to the Office of the Vice President for Research. If a new conflict of interest or commitment arises during the course of sponsored work, the person having such conflict must submit an updated disclosure form. The Office of the Vice President for Research shall furnish such disclosure forms to the Committee on Conflicts of Interest in Sponsored Activities.

3.21.27 Review and Resolution of Conflicts of Interest Relating to Sponsored Activities

- A. Committee on Conflicts of Interest in Sponsored Activities: The Committee on Conflicts of Interest in Sponsored Activities shall be a standing committee consisting of the vice president for research, the director of a college/unit research center or institute director designated by the vice president for research and three faculty members appointed by the vice president for research and approved by the Faculty Senate. One member of the committee shall not be involved in sponsored research.
- B. Committee Authority and Functions:
1. The Committee on Conflicts of Interest in Sponsored Activities shall meet as necessary to review all disclosure statements and decide in each instance whether:
 - a. There is no potential conflict of interest; or
 - b. There was a conflict of interest, which has since been resolved; or
 - c. There is a conflict of interest that has not been resolved.
 2. In making these determinations, the committee, at its discretion and under conditions of confidentiality, may seek the advice of additional persons.
 3. The committee will exercise care at all times to ensure confidentiality and to protect the safety and privacy of persons involved in or affected by the review.
 4. If the committee determines that there is an unresolved conflict of interest:
 - a. The appropriate dean, vice president or vice provost will be notified;
 - b. The committee will work with the affected principal investigator and other key personnel, including affected departmental personnel, to determine how the conflict should be managed so the sponsored activity can proceed if at all possible; and
 - c. Acceptance of an award for the affected sponsored activity will be delayed pending resolution of the conflict.
 5. In order to effectively manage or remedy a conflict of interest, the committee may impose conditions or restrictions to control, reduce or eliminate the possibility that the conflict will affect the objectivity of the sponsored research or other activity. Examples of conflict of interest management options include:
 - a. Public disclosure of the conflict.
 - b. Divestiture of conflicting financial interests or placement in a blind trust.
 - c. Escrow of a conflicting equity interest until appropriate triggering conditions are met.
 - d. Disqualification of the conflicted individual from management, supervisory or other affected responsibilities for the sponsored activity.
 - e. Prohibition of the conflicted individual's involvement in affected aspects of the research or other activity.
 - f. Severance of business relationships that create the conflict.
 - g. Monitoring of research or other affected activities by independent reviewers.

3.21.28 Appeals from Decision Concerning Conflicts of Interest Arising from Sponsored Activities

A sponsored activity may not be accepted in the event that the committee is unable to fashion a remedy for a specific conflict of interest and the conflict remains unresolved. In such case, the Committee on Conflicts of Interest in Sponsored Activities will notify the appropriate dean, vice president or vice provost. Appeal of the decision to not accept an award or to accept it subject to conditions in furtherance of a specific management plan, may be made to the executive vice president and provost, who will consult with the principal investigator and the Committee on Conflicts of Interest in Sponsored Activities prior to making a final determination. A final determination on appeal of a

conflict of interest decision will be made within 30 days of the date the appeal was taken. A final determination on appeal shall be achieved before the university accepts a sponsored activity.

3.21.29 Retention of Records Concerning Conflicts of Interest in Sponsored Activities

[Amendment presented to Administrative Council 04.13.10; ratified by Board of Regents 07.20.10]

The Office of the Vice President for Research will maintain records of all conflict of interest disclosures and all actions taken with respect to such disclosures for either:

- A. A period of three years following the final close-out of the affected sponsored activity or the resolution of any governmental action relating to such sponsored activity or the underlying conflict of interest, whichever comes later; or
- B. As otherwise provided by law. The original disclosure forms will be retained electronically by the Office of Human Resource Services as part of the employee's official personnel file.

3.22 Conflicts of Interest Arising from Consensual Relationships

- A. Policy Statement: It is the policy of the university that employees with direct teaching, supervisory, advisory or evaluative responsibility over other employees, students and/or student employees recognize and respect the ethical and professional boundaries that must exist in such situations. Consensual relationships can create conflicts of interest that impair the integrity of academic and employment decisions. Such relationships also contain the potential for exploitation of the subordinate employee, student or student employee and the possible professional or academic disadvantage of third parties, and can subject both the university and individuals to liability. Therefore, the university strongly discourages consensual relationships between supervisors and subordinates, teachers and students, and advisors and students. Should such a relationship develop, the faculty member, supervisor or advisor has the obligation to disclose its existence to an immediate supervisor and cooperate in making alternative arrangements for the supervision, evaluation, teaching, grading or advising of the employee, student or student employee.
- B. Scope: This policy applies to all NMSU employees including faculty, staff and student employees.
- C. Definitions:
 1. A consensual relationship is a mutually acceptable, romantic and/or sexual relationship.
 2. A conflict of interest arises when an individual with the authority and responsibility to evaluate the work or performance of an employee, student or student employee acquiesces or engages in a consensual relationship with the employee or student.
 3. An employee is defined as any individual, whether paid or not, who is listed and active on the university's Human Resources Management System. This includes all faculty, staff and student employees to include affiliated faculty and associated employees.
- D. Reporting Responsibility: In the event a conflict of interest exists arising from a consensual relationship, the individual in the supervisory, teaching or advisory position shall immediately notify the supervisor about the relationship and cooperate with the supervisor in making arrangements necessary to resolve the conflict of interest. Notification of the consensual relationship shall be provided in writing and signed by both parties involved.
- E. Supervisor Responsibility: A supervisor who is notified shall take immediate steps to alter the conditions that create the conflict of interest caused by the relationship. In most instances, this will be accomplished by providing an alternative means for the supervision, teaching, advising and/or evaluation of the subordinate employee, student or student employee. A supervisor who becomes aware of a consensual relationship that has not been declared shall investigate and take

action as appropriate and required by this policy. Both parties in the relationship and the supervisor shall sign the resolution. All documentation will be maintained in a departmental file.

- F. Failure to Report or Cooperate: Employees in positions of authority who enter into or continue consensual relationships without reporting them, or who fail to cooperate in efforts to eliminate the conflict of interest resulting from a consensual relationship may be subject to disciplinary action, which may include counseling, letters of warning, reprimand, suspension or termination. In the event that a complaint of sexual harassment or sexual misconduct is reported by the subordinate party regarding an unreported relationship, there will be no presumption that the relationship was consensual in nature.
- G. Grievance of Disciplinary Actions: Disciplinary actions imposed for violations of this policy may be grieved or appealed by the individual who is disciplined pursuant to existing university policies and procedures.
- H. For Assistance: Questions regarding this policy should be directed to the assistant vice president for human resource services.

If resolution is not attained, a formal or informal grievance may be filed with the Office of Institutional Equity/EEO. Employees shall be free to discuss matters with the director of the Office of Institutional Equity/EEO and file grievances without fear of reprisal.

- A. Hostile Work/Academic Environment: A student or employee may file a claim based on offensive conduct or behavior that is sufficiently severe and/or pervasive to create a hostile work or academic-related environment. Non-discriminatory hostile environment issues are regarded management matters under the purview of the appropriate administrator.
- B. Discrimination-Based Harassment: The university prohibits any unlawful practice of harassment in work or academic environments based on an individual's age, ancestry, color, mental or physical disability, gender, serious medical condition, national origin, race, religion, sexual orientation, gender identity, spousal affiliation, or veteran status. Any supervisor who engages in

or condones any harassment of an employee/student based on discrimination will be sanctioned accordingly. All discrimination-based harassment, including third-party complaints, must be reported to the Office of Institutional Equity/EEO immediately.

- C. **Retaliation:** The university prohibits any unlawful practice regarded as retribution or intimidation against any university employee or student who has in good faith: (a) opposed any discriminatory or employment practice covered by university policies/procedures or state/federal laws; (b) filed a complaint of discrimination or grievance with the Office of Institutional Equity/EEO or external state/federal agency with statutory jurisdiction over discrimination filings; (c) reported a discriminatory matter to a supervisor; or, (d) testified, assisted with, or participated in an investigation, proceeding, or hearing protected under same. Such retaliation in and of itself may result in disciplinary action, up to and including termination.
- D. **Grievances:** Any person with a complaint of harassment or discrimination should, whenever possible, first indicate to the person or persons engaging in the inappropriate conduct that the conduct is unwelcome. If the inappropriate behavior persists, the aggrieved should either report the complaint to the appropriate supervisor or the director of the Office of Institutional Equity/EEO. All discrimination complaints made to a person in a position of authority must be reported immediately to the director of the Office of Institutional Equity/EEO regardless of whether or not permission was given by the complaining party. Discrimination grievances are to be filed within 15 working days of occurrence, unless extenuating circumstances warrant exception. All employees and students should be aware that the university is prepared to take action in a timely manner to prevent and remedy such behavior, and that individuals who engage in such behavior are subject to disciplinary action. All individuals are required to cooperate with any investigation in response to an allegation of harassment. Refusal to cooperate in an investigation may result in disciplinary action in accordance with university policy. Any disciplinary action may be appealed through the appropriate procedure. To the extent possible, every effort will be made to safeguard confidentiality, consistent with reporting obligations and the need to investigate promptly and thoroughly. Individuals should contact the following offices for clarification or assistance:

EEO:	(575) 646-3635	Fax: (575) 646-2182	TDD: (575) 646-7802

3.30 **Disability Accommodation** (*See also* Policies [3.25](#); [3.94](#); [4.05.10](#); [4.05.40](#))

The university is dedicated to providing reasonable accommodation to qualified university employees and applicants for positions in accordance with state and federal laws. Qualified individuals with disabilities are protected from discrimination in hiring, promotion, discharge, pay, job training, fringe benefits, and other aspects of employment. Accessibility to buildings, programs, and services will also be safeguarded to the extent that an undue financial hardship is not imposed on the university. The accommodation process begins when an employee (or applicant) discloses a disability and requests specific accommodation(s). Under normal circumstances, requests for accommodation(s) are considered after the employee completes and processes the Petition for Accommodation Form available at the Office of Institutional Equity/EEO.

3.31 **Distribution of Effort**

There are competing demands on the energies of a faculty member (for instance, research, teaching, committee work, outside consulting). The way in which a faculty member divides effort among these various functions does not raise ethical questions unless the university or government, industrial, or business agency supporting the research is misled in its understanding of the amount of intellectual effort actually devoted to the research in question. A system of precise time accounting is incompatible with the inherent character of the work of a faculty member, since the various functions

performed are closely interrelated and do not conform to any meaningful division of a standard work week. On the other hand, if the research agreement contemplates that a staff member will devote a certain fraction of effort to the government, industrial, or business sponsored research, a demonstrable relationship between the indicated effort of responsibility and the actual extent of involvement is to be expected. Research administering agencies in the university have established simple procedures of accounting which indicate the proportion of the investigator's time spent on sponsored research. Each administering agency will inform the investigator of the procedures developed to assure that proposals are responsibly made and complied with.

3.40 Drug-Free Workplace *[Amendment adopted by Administrative Council 07.08.08; ratified by Board of Regents 07.15.08]*

The university is a recipient of federal grants and contracts in excess of \$100,000 and is subject to the provisions of the Drug-Free Workplace Act of 1988, the special Drug-Free Workforce rules promulgated by the Department of Defense, and the Drug Free Schools and Communities Act. The Board of Regents has directed the president to institute and maintain programs that meet the requirements of federal drug and alcohol regulations. These programs are administered through the Office of Human Resource Services.

- A. General Policy Prohibiting Drugs and Alcohol on NMSU Property: *The unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as part of any of its activities is prohibited and a violation of university policy. University property is defined as all lands and building under the control of the Board of Regents. It is a federal requirement and a university policy that, as a condition of employment, an employee will notify the immediate supervisor within 5 days after conviction of a criminal drug offense occurring in the workplace. Supervisors will inform the Office of Human Resource Services, through appropriate channels, of any notifications received.*
- B. Disciplinary Sanctions for Employees: Employees who violate the university's alcohol or drug policies are subject to termination, demotion, or suspension. Additionally, employees may be required to report to the Employee Assistance Program for a clinical assessment and participate in a recommended counseling/rehabilitation program. When returned to work, the employee must comply with all university policies and maintain acceptable job performance or be subject to appropriate disciplinary action.

3.50 Firearms

It is unlawful and against university policy for anyone to carry a firearm on university premises except for: (1) a peace officer; (2) university security personnel; (3) student, instructor or other university - authorized personnel who are engaged in army, navy, marine corps or air force reserve officer training corps programs or a state-authorized hunter safety training program; (4) a person conducting or participating in a university-approved program, class or other activity involving the carrying of a firearm; or (5) a person older than nineteen years of age on university premises in a private automobile or other private means of conveyance, for lawful protection of the person's or another's person or property.

As used in this policy, university premises means: (a) the buildings and grounds of a university, including playing fields and parking areas of a university, in or on which university or university - related activities are conducted; or (b) any other public buildings or grounds, including playing fields and parking areas that are not university property, in or on which university-related and sanctioned activities are performed. Whoever commits unlawful carrying of a firearm on university premises is guilty of a petty misdemeanor and may be subject to disciplinary action as appropriate.

3.55 Fires, Fireworks

This fire prevention policy establishes fire restrictions for the main campus to include the main campus, university-owned lands east of Interstate 25, the Horticulture Farm, the Horse Center, and the Leyendecker Plant Science Farm. The following acts are prohibited unless an appropriate permit has

first been obtained through the university fire department: (1) building or using an open fire on university land; and (2) use of all fireworks on university land.

3.60 **Flags-National, State**

The national flag will be flown at half-staff on the deaths of those prescribed in the National Flag Code or on special request from Washington. (Typically the flags are lowered from the date of a death through the date of funeral services.) The state flag will be flown at half-staff on the occasion of the death of any of the following: regent, past regent, president, past president, vice president, dean, and others as decided by the administration.

3.63 **Freedom of Expression** (*See also Policies 3.86- Political Activity and 3.92-Sales and Solicitation*)

The university recognizes and promotes an intellectually open campus. The free exchange of ideas through written, spoken, and other forms of expression reflects its public land-grant heritage, support of diverse points of view, and commitment to excellence in education and research.

- A. Campus Use for Free Expression: Any outdoor area that is generally accessible to the public may be used by any individual or group for petitioning, distributing written material, handing out newspapers, or conducting speech acts. Prior approval is not necessary as long as the primary action is not to advertise or sell a commercial product. Activities must follow all applicable fire codes, local, state, and federal laws. Activities shall not:
1. Unreasonably obstruct vehicular or pedestrian traffic.
 2. Block the entrances or exits to buildings and facilities.
 3. Permanently occupy land areas or permanently locate signs and posters.
 4. Erect permanent structures, shelters or camps.
 5. Unreasonably interfere with classes, university work, and scheduled events.

In exercising the right of free expression, an individual must also accept the responsibility of following the laws related to the safety of people and property. If property damage or excessive littering occurs, or other unusual expenses are incurred by the university as a result of the event, event organizers may be held responsible for reasonable charges if deemed appropriate by the president (or designee).

- B. Petitioning and the Distribution and Posting of Literature and Signs: All literature distributed must contain identifying information (either the name of a university sanctioned organization; the name and address, which may be an organization and e-mail address, of the unaffiliated entity or person; or the telephone number of the unaffiliated entity or person) for someone to contact in case of litter problems. Literature may be distributed hand-to-hand, through the use of tables, or by posting on designated bulletin boards and kiosks. Written materials may not be placed in non-approved locations. Written materials may not be placed on any part of a university building or structure without university permission. Posting on traffic signs, power poles, trees, and automobile windshields is not allowed. Tables are allowed as long as the tables do not unreasonably interfere with pedestrian traffic. Materials may not be left on unattended tables. While scheduling of tables is not required in advance, those individuals who have previously scheduled a site through the campus activities office or other appropriate university offices will take precedent.
- C. Group Speech Activities: Group speech activities, including rallies, parades and demonstrations that are advertised through public media including newspapers, radio, television, flyers, or electronic lists may need to be coordinated through the university police department. Any individual, group, or organization sponsoring a group speech activity that is expected to draw more than 100 persons at one time and uses public media for advertising must notify the NMSU

Police Department no less than 72 hours in advance of the activity, so that the NMSU Police Department can take appropriate actions to ensure the safety of the event and issue a permit as proof of prior notification. Activities expected to draw 500 or more participants, or require road closures or detours, must be scheduled 2 weeks in advance. Any individual, group, or organization planning a group speech activity is encouraged to contact the campus activities office in advance so that activities may be coordinated with appropriate university offices. This will allow for locations to be reserved or other concerns to be addressed, such as the use of sound amplification equipment. Contacting the Department of Campus Activities is voluntary and does not constitute an approval process. All scheduling is done on a first come, first serve basis. Activities that are scheduled receive priority in the use of space on campus.

- D. Electronic Sound Amplification: The use of electronic sound amplification equipment is authorized in the open lots to the east of the Pan American Center and Aggie Memorial Stadium, the Corbett Center Outdoor Stage, and the Aggie Pond area off Espina Street, from 7:00 a.m. to 7:00 p.m., Sunday through Thursday; and from 7:00 a.m. to midnight on Friday and Saturday. Sound amplification equipment may be allowed at other times and in other locations if coordinated in advance through the Department of Campus Activities.
- E. Use of Chalk: Chalk may be used on campus as long as it is restricted to concrete walkways. All chalk used must be of a temporary or removable nature. Permanent chalk, such as surveyor's chalk, may not be used under any circumstances.
- F. Policy Enforcement: Any person violating this policy will be subject to:
 - 1. Being asked to cease and desist or to relocate by appropriate university employees acting within the scope of their duties.
 - 2. Being ordered to leave the premises or property owned or controlled by the university by the police or a person in charge of the property.
 - 3. Institutional disciplinary proceedings under the Student Code of Conduct if a student. Violations by faculty or staff will be referred to the appropriate department or academic unit.
 - 4. Arrest for violation of local, state, and federal law(s).
 - 5. Restriction of future use of, or access to, the university campus.
- G. Reference to Other Policies Impacting Freedom of Expression: In the event that the terms of this policy conflict with other existing policies impacting freedom of expression in areas generally accessible to the public, the terms of this policy shall prevail.

3.70 Office Hours - Administrative (*See also* Policies 5.84; 7.10; 8.75)

As a general rule, individual work schedules will conform to the public hours of 8 a.m. to 5 p.m., Monday through Friday. (Some offices close from 12 noon to 1 p.m. for lunch.) Most offices are closed on Saturday and Sunday except on special occasions and as required by the vice provost for distance education and extended learning. However, with approval of the appropriate dean or vice president and the executive vice president and provost, departments may establish alternate work schedules if it is determined they better meet the needs of the clientele and/or better serve the needs of an individual employee without adversely affecting the clientele. Alternate work schedules are to be of a semi-permanent nature (e.g., 1 semester at a time, 1 academic year at a time, etc.). All requests and subsequent approval or denial of alternate work schedules are to be in written form. It is understood that not all jobs are open/available for alternate work schedule consideration.

3.75 Non-Work Related Use of University Resources *(See also [2.35 NMSU General ICT Policies](#)) [Amendment, deleting material superseded by amended Policy 2.35, adopted by Administrative Council 04.14.09; ratified by Board of Regents 07.29.09][Amendment (FS Senate Proposition 19-09/10) passed 04.29.10; recommended by Administrative Council 06.08.10; approved by Board of Regents 07.20.10]*

University employees should always be mindful of the resources entrusted to them by the public, government entities, and private donors, including the public's perception of how the university conducts its business. Employees should strive to conduct themselves consistent with the highest ethical principles, to avoid any action that may be viewed as a violation of the public trust in the use of these resources, and to act responsibly in order to preserve and/or safeguard university resources. These resources include, but are not limited to, employee's time, facilities, supplies, and equipment, such as telephones, fax machines, and computers. Employees do not have a right or expectation to privacy as it relates to information or data contained on or accessed through university equipment or resources.

The application of the following guidelines for non-work related use will depend upon the particular circumstances surrounding each such use, including factors such as the nature of the use, reasonableness, cost, time, employee needs and work habits etc. Employees should consult with their supervisors in advance if they have any questions about appropriateness of certain practices.

- A. **Guidelines:** The use of the university's resources and services for non-work related purposes is permitted only in compliance with the following criteria:
1. The cost to the university is negligible.
 2. The use does not interfere with an employee's obligation to carry out university duties in a timely and effective manner. Time spent engaged in the non-work related use of university resources is not considered to be university work time.
 3. The use does not undermine the use of university resources and services for official purposes, nor violate any university policy or state or federal law.
 4. The use neither expresses nor implies sponsorship or endorsement by the university.
 5. The use does not involve the viewing, displaying, downloading, printing, procuring, or transmitting of sexually explicit material; nor of any other material that would violate university policy or the law, including but not limited to, those relating to sexual harassment, fraud, hostile workplace, obscenity, libel, defamation, or hate/violent misconduct.
 6. Users should be aware that internal or external audit or other needs may require examination of uses of university resources or services and should not expect such uses to be free from inspection.
 7. University resources shall not be used in conduct of business or marketing or political activities for non-work related purposes in an inappropriate manner or in violation of NMSU policy and procedures.
 8. The NMSU internal mail delivery system shall not be used to deliver non-work related material. University accounts shall not be charged for mailing personal and non-university business material.
 9. NMSU vehicles shall not be used for personal or non-university business purposes. *See also [Policies 9.33 \(Vehicle Assignments\)](#); [9.34 \(Fleet Asset Management Program\)](#); and the [Vehicle Use Procedures](#).*

3.80 Pets

All pets, and especially dogs brought on main or community colleges campus, must be on a leash held in the hands of a responsible person. The pet must not be left unattended or unconfined. For reasons of sanitation and health, pets will be restricted from “No Pets” posted areas used by students and the general public for outdoor campus activities or recreation. These areas include but are not limited to intramural fields, Preciado Park, and the Horseshoe. With the exception of laboratory animals and herdsman’s working dogs, only seeing-eye, hearing-ear and other service dogs in use by individuals with disabilities will be permitted in classrooms or other campus buildings.

Campaign activities for candidates for public office or for ballot issues to be presented in local, state, and national elections may be permitted on the university campus when conducted by candidates or their representatives. These activities are subject to the freedom of expression policy. In addition to the locations covered by the freedom of expression policy, Corbett Center (lower lobby information table areas and meeting rooms and spaces) may be used for political activity subject to the rules, regulations, and fees applying to those sites. The responsible authority for the enforcement of this policy shall be the vice president for student affairs and enrollment management (or designee), whose decision shall be final.

3.90 Religious Denominations

Various religious denominations, representing many faiths and doctrines, are engaged in campus ministries and other religious activities near the university. The Board of Regents and the university are completely impartial and give no preference to any religious denomination or organization, and no religious denomination or organization is an official part of the university and has no right, by using the name New Mexico State University, or by using a reproduction of the Seal of New Mexico State university, or by any other means, to give the impression that it is an official part of the university or that its activities are an official part of the program or curriculum of the university. Although not an official part of the university the Interfaith Council (IC) is a coalition of over 14 religious groups ministering to the spiritual needs of the students, faculty, and staff. Collectively and individually they provide fellowship, recreation, worship, service projects, retreats, conferences, and speakers for student groups.

 3. **Food Service Policy for Sales/Solicitations/Acquisition:** The university food service contractors are granted the right to operate/conduct food services on the university campus. Clarification of this right is necessary, however, in view of the many activities conducted on the campus which involve food products, and which may or may not conflict with contractual obligations of the university to the contractors. The following food service policy outlines the conditions under which student, staff or faculty activities may involve food and beverage services:

- a. Student groups and university departments must seek and receive approval for any food events not catered by the university food service providers by completing an Activity Request Form from the Department of Campus Activities.

- d. Student groups and university units or offices may secure prepared food products from off-campus sources to serve on the campus when all of the following conditions are met:
 - The products are served exclusively to the members and guests of the sponsoring organization at private gatherings, such as club meetings.
 - The products are served or sold in a manner or under conditions that are not construed to be in competition with the university food contractors. (The sale is construed to be in competition when the seller is soliciting the same consumer prospects as those sought or being serviced by the university food contractors and offering products similar to those provided by the contractors.)
 - If food is prepared in the homes of participants and is served pot luck, it shall be only for the participants and their personal guests and constitute a private gathering where the general public is not invited.
- e. Individuals on campus may secure food from those off-campus vendors who provide delivery service (e.g., pizza or other campus delivery products) when done on an individual order basis. Any other delivery policies for individual buildings or facilities shall apply (e.g., a residence hall's policy).
- f. Given health, safety, and liability concerns, raw food may not be secured for preparation and distribution on campus unless approval is obtained in writing from the director of campus activities and from the Public Health Division (per following paragraph):

Organizations granted approval for a public event where the preparation, sale, or distribution of food products is conducted must apply for and receive a State of New Mexico Food Purveyors License. The license must be obtained from the Public Health Division of the State Health Department, Office of Health Facilities Licensing, 1170 North Solano Drive, Las Cruces, New Mexico, in accordance with the New Mexico Food Service Sanitation Act, Chapter 309, Laws of 1977. A copy of the license must accompany the Activity Request Form or other request for conducting the event. Failure to secure the license constitutes automatic disapproval of the request.

- D. General Fund-Raising Policy for Student Organizations, University Departments, and Other Affiliated Groups: Raising funds from private sources is an important means of supplementing the various programs in teaching, research, extra-curricular, and service activities. The university recognizes and encourages the efforts of campus groups in this regard, but also recognizes the necessity to establish guidelines which aid in coordinating these activities to avoid conflicts, duplication, violation of laws or regulations, or activities which reflect negatively on the university. This policy applies to fund-raising/solicitation of individuals and business firms by student organizations, departments, and agencies of the university as well as other groups which are affiliates of the university. It does not pertain to proposals for research support addressed to government agencies supporting research that are covered by existing university policies and procedures.
 1. Proposals for fund-raising activities from university departments, agencies, academic classes and other affiliated groups must be submitted in writing to the Office of the Vice President for University Advancement no less than 2 weeks prior to the activity.

Proposals shall include the purpose, budget plan, amount sought, prospective donor or donors, and a time schedule for the activity.

2. Fund-raising activity proposals from recognized student organizations will be initiated with the director of campus activities by completing an Activity Request Form.
3. Approved fund-raising activities are to be coordinated through the Office of the Vice President for University Advancement or the Department of Campus Activities in a manner appropriate to each activity/project and in accordance with policy guidelines stated herein.
4. Organizations incorporated outside the university which raise funds for a university department, agency, or unit are requested to confer with the vice president for university Advancement before commencing to fund-raise.
5. Approved activities must comply with all university, city, state, and federal laws, ordinances, and regulations, including taxation; and it shall be the responsibility of the activity sponsor to become aware of applicable requirements.
6. Internal operating policies related to fund-raising events in specific facilities shall have jurisdiction when an event is held in these facilities (*e.g.*, residence halls, Corbett Center, Pan American Center).
7. No member of the sponsoring organization or participant in the activity shall receive personal financial gain from it. Reimbursement of planned, bona fide expenses of the activity (labor or materials), however, shall not be considered as personal gain. In no case shall an employee receive payment for personal services (labor) unless prior written approval is obtained from the executive vice president and provost.
8. All funds raised through an activity and deposited in NMSU Foundation, Inc. accounts shall be administered in accordance with policies and procedures of the NMSU Foundation.
9. Fund-raising at university events is not permitted unless specific approval is sought and granted through the director of campus activities in consultation with the vice president for university advancement.
10. On- campus fund-raising involving the sale of merchandise or services must receive the prior approval of the director of campus activities in order to avoid contractual, operational, or jurisdictional conflicts.
11. Expectations: It is expected that all fund-raising events held on or off campus will be conducted in a manner which reflects positively on the sponsor and the university. While it is recognized that the type of activities will vary greatly, event sponsors are urged to avoid telephone solicitation, door-to-door sales or solicitations, and direct collections at civic or service organization meetings off campus. These methods are often over-used and may be counterproductive. Caution is also advised in the repetitious solicitation of businesses or prominent citizens for the same reason. (*See* Chapter 2 - [United Way](#) for exception.)

3.94 Sexual Harassment - Gender Discrimination (*See also* Policies [1.20](#); [3.22](#); [3.25](#); [4.05.10](#); [4.05.40](#))

It is the policy of New Mexico State University to provide an atmosphere free of sexual harassment for all faculty, staff, students, and visitors.

According to the U.S. Equal Employment Opportunity Commission and the U.S. Office for Civil Rights, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (1) submission to such conduct is made either

explicitly or implicitly a term or condition of an individual's employment or academic progress; (2) students' educational pursuits are adversely impacted; (3) submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting such individual; (4) such conduct has the purpose or effect of unreasonably interfering with an individual's academic or work performance, or creates an intimidating, hostile, or offensive working or learning environment. Harassing conduct based on gender often is sexual in nature, but sometimes is not. Any unwelcome conduct based on gender is also forbidden by this policy regardless of whether the individual engaged in harassment and the individual being harassed are of the same or different gender. Common forms of harassment include offensive or abusive physical contact, joking, lewd language, suggesting sexual favors, displaying sexually suggestive objects, pictures, magazines, calendars, etc.

- A. **Hostile Work/Academic Environment:** A student or employee may file a claim based on sexually offensive conduct that is sufficiently severe and/or pervasive to create a hostile work or academic environment. A hostile work or academic environment based on unwelcome attention, leers, or remarks of a sexual nature may also be grounds for sexual harassment. The university extends this protection to students in the classroom or in any academic-related settings. Hostile environment harassment based on discrimination should be referred to the director of the Office of Institutional Equity/EEO. Non-discriminatory hostile environment issues are regarded management matters under the purview of the appropriate administrator.
- B. **Retaliation:** Any university employee or student may report violations of this policy without fear of retribution. The university prohibits retaliation against individuals because they have in good faith: (1) opposed any discriminatory or employment practice covered by university policies/procedures or state/federal laws; (2) filed a complaint of discrimination or grievance with the Office of Institutional Equity/EEO or external state/federal agency with statutory jurisdiction over discrimination filings; (3) reported a discriminatory matter to a supervisor; or, (4) testified, assisted with, or participated in an investigation, proceeding, or hearing protected under same. Such retaliation in and of itself may result in disciplinary action, up to and including termination.
- C. **Grievances:** Persons who feel they have been harassed should whenever possible first approach the person or persons engaging in the inappropriate conduct indicating that the conduct is unwelcome. If the unwelcome behavior persists, the aggrieved should either report the complaint to the appropriate supervisor or the Institutional Equity/EEO director. All sexual harassment complaints made to a person in a position of authority must be reported to the director of the Office of Institutional Equity/EEO (or the human resource services director if uncomfortable reporting the complaint to the director or the Office of Institutional Equity/EEO) immediately, regardless of whether or not permission was given by the party subjected to the harassment. Allegations of sexual harassment are to be reported within 15 working days of occurrence, unless extenuating circumstances warrant exception. All employees and students should be aware that the university is prepared to take action in a timely manner to prevent and remedy such behavior, and that individuals who engage in such behavior are subject to disciplinary action. Any disciplinary action may be appealed through the appropriate procedure. To the extent possible, every effort will be made to safeguard confidentiality, consistent with reporting obligations and the need to investigate promptly and thoroughly. Contact the director of the Office of Institutional Equity/EEO at (575) 646-3635 for any questions or clarifications to this policy statement.
- D. **Sanctions:** Individuals who engage in sexual harassment, or supervisors who neglect to control the work environment and/or learning environment, will be held accountable. If it is determined that a violation of this policy has occurred, appropriate disciplinary action, training, and other measures will be taken to remedy the situation. All individuals are required to cooperate with any investigation in response to an allegation of harassment. Refusal to cooperate in an investigation may result in disciplinary action in accordance with university policy.

Smoking Policy *[Amendments adopted by Administrative Council 05.09.06; ratified by Board of Regents 09.08.06]*

- A. **General:** Accumulating evidence has shown environmental or second hand tobacco smoke increases the risk of cancer and other health hazards for non-smokers as well as smokers. New Mexico State University has a vital interest in maintaining a healthy and safe environment for its

students, faculty, staff and visitors while respecting individual choice. Consistent with these concerns and the New Mexico Clean Indoor Air Act, NMSA 1978, § 24-16-1 through 11, the following policy has been established to restrict smoking of tobacco, or any other weed or plant, and provide procedures for accommodating the preferences of both smokers and nonsmokers.

Smoking of tobacco products is prohibited in all buildings (exceptions below) owned or leased by the university as well as within 25 feet of entrance or exit, vehicles, and during some organized outdoor events on university property.

B. Smoke Free Areas: Smoking is prohibited in or at:

1. All enclosed buildings and facilities including classrooms, offices, food service venues, lavatories, and most residence halls (in accordance with Housing and Residential Life policies);
2. within 25 feet of building entrances and exits (when reasonable) and fresh air intake grills unless it is a specially designated smoking area;
3. partially or fully enclosed walkways, corridors, elevators;
4. vehicles owned, leased or rented by the university ;
5. within 50 feet of any area where flammable materials are handled or stored, or where other significant fire hazard may exist; and/or
6. indoor athletic or other university-sponsored or designated events.

No Smoking signs or the international no smoking symbol will be posted at major entrances of all university buildings except for those campus residences where smoking is permitted.

C. Smoking Permitted Areas: Smoking is permitted outdoors on university property except during organized events which have been designated as “No Smoking”. Individuals choosing to smoke outdoors must be 25 feet from doorways, open windows, enclosed walkways, and ventilation systems to prevent smoke from entering enclosed buildings and facilities, and to prevent public access from being denied to an individual with a respiratory medical condition.

In accordance with Housing and Residential Life policies, smoking is permitted in those units which constitute private residences; when everyone in the shared residence is a smoker or at the discretion of each family housing unit.

Fraternities and sororities will work toward an agreement, consistent with university policy during the 2006-07 school years.

D. Education and Services for Smokers: In light of numerous adverse health effects associated with active smoking, and with exposure to second hand smoke, the university will provide educational services to faculty, staff, and students about the hazards of smoking and information and services on quitting smoking. In addition to consulting with their own health care providers, students, faculty, and staff may get assistance from the following university programs.

1. Students may contact the NMSU Student Health Center for information and programs on quitting smoking.
2. Faculty and staff may obtain assistance in smoking cessation through the Employee Health Center.

E. Cooperation and Compliance: This policy relies on the mutual courtesy and cooperation of smokers and nonsmokers for its success. It is the responsibility of all members of the NMSU community to observe the provisions of this policy on smoking. Complaints or concerns or disputes regarding its implementation should be referred to the immediate supervisor for

resolution. The Office of Environmental Health & Safety will assist in determining what distance or location is reasonable for the particular situation. If a resolution cannot be reached, the matter will be referred by the supervisor to the appropriate department head, director, dean, vice president for mediation. Managers, department heads and unit directors are responsible for seeing that persons in their areas are informed and comply with this smoking policy. Those having difficulty complying with these restrictions are encouraged to seek assistance from the resources listed in Section D. Students, faculty, and staff violating this policy are subject to disciplinary action. Any person who commits an unlawful act under any of the provisions of the New Mexico “Clean Indoor Air Act” shall be fined in an amount not less than ten dollars or more than twenty-five dollars for each violation.

- F. Disposal of Tobacco Waste: Anyone who chooses to smoke or use smokeless tobacco on campus must discard the waste in an appropriate manner.

3.99 Prohibition of Hazing and Hostile Misconduct *[New policy adopted by Administrative Council 10.14.08; ratified by Board of Regents 07.29.09] [Amendment recommended by Administrative Council 03.09.11; approved by Board of Regents 03.14.11]*

- A. Policy Overview: New Mexico State University promotes a safe environment where students, faculty, staff and visitors may reside on campus, participate in university sponsored activities and be members of organizations recognized by NMSU without compromising health, safety, or wellness. It is therefore the University’s policy to prohibit any act or omission which constitutes hazing, bullying or other hostile misconduct, as well as retaliation against persons who report misconduct pursuant to this policy. In the event an allegation of hazing, bullying, hostile misconduct or retaliation is substantiated after objective investigation, appropriate corrective or disciplinary action will be taken to ensure that the offensive behavior does not recur.
- B. Definitions:
1. Bullying. “Bullying” is an act or omission that intimidates or mistreats a person, typically a person perceived to be weak or vulnerable.
 2. Hazing. “Hazing” is an act committed by one or more individuals, on or off campus, where the following apply:
 - a. The act was committed in connection with student or employee status or in connection with an initiation into, an affiliation with, or the maintenance of membership in, any organization. For the purpose of this policy, “organization” means an intercollegiate or intramural athletic team; chartered student organization; or other association, order, society, corps, cooperative, club, department, unit, division or similar group that is officially affiliated with the university and whose membership consists primarily of enrolled students or employees of the university; and
 - b. The act creates unreasonable risk of emotional or physical harm, or causes actual physical harm, mental duress or degradation, or interferes with a person’s academic endeavors or progress, or work environment.
 3. Hostile Misconduct. “Hostile Misconduct” is an act or failure to act, which is sufficiently severe, pervasive or persistent so as to interfere with or limit a person’s ability to participate in academic opportunities or activities, or to work productively in the workplace. The hostile misconduct prohibited by this policy need not be based on any protected class, which is similarly prohibited by the university’s anti-discrimination policies.
 4. Retaliation. “Retaliation” for purposes of this policy is retribution in any form against a person who has in good faith: (a) opposed the misconduct prohibited by this policy; (b) filed a complaint of hazing, bullying or other hostile misconduct with their supervisor, the Office of Human Resource Services department or other appropriate office with jurisdiction; (c) assisted with or participated in an investigation, proceeding or hearing related to enforcement of this policy. Retaliation in and of itself, if substantiated by investigation, will result in disciplinary action, up to and including termination.

- C. Discriminatory Misconduct/Report to OIE: An act of hazing, bullying or other hostile misconduct may also constitute illegal discrimination if it is based upon age, ancestry, color, mental or physical disability, gender, genetics, serious medical condition, national origin, race, religion, sexual orientation, gender identity, spousal affiliation, or veteran status. In this event, it shall be reported to the Office of Institutional Equity for action under the university's anti-discrimination policies, which also prohibit retaliation.
- D. Hate Crimes/Report to NMSU Police: An act of hazing, bullying or other hostility may also constitute a hate crime under the laws of New Mexico, and shall be reported to the NMSU Police Department for potential criminal investigation and prosecution.
- E. Acquiescence Not a Defense: It is a violation of this policy even if the recipient of the misconduct consented to or acquiesced in the hazing, bullying or other hostile act or omission.
- F. Examples: Examples of hazing, bullying and other hostile misconduct may include, and are not limited to:
1. Verbal acts and name calling; graphic and written statements, which may include the use of cell phones or the internet;
 2. Threats of, or actual harm or humiliation;
 3. Physical abuse, such as whipping, beating, branding, pushing, shoving, or tackling, use of physical restraints, etc;
 4. Forced physical activity, such as consumption of food, liquor or drugs, or sleep deprivation;
 5. Theft and/or destruction of property under any circumstance;
 6. Yelling, screaming, or calling members (prospective or actual) demeaning names, or restricting normal routine social interaction;
 7. Engaging in behavior that a reasonable, similarly situated, person would consider humiliating and or degrading to others;
 8. Forcing, requiring or endorsing new members to violate university policies, organization/association bylaws, team rules and/or any local, state, or federal law.
- G. Exclusions: This policy is not intended to prohibit the following conduct:
1. Customary public athletic events, contests or competitions as sponsored by the University;
 2. Activity or conduct that furthers the goals of NMSU educational curriculum, extracurricular program, military training program, or other official university function or program.
- H. Duty to Report: Prevention of hazing, bullying, hostile misconduct and retaliation is the responsibility of every member of the university community. Each organization, association, athletic team, department, unit, division, as well as each individual, has the obligation to report incidents that are believed to be associated with hazing, bullying, hostile misconduct, or retaliation, to the Office of Student Judicial Services, the Office of Institutional Equity, the NMSU Police Department, or other university supervisor or official independent from the offensive conduct.
- I. Prompt Investigation and Corrective Action: All alleged incidents of hazing, bullying and other non-discriminatory hostile misconduct or retaliation addressed by this policy will be taken seriously, shall be investigated and when warranted, corrective or disciplinary action will be taken.
1. An objective, confidential investigation will be conducted by the supervisor, in consultation with the Office of Human Resource Services, into each complaint received.

2. The actions or omissions subject of a complaint and substantiated by investigation will be assessed based on the totality of the circumstances, and will involve making a determination whether the alleged hostile misconduct was sufficiently severe, pervasive or persistent such that a similarly situated reasonable person would be significantly and adversely impacted in his or her ability to benefit from the educational or work opportunities provided by the institution.
3. Substantiated violations will result in administrative, civil and/or criminal sanctions to the offending employee, student or student organization.
4. One or more of the following offices or processes may be involved in affording relief to the person who has experienced the hazing, bullying, hostile misconduct or retaliation: the Employee Assistance Program, Counseling Center, Employee Health Services, Student Health Center, the Office of Student Judicial Services, the administrative review process of the Department of Campus Activities, the Social Misconduct Review Board of the Department of Athletics, the Office of Housing and Residential Life, the appropriate supervisor in coordination with the Office of Human Resource Services in accordance with the applicable NMSU grievance and /or disciplinary process, as well as through the appropriate local, state, and/or federal law enforcement agencies.

3.100 Protocols in the Event of a Missing Residential Student *[New policy recommended by Administrative Council 05.03.11; approved by Board of Regents 06.23.11]*

- A. Purpose: To maximize the use of all available university resources and information, in order to facilitate and expedite the search for a residential student reported or suspected to be missing; to provide policy and procedures, in compliance with the federal Clery Act, as amended by the Higher Education Opportunity Act of 2008.
- B. Scope: This policy applies within the NMSU System.
- C. Policy Administrators: This policy is administered by the Office of Housing and Residential Life and the NMSU Police Department.
- D. Definitions:
 1. “Residential Student”: For purposes of this policy, a residential student is one who resides in on-campus housing, under a housing contract, and is currently enrolled at the University.
 2. “Missing Resident Student”: A missing residential student means a residential student whose whereabouts are unknown to the Office of Housing and Residential Life, roommate or immediate family member and the circumstances of whose absence indicate that:
 - a. The student did not voluntarily leave the housing unit, residence hall or campus (excludes involuntary escort by law enforcement); or
 - b. The student voluntarily left the housing unit, residence hall or campus, but indicated an intent not to return. (For example, belongings are missing or student made comment indicating intent to harm self.)
- E. Policy: It is the policy of the university to coordinate the resources available from various campus offices in order to expedite the location of any resident student suspected or reported to be missing, consistent with the notification and reporting requirements of the federal Clery Act and corresponding regulations.
 1. Upon entering into the housing contract, or as part of the housing check in process, the resident student, or parent or guardian if student is a minor, shall sign an acknowledgment of receipt of this policy.
 2. Upon entering into the housing contract, or at the time of the housing check in process, the residential student shall be given the opportunity to confidentially identify one or more

“missing person contact”, whom the campus will attempt to contact immediately, and in no case later than 24 hours after the student is deemed missing. The confidential missing person contact may be a person other than the next of kin Emergency Contacts provided via *MyNMSU* pursuant to [Policy 2.35.1.1.8](#) for general emergencies. The student, or guardian if the student is a minor, is responsible for ensuring that the all emergency notification contact information, including any distinct missing person contact, is up-to-date and accurate.

3. The Office of Housing and Residential Life will collect and maintain the confidential missing person contact information, which may be shared with others in furtherance of a missing person investigation. The information may be stored electronically in a manner that integrates the “missing person contact” with campus records system(s), to facilitate mutual access by staff of student affairs, housing and university police.
4. If the Office of Housing and Residential Life or the NMSU Police Department deems any residential student to be missing, university administration shall be notified as soon as possible under the circumstances.
5. If a residential student under 18 years of age and not emancipated is deemed missing, the NMSU police chief or designee shall notify the confidential missing person contact and the custodial parent or guardian not later than 24 hours after the time that the student was deemed missing.
6. This policy and accompanying procedures are not intended to limit or prohibit law enforcement personnel from contacting anyone they may deem necessary as part of their missing person investigation.

F. Procedures:

1. Any student, staff or faculty member or other person who receives a report that a residential student may be missing, or has a reasonable suspicion based on personal knowledge of the student’s schedule and habits to conclude that the person has involuntarily disappeared, shall immediately notify either the Office of Housing and Residential Life or the NMSU Police Department. The report should not be delayed in the hope the person will return. There is no requirement to wait 24 hours to report that someone is suspected to be missing, and in fact, such a delay can be detrimental to search efforts.
2. The office or department receiving a report of a suspected missing resident student shall notify the other in order to clarify and expedite the assignment of responsibilities. The office or department receiving such a report shall notify the Office of the Dean of Students, and keep that office informed about the status.
3. All students and employees shall cooperate with preliminary inquiries by the Office of Housing and Residential Life or other NMSU department personnel, as well as with law enforcement personnel, should a criminal investigation become necessary. A failure to cooperate may result in disciplinary action, as may be appropriate, based on the circumstances, including any adverse impact caused by the lack of cooperation. A failure to cooperate with law enforcement personnel may also result in criminal charges as appropriate.
4. NMSU housing staff will conduct preliminary inquiries, in accordance with the departmental protocol that the Office of Housing and Residential Life has promulgated for such incidents. (*See [Housing and Residential Life](#)*). During the preliminary inquiry stage, Housing staff may utilize available university resources and information, including but not limited to the Offices of the Registrar, the Dean of Students, Parking and Transportation, to facilitate and expedite verification of the student’s whereabouts. If housing personnel are not able to speak with the student or to otherwise verify the student’s whereabouts within 3 hours from the first report or suspicion that the student might be missing, the matter will be reported to the NMSU Police Department for a formal missing person investigation.

5. Consistent with applicable New Mexico law, the NMSU Police shall conduct a missing person investigation, and if necessary, shall be given access to university resources and information, including but not limited to the Offices of the Registrar, Dean of Students, Parking and Transportation, Housing and Residential Life.

4.05.10 Appeals/Grievances - Discrimination-Based Staff, Applicable to Applicant and Student Complaints of Discrimination to Include Sexual Harassment

Grievable items do not include basic management rights such as, but not limited to, the right to manage, direct and assign employees, determine staffing patterns, rates of pay and/or tasks to be performed. Any action or complaint commenced in any state or federal agency or court may, at the discretion of the president/executive vice president and provost result in a stay of any pending internal proceeding (grievance, tenure review, appeal, etc.) filed by or on behalf of a student or employee, unless the complainant alleges any form of prohibited discrimination. In that case, the internal proceeding will continue until all administrative remedies are exhausted, without regard to the nature of and/or conclusions of any external proceedings. Upon termination of the external proceeding, except those involving discrimination allegations as described above, the president/executive vice president and provost will review the status of the internal proceeding in the light of the results, if any, of the external proceedings. If, in the president's/executive vice president and provost's opinion, further action is required, the internal proceeding will continue according to policy and procedure. If the president/executive vice president and provost decide no further action is necessary, the internal proceeding will terminate.

- A. Hostile Work/Academic Environment: A student or employee may file a claim based on offensive conduct or behavior that is sufficiently severe and/or pervasive to create a hostile work or academic-related environment. See below for definition:
- B. Discrimination-Based Harassment: The university prohibits any unlawful practice of harassment in work or academic environments based on an individual's age, ancestry, color, mental or physical disability, gender, gender identity, serious medical condition, national origin, race, religion, sexual orientation, spousal affiliation or veteran status. Any supervisor who engages in or condones any harassment of an employee/student based on discrimination will be sanctioned accordingly. All discrimination-based harassment, including third-party complaints, must be reported to the Office of Institutional Equity/EEO Office.

- C. Discrimination Grievance Procedures: [Applicable to all regular non-probationary staff employees; applicants and, students alleging discrimination in the work place, classroom or related activities. Probationary, temporary, occasional, emergency hire employees and applicants may only appeal matters of discrimination through stage two of this procedure. Only performance evaluations with overall ratings of "unsatisfactory," "needs improvement," or "does not meet expectations" may be appealed using this procedure. See [section 4.05.40](#) for faculty discrimination appeals procedures.]

While employees are encouraged to resolve issues through discussion with the immediate supervisor(s), all discrimination matters are to be reported to the Office of Institutional Equity/EEO immediately. There may be occasions when disputes may be resolved at the departmental level without direct involvement of the Office of Institutional Equity/EEO; however, the director of the Office of Institutional Equity/EEO is to be consulted to ensure consistency. Employees shall be free to discuss matters with the director of the Office of Institutional Equity/EEO and file grievances without fear of reprisal.

STAGE ONE – Institutional Equity Review

- A. Informal Complaint: The complainant may elect to file an informal complaint by completing the EEO complaint form within 15 working days of occurrence of the grievable item(s). During the informal stage, the complainant may elect not to self identify. The remedy may include seminars, exchange of information, newsletter articles, memorandums, administrative review, or counseling. Informal settings (where the parties are identified) may also include mediation at the departmental level or other direct communication with both parties. If the informal filing does not result in resolution, the complainant may exercise the formal grievance process within 5 working days of completing the informal complaint process.
- B. Formal Grievance: Any person with a sexual harassment or discrimination complaint should (whenever feasible) first approach the person or persons engaging in the inappropriate conduct and indicate that the conduct is unwelcome. If the inappropriate behavior persists, the aggrieved would either report the complaint to the appropriate supervisor or the director of the Office of Institutional Equity/EEO. All discrimination complaints made to a person in a position of authority must be reported to the director of the Office of Institutional Equity/EEO at the O’Loughlin House, 1130 East University Avenue, immediately, regardless of whether or not permission was given by the party subjected to the discrimination. Completion of the EEO Grievance Form is required within 15 working days after the occurrence or within 5 working days following the informal complaint process (unless extenuating circumstances warrant exception). The grievance will be accepted or denied in writing by the director of the Office of Institutional Equity/EEO (or designee). If denied, the complainant may appeal in writing to the executive vice president and provost (or designee) within 5 working days of receipt of written denial letter. If accepted, the party charged will be provided with a copy of the complaint documents and will be extended 10 working days to respond. The complainant will be provided a copy of the response, and may amend the initial grievance within 2 working days of receiving the response. If amended, the party charged will also be extended 2 working days to provide any additional documentation. The director of the Office Institutional Equity/EEO (or designee) will investigate relevant issues, secure appropriate statements, and prepare a report for administrative review. All employees and students should be aware that the university is prepared to take action in a timely manner to prevent and remedy such behavior and that individuals who engage in such behavior are subject to disciplinary action. All individuals are required to cooperate with any investigation in response to an allegation of unlawful harassment. Refusal to cooperate in an investigation may result in disciplinary action in accordance with university policy. Any disciplinary action may be appealed through the appropriate procedure.
- C. Confidentiality Statement: To the extent possible, every effort will be made to safeguard confidentiality, consistent with reporting obligations and the need to investigate promptly and thoroughly.
- D. Disclosure of Documents: All witness statements are the responsibility of the person filing or responding to the grievance(s). Witness statements provided by either complainant or the party

charged will be provided to the opposing party at the time the statements are presented to the Office of Institutional Equity/EEO Office or the Office of Employee Management Services. The director of the Office of Institutional Equity/EEO may conduct any further investigation deemed appropriate, which may include additional witness statements. The result of that investigation is the work product of the investigator and not subject to disclosure. Documents protected by the Family Educational Rights and Privacy Act (FERPA), Privacy Act of 1974, The New Mexico Public Records Act, etc. will not be subject to disclosure.

STAGE TWO - Administrative Review

The executive vice president and provost (or designee) will review the report and render a decision. The determination letter will be transmitted in writing by the director of the Office of Institutional Equity/EEO (or designee) to the complainant, party charged and appropriate administrators. If the complainant or party charged is not in agreement with the decision, new or additional documentation may be provided through the Office of Institutional Equity/EEO to the executive vice president and provost (or designee) within 5 working days of receiving the determination letter. 2. To recognize and authorize the Faculty Grievance Review Board (“Faculty Grievance Review Board”) as the faculty peer review body that will facilitate the resolution of faculty grievances through informal mediation or a quasi-judicial hearing process.

B. Scope; Standing to Grieve: This policy applies throughout the NMSU System, to provide a venue for faculty to bring grievances forward for resolution by faculty peers and senior academic administration, when the faculty member has not been able to resolve the matter informally through discussion within their NMSU entity. This policy is intended for and limited to grievances in which the faculty member is personally and materially affected by a decision, action, or inaction.

1. Job direction, including coaching and counseling provided for purpose of improving work performance;
2. Disciplinary verbal warnings, unless subsequently at issue as part of written reprimand being appealed;
3. Non-renewal of annual employment contract (“temporary contract”) during probationary period of tenure track faculty member;
4. Promotion and tenure decisions, unless a violation of policy or procedure is alleged. (*See [Promotion and Tenure Policy 5.90](#) which details the multi-stepped review process for promotion.*)

5. Disputed matters that fall within the jurisdiction of another NMSU entity or hearing body, including but not limited to: involuntary termination for cause (Policy [4.05.50, Senior Senator Review Committee](#)), complaints of unlawful discrimination (Policy [4.05.40, Appeals Discrimination](#)), and intellectual property disputes (Policy [5.94 Research](#)).
 6. Reassignment or transfer, provided no change in tenure home, loss in pay or faculty rank, or other violation of policy or procedure
 7. Changes in status of at-will academic administration position, consistent with policy and letters of hire;
 8. The substance of a policy or established practice, unless it has an alleged unfair impact;
 9. A resignation that has been sent and received.

 6. Final Decision: [15 days or less] With the concurrence of the university president, the executive vice president and provost issues final decision.
- F. Faculty Grievance Review Board (“Faculty Grievance Review Board”): The full Faculty Grievance Review Board consists of nine members, from which mediators and smaller hearing panels will be assigned as needed. Each hearing panel shall include one department head with faculty rank.
1. Authority. Each Faculty Grievance Review Board mediator, hearing panel or full board, as appropriate, is authorized:
 - a. To decide whether or not matters brought before it are within its authority, in accordance with NMSU policy;
 - b. To investigate and mediate as needed to facilitate an informal resolution of the grievance;
 - c. To conduct fact finding hearings and to issue recommendations to senior academic administration;

- d. To revise the grievance procedures set forth at Sections H through K below, with the approval of the entire Faculty Grievance Review Board and approval of the executive vice president and provost, with the concurrence of the president.
2. Composition/Selection of Members:
 - a. Make Up of Full Faculty Grievance Review Board: The Faculty Grievance Review Board shall consist of a total of nine (9) tenured faculty members. Only one person from a department may serve at the same time. No more than three may come from the same Faculty Senate voting unit. Six members shall be elected at-large and three department heads with faculty rank shall be elected by the Faculty Senate.
 - b. Election of Members: The nominations and elections shall be conducted during the Fall Semester.
 - i. At Large Members: The tenured faculty members shall be nominated by members of the Faculty Senate and elected by the faculty at large. Elections shall be conducted in accordance with procedures followed for election of Faculty Senate chair, with the exception that the number of candidates shall not be limited, and there shall be at least two for each position vacancy.
 - ii. Department Head Members: For each department head vacancy, the university president shall nominate two department heads with faculty rank; the Faculty Senate shall elect one.
 3. Term of Service: The first nine members elected after enactment of this policy shall serve either a one, two or three year term, to be decided by lot. After these initial terms have been completed, elected members shall serve staggered three year terms. The term(s) shall commence in the spring, on faculty's first day back to work. No member shall serve more than two consecutive three year terms.
 4. Faculty Grievance Review Board Hearing Panel: Three members, which include two tenured faculty members and one department head with faculty rank, shall constitute the hearing panel. The panel shall select from among its own members a chair whose name will be provided to the parties.
 5. Faculty Grievance Review Board Mediator: For each case, one member of the Faculty Grievance Review Board, on a rotational basis, shall be designated by the Chair of Faculty Senate to serve as mediator for the informal resolution step. The member assigned as mediator shall not be eligible to serve on the hearing panel for the same case.
 6. Administrative Support for Faculty Grievance Review Board: The chair of the Faculty Senate and the assistant vice president of human resource services shall coordinate to provide the Faculty Grievance Review Board with the necessary clerical, administrative and/or technical support it requires. The chair of the Faculty Senate and the assistant vice president of human resource services will also coordinate to provide guidance to the Faculty Grievance Review Board mediator and/or hearing panel chair regarding applicable time deadlines and other procedural issues that may arise.
 7. Initial Transition of Membership: The initial board shall be comprised of existing members of the Review Board on Salary Increase/Performance Evaluation and the Faculty Grievance Review Board. Any discrepancy in the number of faculty involved will be resolved by lot and staggered terms will adhere, as close as possible, to those existing within the current bodies, with discrepancies also being resolved by lot.
- G. Policies Governing Grievance Review and Hearing Processes:
1. Faculty Right to Advisor: At any point in the process, a faculty member may enlist a faculty colleague to advise with preparation of the grievance materials and to attend informal and formal meetings/hearing. If the faculty member requests assistance in obtaining an advisor, the executive vice president and provost or designee shall appoint a senior faculty member to

serve in that capacity.

2. **University Right to Stay Proceeding:** At the discretion of the consultation with Office of the General Counsel, a pending grievance may be stayed when the grievant simultaneously seeks relief for the same claim in another forum, or agrees to explore an alternative dispute resolution method. The matter may be re-opened, if appropriate, depending upon the outcome of the other proceeding.
3. **Confidentiality:** All university personnel shall maintain and preserve confidentiality regarding faculty grievance matters. No party shall discuss any case with anyone involved in investigating or deciding the matter, except as permitted by these procedures.
4. **Fair and Impartial Mediation and Hearing Process:** Faculty members are entitled to a fair and impartial review of their claims. This includes the prompt resolution of actual or perceived conflicts of interest:
 - a. **Early Disclosure of Conflict/Voluntary Recusal:** Any Faculty Grievance Review Board member selected to serve as either mediator or as a member of a hearing panel shall disclose any potential or actual conflict of interest immediately, or as soon as practicable, in order that the issue may be fully resolved prior to the informal or formal grievance processes. A party shall also raise the issue of a potential or actual conflict of interest as soon as the conflict is known. After consideration of the relevant facts and positions of the parties, if it is determined that a conflict exists sufficient to call into question the impartiality of the Faculty Grievance Review Board member, the resolution will be either voluntary recusal by the member of the Faculty Grievance Review Board, or substitution of a different member.
 - b. **Conflict Resolution Process:** In the event a conflict of interest issue is raised, verbally or in writing by anyone involved in the informal or formal grievance review processes, the mediator or hearing panel chair, as appropriate, shall give notice of the potential conflict to the parties and proceed to resolve the issue as expeditiously as possible.
 - i. If a challenged Faculty Grievance Review Board mediator or hearing panel member agrees that the conflict is sufficient to render the member unable to participate in a fair and impartial manner, the member shall be excused from further participation.
 - ii. If the challenged Faculty Grievance Review Board mediator or hearing panel member disagrees that there is a conflict sufficient to affect impartiality, the matter will be decided by the chair of the Faculty Senate.
 - Each party may provide their position on the issue, and to comment on the position of the other party. Other evidence may be considered if relevant or needed to decide the issue; however, the parties are entitled to know and comment on any other evidence considered by the chair of Faculty Senate in making the decision.
 - If a Faculty Grievance Review Board mediator or hearing panel member is excused based on a finding of conflict of interest, another Faculty Grievance Review Board member shall be assigned to serve.
5. **Guidelines for Determining Conflicts of Interest:**
 - a. Under no circumstances will a Faculty Grievance Review Board mediator or hearing panel member participate in a hearing convened to hear a grievance from a person with whom the member has a familial, personal or close professional relationship. A Faculty Grievance Review Board member shall not mediate, nor hear, a matter involving faculty from their own NMSU entity.
 - b. If one or more of the witnesses has a close relationship with one of the hearing panel members, disqualification from service shall not be automatic, but shall be decided based upon the specific facts of each case.
 - c. If the grievant or a witness has had prior contact with either the assigned mediator or a hearing panel member, disqualification from service shall not be automatic, but shall be decided based upon the specific facts of each case.

6. Time Deadlines:
 - a. The informal and formal review hearings and appeal process will be conducted as expeditiously as possible.
 - b. At the request from a party, the Faculty Grievance Review Board mediator or hearing panel may grant a one-time extension of the time deadline, after notice to the other party and consideration of that party's position relative to the request.
 - c. The chair of Faculty Senate may grant a request for extension of a time deadline at the request of the Faculty Grievance Review Board mediator or hearing panel chair.
 - d. A second or subsequent request for time extension from any party or Faculty Grievance Review Board official will only be granted in exceptional cases, after consideration of the basis for the request and the respective positions of the parties.
7. Filing and Storage of Grievance/Hearing Records:
 - a. If the grievant prevails on an issue affecting a document contained in the official personnel file, that document will be revised and the original document will be moved to the grievance file, to document compliance with the decision on the grievance.
 - b. The grievance record shall not be filed in the official personnel file, but will be housed in a grievance file with the Office of Human Resource Services. Occasionally, it may be appropriate to file or cross reference a grievance decision in the official personnel file (i.e. to justify a mandated change in salary).
 - c. Copies of all final decisions shall be stored permanently in the Office of the Executive Vice President and Provost.
 - d. The grievance record, consisting of correspondence, exhibits, tape recordings, and decisions at each level of review, shall be maintained by the Office of Human Resource Services, in accordance with the university's retention of records policy.
- H. Procedures to Initiate Grievance: After internal communications have failed to resolve a disagreement or dispute, a faculty member may initiate a grievance by delivering a memo, subject line "Faculty Grievance", to the chair of the Faculty Senate, copied to the assistant vice president of human resource services and cognizant dean or equivalent administrator, within twenty (20) days from the official date of the action or when the faculty member knew or reasonably should have known about the grievable action/inaction. This time limit for submitting a grievance will be interpreted liberally in order to encourage informal resolution. The chair of Faculty Senate may also grant a 20 day extension of the deadline, if so doing facilitates pre-grievance resolution.

The memo shall:

1. Identify the issue in dispute;
 2. Identify involved parties;
 3. Identify efforts made to date to resolve dispute;
 4. Outline the points in support of the grievant's position, and if known the points contra;
 5. Attach or reference any supporting documentation; and
 6. State the remedy requested.
- I. Procedures to Accept Grievance: The full Faculty Grievance Review Board will review the grievance and determined if a grievance is in their authority. The grievance shall be accepted or declined within five (5) days from the date of the grievance. The Faculty Grievance Review Board decision may be appealed within three (3) days to Office of the General Counsel, who will issue a written decision letter within three (3) days.
 - J. Procedures for Informal Resolution/Mediation: The Faculty Grievance Review Board member assigned to mediate the grievance shall attempt to resolve the matter informally by working with

the parties and the appropriate NMSU officials, as needed for approval of the proposed resolution, if any. If warranted by the facts alleged, more than one mediator may be utilized, or an outside mediator may be agreed upon by the parties. If the full Faculty Grievance Review Board adopts specific mediation procedures, those shall be provided to the parties and adhered to.

1. The mediator shall meet with the parties and take other action as necessary to resolve the grievance. This may include review of documents, interviews or consultations with persons not on the Faculty Grievance Review Board, and briefing appropriate university officials who will not be involved in the decision making process.

 - h. **Time for Hearing:** The chair will assure that all parties have an opportunity to present their cases and may impose reasonable time limits; therefore, the parties should be prepared to make concise statements of their respective positions and refrain from presenting duplicative witness testimony etc.
 - i. **Conduct of Hearing:** The chair shall maintain control the hearing, including evidentiary and procedural issues. At the discretion of the chair, such issues may be resolved by vote of the panel.

4.25 Due Process

Due process opportunities are available to all regular employees. These policies and procedures are designed to provide an objective consideration of employee grievances. Employees are provided peer group representation on review boards and committees in order to ensure fair and impartial hearings of their complaints. Within each appeal procedure, notice is given as to who makes the final decision. These decisions are final and cannot be further appealed within the university structure. The Board of Regents will periodically review these policies but will not hear individual grievances. The appeals procedures are designed to resolve grievances at the lowest level possible. Prior to formal appeal, all parties should exhaust every opportunity to settle the grievance through administrative review at the department or college level.

4.26 Employee Separation Policy

When an individual leaves employment with the university, a number of details must be attended to, both by the employee and the employing department. Employees separating from the university should make arrangements to return all university property in their possession and settle any accounts with the university prior to their separation. Property should be returned when an employee transfers from one department to another department within the university as well. Examples of property that should be returned include, but are not limited to: keys, identification cards, university -issued credit cards, computer hardware and software, cell phones, classroom materials (such as grade books/files, completed exams), sponsored project files, etc. Accounts to be settled may include such things as

parking or library fines, tuition and fees, advances or overpays, personal phone calls, and so on. Departing employees may need to make arrangements with the Office of Human Resource Services regarding such things as health insurance and retirement rollovers as well.

Supervisors of employing departments are separately responsible for ensuring that required forms and notifications to payroll and the Office of Human Resources are submitted in a timely manner, and that access to university property and systems is terminated by having combinations changed, canceling computer system access codes, etc. Computer hard drives should also be checked for sensitive information and unlicensed software.

An optional NMSU Separation Checklist is available that employees and employing departments may find helpful in the separation process and can be found at: [Separation Checklist](#)

4.30 Hiring (See also [Policy 8.40, Hiring](#), [Policy 5.15, Faculty Appointments](#) and [Search Committee Handbook](#)) Specific forms and procedures are available through the Human Resources web page.

The Board of Regents has delegated to the president or to whomever the president delegates, the employment of all faculty, staff, and other university personnel. Although the board should never actively nor directly participate in the actual hiring of university personnel, with the exception of selection of the president, the board should always be at liberty to review any particular hiring by the administration to determine whether or not the board's hiring policies are being followed.

- A. Exempt and Faculty Hiring Procedures: The recruitment, selection, and hiring of exempt employees is accomplished by the employing department with approval of the appropriate director, dean/vice president, or executive vice president and provost, and the Office of Human Resource Services. Additional procedures for filling executive and faculty positions are contained in the [Search Committee Handbook](#).

- E. Job Sharing: When two people may be in the same academic department, a job sharing arrangement may be established. Salary and work duties are negotiable between the two people and the department subject to approval by the appropriate college dean and the executive vice president and provost. Candidates should discuss job sharing with the department head as early as possible in the search process.

- C. Conditional Exception for Short Term Hires: For short-term hires of 30 days or less (no extensions), a waiver may be granted by human resource services. However, the department head/director is responsible for ensuring that the employee does not perform duties listed in the NMSU Sensitive Duties Checklist without adequate safeguards.

 - a. **Educational credentials:** Verify through official transcripts the highest (terminal) degree of final candidates.
 - b. **Employment references and past performance:** Check and document at least three of the relevant references listed on the application or resume. Verify work dates, job titles, work experience and performance of candidates.
 - c. **Professional license or certifications:** If a position requires a license or certification(s), such as a licensed practical nurse, contact the responsible licensing board (local or national) to verify and document that the candidate has a current and valid license or include this in your background review request.
4. **Initiation of Post-Offer Background Review Process:** Once a finalist is selected, the hiring department will forward to Human Resource Services a completed permission to offer, Employment Background Review Request Form, a copy of the a Background Check Release Form, pertinent application materials, and sensitive duties checklist. The Office of Human Resource Services will work with the hiring department to coordinate the appropriate background reviews.
5. **HRS Coordination with NMSU's Vendor:** The Office of Human Resource Services will coordinate requests to external vendors for the applicable background review checks and will note on the Employment Authorization Form the date the authorization was received and the date the request was made to external vendors. The Office of Human Resource Services will review all background review reports received.
6. **Non-Adverse Information Discovery:** If background review reports are non-adverse, the Office of Human Resource Services will notify the hiring department that the offer may be finalized or, if the individual is currently working, that the background check has been successfully completed and the hiring process is finalized.
7. **Adverse Information Discovery:** If the background review reports produce any information that might be considered as a cause for an adverse employment action, the Office of Human Resource Services will work with the hiring department, appropriate dean/vp and Office of the General Counsel to evaluate the value of the information against the total past employment record and future employment potential. These parties will assess the relevance of the information to job duties, the date of the offense(s), the nature of the offense(s), and the accuracy of the information the individual provided on the employment application. If consensus cannot be reached, the executive vice president and provost (or designee) will make the final decision.
8. **Pre-Adverse Action Notice Process:** If the information is deemed relevant and prompts the university to consider taking adverse employment action (*i.e.*, denying employment, reassignment, or termination), the Office of Human Resource Services, in compliance with Fair Credit Reporting Act (FCRA), is required to forward a New Mexico Pre-Adverse Action Notice to the applicant that includes a copy of the individual's background report and a copy of "A Summary of Your Rights Under the Fair Credit Reporting Act." The Pre-Adverse Action Notice will provide the candidate an opportunity to challenge the information provided

in the report and take steps to correct inaccuracies or provide explanation. A final employment decision will not be made by the hiring department until all information is gathered and considered, or at such time as the applicant fails to respond as required. A minimum of five days for an applicant to refute, explain or correct the information is required.

- a. Notice to Applicant: The Adverse Action Notice forwarded to the applicant must include:
 - i. The name, address, and phone number of the reporting agency.
 - ii. 9. Retention of Records: The Office of Human Resource Services will manage and retain employment background review information. Information collected on successful applicants will be stored separately from the official employee files. Information collected on unsuccessful applicants will be stored with the candidates' application materials and retained for three years. Documents related to employment background review information collected by hiring departments will be filed and maintained in the departments and destroyed three years after rejection for unsuccessful candidates or three years after termination or retirement for successful candidates.

10. Coordination Required: All hiring departments should contact the Office of Human Resource Services for further assistance if information obtained from a consumer report is to be used to take adverse action against a candidate or employee.

4.30.10 Hiring - Definitions

- A. Academic Appointment (Main Campus and Community Colleges): Academic appointments are extended to members of the faculty, administrators of academic programs, and individuals appointed to faculty ranks in the Cooperative Extension Service, at the community colleges, and in the university Library. Academic appointments are either regular or temporary as defined below:
1. Regular: A regular academic appointment is an employment status for an individual in a 9-month or 12-month position, and with an FTE employment of .5 or greater. The position normally is advertised and the individual employed must have formally applied. An E-Hire Form is required. The E-Hire Form may or may not specify an appointment end date. College-rank appointments with appointment end dates may be renewed after appropriate review and approval.
 2. Temporary: A temporary academic appointment is an employment status for an individual hired for a period of time in excess of 30 days, not to exceed 1 year. Advertising is optional (with the exception of visiting faculty), but if used must specify the temporary nature of the position. Eligibility for benefits is limited to the following: ERA, FICA, Worker's Compensation, and Unemployment Compensation. The E-Hire Form, I-9 Form, application/vita and Notice of Separation Form are required. An offer of employment may be extended only after appropriate approvals are obtained. The E-Hire Form must have an appointment end date.
- B. Noncontract Visiting Faculty: The employment period for a visiting faculty member will not exceed 2 years. The position must be advertised. Some visiting faculty may qualify for health insurance.
- C. Staff: The employment period for temporary staff at .50 FTE or greater may not exceed 12 months, but may be extended with appropriate administrative approvals. A temporary nonexempt employee is normally employed at an entry-level salary and will remain at this rate during employment unless specifically exempted by the assistant vice president for human resource services.
- D. Temporary (Nonfaculty Category): All temporary appointments will terminate within 1 year if at a .50 FTE or greater. Temporary employees hired at less than a .50 FTE can be hired each fiscal year by submitting an E-Hire Form and a Notice of Employee Separation Form, attached to the transmittal form. Temporary employees will normally be hired with a termination date of June 30 each year unless it is known that the appointment will end before or extend beyond June 30. The supervisor may establish and fill a temporary position without advertisement. The person hired must meet minimum qualifications for the position and may be appointed by an E-Hire Form. An I-9 Form, employment application, and Notice of Separation Form apply. Temporary employees have no entitlement or expectation to continued employment during or beyond the appointment period. An offer of employment may be extended only after approval has been obtained from the Office of Human Resource Services.
- E. Emergency (Faculty and Exempt Staff Only): In the event that an emergency exists which prohibits use of the normal posting, recruitment, and selection procedures, a position may be filled on an emergency basis for a period not to exceed 1 year; however, there must be a strong element of urgency in filling the position. Prior approval must be obtained from the Office of Human Resource Services to hire an employee on an emergency basis without advertisement. The position must be advertised sometime during the year, and the incumbent may be an applicant. An E-Hire Form with a termination date, I-9 Form, and application or vita are required. The person hired must meet minimum qualifications for the position and may not normally exceed 1 year of employment in emergency hire status. An employee hired in an emergency hire status is eligible for benefits afforded regular employees, and has no entitlement or expectation to continued employment during or beyond the appointment period. Any employee hired in an emergency status that competes for an advertised position and is selected will serve a probationary period not including time served in an emergency hire status.

4.30.20 Hiring of Individuals Named in Contract (Faculty and Exempt Staff Only)

Under certain conditions it may be necessary for an employing department to hire an individual named in a grant or contract. With prior approval of the Office of Human Resource Services and the executive vice president and provost, a faculty or exempt staff member may be hired with full benefits under the following conditions:

- A. The individual is named as principal or co-principal investigator of the grant or contract.
- B. The individual named in the grant or contract possesses unique or highly specialized qualifications required by the granting agency in order to carry out the responsibilities required of the grant or contract.
- C. The granting agency has approved the award of the grant or contract subject to the appointment of the particular individual named.
- D. The university is awarded or assumes the oversight of an existing external workforce. Under these conditions, waiver of the advertising requirements for regular employment must be requested in writing to the Office of Human Resource Services and the Office of the Executive Vice President and Provost. Employment of an individual named in a grant or contract is contingent upon funding of that specific grant or contract and is not transferable to another source of funding.

4.40 Layoff/Financial Exigency (See also [Policy 8.45-Layoffs and Recall](#))

- A. University-Wide Exigency: Should the president believe that the university is threatened by a financial crisis which may justify a declaration of a university wide financial exigency, the president will convene and ask the advice of the Emergency Finance Committee. The composition of this committee will be:

- Senior Vice president for Administration and Finance
- Controller
- Faculty member appointed by head of Accounting and Business Computer Systems
- Faculty member appointed by head of Agricultural Economics and Agricultural Business
- Faculty Senate representative to Budget Committee
- Chair of the Faculty Senate

The Emergency Finance Committee will elect its own chair. The Emergency Finance Committee will examine the financial records of the university, explore the options available for preventing an exigency and, if necessary, recommend the declaration of a university wide financial exigency to the president. After receiving the advice of the Emergency Finance Committee, the president will consult with the Board of Regents. The board, after reviewing the Emergency Finance Committee recommendations, will decide whether to declare a financial exigency. (See also [Faculty Senate Review of Proposed Program Elimination or Reorganization](#).) Once the board declares a university wide financial exigency, the president will so inform the university community, and will convene and ask the advice of the Emergency Action Committee. The composition of this Emergency Action Committee will be:

- Chair (or designee) from each of the following Faculty Senate standing committees: Long-Range Planning, Faculty Affairs, Scholastic Affairs, University Affairs
- Chair (or designee) from the NMSU Employee Council
- Chair and Vice Chair (or designees) from ASNMSU
- Chair (or designee) from the Research Council
- Senior member (or designee) from Group III of the NMSU Employee Council
- Senior member (or designee) from Group IV of the NMSU Employee Council
- Nonvoting *ex officio* members will be:
 - Executive Vice President and Provost
 - Senior Vice President for Administration and Finance
 - Senior Vice President for External Relations and Chief of Staff

- Associate Provost for Academic Affairs and Community Colleges
- Chair of the Faculty Senate
- Assistant Vice President for Human Resource Services

The Emergency Action Committee will elect its own chair. Once convened for an exigency, the voting committee members will continue to serve until the exigency has ended, even though their original office may have been refilled. The president will present the financial records and supporting data for the exigency to the Emergency Action Committee and will ask the managers of appropriate administrative units to prepare plans for achieving their share of the necessary reductions in expenditures. These plans should include a detailed discussion of the probable effects of the actions proposed. The president will present these plans to the Emergency Action Committee and seek the advice of the Emergency Action Committee before making a decision on future action. The Emergency Action Committee will analyze these data and plans, formulate detailed recommendations and report these to the president. After receiving the final recommendations of the Emergency Action Committee, the president will consult with the board. The board, after reviewing the Emergency Action Committee recommendations, will determine the procedures to be followed to end the financial exigency. The Emergency Action Committee will also issue periodic reports, and copies of a synopsis of its final recommendations, including estimates of their effects, to the Faculty Senate, the NMSU Employee Council, the Research Council and ASNMSU.

- B. Non I&G Unit Exigency: Individual units within the general I & G budget cannot be declared in financial exigency separate from a university wide exigency. However, should the president of the university believe that a financial exigency threatens any individual unit funded by state appropriated line items outside of the main campus I & G, the president will ask the advice of the unit manager and will convene the Emergency Finance Committee and seek its advice. After receiving the advice of the Emergency Finance Committee, the president will consult with the board. The board, after receiving the committee report and the recommendation of the president, will decide whether to declare a financial exigency. If the board declares a unit financial exigency, the president will convene a Unit Emergency Action Committee. The size of each Unit Emergency Action Committee will be determined by the president, but it will be large enough to provide adequate representation for the personnel employed within the unit. Voting members of each Unit Emergency Action Committee shall be members of the unit, appointed by either the Committee on Committees of the Faculty Senate or the NMSU Employee Council, depending on the primary functions of the unit, as determined by the president. In addition, the senior vice president for administration and finance, the chair of the Faculty Senate, the director of the human resource services, or their designees and others as may be appointed by the president, shall serve as nonvoting ex officio members. The Unit Emergency Action Committee shall elect its own chair. The voting members of the Unit Emergency Action Committee shall continue to serve until the exigency has ended. Should a voting member leave the university community, that member will be replaced by appointment by the original appointing body. The unit manager will present a plan for meeting the exigency to the president and the Unit Emergency Action Committee. The Unit Emergency Action Committee will analyze the plan, estimate its possible effects, formulate recommendations, and report to the president and the unit manager. If the president believes that the plan will have a substantial impact on the university as a whole, the president will convene the Emergency Finance Committee and ask its advice on declaration of a university wide financial exigency. After receiving the final recommendations of the Unit Emergency Action Committee, the president will consult with the board. The board, after reviewing the Unit Emergency Action Committee recommendations, will determine the procedures to be followed to end the financial exigency.
- C. Termination of a Financial Exigency: It is the joint responsibility of the president and the Emergency Finance Committee to monitor closely the university's financial situation throughout the duration of the financial exigency. It is the responsibility of the president to inform the university community on a regular basis of the university's financial situation. If the president in consultation with the Emergency Finance Committee should determine that a financial crisis no longer exists, a recommendation that the financial exigency be terminated shall be submitted by the president to the Board of Regents. A state of financial exigency will cease to exist upon its

termination by the board. The president will so inform the university community of the decision of the board.

- D. Minor Financial Shortfall: In a period of minor financial shortfall in which no financial exigency has been declared, the university may respond on an ad hoc basis the first year. If it seems the financial shortfall might last a second year, the president should consider convening the Emergency Finance Committee during the first year. In such a case, whether or not a financial exigency is declared, planning should begin well before the end of the first year that will entail use of program review information to make decisions for program reductions that could be partially implemented during the second year. If minor financial shortfall continues for 2 or more years, increasing reliance should be placed on planned program reductions.
- E. Policies for Declared Exigency and Minor Financial Shortfall: The following policies will guide the Emergency Action Committee, the unit managers, and the president in their decisions:
- F. General: The primary consideration behind all decisions will be to maintain viable, quality, and logically defensible programs in keeping with the land-grant mission of the university. An attempt will be made to maintain a core university consisting of the historic components necessary for a broad-based liberal education. An appropriate balance among faculty, administrative and support personnel will be maintained. An appropriate balance among teaching, research, and service functions of the university will be maintained. Financially self-supporting units will generally be given priority status.
- G. Human Resources Policies: Prior to any layoffs, personnel will be asked to indicate their desires with respect to early retirement, part-time employment, voluntary resignation, and intra-university transfer. The university shall, to the extent the Board of Regents determines practicable, make a good faith effort to relocate any employee subject to layoff in a suitable vacant position within the university for which that employee is fully qualified. This good faith effort to relocate an employee need not extend beyond the effective date of the layoff. Salary reductions should not be used as a means of meeting financial exigency unless other options have been considered by the board. When programmatic decisions have been made and faculty within a given program are to be laid off, where the board so determines, and consistent with program need, nontenure-track faculty will receive lowest priority, followed by tenure-track faculty, then by tenured faculty. Within each of these categories, layoffs will be based on program need, seniority, and performance. Once areas have been identified in which staff employees are at risk because of financial exigency, probationary employees will be considered for layoff first. Other layoffs of staff, if necessary, will be based upon seniority and performance within those job classifications or job titles identified. Specific plans for any area affected by financial exigency will be prepared by the unit manager in accordance with the established university guidelines before any actions are taken. Employees who are to be laid off may appeal. (See [Grievances](#)) Following layoffs due to financial exigency, if programmatically defensible, former employees will be considered for rehire prior to new hires for a period to be set by the university administration.
- H. Faculty Senate Review of Proposed Program Elimination or Reorganization: For the purposes of this policy, a program is defined as a department, an undergraduate major, a graduate degree program, or any other administrative unit composed of or affecting academic personnel, personnel on continuous contract, or tenure-track faculty. A possible result of program review or financial exigency may be the proposal to reorganize and/or eliminate one or more programs. The time constraints imposed upon the implementation of program reorganization or elimination will therefore vary. In this context, program reorganization is meant to involve actions more significant than the transfer or elimination of one or very few positions. Consistent with policies regarding the approval processes for creation of new academic programs or name changes (and considering such time constraints as may be imposed by financial exigency); an opportunity shall be provided for the Faculty Senate to hear the arguments for and/or against proposed program elimination or reorganization. The Faculty Senate will then register a vote of agreement or disagreement to the proposed program elimination or reorganization, and report this result (with rationale and minority reports, if any) to the executive vice president and provost, and the Executive Review Board. After receiving and reviewing all relevant information and reports, the executive vice president and provost will render a decision with respect to program elimination or

reorganization, which will be final. Individual employees affected by program elimination or reorganization may appeal decisions concerning their positions according to the relevant policies of this manual.

4.50 Outside Employment and/or Activities (*See also Chapter 3 Codes of Conduct -Conflict of Interest*)

Employees may not engage in outside business activities while on duty. Violation of this provision may be grounds for involuntary termination. Employees holding a part or full-time second job should not allow such employment to interfere with their performance or attendance. If the supervisor can reasonably demonstrate that performance or attendance problems are resulting from outside employment, the supervisor may ask the employee to terminate such employment. If the employee refuses to do so, the employee may be terminated.

4.60 Public Affairs Participation (*See also Chapter 3 Codes of Conduct - Conflict of Interest*)

The policy of the Board of Regents is that faculty and staff have the same citizens' rights as other people. However, employees seeking elective office or serving in an elective office must not allow campaign and service activities to interfere with university responsibilities. Employees elected to the state legislature will be placed on leave without pay during the term of such office. Any possible conflict of interest shall be reported by the employee or by any other concerned employee to the administration through the appropriate channels. Unresolved issues shall be referred to the appropriate Faculty Grievance Review Board. It shall be the responsibility of the employee to report appointment or election to public bodies and/or conflict of interest situations. Such reports shall be sent to the Office of the President. The written notification shall include the type of employment or type of office, the commencing and terminating dates or period of service, and, when applicable, the nature of the conflict of interest situation. The president has discretion to approve requests to serve on international, national, state, and local committees and commissions.

4.65 Security Clearance (Department of Defense) [*Amendment adopted by Administrative Council 04.13.10; ratified by Board of Regents 05.07.10*][*Amendment approved by Board of Regents 04.08.11*]

Those persons occupying the following positions at New Mexico State University shall be known as the Key Management Personnel Group for safeguarding classified information. They shall implement the provisions of the National Industrial Security Program Operating Manual (NISPOM)

- President
- Vice President for Research
- Senior Director of the Physical Science Laboratory
- Deputy Director of the Physical Science Laboratory
- Facility Security Officer

The members of the Key Management Personnel Group have been processed, or will be processed for a personnel security clearance for access to classified information, to the level of the Facility Clearance granted to this institution, as provided for in the NISPOM. Individuals will be denied access to classified information until such time that their clearances are granted.

The Key Management Personnel Group is hereby delegated all of the board's duties and responsibilities pertaining to the protection of classified information under classified contracts awarded to New Mexico State University. In addition, the Key Management Personnel Group shall have the authority and responsibility for the negotiation, execution, and administration of the contracts, consistent with NMSU policy and state and federal law.

The executive vice president and provost and the following members of the Board of Regents shall not require, shall not have, and will be effectively excluded from access to all national security information disclosed to NMSU. The duties and responsibilities of the Board of Regents as a policy-making body do not require access to classified contracts awarded to NMSU, and therefore need not be processed

for a personnel clearance.

- Chair
- Secretary/Treasurer
- Vice –Chair
- Student Representative
- Additional Regents

The foregoing will not be modified, amended or rescinded without prior notice to the United States Government through the cognizant security office.

4.70 Supplemental Employment/Compensation

- A. Policy Permitting Supplemental Compensation: Supplemental compensation may be paid to faculty and staff acting in the capacity of a professional/faculty employee for an additional assignment performed during normal university working hours, providing that assignment is (1) clearly outside the scope of that person's regular teaching, research and service responsibilities; and (2) does not interfere with those responsibilities. Such time will be counted against a faculty member's allowed consulting time and must be approved in advance by all cognizant administrators, including the executive vice president and provost. Additional compensation is submitted for approval by the completion of an E-Hire Form. This compensation may be authorized in addition to regular salary for those employees exempt from overtime provisions of the Fair Labor Standards Act and is used to authorize payment for consulting, workshops, etc. Supplemental compensation will not be paid solely on the basis that the salary has been budgeted into the agreement.
- B. Supplemental Employment Guidelines:
1. Applicable only to faculty, or those staff acting in the capacity of a professional/faculty employee.
 2. Applicable only to employees currently employed during the period when the supplemental compensation was earned.
 3. The rate of pay should not exceed the employee's current rate of pay in the employee's primary job assignment. Under those special circumstances where a request exceeds the employee's rate of pay, a special memo of justification approved by the Office of the Executive Vice President and Provost must be attached to the form. Hours worked (a) should not exceed a reasonable percentage of full-time hours (Any percentage greater than 50 percent must be justified in an attached memo); (b) must be properly documented per grant/contract requirements.
 4. Only in unusual cases may an exempt staff and faculty member be paid to work on a grant or contract, as consultants or otherwise, if that effort results in payment in excess of 100 percent FTE unless specifically provided for, as supplemental compensation, in the agreement or approved in writing by the sponsoring agency. For federal grants and contracts, approval will normally be granted only if two conditions exist:
 - a. The work is across departmental lines or involves a separate or remote location; and
 - b. The work performed by the employee is in addition to the regular departmental workload.

CHAPTER 5- HUMAN RESOURCES-FACULTY POLICIES

5.05 Academic Freedom

The quest for truth often leads the scholar into difficult and untried territory. As a dealer in ideas, the teacher or researcher comes often in conflict with prevailing belief of large segments of society and even with those of colleagues. Yet, because of the practical benefits of scholarly activity, it is profoundly important that this diversity of ideas be not only tolerated, but encouraged. The right to support unorthodox positions, arrived at through scholarly investigation, free from coercion or reprisals, is fundamental to the continued progress of society. The right to pursue unpopular lines of inquiry and express new and unaccepted ideas falls within the framework of a special set of guarantees called academic freedom. In granting these guarantees, society expresses a willingness to risk the consequences because history confirms that the risk is outweighed by the benefits stemming from such a policy. Scholars are entitled to full freedom in the conduct of their research and publication of the results, and full freedom in the classroom to discuss those topics in which they are professionally experts as determined by their credentials. The exercise of this freedom carries with it the burden of corollary responsibilities. Scholars must not knowingly misrepresent facts. They must be careful in their teaching not to introduce controversial matter bearing no relationship to their subjects. They must exercise appropriate restraint and guard against distortions and inaccuracies. Outside their academic roles, as private citizens, scholars have no special privileges. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution. Institutions of higher education are conducted for the common good and not to further the interest of either the individual scholar or the institution as a whole. The Board of Regents recognizes that it is not possible to define, with any great precision, the limits of academic freedom in the complex world of ideas. The gray areas are practically endless and the final judgment of what is acceptable and reasonable must be left by society to the academic community itself. The scholar's own colleagues and institution must bear the brunt of public criticism, have the most to lose from withdrawal of public trust, and are, therefore, in the best position to balance the issues of academic freedom and responsibility.

5.06 Administrative Reviews

Each dean or community college executive officer is responsible for preparing, scheduling, delivering and retaining appropriate administrative reviews of associate deans, department heads, directors and their equivalent. In addition to annual performance evaluations, administrative reviews are scheduled to occur every few years to determine an incumbent's performance as an administrator. Administrative reviews are often coordinated by a third party (such as NMSU's Institutional Research) and may include written evaluation by both internal and external constituents.

5.06.10 Administrative Review of Deans and Community College Presidents *[Amendment recommended by Administrative Council 07.27.11; approved by Board of Regents 08.22.11]*

A. Policy:

1. Academic deans and community college presidents are due to be reviewed within six months of the third anniversary of their first appointment to their appointment as academic administrator and every fifth anniversary thereafter, under the criteria prepared by their supervisor.
2. Reviews may be conducted at a shorter interval, at the discretion of the supervisor.
3. In exceptional circumstances, faculty or staff may petition the supervisor of the academic dean or community college president to conduct an administrative review outside of the normal review cycle.

B. Procedures:

1. Prior to each review, the supervisor will request a written and/or oral evaluation of the person(s) being reviewed from the faculty, staff and any other relevant constituencies.
2. The person under review may prepare and distribute a statement of professional accomplishments during the review period.
3. The appropriate supervisor will do the following:
 - a. Review and assess the information received.

 - c. Transmit and discuss the summary report with the academic administrator subject of the administrative review.
 - d. Discuss the summary report with the relevant faculty and staff.
 - e. For deans, transmit a copy of the summary report to the chair of the Faculty Senate.
 - f. Transmit a copy of the summary report to the president, when administrative review is not conducted by the president.
4. The Executive Vice President and Provost will do the following:
 - a. evaluate the information

B. Procedures: The appropriate supervisor will do the following:

1. evaluate the information
2. create a summary
3. conduct an evaluation session with the individual being evaluated
4. share the summary with the relevant faculty and staff

5.15 Appointments (*See also Policy 4.30, Hiring; Search Committee Handbook*)

5.15.10 Appointments - Definitions of Faculty Appointments (*See Policy 4.30.10-Hiring-Definitions*)

5.15.20 Appointments - Graduate Faculty

The ultimate responsibility for the quality of the graduate program resides in the graduate faculty, individual departments offering graduate work, and the cognizant dean. The dean of the Graduate School is responsible for the administration of the Graduate School's policies. Staff members qualified to perform the functions of the graduate faculty are nominated by the heads of their departments for approval by the cognizant dean and the dean of the Graduate School. The Graduate Council shall maintain a standing committee on Graduate Faculty Appointments comprised of three senior graduate faculty currently serving on the Graduate Council. The standing committee on Graduate Faculty Appointments shall review and make recommendations to the dean of the Graduate School on appointment of faculty nominees to the graduate faculty. This standing committee on Graduate Faculty Appointments also shall review appointment criteria as needed. Approval will be granted in recognition of the staff member's active interest in graduate work as demonstrated by continual study, creative activity, and successful teaching. Appointment to the graduate faculty will normally require that the individual have an earned doctoral degree. The qualifications of each new member of the graduate faculty will be given comprehensive review by the department head, cognizant dean, and the dean of the Graduate School at the end of 3 years. The qualifications of each graduate faculty member will be reviewed every 3-5 years by the department head, cognizant dean, the Graduate Council standing committee on Graduate Faculty Appointments, and the dean of the Graduate School. Selection of instructors to teach courses at the 450-499 level is left to the department head and college dean; however, such persons must have at least a master's degree. Any exceptions to this policy must have prior written approval of the dean of the Graduate School. Graduate students may not assign grades to other graduate students in courses numbered above 450. Selection of individuals to teach courses numbered 500 and above is left to the department head and the college dean. The individual must have an earned doctorate, or a master's degree with extensive experience, and have evidence of creative activity. Any exceptions to this policy must have the prior written approval of the dean of the Graduate School. Members of the graduate faculty chair all graduate committees, direct master's theses, direct doctoral dissertations, teach 600-level courses, serve as representatives of the dean of the Graduate School, serve on educational specialists' exams, and serve on doctoral exams. Any exception to the above policy must be approved in writing by the dean of the Graduate School. Before an individual is appointed to the graduate faculty, evidence of creative activity, in addition to the doctoral dissertation, is required. In implementing this approach, the department heads, the deans and the dean of the Graduate School will review all members of the graduate faculty in their colleges and invoke the review clause on individuals not meeting the minimum requirements.

5.15.30 Appointments - Joint

- A. Written Agreement: At the time of joint appointments, a written agreement is signed by the faculty member and administrative heads of the participating departments. The agreement entails the nature and extent of reciprocal commitments between the faculty member and each academic department. The agreement serves as a guide in the evaluation process and defines the role of all parties in that process.
- B. Role of the dean of the Graduate School: The dean of the Graduate School coordinates and ensures equity in the evaluation of joint appointees.

C. Procedures:

1. All joint faculty are assigned to one college for administrative purposes. This college is responsible for initiating all forms, but signatures of both deans and both department heads are required on all forms.
2. A copy of the joint appointment agreement will accompany formal appointment papers forwarded to the executive vice president and provost for action.
3. A mutually agreed-upon statement of goals for the faculty member is prepared at the beginning of each annual evaluation period. These goals serve as the evaluation criteria for the period. The goals statement is arrived at by consultation between the faculty member and the department heads involved.
4. The faculty member submits duplicate statements of achievements (e.g., faculty evaluation forms) to the department heads at the end of the evaluation period.
5. The department heads, in consultation, prepare a single evaluation and recommendation to be forwarded to the appropriate dean or deans.
6. Recommendation at the college level is made in consultation with department heads and deans involved in the joint appointments.
7. The time periods for all steps in the evaluation process are the same as those set by the executive vice president and provost for all faculty.

5.15.40 Appointments – Nontenure-Track *[Amendment ratified by Board of Regents 10.07.07] [Proposition 14-08/09 passed by Faculty Senate 04.30.09; adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09][Amendment, waiving the limitations on retention of part time faculty through Spring 2011, adopted by Administrative Council 02.09.10; ratified by Board of Regents 07.20.10][Amendment, further extending the waiver of the limitations through Dec. 2012, recommended by Administrative Council 04.12.11; approved by Board of Regents 05.06.11]*

Nontenure-track faculty will be employed to teach, do research, or perform other work assignments. They may be employed full-time or part-time, with regular or temporary status. All appointments and renewals are subject to need and availability of funding. The initial employment base period of a nontenure-track faculty member may be renewed depending on funding availability, needs of the employing unit, and the results of performance evaluations. Providing proper notice of nonrenewal is given, the university does not have any legal obligation to provide funding for any nontenure-track faculty member beyond the current appointment semester or academic year. However, employing units are strongly encouraged to attempt to maintain a stable job environment for this type of appointment.

Persons in nontenure-track faculty positions may only be hired into tenure-track positions following a national search. In the event that they are hired into tenure-track positions, their service in nontenure-track positions shall not normally count toward tenure. (See [Policy 5.90 Promotion and Tenure](#)).

- A. College Faculty: The titles of college instructor, college assistant professor, college associate professor, and college professor are used for nontenure-track faculty hired primarily to teach courses for the university, although they may at times serve in an administrative or supervisory capacity or be assigned to research. They must have master's degrees or equivalent experience in the field but do not always have terminal degrees.

College Faculty appointments are renewable annually for an unlimited time. Although employing units are not obligated to renew or to give a reason for nonrenewal of a college faculty contract, hiring departments are encouraged to promote an environment of stability by renewing contracts of college faculty when warranted by the need of the department and the performance of the faculty member. College faculty members shall be evaluated annually. Non-Temporary college faculty are eligible for salary increases and promotion to the next rank according to policies,

procedures, and criteria set by the university and their colleges and departments. (See [Employment Base and Status](#) below).

College faculty are listed in the university catalogs under their assigned departments and are eligible for privileges accorded other faculty, such as ID cards, library privileges and faculty parking. They are eligible to apply for membership in the graduate faculty and, if accepted, supervise theses and dissertations while a member of the graduate faculty. College faculty are eligible to serve as principal investigators on grants and proposals. As provided for in the Faculty Senate Constitution, college faculty can serve on the Faculty Senate.

- B. Research Faculty: The titles of research assistant professor, research associate professor, and research professor are used for persons who are hired to engage in research activities and have qualifications similar to those held by tenure-track faculty of comparable ranks.

A clear statement of justification as to why it is in the university's best interest to grant research faculty status will be noted on the hiring forms by the department head and forwarded through the academic dean to the executive vice president and provost for each research faculty appointment. Salaries are normally contingent on external funding, though a department or college may fund the salary of a research faculty member from internal funds for a short time while external funds are being sought. Research faculty members are evaluated annually and are eligible for salary increases and promotion to the next rank according to policies, procedures, and criteria set by the university and their colleges and departments. Research appointments are renewable annually for an unlimited time provided funding is available and annual evaluations demonstrate acceptable job performance.

Research faculty are listed in the university catalogs under their assigned departments and are eligible for privileges accorded other faculty, such as ID cards, library privileges and faculty parking. They are eligible to apply for membership in the graduate faculty and, if accepted, supervise theses and dissertations or serve as the dean's representative while a member of the graduate faculty. Research faculty may serve as principal investigators on grant proposals. At the discretion of their department head or equivalent administrator, they may retain their research faculty status without pay while funding is being sought.

- C. Affiliated Faculty: When it is in the best interests of the university, individuals who are financially independent of the university may be associated with and provide support or services to one or more university programs without receiving monetary compensation (e.g., no salary, per-course or hourly pay provided). A clear statement of justification as to why it is in the university's best interest to grant affiliated faculty status will be noted on the hiring forms by the department head and forwarded through the academic dean to the executive vice president and provost for each affiliated faculty appointment. The term (not to exceed 12 months), rank, and other conditions and expectations of these honorary appointments will be determined for each individual appointee. The criteria upon which the determinations are based vary depending upon the background of the appointee, the nature of the discipline represented, and the needs of the university. In general, persons appointed should have qualifications commensurate with the corresponding rank of tenure-track faculty appointees. The E-Hire Form/Personnel Action Form must show an appointment end date no later than 12 months from date of hire. Affiliated faculty appointments may be renewed annually. Affiliated faculty may be listed in the university catalogs under appropriate departments and affiliated faculty receive the faculty I.D. card and library privileges in recognition of their contribution to the university.
- D. Visiting Faculty: The executive vice president and provost may allocate visiting positions to departments within the university based upon existing conditions. The visiting appointment will not exceed 2 years. The duration, rank, and other conditions and expectations of these appointments will be determined for each appointee.
- E. Extension Associate: An individual hired into a Cooperative Extension Service position in regular or temporary status, full-time or part-time, funded principally (50 percent or more) by grants or other nonpermanent funds may be designated an extension associate. An individual hired with less than the master's degree may also be designated as extension associate. That individual may also

be given the courtesy title of college instructor, college assistant professor, college associate professor, or college professor. An extension associate cannot obtain tenure. When an extension associate either receives a master's degree and/or recurring state funds become available, an extension associate may be considered for appointment to tenure-track status following normal appointment rules. Extension associates may be notified of nonrenewal with proper notice: those in the first year of service will have 3 months' notice prior to their anniversary date; those in the second or more years of service will have 6 months' notice prior to their anniversary date.

- F. Prior Service: Nontenure-track faculty have duties and/or qualifications and/or expectations different from tenure-track faculty. Consequently, service in the nontenure-track position will not normally count towards tenure in any subsequent tenure-track appointment.
- G. Employment Base and Status: The fixed-period base for employment of a nontenure-track faculty member is a time period that may be a semester, an academic year, or a fiscal year, and the amount of assigned effort may be figured on the basis of hours per week, credits per semester, or credits per academic year. The full-time hourly basis is 40 hours per week. The full-time credit basis is 12 credits per semester or 24 credits per academic year, except in the community colleges, where the full-time credit basis is 15 credits per semester or 30 credits per academic year. The full-time equivalent (FTE) fraction for a nontenure-track faculty member employed on an hourly basis is the ratio of the number of hours assigned per week to the basis of 40 hours/week. The FTE fraction for a nontenure-track faculty member employed on a credit hour basis is the ratio of the number of credits allocated during the applicable base period to the full-time credit basis applicable for that base period. An FTE fraction of .9 or greater is considered full-time, while an FTE fraction less than .9 is considered part-time. A nontenure-track faculty member employed as temporary and averaging an FTE of .50 per college or more over 2 consecutive academic years may be eligible to be considered for a regular nontenure-track appointment after appropriate advertising. If not converted to regular appointment, the employee's FTE must average less than .50 per college during each of the ensuing 2 consecutive academic years. A temporary faculty member averaging less than .50 FTE per college over 2 consecutive academic years may be eligible for renewals of temporary appointments after appropriate reviews and approvals. The .50 percentage limitation will be waived for the period Spring 2010 through Fall 2012. Temporary appointments require an appointment end date on the hiring form no later than 1 calendar year after the hiring date. All temporary appointments are limited to 1 year at a time. If there is no break in service, both regular and temporary nontenure-track appointments may be renewed without advertising, after appropriate reviews and approvals.
- H. Special Application for Nontenure-Track Temporary Community College Faculty: A nontenure-track faculty member employed as temporary and averaging an FTE of .625 per college or more, over 2 consecutive academic years may be eligible to be considered for a regular nontenure-track appointment after appropriate advertising. (For benefits, *See Salaries/Benefits*) If not converted to regular appointment, the employee's FTE must average less than .625 per college during each of the ensuing 2 consecutive academic years. A temporary faculty member averaging less than .625 per college over 2 consecutive academic years may be eligible for renewals of temporary appointments after appropriate reviews and approvals. The .625 percentage limitation will be waived for the period Spring 2010 through Fall 2012.
- I. Qualifications: Qualifications for appointment of nontenure-track faculty are to be determined in such a manner as to be flexible enough to meet the particular needs of each unit utilizing such faculty, but minimum qualifications shall be a master's degree or equivalent experience in the field or related field for the junior ranks of instructor and assistant professor, and an earned doctorate or equivalent experience in the field or related field for the senior ranks of associate professor and professor.
- J. Appointment and Nonrenewal: Each regular or temporary non-tenure track faculty member will be given a copy of the employing Personnel Action Form. At the time of first hire at the university, each regular or temporary nontenure-track faculty member should read this section, as well as the nontenure-track promotion procedures of the appropriate college. Nonrenewal of a nontenure-track appointment may be without implication of criticism or specification of cause. If an appointment end date appears on the initial Personnel Action Form, which constitutes written

notice of the end date of the appointment. In such a case, the individual concerned should be informed as soon as possible whether the individual will be offered employment for the semester or year following the appointment end date, either as a renewal of a regular appointment or in temporary status. Successive year renewals of regular appointments that specified an appointment end date may be made without advertising the position. If such a regular appointment is not renewed for at least the succeeding semester, then it must be re-advertised, unless the incumbent converts to temporary status and back to regular status without a break in service. The minimum written notice of nonrenewal of a regular appointment that does not include an appointment end date on the Personnel Action Form will be as follows: During the first year of service in regular status (9- or 12-month basis), 3 months' notice will be given before the end of the academic year (9-month employees) or the fiscal year (12-month employees). After the first year of service, 6 months' notice before the end of the academic year (9-month employees) or the fiscal year (12-month employees) will be given. Nontenure-track faculty members employed without an ending date on the Personnel Action Form whose employment is contingent upon the availability of non-I&G funds shall be given at least 30 calendar days' notice of nonrenewal. Providing proper notice of nonrenewal is given, the university does not have any legal obligation to provide funding for any nontenure-track faculty member beyond the current appointment semester or academic year. However, employing units are strongly encouraged to attempt to maintain a stable job environment for this type of appointment. A nontenure-track faculty member may be dismissed for cause at any time that the member's conduct becomes inimical to the students, the faculty, the educational program, or the university. The executive vice president and provost must approve any involuntary termination for cause. A nontenure-track faculty member will have the right to appeal human resources decisions, which directly affect the member, according to university appeals procedures. (See Policies 4.05.40; 4.05.50; and 5.47) Any nontenure-track faculty member who proposes to resign shall give written notice to the immediate supervisor at the earliest time possible. A nontenure-track faculty member employed as temporary and averaging an FTE of .50 per college or more over 2 consecutive academic years may be eligible to be considered for a regular nontenure-track appointment after appropriate advertising. If not converted to regular appointment, the employee's FTE must average less than .50 during each of the ensuing 2 consecutive academic years. A temporary faculty member averaging less than .50 FTE over 2 consecutive academic years may be eligible for renewals of temporary appointments after appropriate reviews and approvals.

- K. Salaries/Benefits: Employing units will offer salaries to prospective college and visiting faculty on the basis of qualifications, availability of funding, and supply vs. demand, subject to the administrative approval procedures in effect for prospective tenure-track faculty. Minimum and maximum rates by clock hour or credit hour for part-time, nontenure-track faculty will be set each year for the main campus and for the community colleges for each nontenure-track faculty rank by the executive vice president and provost. Exceptions to the maximum rates must be approved by the executive vice president and provost. These rates will be made available to all faculty. Nontenure-track faculty who are in regular status are eligible for benefits, including group insurance plans. Nontenure-track faculty who are in temporary status are not eligible for group insurance plans and supplemental annuities. They are eligible for ERA, FICA, worker's compensation, and unemployment compensation. Temporary nontenure-track faculty who were in regular status during the previous semester will be notified in the event their insurance benefits can be extended for a limited time. If these individuals again attain regular status, they may again be eligible for certain insurance benefits.
- L. Evaluation, Promotion, Salary Adjustments: Each regular and temporary nontenure-track faculty member will be evaluated annually during the term of employment if the employment is renewed for more than one academic semester. The evaluation will be based on those duties described under the terms of employment as agreed upon by the individual and supervisor under the general headings of teaching or research or professional service or administrative duties, or some combination thereof. A copy of the written evaluation will be given to the faculty member. Promotion in rank and salary adjustments will be made on the basis of the above-mentioned written evaluations and the availability of funds. Meritorious performance may be rewarded by encouraging nontenure-track faculty to apply for a tenure-track faculty position. College faculty in regular status shall participate in the merit system. Each college will develop separate policies, procedures, and criteria for the promotion of nontenure-track faculty. These are subject to final

approval by the executive vice president and provost. These promotions will be handled in the same time period and with documentation similar to that for tenure-track faculty promotions.

- M. Voting Privileges: The tenured and tenure-track faculty in employing units of the university will decide which types and ranks of nontenure-track faculty may vote on (1) routine departmental matters, and (2) policy matters. Should a question arise whether an issue is routine or policy, the tenured and tenure-track faculty will decide. Nontenure-track faculty will not vote on any faculty personnel matters.
- N. Guidelines: As a guideline, the total FTE of nontenure-track faculty with the job titles of college instructor, college assistant professor, and college associate professor shall not exceed 25 percent of the total FTE for tenured, tenure-track, and nontenure-track faculty on the main campus (community colleges excluded). This guideline will not apply during the period Spring 2010 through Fall 2012. Distinction will be made, if possible, between teaching and non-teaching nontenure-track faculty in any given monitoring period. (*See* section below)
- O. Monitoring: During each fall and spring semester the executive vice president and provost shall provide the following data to the chair of the Faculty Senate: The number of individuals employed by the university holding academic rank by headcount and FTE, by contract type (tenured, tenure-track, nontenure-track), by job title and rank for each academic rank unit on the main campus, for each of the community colleges, and for all other organization units. Where these numbers include individuals whose primary employing unit is different from the academic rank unit, these data will be footnoted appropriately. The chair of the Faculty Senate will present these data to the Committee on Committees for analysis and monitoring with respect to the above guidelines.
- P. Exempt Employees Hired as Part-Time Faculty: Exempt employees who wish to teach a university class for remuneration may do so if the class meets outside regularly scheduled working hours (normally 8 a.m. to 5 p.m., Monday through Friday). Exempt employees who wish to teach a course for remuneration during regular working hours must obtain approval to do so from appropriate supervisors and the executive vice president and provost. Such remuneration is normally inappropriate, and rather, a percentage of the person's regular salary should be paid by the beneficiary unit for the duration of the teaching service. If work is done after hours by an employee who holds a .50 or more FTE appointment, one E-Hire Form that describes the installments will suffice for an entire semester. (*See* guidelines under [Consulting](#) and [Supplemental Employment and Compensation](#).)

5.15.50 Appointments - Postdoctoral [*Amendment (FS Proposition 02-10/11) passed by Faculty Senate 10.07.10; recommended by Administrative Council 10.12.10; approved by Board of Regents 10.29.10*]

- A. Postdoctoral Appointment Defined: A postdoctoral appointment is a classification for those individuals who are exemplary scholars, who have recently been awarded a doctoral degree, and who wish to continue their education and research experience under the direction of a university faculty member.
- B. Recruitment Considerations: The recruitment process for a post doctoral appointment shall include consideration of any individual who expresses an interest in such an appointment. Advertising on a local, national or international basis is optional.
- C. Terms of Appointment: Appointments contemplate full time (1 FTE) employment for at least one year, renewable annually, and not to exceed a total of five (5) years, absent an exceptional circumstance. Exceptions to reduce FTE % or to deviate from the minimum term of one year or the maximum term of five (5) years, will require the written approval from the appropriate dean or equivalent administrator and the vice president of research. The annual term of employment shall be specific in the appointment letter or in other Office of Human Resource Services documentation. The postdoctoral appointee shall receive the benefits and privileges associated with regular employment, including leave accrual.

- D. Annual Renewal Required (Lack of Renewal Confirms End of Term Appointment): Sixty (60) days advance notice of annual renewal shall be given. A failure to give timely notice shall not prevent a renewal, but lack of notice of annual renewal constitutes confirmation of the end date specified on the annual appointment letter or other Office of Human Resource Services documentation.
- E. Termination of Employment Prior to End of Appointment Term: An annual post doctoral appointment may be terminated prior to the end of the termination date specified in the appointment letter or other Office of Human Resource Services documentation for two reasons:
 - 1. For just cause, in accordance with the university's procedures governing involuntary termination of regular faculty; or
 - 2. Loss or reduction in funding affecting the position.
- F. Grievance Rights: If it becomes necessary for an individual holding a post doctoral position to file a grievance, the faculty grievance procedure at 4.05.50 will apply. If the post doctoral appointee's complaint involves unlawful discrimination, then Policy 4.05.40 or other applicable university anti-discrimination policies and procedures will govern.

5.15.60 Appointments - Qualifications

- A. General Qualifications for Appointment (Main Campus): Common elements to be considered in appointment, differing only in degree in all ranks, are as follows:
 - 1. Teaching: This element is difficult to define precisely, but is commonly considered to include the teacher's knowledge of the field; awareness of development in the field; skill in arousing interest and evoking responses in students; skill in stimulating students to think critically, to understand the interrelationship of fields of knowledge and the application of knowledge to human problems; skills in integrating domestic and international knowledge and insights into class content; and skill in raising students' awareness about the domestic and international social, political, economic, and ethical implications of their courses of study.
 - 2. Research: This element is composed, in part, of the person's research or other creative work that indicates professional merit and interest. The results of this activity will find expression normally through accepted channels or media in the respective professional fields or in the person's teaching. Teaching and research are ordinarily closely related; it is difficult to comprehend how a person can teach well without having firsthand understanding of how the knowledge of the field is discovered. The research performance of faculty will be based on domestic and/or international scholarly activity. Annual performance evaluation of any faculty member will recognize that success in research may require long-term efforts. Promotion and tenure and annual performance raises will give equivalent consideration to research effort and success, whether domestic or international.
 - 3. Service: This element includes the person's general contributions to the organization and development of the university, and services to any local, state, national, or international agency or institution needing the specific benefits to be derived from the person's professional knowledge and skills.
- B. Specific Qualifications for Appointment (Main Campus): In the following statements of required time in each rank, IT SHOULD BE EMPHASIZED THAT THE PERIODS STATED ARE TO BE CONSIDERED AS MINIMUM AND NOT AS MAXIMUM, UNDER NORMAL CIRCUMSTANCES. It is recognized that the time served in a rank at another institution should be taken into consideration. It is also recognized that the evidence of competence differs for various fields, to some extent, and standards of judgment cannot be rigidly uniform.
 - 1. JUNIOR RANKS (*See also* Policy 5.15.40, Appointments – Nontenure-Track)

- a. Instructor: This rank should be given to persons with advanced training who have demonstrated scholarly/creative ability. Usually, the individual will not yet have demonstrated ability to do both teaching and research independently. An instructor must have knowledge of the particular course materials and should have some intellectual vision; but need not be expected to have acquired a significant understanding and original point of view or philosophy of the general subject. In addition to such general considerations, as stated above, the specific degree requirements for this rank will normally be the master's degree or the equivalent, and except under unusual circumstances the instructor will be encouraged to be studying toward a terminal degree.
 - b. Assistant Professor: To be considered for this rank, a person must have demonstrated ability in the field. It is strongly believed that a relationship exists between teaching and research, and that a good teacher or researcher must constantly remold the materials of the courses or projects in the light of new knowledge derived from the person's own creative scholarship as well as that of others. An assistant professor may be expected to have a thorough command of the subject matter of some segment of the general field of the discipline, in addition to a comprehension of the whole. In addition to such general considerations as stated above, specific degree requirements for advancement or promotion to the rank of assistant professor and, of course, applicable to the senior ranks as well, NORMALLY will be the doctor's degree. Outstanding experience and recognition in the profession outside the academic field may be considered as the equivalent of the degree requirement.
2. SENIOR RANKS. Appointment or promotion to either senior rank should represent an implicit prediction on the part of the department, college, and the university that the individual so appointed will make sound contributions to teaching and learning during the remainder of the individual's life. Senior rank status should occur only after careful investigation of the candidate's promise in scholarship, teaching, research, leadership, and learning. By this statement it is meant that serious attention must be given to the caliber of the candidate's professional stature, for this will probably be the key factor in determining the extent to which past performance in teaching and creative work may be expected to carry on through continuing and enlarged contributions. Services rendered to communities and agencies or organizations in the person's professional capacity shall be considered in assessing qualifications for advancement to senior ranks.
- a. Associate Professor: This person's views contribute to departmental policy. An associate professor should have competence and mature outlook over a fairly large part of the whole field. To be considered for this rank a person should expect to serve for at least 4 years as an assistant professor under normal circumstances. A candidate for an associate professorship is expected to have demonstrated capacities in the lower ranks and should offer evidence that teaching and research have kept abreast of times in method and subject matter; that a greater degree of maturity has been attained and that there has been a retention of interest in competent teaching and research. Furthermore, the candidate must have shown evidence of productivity and competent scholarship beyond that completed for the degree of the doctorate.
 - b. Professor: Appointment of individuals to professorships is obviously the most critical step in determining the future of the academic caliber of the university. There should, therefore, be clear understanding of the functions and qualifications of individuals in this rank. A professor through teaching, creative activity, and service should have demonstrated substantial command of the whole field, sound scholarship, and a mature view of the discipline. Appointment or promotion to professor should not be considered to be forthcoming merely because of years of service to the university (it should not be expected based on any number of years as an associate professor) or because a continuous contract is achieved. Rather, a person being considered for a professorship is expected to have maintained all of the qualities and conditions required for tenure and the associate professor rank. In addition, a professor should exhibit special stature in the discipline, leadership and substantial strength in all areas-teaching, creative activity, and professional service. In the recommending procedures the department head and the faculty member shall submit information as follows:

i. Special Stature in the Discipline:

- Teaching Performance: Data indicating performance, including innovation, enthusiasm, and contributions to activities designed for the improvement of instruction. Peer and student evaluation may be useful ingredients in determining teaching performance.
- Creative Activity: Lists of publications, exhibits, recitals, etc. Peer evaluation both on and off campus. The direction of graduate students where appropriate to the individual's discipline.
- Professional Service: Information showing involvement in state, regional, national, and international groups within the field and contributions to the university. Objective data showing prestige and recognition among the practitioners of the discipline.

ii. Leadership: Information showing initiative, perseverance, and originality and skills in human relations.

Initial appointments for faculty employed with the rank of professor may also include continuous contract.

C. General Qualifications for Appointment (Community College System): The following qualifications are listed in the order of their relative importance: teaching is more important than professional service; professional service is more important than other service; other service is more important than research.

1. Teaching: This element is commonly considered to include the teacher's knowledge of the field; awareness of and the application of developments in the field; skill in arousing interest and evoking responses in students; skill in stimulating students to think critically, to understand the interrelationship of fields of knowledge and the application of knowledge to human problems; and skill in awakening students to a realization of the social, political, economic, and ethical implications of their study.
2. Professional Service: This element includes, above all, the faculty member's service with respect to the organization, development, and welfare of the community college and the university. This element also includes service to any individual or group needing the specific benefits of the faculty member's professional knowledge and skills.
3. Other Service: This element allows a faculty member to be recognized for service to the general welfare of the community which is interrelated with the welfare of the community college.
4. Research: Research or other creative work is not required at the community colleges. However, those faculty members who produce research and/or creative work should be encouraged, and such work should be considered for appointment, promotion, and tenure considerations.

The academic credentials of all community college instructors will be reviewed by the community college program coordinators (when appropriate), division heads, and the chief instructional officer to meet the guidelines established by the main campus departments. Instructors must also be approved by the campus executive officer and the executive vice president and provost.

D. Specific Qualifications for Appointment (Community College System): In the following statements of required time in each rank, it should be emphasized that the periods stated are to be considered as minimum and not as maximum, under normal circumstances. It is recognized that the time served in a rank at another institution should be taken into consideration. It is also recognized that the evidence for various fields, to some extent, and standards of judgment cannot be rigidly uniform.

1. JUNIOR RANKS

- a. Instructor: This rank should be given to persons with the necessary education and/or experience to teach within the community college concept.
- b. Assistant Professor: To be considered for this rank, a person must have demonstrated the ability to teach effectively in the person's field. It is strongly believed that a good teacher must constantly remold the course or project materials in light of new knowledge derived from the teacher's own creative scholarship, as well as that of others. To be considered for this rank, a person should expect to serve at least 3 years as an instructor under normal circumstances. An assistant professor may be expected to have a thorough command of the subject matter of some segment of the general field of the discipline, in addition to a comprehension of the whole.

2. SENIOR RANKS. Appointment or promotion to either senior rank should represent an implicit prediction on the part of the community college that the individual so appointed will make sound contributions to teaching and learning during the remainder of the individual's life. It should be made only after careful investigation of the candidate's promise in teaching, professional service, other service, and, if applicable, research and/or creative service. By this statement, it is meant that serious attention must be given to the caliber of the candidate's professional stature, for this will probably be the key factor in determining the extent to which past performance in teaching and service may be expected to carry on through continuing and enlarged contributions.

- a. Associate Professor: An associate professor occupies a position adjunct to that of the professor. This person's views contribute to community college policy. An associate professor should have competence and mature outlook over a fairly large part of the professor's whole field. A candidate for an associate professorship is expected to have demonstrated capacities in the lower ranks and should offer evidence that the candidate's teaching has kept abreast of times in method and subject matter, that a greater degree of maturity has been attained, and that there has been a retention of interest in competent teaching and service. To be considered for this rank, a person should expect to serve for at least 4 years as an assistant professor under normal circumstances.
- b. Professor: Appointment or promotion of individuals to professorships is obviously the most critical step in determining the future of the community college system and the university. There should, therefore, be a clear understanding of the functions and qualifications of individuals in this rank. A professor through teaching and service should have demonstrated substantial command of the professor's whole field, sound scholarship, and a mature view of the discipline. Promotion to professor should not be considered to be forthcoming merely because of years of service to the community college and the university (it should not be expected based on any number of years as an associate professor) or because a continuous contract is achieved. Rather, a person being considered for a professorship is expected to have maintained all the qualities and conditions required for tenure and for the rank of associate professor. Additionally, a professor should exhibit special stature in the professor's discipline, in leadership, and in both teaching and service.

5.20 Assignments - General

It is the policy of the university to provide conditions under which high quality instruction, research and service may be expected to occur. The faculty and administration recognize that quality education is based on and will occur as the result of interaction and contact between professionally competent faculty and adequately prepared students. Statements in this manual which are concerned with assignment of faculty load and with the award of academic credit are expressed generally in terms of the amount of contact occurring between faculty and students. In practice, many academic efforts, having little or nothing to do with the amount of contact *per se*, are nevertheless quantified and rewarded in terms of the credit hours. Such cases are covered by prior approvals among students, faculty and administrators. This policy is based on the following:

- A. Teaching: Refers to activities related to courses given in a current term, such as meeting scheduled classes, grading, preparing lectures, evaluating students, reading student papers, academic advising, supervising teaching assistants, and supervising laboratories. Ordinarily, scheduled class meetings will equal at least 750 minutes per semester per credit hour.

Refers to the statewide non-credit teaching activities of members of the Cooperative Extension Service, and other university faculty members, such as conducting seminars, meetings, workshops and consultations with ranchers, farmers, businessmen, homemakers, community leaders and other citizens of the State, and the preparation of educational materials--bulletins, newsletters, news articles, radio and television programs, and self-teaching programs.

- B. Research and Other Creative Endeavors: Refers to activities in the faculty member's area of responsibility related to a specific project, such as performing a professional skill, writing or developing research proposals, statistical consulting, writing articles and/or books and/or reviews, creating a new art form(s), performing departmental and/or sponsored research, giving recitals, maintaining an artistic skill.
- C. Professional and Public Service: Refers to activities related to maintaining expertise in a professional field and activities performed to benefit the community outside the institution, respectively. Specific activities in this category include attending professional meetings and/or seminars, editing a journal, serving as an officer in a professional society, consulting, performing professionally as in plays or orchestras, participating in lectures or seminars for the public, and involving oneself in community activities such as civic clubs, agricultural or urban extension services.
- D. Internal University Activities:
1. General contact with students, such as: counseling; preparing recommendations; participating in social interaction; recruiting students; sponsoring student organizations; meeting with parents; attending student recitals; coaching intramural or intercollegiate athletics; directing the band, orchestra, student plays, debate team, or other student groups.
 2. Committee participation, such as: attending departmental meetings; Faculty Senate; promotion and tenure committees; planning committees; or admission committees.
 3. Administrative duties, such as: performing the duties of a department head, dean, vice president, or any other administrator; keeping records; preparing minutes; writing and answering memoranda; assigning faculty course loads; preparing budgets; gathering data; helping during registration; interviewing candidates for faculty positions; advising on library purchases; escorting visitors.

5.20.10 Assignments – International *(See also [International Travel Policy at Policy 2.69.1](#))*

- A. Internalization Generally: Internationalization is the incorporation of international content, materials, activities, and understanding into teaching, research, and public service functions of universities to enhance their relevance in an interdependent world. The major elements of the strategy being used to internationalize our university are:
1. Defining international goals/objectives.
 2. Determining specific actions/activities relating to goals/objectives.
 3. Identifying individuals/units which have lead responsibilities for implementing activities.
 4. Formulating a strategy for the implementation of activities.
- B. Internationalization Policy: The current emphasis is seeking a balance between the concepts of cooperation and competition. This new emphasis places a major responsibility on the U.S. universities for providing relevant educational experiences for their students so that they are equipped to compete, become gainfully employed, and participate effectively as citizens in the new and emerging world environment. The principal purpose of university's internationalization

strategy is to systematically and incrementally change the institution to better serve current and future needs of the institution's clientele.

- C. Assignment of Faculty to International Programs: The nature and requirements of the international assignment will be carefully reviewed and understood by university administrators and the faculty member before beginning the assignment. Accomplishments during assignment to international projects will be given consideration in evaluating annual performance, merit increases, promotion, and advancement to continuous contract. In future evaluations, consideration may be given to how knowledge and insight gained during an international assignment are integrated into the faculty member's teaching, research, and outreach responsibilities after returning from this assignment. (See also [Policy 5.65, Faculty Exchange](#); and [Policy 2.69, International Travel](#))

5.20.20 Assignments - Teaching Load (See also [Department Heads - Teaching Loads](#)) [Amendment effective 07.01.09 (FS Proposition 05-08/09) passed by Faculty Senate 10.30.08; signed by president 12.02.08; adopted by Administrative Council 11.11.08; ratified by Board of Regents 07.29.09] [Amendment effective 07.01.09 (FS Proposition 19-08/09) passed by Faculty Senate 04.30.09; adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09]

- A. Purpose: Faculty members perform a wide variety of tasks determined by the requirements of their discipline and by the mission of the university. Accordingly their workload will vary from individual to individual and over time for a particular individual. The purpose of the Faculty Workload Policy is to establish a fair and equitable allocation of workload among faculty taking into account the interests of the faculty and the needs of the university. Recognizing the complex role played by faculty in the university setting, the primary responsibility for establishing workloads shall rest with the departments or equivalent administrative unit.
- B. Scope of Application: The rules set out here apply to faculty time financed from instruction and general (I & G) funds. Faculty time not financed by I & G funds is not covered by these rules. Faculty time partially funded from I & G shall be prorated.
- C. Teaching Load, Generally, for NMSU LC Faculty: A faculty member employed on the Las Cruces (Main) Campus budgeted exclusively from I&G funds will normally be responsible for the equivalent of teaching 12 credits per semester. The faculty member may be expected to participate in some scholarly and creative activity, professional and/or public service, or internal service to the university. Significant work of this kind reduces the faculty member's responsibility for formal instruction.
- D. Teaching Load, Generally, for Community College Faculty: The teaching load for community college faculty members will usually be the equivalent of 15 credits a semester or from 27 to 30 credits an academic year. The teaching load shall be prorated for short courses or courses taught over part of a semesters.
- E. Equitable Distribution of Workload:
1. Executive Administration: The executive vice president and provost and president shall seek to allocate faculty resources among departments or equivalent administrative units, taking account of internal and external constraints, so as to distribute workload in a fair and equitable manner. Factors that may be considered in allocating resources include accreditation, workloads at peer institutions, national disciplinary norms, and retention of faculty, the needs of new programs, credit hour production, legislative mandates, and other factors.
 2. Dean or Equivalent: Within each college or equivalent unit, the college dean or equivalent administrator shall seek to allocate faculty resources within their college or equivalent unit in order to achieve a fair and equitable workload. When inequitable workloads arise, it shall be the responsibility of the dean or equivalent administrator to rectify the inequality.

F. Departmental Workload Policy:

1. Departments and equivalent units will specify how they determine teaching loads. Departmental or equivalent unit workload policy will be 1) developed by the department faculty in collaboration with the department head and approved by the dean or equivalent administrator, 2) contained in written departmental guidelines, and 3) distributed to all faculty in the department. Department guidelines shall clearly specify the method by which teaching load is distributed. The dean or equivalent may ask for revisions to the departmental workload policy.
2. In determining teaching load, the departmental or equivalent unit workload policy shall consider the impact of: courses with a lab component; career path of the instructor; tenure and promotion; workloads at peer institutions; national disciplinary norms; faculty retention; relative proportion of graduate and undergraduate instruction; supervision of master's theses or doctoral dissertations; student advising and retention activity; mentoring activity, individual faculty member's scholarly and creative productivity; service productivity; new preparations; method of course delivery; class size; help from graduate assistants; administrative and/or service assignments; team teaching; and methods of grading. Given the importance of graduate programs to the mission of the university, special consideration must be given to support of graduate programs. Other factors specific to particular departments or disciplines may also be considered.

G. Annual Determination of Individual Faculty Teaching Load/Right to Appeal: The teaching load for each faculty member will be determined annually by the department head or equivalent administrator through a process that follows established departmental or equivalent unit policy and involves an element of negotiation. The agreed upon teaching load for each faculty member will be articulated in writing and signed by the faculty member and the department head or equivalent administrator, and shall be included in the faculty member's personnel folder. If agreement on these responsibilities cannot be reached, the faculty member may appeal the case in accordance with university procedures. (See [Policy 4.05.50, Faculty Grievance Review and Resolution](#)) In an appeal situation, if a change in academic responsibilities will affect the faculty member for more than one semester, the appeals procedure must have been completed before the reassignment can be made or continued.

H. Considerations for Variance: The percentage breakdown of time allocated to each academic activity may vary among faculty members.

1. The allocation will be based on the average time required for the satisfactory performance of the activity.
2. Courses such as thesis, dissertation, research, special problems and independent study are not automatically considered to be the equivalent with teaching typical graduate or undergraduate courses. When such activities are included in the teaching load, the department head or equivalent administrator and the affected faculty member shall collaboratively determine course equivalency consistent with the department teaching load policy.
3. In collaboration with faculty in their department or equivalent unit, and subject to approval by the college dean or equivalent administrator, department head or equivalent administrator may make adjustments to faculty teaching loads if those adjustments increase load equity and are at least revenue neutral. Adjustments to teaching loads within programs should result in or maintain load equity, should respect the career paths of faculty, and should not place an extra teaching burden on junior faculty who are preparing for tenure review. When a faculty member is assigned special duties above the normal load, arrangements will be negotiated between the faculty member and concerned administrators to determine the amount of additional compensation, if any, to be received.

4. When considering individuals for tenure, promotion in rank, merit pay increases, research/service awards, and/or endowed chairs/professorships, departmental workload policy and an applicant's teaching load history must be presented to reviewing bodies and individuals. An applicant's teaching load and its potential impact on scholarly and creative activities, and service must be considered in the review process.
- I. Cooperation: The successful application of these guidelines depends upon maintaining goodwill between faculty and administrators.

5.25 **Compensation** (See also [Policy 5.94.20-Intellectual Property and Patents](#); [Policy 5.92-Reassignment of Administrators/Department Heads](#))

A. Policy:

1. Salary increases are determined after the legislature has appropriated funds for the operation of the university.
2. It shall be the policy of the university that all promotions shall include a fixed percentage salary increase, irrespective of other salary increases, currently six percent of the mean salaries of ranks currently held. (For example, an assistant professor being promoted to associate professor would receive an increase equal to six percent of the current mean salary of all assistant professors).
3. After promotion dollars are determined, the remaining funds shall be distributed proportionally to each college and community college (unless the community college allocation is separate from the main campus allocation) based on their current salary pool.
4. Allocation of funds for salary increases will consider performance (based on the annual performance review) and base salary adjustments.

B. Procedures:

1. The department head makes a salary recommendation to the college dean.
2. When final salary determination has been made and approved by the department head, deans and executive vice president and provost, the appropriate administrator will inform the faculty member in writing about the member's next year's salary, including a breakdown of base adjustment, performance and/or promotion increments.
3. Faculty hired after January 15 will not receive a salary adjustment. Anyone hired prior to that date and after October 1 would be eligible for a base adjustment during the years a base adjustment is given.
4. Faculty salary and salary increase information shall be made available to the tenured and tenure-track faculty in the form of tables reflecting increases by rank for the university and each college.
5. Salary letters are issued by the Office of the President.
6. The percentage increase in salaries to each college and department is public information which is available upon request.
7. Each year the executive vice president and provost shall report to the faculty on how raise dollars were distributed. The report will include the executive vice president and provost's recommendation for each college's base and merit salary adjustment proportions. Furthermore, the report will include the actual base and merit proportions made by each college dean.

5.25.10 Compensation - Continuing Education Courses

It is the policy of the university that providing life-long learning through continuing education is an important part of *its* mission. In order to encourage faculty to participate in these activities, the faculty may earn extra compensation for teaching in continuing education programs in lieu of consulting. The extra compensation will normally be paid at a rate of 0.00278 X 9-month salary per hour of instruction. This rate is based on the assumption that 12 credits per semester, for two semesters, for 15 weeks is the normal load for an academic year. $[0.00278 \cdot 1/(12 \times 2 \times 15)]$ - maximum rate. For purposes of E-Hire Forms, these hours must be kept separate from for-credit hours.

5.25.30 Compensation - Distance Education/College of Extended Learning

- A. Distance Education Definition: Distance Education at New Mexico State University is defined as the formal education process of delivering instruction so that students physically remote from the campus of program origin and/or instructor may participate. Course or program delivery may include face-to-face interaction and/or synchronous or asynchronous written, electronic or other media forms. NMSU's four-year campus distance education courses must be approved through the college and the Office of Distance Education/College of Extended Learning. NMSU's two-year campuses will develop their own approval process.
- B. Faculty/Staff Compensation: With faculty input, each college and two-year campus will provide written guidelines regarding its practices for compensation faculty who provide distance education courses. An informational copy is to be forwarded to the vice provost for distance education and dean of the college of extended learning by August 1st of each year and made available to faculty in the college or two-year campus. These college and two-year campus guidelines may reflect varied factors that include, but are not limited to, market demand for distance education courses, current compensation of individual faculty and the distance education modalities used in the courses. Faculty may be compensated for teaching distance education in one of two ways, Differential Compensation and/or Supplemental Compensation.
1. Differential Compensation:
 - a. Differential compensation involves compensation for preparation of new distance education courses/programs and is determined by each college.
 - b. This compensation may also be made available to faculty to maintain existing courses or programs.
 - c. Faculty members may also receive differential compensation for teaching a distance education course. Differential compensation for teaching distance education courses may be provided as reassigned teaching time, release from other responsibilities, additional salary, graduate assistance support, full or part-time support personnel, stipends for contractors/vendors, etc.
 - d. The form of compensation is at the discretion of the college administrator after consultation with the faculty member.
 - e. Differential compensation may also be provided for faculty members who travel to an off-campus site to teach distance education courses in addition to approved university travel compensation.
 - f. University travel compensation as an addition to differential compensation is to be based on the distance traveled to teach the course and the number of trips made in any given semester for the expressed purpose of teaching the course or advising students in a course or program.
 2. Supplemental Compensation: Faculty members who teach a distance education course as an overload may receive supplemental compensation as presented in Section 4.70 or negotiated with the appropriate college dean.
 - a. Any contract course is expected to be self-supporting including fringe benefits. Faculty compensation for contract courses must follow appropriate university policy.
 - b. Instructors who travel to remote sites shall be compensated for their travel at the mileage and per diem rates determined through university travel policy.

- C. Small Class Sections: Distance education courses with an enrollment of fewer than ten undergraduate or five graduate students will be subject to small course monitoring.

5.25.40 Compensation – Summer *[Amendment (FS Proposition 20-09/10) passed 04.29.10; recommended by Administrative Council 05.11.10; approved by Board of Regents 07.20.10]*

- A. Teaching: For faculty at campuses whose faculty members have a normal teaching load of 24 credits during the regular year, summer teaching is paid at the rate 11.11% of annual salary for a 3 credit class or 3.70% of annual salary per credit hour. For faculty at campuses whose faculty members have a normal teaching load of 30 units during the regular year, summer teaching is paid at the rate of 8.31% of annual salary for a 3 credit class or 2.77% of annual salary per credit hour.
- B. Sponsored Research: Sponsored research is paid at a rate consistent with federal regulations including, but not limited to, those contained in OMB Circular A21 as administered by the Office of Naval Research.
- C. Combined Teaching-Sponsored Research: For those both teaching and engaged in sponsored research, summer pay is pro-rated between the two activities. The regular summer employment period is computed from the last workday after grades are due at the end of the spring semester until the first workday before Faculty are required to report in the fall semester. The pro-rating calculation shall be done consistent with OMB Circular A21.
- D. Negotiated Summer Salary: For persons who have no regular academic-year salary on which to base summer compensation, salary may be negotiated within the approved ranges for temporary faculty.
- E. Supplemental Compensation: The policies regarding supplemental compensation during the summer period are the same as those that apply to the academic-year period, as described in Section 4.70 of the policy manual.
- F. 12-month Faculty: The policies pertaining to compensation for 12-month Faculty during the summer period, including department heads, are the same as those that apply to the academic year.
- G. Graduate Assistants: In summer sessions, graduate assistants receive the same pay per week as they do during the regular semester.

5.25.50 Compensation - Employee Recognition Program *(See Policy 8.15.10-Employee Recognition Program)*

5.30 Consulting *(See also Policy 8.25, Consulting-Exempt Staff; Policy 4.70, Supplemental Employment/Compensation; Policy 3.20, Conflicts of Interest and Conflicts of Commitment)*

- A. Definitions: The following definitions, policies, and procedures will be applied to all full-time faculty members:
1. University: New Mexico State University.
 2. Consulting: Services for compensation, not disbursed by the university, in an employee's area of specialization.
 3. Consulting time: That time afforded a faculty member during the faculty member's normal working hours.
 4. Full-Time and Part-Time: A faculty member employed for an FTE fraction of 0.9 or greater is considered full-time, while an FTE fraction of less than 0.9 is considered part-time.

B. Consulting Policies:

1. Consulting by full-time faculty should be considered secondary to the performance of the faculty member's assigned duties.
2. Written notification is required for consulting. Written permission is required for consulting time.
3. Consulting time shall not average more than 1 day per week during the months of full-time employment excluding those days when university offices are officially closed.
4. Consulting is to be conducted in an ethical manner that should not create a conflict-of-interest situation.
5. University facilities, equipment, personnel or supplies which are not freely available to the general public will not be used in consulting without proper arrangements for reimbursement.
6. Additional assignments performed during normal university working hours, and for which an employee receives supplemental compensation, will be counted against that faculty member's allowed consulting time and must be approved by all cognizant administrators.

C. Procedures/Right to Appeal:

1. The faculty member shall submit a written notification of consulting to the faculty member's immediate supervisor (usually the department head) prior to initiation of consulting. At times, consulting opportunities arise when it is not possible to immediately submit a written notification (such as weekends or holidays). In those cases, the faculty member is expected to make every possible effort to submit the notification on the next regular business day for the university.
2. The immediate supervisor is responsible for notifying the appropriate dean or director of those faculty members who have submitted notification of consulting.
3. The faculty member shall obtain prior written permission for consulting time from the faculty member's immediate supervisor and appropriate dean or director. The request for consulting time must be acted upon within 5 working days.
4. Prior written approval and financial arrangements for reimbursement must be obtained from the immediate supervisor before university facilities, equipment, personnel or supplies may be used in consulting by the faculty member. These arrangements will be reviewed by the appropriate dean or director and may be disapproved, with cause.
5. Causes for denial of consulting privileges include, but are not limited to: a clear conflict-of-interest situation, unprofessional conduct by the faculty member negatively reflecting on the university, significant interference with assigned university duties, consulting time exceeding an average of 1 day per week, or misuse of university facilities, equipment, personnel or supplies.
6. The faculty member may appeal decisions to the Faculty Grievance Review Board.
7. Additional policies not in conflict with the above may be developed and implemented by the college faculties and administrations.

5.35 Deans (See Policy 1.05.60- Academic Deans Council)

5.45 **Department Heads** (*See also* [Policy 5.06.30-Administrative Review of Department Heads](#); [Policy 5.25-Compensation](#); [Policy 5.92-Reassignment of Administrators/Department Heads](#))

A department head serves at the discretion of the dean/director, with the concurrence of the executive vice president and provost. All academic departments are administered by department heads under the cognizance of the college dean, graduate dean, if appropriate, and the executive vice president and provost.

- A. **Department Head Increment:** It is the policy of the university to provide additional stipends for those administering the academic departments, based upon the number of full-time faculty, part-time faculty, and graduate assistants supported from instruction and general funds. It is understood that this increment is included in the original offer to department heads just joining the faculty and is relinquished if the individual gives up the department head responsibilities.
- B. **Faculty Rank:** Department heads are academic administrators, with faculty rank, but eligible for consideration under all policies applying to the faculty. For example, some department heads have been promoted to a higher rank and some have been tenured, but obviously the promotion and tenure considerations were in keeping with their positions as members of the faculty.
- C. **Length of Appointment:** For department heads who are 12-month employees, the year is from July 1 to June 30. Department heads that have negotiated a 9-month appointment come under the policies of the regular faculty with respect to all pay and fringe benefits and normally are excluded from summer teaching. Department heads observe the administrative calendar.
- D. **Salary Determination:** When an internal candidate is selected, department head salary normally is determined by multiplying the 9-month faculty salary by 12/9 and adding the department head increment.
- E. **Summer Session:** (*See* [Compensation - Summer](#))

5.45.10 **Department Heads - Leaves**

- A. **Annual Leave:** Department heads are treated the same as all other 12-month employees, except for those provisions pertaining to teaching responsibilities. For example, regular full-time employees, including department heads, are granted 22 working days annual leave a year beginning with the date of employment. Unused annual leave may be accumulated but shall not exceed more than 30 working days. However, all department heads are urged to take annual leave each year because it is felt that administrators need this time off to ensure their continued effectiveness. A change in assignment of a 12-month person to less than annual regular employment within the university will result in payment of any unused leave up to 30 days. Also, a department head that terminates or retires from the university will be paid for unused leave up to 30 working days. Accurate annual leave records for department heads must be maintained in the deans' offices.
- B. **Sick Leave:** Under the 12-month plan for department heads, the sick leave policy is observed. Regular full-time employees are granted 12 working days of sick leave a year which may be accumulated up to 800 hours per year. A department head returning to a 9-month faculty contract is not eligible for unused sick leave, but comes under the sick leave policies for the faculty. Accurate sick leave records must be maintained in the deans' offices.
- C. **Annual/Sick Leave for Acting Department Heads:** Nine-month faculty who serve temporarily in exempt positions such as acting department head should be changed by Personnel Action Form from faculty to exempt staff for the period. Consequently, they will earn sick leave and annual leave at the regular 12-month rate, or at 9/12, 10/12, or 11/12 adjusted rates as applicable during the time of administrative service. If the faculty member returns to 9-month faculty status afterward, another Personnel Action Form should change the status again from exempt staff to faculty.

- D. Sabbatical Leave: Sabbatical leave for department heads is determined by a formula prorating the time they have been on 9- and 12-month contracts during the previous 6 years counted towards the sabbatical leave.
- E. Summer Sabbatical Leave: A department head gains eligibility for sabbatical leave as indicated in the sabbatical leave section(s) of this manual, and may elect to take such leave in segments. Each leave segment should be of sufficient length to permit a significant planned accomplishment. When segments are used, the accrual for the next sabbatical leave begins with the end of the year in which the first segment was taken. The entire sabbatical leave will be charged to the departmental salary budget.

5.45.20 Department Heads - Responsibilities

The following responsibilities of the department head are to be accomplished, insofar as possible, within budget and policy restraints.

- A. Academic Leadership: The department head is expected to be the academic leader of the departmental faculty. The department head is responsible for ensuring that highly qualified faculty are employed. Also, the department head ensures that official transcripts, including highest degree earned are obtained for every new faculty member's official personnel file (routed through the Office of the Executive Vice President and Provost). Insofar as possible, the kind of atmosphere in which the faculty can do their best work in teaching, research, and service should be maintained.
- B. Faculty Development: Leadership of the faculty implies working closely with the faculty on the development and sustenance of departmental courses and the stimulation and encouragement of faculty development. A performance evaluation of each faculty member will be carried out at least once a year and should be made in the positive vein of professional development. Evaluation of the progress of tenure-track faculty should be made in consultation with senior department faculty and in accordance with the highest national standards of faculty performance.
- C. Professional Contacts: The department head is responsible for encouraging the national and international professional contacts of the faculty within the constraints of the departmental budget. This implies appropriate travel and bringing well-known professionals to the campus.
- D. Teaching Support: The department head has no more important task than ensuring teaching excellence. Encouragement and support of good teaching must be given to faculty, especially new faculty. Copies of current syllabi will be maintained in the department head's office. The department head is responsible for ensuring an effective departmental evaluation of teaching, and for advisement of student departmental majors.
- E. Effective Management: The department head must ensure the effective administration of the department, including keeping the faculty fully informed of department, college, and university matters. Routine and special reports, including grade reports and other matters, must be handled accurately and on time. Effective supervision and development of the department budget is important. The department head will keep the faculty informed on budgetary matters. All research and program contracts should be carefully supervised, both for fiscal integrity and academic appropriateness.
- F. Departmental Advocate/College and University Steward: The department head is expected to be an advocate of the department, yet at the same time appreciate the concerns and priorities of the college and university. The most important department activities in the development of faculty, programs, research, and service are done in close partnership with the office of the dean of the college.
- G. Liaison to Dean: The department head is responsible to the dean of the college for all the activities of the department. The dean should be kept apprised of all department activities and problems.

- H. **Policy Compliance:** The department head is responsible for ensuring that department, college, and university regulations are enforced.
- I. **Role in Recruitment:** The department head will inform the search committee chair if an underutilization memorandum is received from the Office of the executive vice president and provost for purposes of meeting affirmative action goals. The *Search Committee Handbook* will be provided by the department head for tenure-track faculty positions.
- J. **Supervision of Graduate Assistants:** Graduate assistants are recommended for appointment by the department head. The appointment requires approval of the college and graduate dean. Three letters of recommendation are required for the approval. Specific orientation and training of graduate assistants are the responsibilities of the department head. Graduate assistants work under the close supervision of faculty. The policy on academic freedom does not apply to the service expected of graduate assistants. The assignment of teaching duties to graduate assistants is the responsibility of the department head. Such assignment requires that the department head ascertain that the graduate assistant is fully qualified and that the work performed by the graduate assistant be closely supervised by a member of the faculty responsible for monitoring the assigned tasks associated with the graduate assistant's teaching responsibility. Only those graduate assistants proficient in English may be assigned to teaching or teaching-related activities.

- A. **Purpose:** To establish policy and procedures by which allegations of serious faculty misconduct, or inability to perform essential functions of the job, may be addressed equitably, expeditiously and without violating the principles of academic freedom or due process.
- B. **Scope:** This policy applies when serious misconduct, or inability to perform essential functions of the job, is reasonably suspected of any tenured, tenure track, or regular, non-tenure track faculty within the NMSU System.
1. This policy does not apply to situations involving unsatisfactory job performance covered by other policies regarding the quality of teaching/advising, research/scholarship or outreach/extension or service. (See e.g. [5.87, Post-Tenure Review](#); [5.90 et seq, Promotion and Tenure](#); [5.98, Tenure Track and Tenure](#) policies)

2. This policy does not apply to situations involving the voluntary or involuntary retreat to a faculty position from an appointment as academic administrator, because such appointments are within the discretion of an executive administrator.
3. This policy does not apply to situations involving non-renewal of the annual faculty contract.

C. Definitions and Roles:

1. “Day”: When a time limit refers to “day”, it refers to business rather than calendar days (Monday through Friday), and excludes official university holidays.
2. “Dean”: When the policy refers to dean, it will include the equivalent ranks to dean, for academic units other than a college or library. It also will mean the designee serving in lieu of the dean, who may be designated by the Faculty Senate chair and assistant vice president for human resources, in consultation with the Office of the General Counsel, due to a conflict of interest on the part of the dean or dean equivalent. The dean serves as the informal pre-determination hearing officer. (*See* subsection L., below).
3. “Investigative Administrator”: When the policy refers to investigative administrator, it will mean the immediate supervisor, typically but not always, an academic department head. It will also mean any designee appointed by the dean to serve in lieu of the immediate supervisor, in the event of a conflict of interest. (i.e. if the investigative administrator is implicated in the alleged misconduct.) The investigative administrator performs or coordinates the confidential investigation of the allegations against the faculty member, including issuance of the investigative report. (*See* subsections F. and G. below). The investigative administrator also consults with the Office of Human Resource Services and/or Office of General Counsel regarding the appropriate level of corrective action warranted, if any; prepares the notice of proposed corrective action; and presents the matter to the pre-determination officer (the dean). (*See* subsections H- K below.)
4. “Clear and Convincing Evidence”: Evidence indicating that the thing to be proved is highly probable or reasonably certain. As noted in subsection J. below, the burden of proof is on the university in the hearing processes outlined in this policy.

D. Policy Overview: This section lists generally the steps which shall guide faculty and administration in the rare instance that serious misconduct, or inability to perform essential job functions, is reasonably suspected of a faculty member. More detail regarding each process is provided throughout this policy.

1. Administrative Leave. [no time frame indicated and will vary]
2. Internal Investigation. [no time frame indicated and will vary based on complexity]
3. Assessment of Appropriate Corrective Action. [no time frame indicated and will vary]
4. Assembly of Evidence and Notice of Intended Corrective Action. [no time frame indicated]
5. Pre-Determination Hearing (Decision by Dean). [20 days or less from receipt of request for hearing, unless extension]
6. Post-Determination Appeal Hearing (Decision by Executive Vice President and Provost). [45 days or less from receipt of Notice of Appeal, unless time extension]
7. Final Review (Decision by University President). [20 days or less from receipt of Request for Final Review, unless time extension]

A flow chart indicating the steps in the investigative, corrective action and appeal processes involved in the case of serious misconduct or inability to perform essential job functions alleged against a faculty member may be viewed at: [Faculty Discipline and Appeals Process Flow Chart](#).

- E. Alternative Dispute Resolution: At any stage in the processes described herein, if mutually agreed to between the parties, the disputed matter may be stayed as the parties attempt to resolve the dispute through an alternate method of dispute resolution, including but not limited to the following methods: mediation, settlement facilitation, or other negotiated resolution outside of the formal hearing processes provided for herein.
- F. Administrative Leave: When a faculty member is reasonably suspected or otherwise accused of serious misconduct constituting just cause under this policy, the faculty member may be placed on paid administrative leave pending a confidential investigation, in accordance with the following protocol:
1. These decisions will be made on a case by case basis by the department head or equivalent supervisor, in conjunction with the Office of Human Resource Services, and based upon the facts alleged in each matter, including the potential risk of harm to students, others or the institution.
 2. Approval from the assistant vice president of human resource services or designee is required to place any faculty member on paid administrative leave or to relocate, or to reassign job duties, pending the investigation. The dean will be notified about the pendency of the internal investigation, but not about the factual details.
 3. In lieu of paid administrative leave, a faculty member may be temporarily relocated to an alternate work environment or be assigned to perform alternate job duties, provided such temporary job modification will not in any way impede the investigation.
 4. A faculty member placed on paid administrative leave shall remain available for communications from NMSU, and otherwise be ready to report to work upon request. If the faculty member has a need to be absent during a period of administrative leave, the faculty member shall obtain the appropriate approval.
- G. Confidential Investigation: The allegations, and any defense raised by the faculty member in response to the allegations, shall be investigated fully and fairly, within a reasonable amount of time, and as confidentially as possible; based upon the circumstances involved in each matter.
1. The investigative administrator shall consult with the assistant vice president of human resources or designee and/or the university general counsel for guidance and support relating to the performance of the internal investigation.
 2. The faculty member accused shall be provided notice of the charges at the appropriate time during the investigation, which may be when the investigation begins, or may be later, depending upon the nature of the allegations. The faculty member shall be given an opportunity to respond to the charges during the investigation process.
 3. The investigation shall be documented with factual findings and supporting evidence. The evidence may consist of witness statements or summaries, documents, audio or video recordings or photographs, or other exhibits. The investigative report, including supporting documentation or other evidence, shall be delivered to the assistant vice president of human resource services. The investigative administrator shall retain the investigative work papers, investigative report and supporting documentation or other evidence in a confidential and secure location.
 4. The investigative administrator shall confer with the assistant vice president for human resource services and/or the office of university general counsel to decide whether or not the findings warrant corrective administrative action.
 5. As soon as practicable, the charged faculty member shall be informed generally regarding the results of the investigation.
 6. If the faculty member is exonerated by the investigation, then no documentation referencing

the investigation shall remain in the official personnel file, unless requested by the faculty member.

7. If corrective action is going to be pursued, the faculty member will be provided a copy of the investigative report and access to the supporting documents at the time that the corrective action is formally proposed.
 8. In order to protect the positions and reputations of those persons who, in good faith, report reasonably suspected misconduct, the university prohibits retaliation in any form to be taken against the reporter or any person who cooperates in the investigative process. A complaint of suspected retaliation will also be cause for the initiation of a separate internal investigation to be conducted in coordination with the Office of Human Resource Services, and if substantiated, will be grounds for disciplinary action, up to and including termination of employment.
 9. If the investigative report reflects that the alleged misconduct was not substantiated, the university will make efforts to restore the reputation of the faculty member, to the extent feasible and desired by the faculty member. Additionally, and depending upon the circumstances, the university may initiate a separate internal investigation in the event the investigative report indicates that the initial report of suspected misconduct or any testimony given as part of the internal investigation may have been intentionally falsified. If deliberate falsification of such a complaint or testimony is substantiated, it will be grounds for disciplinary action against the false reporter, up to and including termination of employment.
- H. Just Cause Required: Just Cause is required before suspension without pay, reduction in salary, or involuntary dismissal may be imposed. Just cause includes dishonest behavior, gross or habitual neglect of professional responsibilities, willful violation of NMSU policy, use of any improper influence to secure a promotion or privileges for individual advantage or any other serious misconduct causing or creating the potential for harm to person, property or the institution.

Just Cause may also be unrelated to any misconduct on the part of faculty, and could include a loss of licensure and/or clinical admitting privileges required for the performance of one's academic duties; or the medical inability to perform essential functions of the job.

- I. Administrative or Corrective Action: Corrective or other administrative action may be taken for serious misconduct or inability to perform the essential functions of one's job, if substantiated by clear and convincing evidence through the investigative fact finding process.
1. The types of administrative action anticipated by this policy include one or more of the following: written warning, mandatory attendance at training, suspension without pay, reduction in salary, and involuntary dismissal.
 2. The range of corrective action which may be imposed for misconduct is not intended to require progressive discipline; rather, it is intended to allow the severity of the corrective action to match the seriousness of the policy violation or misconduct. The corrective action, if any, to be imposed will vary depending upon the severity of the misconduct substantiated by the investigative findings.
 3. The investigative administrator and the assistant vice president of human resource services shall coordinate regarding the appropriate level of corrective action or other administrative action, and if it does not warrant suspension without pay, reduction in pay, or involuntary dismissal, shall decide whether other corrective or administrative action is appropriate.
 4. If suspension without pay, reduction in salary or involuntary dismissal is supported by the investigative report and recommended by the investigative administrator, the due process hearing requirements outlined in the remainder of this policy shall apply.
- J. General Description of Due Process: A recommendation to dismiss from employment or to reduce salary attributable to regular faculty employment are serious corrective actions implicating one's

property rights, which is why just cause and due process are required before such action may be taken. Due process requires fair and timely hearing processes, before an impartial hearing official or body. The faculty member charged with misconduct and facing serious disciplinary action is entitled to a pre-determination hearing, at which the relevant facts are presented by the parties, and determined by a hearing officer to be accurate prior to proceeding with the proposed corrective action. This ensures that the faculty member has had an adequate opportunity to present a defense to the claims and the evidence; it also ensures that the decision makers have an accurate understanding of the facts underlying the recommendation. The faculty member also has the right to a post-determination appeal to the executive vice president and provost, as well as the right to request a final review by the university president. At the pre-determination hearing and any subsequent appeal, the burden of proving just cause (by clear and convincing evidence) is on NMSU.

K. Time Deadlines and Extensions: The pre-determination, appeal and final review processes will be conducted as expeditiously as possible.

1. At the request from a party, a one-time extension of the time deadline may be granted, after notice to the other party and consideration of that party's position relative to the request.
2. If the request for the time extension is from a hearing Faculty Appeals Board member, the chair of Faculty Senate may grant a reasonable extension, with notice to all parties.
3. A second or subsequent request for time extension from any party or from a Faculty Appeals Board member will only be granted in exceptional cases, after consideration of the basis for the request and the respective positions of the parties. The Faculty Appeals Board or Faculty Senate chair may deny a request for extension, in the best interest of the institution, even if no party opposes it.

L. Pre-Determination Process: **[25 days or less from date of issuance of notice letter or memo, unless time extension granted]**

1. **Notice of Proposed Administrative Action.** The investigative administrator or other uninvolved supervisor shall issue a letter or memo to the faculty member notifying the grounds for the recommended corrective action, and attach a copy of the investigative report. If for some reason, there is not a document entitled, "investigative report", the charges against the faculty member and the evidence substantiating the charges shall be provided. Guidelines for investigative reports are available in the Office of Human Resource Service or the Office of the General Counsel. The notice letter or memo shall explain the faculty member's right to attend an informal pre-determination hearing, and be delivered by hand-delivery or by certified U.S. mail, return receipt requested.
2. **Right to Attend Pre-Determination Hearing.  - If the challenged Faculty Appeals Board member disagrees that there is a conflict sufficient to affect impartiality, the matter will be decided by the Faculty Senate chair.
 - i. Each party may provide their position on the issue, and to comment on the position of the other party.
 - ii. If a Faculty Appeals Board member is excused based on a finding of conflict of interest, an alternate member will be selected by the Faculty Senate chair, in accordance with M. 3 a. above.

Emeritus Status *[Amendment (FS Proposition 15-09/10) passed 04.29.10; recommended by Administrative Council 05.11.10; approved by Board of Regents 07.20.10]*

- A. Emeritus Status: The university provides for the emeritus faculty member the privileges and services available to all other faculty members. In furthering this objective, the following policies pertain: Emeritus status for faculty is based upon two conditions:

1. That the faculty member is eligible for retirement under the New Mexico Educational Retirement Act or the Federal Civil Service; and
 2. That the faculty member is tenured by the university; or is a college faculty who has been promoted (as per College Faculty promotion policies) to the rank of college professor.
- B. **Emeritus Benefits:** Individual emeritus faculty shall be listed for life as emeriti in the catalog. Emeritus faculty will receive general university publications (*e.g., Page One*) upon request. They may be issued identification cards; be listed in the university phone directory; have on-campus office or work facilities (if available, requested, and approved); and may be requested as an emeritus consultant. (*See also Policy 7.26, Retirement, Educational*)

5.60 Endowed Chairs and Professorships

Appointment of individuals to the following endowed chairs/professorships requires the approval of the cognizant dean and also the executive vice president and provost:

- The Gerald W. Thomas Chair in Food Production and Natural Resources
- Jose Fernandez Chair in Field Crop Production
- Telemetry and Telecommunication Chair
- The Tombaugh Professorship in Astronomy

5.65 Faculty Exchange

- A. **Eligibility:** All full-time faculty and staff are eligible to participate in exchanges, with the approval of the cognizant department head, dean, director, vice president, and executive vice president and provost. The number of exchanges in any period will be limited only by the resources available to support exchange, and to the extent which exchanges can positively affect the teaching, research and service programs of the college. Faculty will be encouraged to consider international exchanges and sabbaticals.
- B. **Length:** Exchanges may be for any length of time subject to the approval of the cognizant administrators.
- C. **Compensation:** The university will continue to pay the exchange participant's salary and fringe benefits during participation in an approved exchange program. The participant, in effect, remains under contract with the university. A faculty or staff member preparing for exchange, or on exchange, will be considered the same as a continuing faculty or staff member for the purposes of annual salary incremental decisions. Individuals and departments may propose other approaches to compensation, depending upon the particular exchange circumstance.
- D. **Promotion, Leave, and Other Considerations:** Exchange participants will not lose rights or progress toward promotion, tenure, and sabbatical leave considerations by virtue of their participation in an exchange program. In other personnel considerations, exchange participants will be treated, to the extent possible, as if they were in residence at the university.
- E. **Rights and Responsibilities:** Exchange participants will not lose any rights or responsibilities as members of the faculty and staff or as employees of the university by virtue of participation in the exchange program.
- F. **Legal and Contractual Obligations:** A Leave Request Form is required. Exchange assignments will be detailed in a Home Memorandum of Agreement following placement. Any special legal or contractual obligations of the individual or the institution will be specified on this form. A similar form will be signed between the exchange participant and the host institution. For incoming exchange participants, the college will specify on a Host Memorandum of Agreement any contractual obligations, exchange responsibilities, and any special considerations related to the incoming faculty or staff member. No housing or relocation expenses will be paid to either

outgoing or incoming exchange faculty or staff unless agreed to in the Memorandum of Agreement.

5.84 Office Hours (See also Policies [3.70](#); [7.10](#) and [8.75](#))

- A. Work Hours: Faculty members will be present and available to students during the entire official dates of every academic semester. For the Fall semester, they will be available from the date of opening programs for faculty/staff through the date final grades are due; for the Spring semester, they will be available from the January return date listed as a note on the academic calendar through the date final grades are due.
- B. Faculty Absence from Class: A faculty member is responsible for informing the department head prior to being absent from campus for the purpose of out-of-city or out-of-state travel. In case of illness, the general practice is for another member of the department to substitute until the faculty member returns. However, the faculty member is responsible for informing the department head of absence from classes for any reason.
- C. Adherence to Class Schedule: Each faculty member is expected to meet classes as scheduled or to notify the department head in advance if it is necessary to miss classes. Faculty members will meet each class at the place listed in the schedule unless they have approval from the department head to meet elsewhere. (This especially pertains to changing a class to any off-campus location.)
- D. Office Hours for Students: Each faculty member is responsible to have office hours clearly posted and to be present during those times.
- E. Classes to Meet During Exam Week: Also, every class will meet during exam week, whether or not a final examination is given at that meeting.
- F. Class Cancellation: Classes are not to be cancelled without prior approval of the appropriate department head, dean, or campus executive officer.

5.86 Performance Evaluation (See [Department Head - Review](#) and [Deans et al - Review](#) above, as well as [Appointments - Nontenure-Track](#))

- D. Policy Statement: The performance of each faculty member will be reviewed at least once a year by the department head, comparable administrator, or a committee. This review will include a written report submitted by the faculty member. The form(s) of this report shall be determined by individual colleges (community colleges) in consultation with their departments. The department head or comparable administrator shall report the results of this review to the individual being reviewed. These results shall serve to establish the goals for the following year. A written copy of the evaluation shall be given to the faculty member.
- E. Procedures for the Faculty Performance Evaluation System:
 - 1. Each college uses its own performance evaluation form. Early in each fall semester the department head or comparable administrator supplies each faculty member with a form. At this time the department head confers with new faculty members concerning the recording of objectives and goals and the general use of the form. In the case of continuing faculty members, the department head or faculty may request a conference for the purpose of revising or updating objectives previously agreed upon. Department heads will share the above agreements in writing with the faculty member.
 - 2. Department heads are expected to meet with all new and returning faculty members regarding progress toward promotion and tenure and to certify in writing to the appropriate dean that these meetings have occurred. Specific evaluative comments in each of the three areas of performance are required, as well as separate comments about progress toward tenure and toward promotion.

3. Each faculty member completes a written form detailing and citing accomplishments in the broad categories of teaching, research and/or creative scholarship, and service during the performance evaluation period. The type, method of collection, and disposition of evidence regarding effectiveness of teaching is of particular importance, and faculty should consult with department heads concerning collection of this evidence. The performance evaluation form, along with any supplemental material, is submitted by each faculty member to the faculty member's department head.
4. The department head reviews the faculty performance forms, prepares a written evaluation based upon accomplishments reported as compared with previously set goals and objectives (a copy of this report will be shared with the faculty member), and confers with appropriate deans to achieve consensus on the written recommendation and the prepared summary to be discussed with the faculty member. Following the conference with the dean, the department head meets with the faculty member to discuss all aspects of the performance evaluation, addressing separately the person's progress toward promotion, progress toward tenure, strengths, and weaknesses. This conference also serves to set goals and objectives for the ensuing year. No mention shall be made at this conference of the recommendation in terms of dollars. These goals and objectives will be placed in writing, with a copy to the faculty member.
5. At community colleges with program coordinators, the coordinator performs the duties of a department head in the evaluation process. The coordinator will confer with the community college executive officer, who in turn confers with the executive vice president and provost.
6. Department heads formulate recommendations where appropriate regarding promotion and tenure on the basis of policies stated in this manual. These are communicated to the college dean.
7. Each college generates its own time schedule for accomplishing the above items, within the parameters of the university calendar.
8. It will be the function of the Faculty Senate to legislate policy regarding the Faculty Performance Evaluation System.

5.87 Post-Tenure Review [*Policy (Proposition 22-05/06) passed by Faculty Senate 05.04.06; signed by president 05.21.06; ratified by Board of Regents 09.08.06*]

5.87.1 Introduction

The Post-Tenure Review Policy ensures that all tenured faculty members will receive an annual review and that those with either exceptionally fine performance or serious deficiencies in one or more areas will be identified. Special achievement shall be rewarded in a manner determined by each college or community college campus. For a tenured faculty member who receives two successive unsatisfactory annual reviews with identified and uncorrected serious deficiencies, this policy provides a mechanism to establish a remedial program for correcting the deficiencies. The legislation to which this policy responds is particularly concerned with the quality of teaching, and that fact shall be considered when taking any action under this policy. In particular, faculty whose teaching needs improvement will be urged to take advantage of "programs designed to assist faculty members in enhancing their teaching skills." (NMSA 1978, Section 21-1-7.1)

5.87.2 Annual Reviews

- A. Annual Review for Tenured Faculty: Tenured faculty members annually participate in and receive an extensive examination of their teaching, their research and scholarly output, and their service as part of the annual review process conducted in accordance with Section 5.86 of the Policy Manual. This annual review document shall be labeled the Post Tenure Review of each tenured faculty member. This Post Tenure Review shall weight the three areas of teaching, scholarly work, and

service in proportion to the percentage each category is given in the faculty member's allocation of effort for a given year.

- B. Post Tenure Review Not Applicable for Full Time Administrators: Administrators who hold tenured faculty rank are reviewed on the performance of their faculty duties (teaching, research, and service). Administrators who have no assigned faculty duties will not be reviewed under this policy.

5.87.3 More Complete Post-Tenure Reviews

- A. Notification to Faculty Member about Deficiency: If, in the judgment of a superior, the annual review for a tenured faculty member shows a serious deficiency in the performance of that faculty member, the superior shall inform the faculty member in writing of the deficiency as well as recommend actions the faculty member might take to address the issue.
- B. Deficiency Not Rectified: If the deficiency or deficiencies continues for two or more years and if the faculty member has not taken the corrective actions, one of two possible courses of action may ensue:
1. The faculty member may request that the superior submit the record of poor performance and suggested actions to the other tenured faculty members of the unit for consideration in a more complete review, or
 2. If the faculty member does not request the review, the superior may initiate such a review with the concurrence of a majority of the tenured faculty in the academic unit.
- C. Goal of and Procedures for More Complete Review: The more complete review shall have the aim of identifying strengths and weaknesses of the faculty member in teaching, research, and service.
1. This review shall be undertaken by the departmental promotion and tenure committee.
 2. If there is no departmental promotion and tenure committee for that unit, the review will be undertaken by the equivalent college-level promotion and tenure committee as specified in [Section 5.90](#) of this manual.
 3. Student evaluations must be considered when evaluating the faculty member's teaching, along with other factors.
 4. If the reviewers conclude that the faculty member's performance is not seriously deficient, the faculty member shall be so informed and a statement of the finding placed in the faculty member's personnel file.
 5. If serious deficiency is found, a specific remedial program shall be developed in consultation with the faculty member that includes procedures, criteria for evaluating progress, and a reasonable timetable. If the faculty member's teaching needs improvement, such a program might include participation in programs offered by the Teaching Academy, mentoring by a recipient of teaching awards, intensive study of videotaped classroom sessions, etc. When research and publication needs improvement, collaboration with another faculty member and participation in workshops on publishing might be indicated. However, in accordance with NMSA 1978, Section 21-1-7.1, part E(1), any remedial effort can be no shorter than two years in length.

5.87.4 Enhancement Program

Whether or not a tenured faculty member accepts the recommendation to participate in a teaching or scholarly work enhancement program, and whether or not the member performs well in the program, the faculty member's performance will be judged on subsequent teaching and scholarly work.

5.87.5 Frequency of Review

The more complete review shall not be initiated for any tenured faculty member more frequently than once every five years.

5.87.6 Persistent Teaching Deficiencies

If a tenured faculty member's teaching deficiencies are considered by the executive vice president and provost to be very serious and to have been uncorrected at the conclusion of the agreed time period, and further, if there is evidence that the faculty member's teaching performance has deteriorated since the award of tenure such that the faculty member's teaching performance is now typically unsatisfactory, the executive vice president and provost shall recommend loss of tenure for the faculty member in question.

If tenure is to be revoked, the university shall follow the processes specified in [Section 5.98](#) for Involuntary Termination of a Continuous Contract, subject to the safeguards of [Section 4.25](#).

5.87.7 Reporting

Every year, each academic dean and the chief community college executive officer of each campus shall report to the executive vice president and provost.

- A. The number of tenured faculty receiving annual evaluations,
- B. The number receiving unsatisfactory evaluations,
- C. The number of tenured faculty who have been the subject of a more detailed peer review,
- D. The number of faculty who have participated in a remedial program as a result,
- E. The results of those programs,
- F. And the number of faculty whose tenure have been revoked

5.90 Promotion and Tenure (for listing of specific topics, *See NMSU Policy Manual Table of Contents*) *(See also NMSU Policies website for postings of Procedural Clarifications from the Office of the Provost relating to this policy) [Policy (FS Proposition 18-06/07 to be effective 08.01.08) passed by Faculty Senate 05.03.07; signed by president 05.11.07][Amendment (FS Proposition 16-07/08 to be effective 08.01.08) passed by Faculty Senate 03.06.08; signed by president 04.30.08; ratified by Board of Regents 07.15.08]*

5.90.1 Introduction

- A. Promotion and tenure decisions are the means by which NMSU rewards and retains its most valued scholars, sustains excellence in its instructional disciplines, and fulfills its mission to advance knowledge. The quality of faculty accomplishments in teaching and advising (or its equivalent), scholarship and creative activity, extension, outreach and service largely determines the quality of the university as a whole. The granting of tenure or promotion to associate or full professor represents a prediction by the university that the individual concerned will continue to make substantial contributions to the profession and the university.
- B. The processes involved in promotion and tenure rely upon basic principles in order to be effective. Above all, the promotion and tenure processes must be fair, transparent, and participatory. These values mean that decisions must be made without regard to race, national origin, gender, gender identity, age, disability, political beliefs, religion, marital status, sexual orientation, special friendships, or animus towards candidates, taking care to avoid conflicts of interest, structural, institutional, or habitual thoughts and patterns that could lead to discrimination. NMSU values the richness that inquiry based upon intellectual and cultural differences brings to the university

community.

- C. Each principal unit must develop written standards by the end of the Spring Semester of 2008 based on criteria developed by that principal unit subject to the approval of the dean or equivalent administrator. Criteria and procedures must be clear and readily available to all participants and must be followed by all participants at each level of the process. Therefore, it is imperative that clear standards for annual performance evaluation, promotion, and tenure be articulated and broadly publicized. Applicants for tenure or promotion must be judged on their performance of the duties assigned to them, following agreed-upon allocations of effort. The process needs to involve broad consultation by groups and individuals with successively broader views of the mission of the university, and provide the opportunity for appeal. In order to achieve fairness, transparency, and broad-based participation, all of the parties must base decisions on the documentation called for by this policy.
- D. This policy relies on the four types of scholarship defined by Ernest L. Boyer (1990) in his book "Scholarship Reconsidered"¹, namely, the scholarships of discovery, of teaching, of integration, and of engagement. Broadening the definition of scholarship (*See Section 5.90.4.2*) reflects the changing roles of faculty members in teaching and advising, scholarship and creative activity, extension, outreach and service.
- E. This policy takes effect at the beginning of the Fall Semester, 2008.

Peer Evaluation: Assessment of teaching style, content, and effectiveness gained through observation by colleagues; the observations may come in such forms as classroom visits, participation in web-based courses, review of videotaped teaching, or reviews of course materials collected/created by the faculty member being reviewed.
- O. Performance Evaluation: An annual report prepared by the faculty member documenting activities in the areas of teaching and advising (or its equivalent), scholarship and creative activity, service, extension, outreach, and other assigned areas. The department head (or other assigned supervisor) provides the faculty member with a written appraisal of the faculty member's performance.
- P. Portfolio: Consists of the core document and documentation file that supports the candidate's case for promotion or tenure.
- Q. Post-tenure Review: An annual review designed to identify strengths and weaknesses of the tenured faculty member in the areas of teaching and advising (or its equivalent), scholarship and creative activity, service, extension, outreach and other assigned areas. The Performance Evaluation generally serves the above aim; however, if deemed necessary due to deficiencies, a more extensive review may be initiated. (See [Policy 5.87- Post Tenure Review](#))
- R. Probationary Period: The cumulative amount of time spent under term appointments while on the "tenure-track." (See [Section 5.90.3.6](#))
- S. Principal Unit: A tenure home unit responsible for conducting annual faculty performance evaluations and making promotion and tenure decisions. This definition includes Departments, Colleges, Community Colleges, Cooperative Extension Service, and the Library, but not centers, clusters, or institutes.
- T. Research: (See [Scholarship](#))
- U. Scholarship: Both activity and product, scholarship includes discovery through original research; integration through synthesizing and reintegration of knowledge; application through professional practice; and teaching through transformation of knowledge. (See Boyer, 1990 and [Section 5.90.4.2](#))
- V. Supporting Documents: Material available to the Promotion and Tenure Committee in the *Documentation File* that serves to further support, explain, or clarify the *Core Document*.
- W. Tenure: Continuous contract granted after a probationary period to a faculty member that gives protection from dismissal without due process; the primary purpose of tenure is to protect

academic freedom and offer economic security.

- X. Tenure Clock: (See [Flexibility in Tenure Track](#))
- Y. Tenure Home: The principal unit where tenure and rank resides or will reside.
- Z. Tenure-Track Faculty: A faculty member who is eligible for tenure but who has not yet been granted tenure.
- AA. Tenured Faculty: A faculty member who has been granted a continuous contract by the university.

5.90.3 Guiding Principles

The following guiding principles are critical underpinnings to the promotion and tenure process at NMSU.

5.90.3.1 Faculty Participation

The selection and retention of faculty members are of utmost importance to the quality of the university, the achievement of university goals, and the future of the institution. In order to ensure a fair process for recognition of excellent faculty, it shall be the policy of the university to allow faculty members to vote on the promotion or tenure of departmental colleagues, exercising collegial judgment based on an established set of criteria.

5.90.3.2 Transparency of Process

- A. Access to Promotion and Tenure Policies/University Posting: For faculty members to trust the promotion and tenure process, they need to have a clear idea of what is expected of them, how they will be evaluated, and the rules of the process. To this end, the university website will include a specific link to the university -wide promotion and tenure policy, professional ethics related to promotion and tenure, the appeals process, and links to college, department, or division policy statements.
- B. Departmental and Principal Unit Postings:
 1. To promote the transparency of the process, each principal unit shall post on its website its written policy document aligned with the Guiding Principles, Criteria, and Policies outlined in this policy.
 2. Websites will also contain links to the university's promotion and tenure documents, as well as to each of the department websites.
 3. In addition, each department shall post on its website its current statement of goals, objectives, and expectations as these relate to promotion and tenure (sometimes called a functions and criteria statement). These shall be agreed upon by the faculty in each department and approved by the responsible dean or comparable administrator.
- C. Policies to be Provided to Eligible Faculty: A written copy of promotion and tenure policies will be given to all tenure-track, tenured, college and research faculty who are eligible for consideration for promotion or tenure.

5.90.3.2.1 Conflict of Interest – (See Policies [3.19](#) – [3.22](#))

5.90.3.3 Performance Evaluation

The annual performance evaluation is a component of the promotion and tenure process. This multi-layered evaluation system relies on consistency at each level of review. The performance of each

faculty member, including college faculty, will be reviewed at least once a year. The performance evaluation provides documentation of expectations and a record of faculty performance relative to stated expectations. The form of the evaluation is determined by the college or community college and shall align with promotion and tenure expectations. (See [Sections 5.90.5.1](#) and [5.90.6](#))

5.90.3.4 Allocation of Effort

- A. Service to Mission: The amount of effort that faculty members regardless of rank or position devote to the various aspects of their duties necessarily varies, and any fair promotion and tenure process will recognize these variations. A successful process considers whether the faculty member is effectively serving the mission of the university, as defined by a department's criteria and the individual's agreed upon goals and objectives. This means, for example, that the efforts of a faculty member made in response to administrators or committees are taken into account during promotion and tenure evaluation and are not discredited.
- B. Fairness Despite Variance in Duties: One faculty member may devote more time to teaching at one point than at another. The efforts of two faculty members may vary at the same points in their careers according to their particular strengths and department needs. Faculty assignments in different departments will also vary. It is fundamentally unfair, for example, to expect the same amount of scholarship and creative activity, service, extension, or outreach from a faculty member teaching one class a semester as from another faculty member teaching three classes a semester or several large lecture classes.
- C. Equitable Treatment: In order to ensure equitable treatment, every faculty member will complete an allocation of effort statement as part of the annual evaluation process. (See also [Policy 5.20.20](#)) When determining the allocation of effort, decisions must be made without regard to race, national origin, gender, gender identity, age, disability, political beliefs, religion, marital status, sexual orientation, special friendships, or animus towards candidates. Further, for the allocation of effort statement to be accurate and useful, administrators at all levels must understand and take an active role in avoiding institutional factors that could produce an undue burden on untenured faculty members and those from underrepresented groups in the allocation of effort process.
- D. Use of Allocation of Effort Statement: Each college shall develop and use an allocation of effort statement as specified in [Section 5.90.5.1](#). These statements shall be a part of the faculty member's tenure and/or promotion portfolio, and all aspects of the agreed upon efforts shall be factored into the recommendation made at each step of the process.

5.90.3.5 The Professorial Ranks

- A. Instructor:
 - 1. Demonstrates expertise within their discipline through practical, applied, and/or related experience.
 - 2. Individuals new to this rank may not have demonstrated ability to conduct independent scholarship and creative activity, but there must be substantive evidence of likely success at university teaching or its equivalent.
 - 3. Instructors may be working toward a terminal degree.
 - 4. An instructor's job description primarily relates to teaching or its equivalent and usually does not include scholarship and creative activity.
 - 5. An instructor is not eligible for tenure, except at the community colleges.
- B. College Faculty: A person holding a college faculty appointment is eligible for advancement in rank but not eligible for tenure.

C. Assistant Professor:

1. Normally holds the highest terminal degree in their field of expertise.
2. Outstanding experience and recognition in a professional field may be considered the equivalent of the terminal degree.
3. An assistant professor is expected to have a thorough command of the subject matter of some segment of the discipline, in addition to a comprehension of the whole.
4. Assistant professors are tenure-track faculty members hired on a yearly, renewable contract for a maximum of seven years.
5. During the sixth year, assistant professors typically are evaluated for promotion and tenure simultaneously, having submitted their portfolio at the beginning of that year.
6. However, an assistant professor may elect to apply for tenure or promotion at any time with the written approval of department head and dean or their equivalents.
7. The application for tenure may occur only one time.

B. Associate Professor:

1. An associate professor is often a mid-career faculty member who has been awarded tenure.
2. If a faculty member is initially employed at the rank of associate professor without tenure, the probationary period may vary depending upon agreements stipulated in writing at the time of initial hire.
3. Once tenured, associate professors may hold this rank indefinitely or apply for promotion.
4. Promotion to professor should not be considered to be forthcoming merely because of years of service to the university, or because tenure has previously been awarded.
5. In accordance with the principal unit's timelines, a faculty member may present a promotion portfolio in any given year.
6. An associate professor must demonstrate competence, continuous progress, and maturity over a large part of the academic field.
7. It is expected that evidence showing high quality of teaching and scholarship and creative activity has been provided and is current.

C. Professor:

1. A professor, sometimes referred to as a "full professor," has established disciplinary, intellectual, and institutional leadership.
2. The professor demonstrates command and a mature view of the disciplinary field as evidenced by teaching and advising (or its equivalent) or similar experience, scholarship and creative activity, service, extension, or outreach.
3. Faculty members initially hired at the rank of professor are often given tenure on appointment.

5.90.3.6 Flexibility in Tenure-Track

Normally, before being considered for tenure, eligible faculty members serve six consecutive probationary years. The probationary period begins with the first year of the contract. Note that

according to [Policy 5.98](#), “New tenure-track faculty reporting for duty after the last Friday in September (12-month employees) or the second Friday in October (9-month employees) will not receive a temporary contract....” The first contract will be issued at the beginning of the next contract period, which will constitute the first year of the probationary period toward tenure. During the sixth year, a case for tenure and/or promotion is made by the faculty member and considered by the university. Those achieving tenure are awarded a continuous contract at the end of their sixth year, while those not awarded tenure are given a one-year terminal contract for their seventh and final year of employment at NMSU. There may be exceptions, however, to shorten or lengthen the normal six-year probationary period.

5.90.3.6.1 Credit for Prior Service

- A. Faculty members with previous teaching and advising (or its equivalent), service, extension, outreach, scholarly, and/or administrative experience at another institution may have some or all of that experience taken into consideration on appointment at NMSU.
- B. With executive vice-president and provost approval, and particularly when tenure has been granted to a candidate at another institution, tenure may be accorded at the time of initial appointment to the university.
- C. Prior probationary service at another institution may count towards the six-year probationary period at NMSU, but usually only up to a maximum of three years.
- D. Any expedited schedule must be recommended by the department head and dean and agreed to by both the executive vice-president and provost and the faculty member at the time of appointment.
- C. The details of such credit for prior service, the resulting length of the probationary period, the timing of any third-year review, and the period for the tenure application process, shall all be stated unambiguously in the appointment letter.

5.90.3.6.2 Extension of the Probationary Period

When requested in writing within one year of the qualifying event by the faculty member, leaves of absence can lead to postponement of the tenure decision date; however, modifications in that date require the recommendation of the department head and dean and the approval of the executive vice-president and provost. Faculty responsibilities may be negotiated when the extension is requested. An extension may be granted up to two times, so long as the total pre-tenure probationary period does not exceed eight years. Exceptions to this limit can be made under extraordinary circumstances if approved by the executive vice-president and provost. Candidates must be held to the same standards of performance when the probationary period has been extended as candidates whose probationary period was not extended. The probationary period may be extended, upon written request, under the following circumstances:

- A. Leave of Absence without Pay: Probationary faculty members may request in writing a leave of absence without pay, usually not to exceed one academic or fiscal year. Prior to initiating the leave, affected faculty may request in writing a probation extension of one year.
- B. Military Leave of Absence: Involuntary induction into the armed forces entitles the faculty member to a leave of absence to cover the term of military service. Such leave constitutes valid grounds for requesting an extension of the tenure decision date. Similarly, a faculty member’s voluntary participation in a military reserve program may lead to periodic or prolonged absence sufficient to affect the faculty member’s performance (*e.g.*, annual active duty training, or active duty training or participation when a reserve unit is called to active duty) that constitutes valid grounds for extension of the tenure decision date.
- C. Medical Leave of Absence: Probationary faculty members with a serious personal illness or providing prolonged, substantive care for a chronically ill family member may request in writing an extension of the tenure decision date, usually for one year.

- D. Family Leave of Absence or Exceptional Family Responsibilities: Upon written request, probationary faculty members who become parents will receive a one-year automatic extension of the tenure decision date. Such an extension does not require that the faculty member take a leave of absence.
- E. Catastrophic Events: Probationary faculty who have experienced a catastrophic event such as a fire or flood or who must aid family members in such situations may request in writing an extension of the tenure decision date.
- D. Jury Duty: Prolonged jury service, when significantly affecting a faculty member's performance, constitutes a valid reason to petition for extension of the tenure decision date.
- E. Other, as Negotiated: Extensions for other reasons may be negotiated.

5.90.3.6.3 Reduction of the Probationary Period

- A. Tenure Upon Initial NMSU Appointment: Faculty members who have worked in a teaching and advising (or its equivalent), service, extension, scholarly, and/or administrative role at another institution may have some or all of that work taken into consideration on appointment at NMSU. With executive vice-president and provost approval, and particularly when tenure has been granted to a candidate at another institution, tenure may be accorded at the time of initial appointment to the university.
- B. Expedited Tenure Schedule: Prior probationary service at another institution may count towards the six-year probationary period at NMSU, but usually only up to a maximum of three years. Any expedited schedule must be recommended by the department head and dean and agreed to by both the executive vice-president and provost and the faculty member at the time of appointment. The details of such credit for prior service, the resulting length of the probationary period, the timing of any third-year review, and the period for the tenure application process, shall all be stated unambiguously in the appointment letter. In such instances, no extension of the probationary period will be granted unless the request falls in one of the categories mentioned in [Section 5.90.3.6.2](#).
- C. Committee, Department Head and Dean Supported Appeal for Early Tenure Review: Current faculty may request the length of the probationary period be shortened. Such an appeal requires the written request of the faculty member, positive recommendations of the department promotion and tenure committee as determined in the spring review, department head, and dean. If this tenure application is not successful, the candidate's contract is not renewed according to the provisions of Policy [5.98](#).

5.90.3.6.4 Part-Time Faculty and Tenure

- A. Retention of Tenure Upon Move from Full Time to Part Time: Tenured, full-time faculty members who move to part-time status may retain tenure.
 - 1. Retention of tenure in such a case requires the written request of the faculty member, positive recommendations of the department head and dean, and approval of the executive vice-president and provost.
 - 2. While this policy encourages departments to accommodate reasonable requests for part-time appointment, part-time appointments are not an entitlement, and requests may be turned down.
 - 3. Pending availability of funding and the approval of the department head, dean and executive vice-president and provost, the faculty member may return later to full-time tenured status. (*See* subsection D. below)

B. Procedural Guidelines:

1. When a full-time, tenure-track position becomes part time, the time in rank is prorated based on full-time equivalent (FTE).
2. As with full-time faculty, the maximum probationary period for part-time faculty members is the equivalent of six FTE years, with the tenure decision to be made before the end of the six full-time years of service. For example, a tenure-track candidate with a 0.50 FTE appointment must apply for tenure at the end of the 11th year.
3. Part-time tenure-track faculty must be held to the same standards of performance relative to FTE as full-time faculty.
4. If denied tenure, a faculty member on part-time appointment has only one year of continued part-time employment beyond the denial.

C. Regular Part Time Appointment Defined: Faculty members whose regular appointments are less than 0.50 FTE do not accumulate probationary time toward tenure.

D. Return from Part Time to Full Time: When recurring state funding is available, a tenure-track, part-time faculty member may apply for a full-time tenure track position and, if hired, apply earned tenure-track FTE from prior years toward tenure and promotion in the full-time position.

5.90.3.6.5 Joint Appointment (with Dual Primary Responsibilities)

In appropriate circumstances, a faculty member may be appointed in two departments or colleges. The faculty member with a joint appointment has a memorandum of understanding from all involved units. The memorandum of understanding stipulates the expected workload and allocation of effort distributed between the two departments; identifies the principal unit where tenure resides or will reside if applicable; defines the responsibilities of the faculty member in each unit; and indicates the term of appointment. The memorandum must explain the process for performance and promotion and tenure reviews, renewal of the joint appointment, and salary increases. Each unit must provide recommendations in annual, probationary, tenure, and promotion reviews. In joint appointments with centers or institutes, the tenure home must reside in a principal unit. In joint appointments with two or more academic units, one unit must be designated, by mutual agreement, as the tenure home.

5.90.3.7 Mid-Probationary Review

Tenure-track faculty members may request a formal mid-probationary review by those principal units that make such an option available. The mid-probationary review is an optional opportunity to obtain feedback on the tenure-track faculty member's performance and is used to identify specific activities to enhance the candidate's progress toward promotion and tenure. The review is formative, intended to assist tenure-track faculty in achieving promotion and tenure and should take into account the allocation of work effort during the three years reviewed and be based upon the principal unit's criteria. The outcome must not be used as a determinant for setting merit pay or for contract continuation decisions. Principal units should *see* [Section 5.90.5.4\(6\)](#) for additional information

5.90.3.8 Community Colleges, Library, and College Faculty

The community colleges (other than Doña Ana Community College, whose division committees function as department committees), and the library faculty should begin their promotion and tenure deliberations with a committee that acts as a college-level committee. Specific variations are described below.

5.90.3.8.1 Community Colleges

A. Mission and Corresponding Emphasis in Evaluation Process: The mission of NMSU's

community colleges is to provide open access to quality education and support economic and cultural life in prescribed service areas. Community colleges provide traditional liberal arts education, vocational and technical training, contract training, community interest classes, and developmental education. Every effort is made to keep programs and curricula flexible, in order to accommodate varied and expanding community educational needs. Since the community college's primary role is the dissemination of information, more emphasis is placed on teaching and advising (or its equivalent), in the evaluation process.

- B. Tenure Committees: Due to their size, the organizational structure for tenure review at the Alamogordo, Carlsbad, and Grants campuses consists of a tenure committee at each campus that evaluates and makes recommendations to the campus executive officer.

5.90.3.8.2 The Library

The NMSU library faculty is expected to meet university requirements for academic appointment and promotion and tenure considerations. For these purposes, the category of librarianship is equivalent to the teaching and advising category. The NMSU Library places the highest value on the element of librarianship. Librarianship includes, but is not limited to the organization of knowledge, the understanding and use of technology as it relates to the information field, teaching, library management, service delivery, and building collections.

5.90.3.8.3 College Faculty

College faculty may hold ranks as described in [Section 5.90.3.5](#) and are eligible for promotion. A college faculty position can be converted to a tenure-track position when sufficient recurring funds are available and a national search is conducted. In relation to the promotion of college faculty, an understanding of the following guiding principles is necessary:

- A. Criteria for Promotion: College Faculty should be evaluated for promotion based on the allocation of their effort to the areas of teaching and advising, service, scholarship and creative activity, or extension and outreach, service, and the relative mix of these duties.
- B. Development of Promotion Procedures: Colleges must develop specific promotion procedures for their college faculty. The protections for College Faculty are the same as those given tenure-track faculty and tenure faculty in [Sections 5.90.5.1](#) and [5.90.5.4 – 5.90.5.8](#).
- C. Representation on Committee: Committees for promotion of college faculty must include college faculty representation.
- D. Appropriate Standards for Promotion: The different role played by college faculty should be recognized in the promotion process, and the standard for promotion should be appropriate given the role of college faculty.

5.90.4 Criteria for Promotion and Tenure

When considering applicants for promotion and tenure, serious attention will be given to performances in the applicable areas of teaching and advising (or its equivalent), scholarship and creative activity, service, extension and outreach, and where applicable, leadership. The relative importance of each of these areas varies according to the cumulative allocation of effort statements. Each area is vital to the university's ability to achieve its mission, and the performance of a faculty member will be viewed as an indication of future contributions.

5.90.4.1 Teaching and Advising

- A. Elements of Teaching as Essential Criterion: Teaching is central to NMSU's mission. For those who teach, effectiveness in teaching and advising is an essential criterion for tenure and for advancement in rank. The teaching and advising category includes all forms of university-level instructional activity, as well as advising undergraduate and graduate students, both within and

outside the university community. Such activities are commonly characterized by the dissemination of knowledge within a faculty member's area of expertise; skill in stimulating students to think critically and to apply knowledge to human problems; the integration and application of relevant domestic and international, social, political, economic, and ethical implications into class content; the preparation of students for careers in specific fields of study; and the creation and supervision of appropriate field or clinical practicum's.

- B. Responsibilities of Teaching and Advising: Teaching and advising responsibilities may include, but are not limited to, preparation for and teaching of a variety of courses, seminars, and other academic learning experiences; non-credit workshops and informal instructional activities; course and program development; team or collaborative teaching; web-based instruction, both on and off campus; supervision of student research, performances, or productions; service on graduate student program and research committees; field supervision and administration of field or clinical experiences; production of course materials, textbooks, web pages and other electronic aids to learning; and others.
- C. Forms of Faculty Advising: Faculty advising may take the form of assisting undergraduate or graduate students in the selection of courses or careers, assisting learners in educational programs on and off campus, mentoring students, serving as faculty adviser to student groups, research and teaching advising, as well as other forms.

5.90.4.1.1 Evaluation of Teaching

- A. Evidence By Which Teaching Effectiveness is Assessed: Teaching is a complex and multifaceted activity. Therefore, several forms of evidence should be used to assess comprehensively teaching effectiveness. Each form of evidence should carry a weight appropriate to its importance in evaluating teaching. Such documentation must demonstrate command of subject matter, continuous growth, and development in the subject field, the ability to organize material and convey it effectively to students, assessment of student learning, revision and updates of curricula, and the integration of scholarship (for faculty who produce scholarship) and service with teaching. Materials appropriate for evaluating teaching should include: (a) evidence from the instructor, (b) evidence from other professionals, (c) evidence from students, and (d) evidence of student learning.
- B. Principal Units To Develop Guidelines: Each principal unit is to create clear guidelines for its teaching faculty that define teaching responsibilities and specify required evidence documenting teaching effectiveness. Specific data to be included in the evaluation packet will be determined by each principal unit.

5.90.4.1.2 Evaluation of Advising

For promotion and tenure considerations, performance in such activities must be documented and evaluated. Each principal unit is to create clear guidelines regarding the responsibilities and documentation requirements for its faculty who advise.

5.90.4.2 Scholarship and Creative Activity *[Amendment (FS Proposition 09-09/10 to be effective 07.01.01) passed by Faculty Senate 02.04.10; presented to Administrative Council 04.13.10; ratified by Board of Regents 05.07.10]*

- A. Rationale: Scholarship and creative activity involves discovering and creating, teaching and disseminating, and applying knowledge and skills to worldly concerns. This understanding is grounded in Boyer's concept of the four scholarships: (1) the scholarship of discovery involves processes, outcomes, and the passionate commitment of the professoriate and others in the university to disciplined inquiry and exploration in the development of knowledge and skills; (2) the scholarship of teaching involves dynamic, reciprocal, and critically reflective processes among teachers and learners at the university and in the community in which their activity and interaction enriches and transforms knowledge and skills, taught and learned; (3) the scholarship of engagement refers to the many and varied ways to responsibly offer and employ knowledge and

skills to matters of consequence to the university and the community; and (4) the scholarship of integration is the process by which knowledge and skills are assessed, interpreted, and applied in new and creative ways to produce new, richer, and more comprehensive, insights, understanding, and outcomes.

- B. NMSU Definition of Scholarship and Creative Activity: Scholarship and creative activity is both activity and product, employing dynamically interacting processes of discovery and creation, teaching and dissemination, engagement and application, and integration, in the pursuit of fulfilling the mission and vision of NMSU. Products developed through these processes, are public, open to peer review, and available for use by others. Scholarship and creative activity can take many forms, including but not limited to refereed publications. At NMSU's community colleges, scholarship and creative activity includes scholarship that is also evidenced by professional development activities that disseminate knowledge to the college's learning communities.
- C. Acknowledgement of Land Grant Mission: This definition reflects the university's mission as the state's land-grant university, serving the needs of New Mexico's diverse population through comprehensive programs of teaching and advising, scholarship and creative activity, extension and outreach, and service. It addresses the breadth and diversity of scholarly and creative activity among faculty, staff, and students through which this mission is fulfilled.
- D. Use of Technology is a Factor in Evaluation Categories: The dissemination and creation of scholarly work using technology is becoming increasingly important. Accordingly, it is important that promotion and tenure committees recognize this when evaluating a candidate's portfolio. The rapid pace at which technology changes makes it difficult to use a single set of evaluation criteria to fit all cases encountered. Technology often crosses the rigid boundaries of teaching and advising, scholarship and creative activity, service, extension, and outreach, and as such, it must be evaluated in as many of these categories as appropriate. Flexibility in evaluation of the candidate's technology efforts is paramount. Reviewers must be aware of expectations placed on the candidate at the time of hiring and during annual reviews and are encouraged to evaluate technology-based scholarship and creative activity using appropriate criteria.

5.90.4.2.1 Evaluation of Scholarship and Creative Activity

All scholarly activity and outcomes, regardless of funding source, must consider the following criteria adapted from Diamond²:

- A. The activity's purposes, goals, and objectives are clear. The objectives are realistic and achievable. It addresses important questions in the field.
- B. The activity reveals a high level of discipline-related expertise. The scholar brings to the activity a high level of relevant knowledge, skills, artistry, and reflective understanding.
- C. Appropriate methods are used for the activity, including principles of honesty, integrity, and objectivity. The methods have been chosen wisely, and applied effectively. It allows for replication or elaboration.
- D. The activity achieves its goals and its outcomes have significant impact. It adds consequentially to the field. It breaks new ground or is innovative. It leads to further exploration or new avenues for exploration for the scholar and for others.
- E. The activity and outcomes have been presented appropriately and effectively to its various audiences.
- F. The activity and outcomes are judged meritorious and significant by one's peers.

² Diamond, Robert M. (2002). *Serving on promotion, tenure, and faculty review committees: A faculty guide, 2nd ed.*. Bolton, MA: Ankar Publishing.

- G. The scholar has critically evaluated the activity and outcomes and has assessed the impact and implications on the greater community, the community of scholars and on one's own work. The scholar uses this assessment to improve, extend, revise, and integrate subsequent work.

5.90.4.3 Extension and Outreach

Extension and outreach are essential to the university's mission because they disseminate information to the public; help the state by promoting economic development through the dissemination of new technologies and best practices; and serve as a basis for sustainable, community-oriented, informal education that addresses local needs through faculty affiliated with each county government in New Mexico. The central role of extension and outreach is recognized in that several principal units are dedicated to these functions. There are also numerous faculty members in other units for whom extension and outreach are major components of their duties.

5.90.4.3.1 Evaluation of Extension and Outreach

- A. Collaborative Effort: Extension and outreach work is collaborative by nature. Faculty should provide evidence of collaboration with whomever necessary to identify local needs, garner resources, discover and adapt new knowledge, design and deliver programs, assess clientele skill changes, and communicate program results. Collaborative effort should also include networking with other university faculty in identified areas of program discovery, development, and delivery, including applications to teaching and advising where appropriate.
- B. Evaluation Guidelines: To evaluate extension and outreach scholarship the following guidelines are recommended:
1. Faculty must provide evidence of extension and outreach scholarship in order that these [collaborative] efforts are recognized.
 2. The documentation should provide evidence that the work is:
 - a. creative and intellectual;
 - b. validated by peers;
 - c. communicated to stakeholders; and
 - d. have an impact on stakeholders and the region.
 3. Components of extension scholarship include:
 - a. developing programs based on locally identified needs, concerns, and/or issues; targeting specific audiences;
 - b. setting goals and objectives for the program;
 - c. reviewing current literature and/or research for the program;
 - d. planning appropriate program delivery;
 - e. documenting changes in clientele knowledge, behaviors, attitudes, and/or skills;
 - f. conducting a reflective critique and/or evaluation of the program;
 - g. validation of the program by peers and/or stakeholders; and
 - h. communication of results to stakeholders and decision makers.

5.90.4.4 Service

Service is an essential component of the university's mission and requires that the faculty member contribute to the organization and development of the university, as well as provide service to any local, state, national, or international agency, organization, or institution needing the faculty member's professional knowledge and skills.

5.90.4.4.1 Evaluation of Service

The type and amount of service that a faculty member performs should be determined in consultation

with the appropriate administrator(s). All relevant activities in which a faculty member participates should receive appropriate consideration for promotion and tenure decisions. Service contributions should be evaluated based on how they are applied and how they draw upon the professional expertise of the faculty member.

5.90.4.5 Leadership

In demonstrating leadership, candidates must show that they are having an impact as evidenced by the candidate's scholarship and creative activity, and by contributions to the advancement of the university which may include administrative roles in which considerable and well-documented contributions to the university have been made.

5.90.4.5.1 Evaluation of Leadership

Leadership is characterized by: (1) contribution to the mission of the college or university and to the faculty member's profession; (2) participation in the distribution of responsibility among the members of a group; (3) empowering and mentoring group members; and (4) aiding the group's decision-making process.

5.90.5 Policies

5.90.5.1 Annual Performance Evaluation and the Promotion and Tenure Process

5.90.5.1.1 Performance evaluation policies in the principal units shall include the following elements:

- A. A statement that Performance Evaluations are conducted annually.
- B. A timeline consistent with the timeline for promotion and for tenure as described in [Section 5.90.5.9](#).
- C. The requirement that a department head or comparable administrator annually meet with all faculty members regarding progress toward promotion and tenure, the recording of objectives and goals, and the department faculty evaluation format.
- D. An opportunity for the faculty member to submit a written statement in response to annual performance evaluations.
- E. A procedure for transmitting the performance evaluation, along with any supporting material, from the faculty member to the faculty member's department head
- F. A procedure for transmitting a written copy of the department head's or comparable administrator's review to the individual being reviewed and to the dean or equivalent administrator.
- G. A procedure to certify in writing to the appropriate dean or comparable administrator that a meeting with each faculty member has occurred.

5.90.7 Forms Relating to Promotion and Tenure *See Promotion and Tenure Documents*

5.92 Reassignment of Administrators/Department Heads

Due to the larger scope of responsibility of most administrative positions, the reassignment of an administrator with faculty rank to a faculty position normally results in a reduction of salary. Several factors are considered in making the salary determination, including the level of faculty salaries in the department where the reassignment occurs. Normally, department heads who have less than 4 complete years return to 75 percent of their base salaries (not including department head increment), and department heads who serve 4 or more years return to 80 percent of their base salaries. Again, several factors are considered in making the salary determination, including the level of faculty salaries in the department where the reassignment occurs.

5.94 Research (*See also Chapter 3 Codes of Conduct Policies*) [*Amendments restructuring and revising Policy 5.94 in its entirety, as recommended by University Research Council on 01.28.11 and by Administrative Council on 03.09.11, were approved by Board of Regents on 03.14.11*]

- A. Research Philosophy: Research is an important component of every academic activity, and is, therefore, the source of content for quality instructional programs. New Mexico State University recognizes research as essential to the vitality of the university and undertakes the support of research as part of its institutional responsibility. The mission statement expresses the importance of research as one of the university's core functions: *New Mexico State University is the state's land-grant university, serving the educational needs of New Mexico's diverse population through comprehensive programs of education, research, extension education, and public service.* The university promotes academic inquiry and protects academic freedom for those engaged in it. This includes the support of research and off-campus study as potentially valuable experiences for faculty and students. These experiences may take the form of sabbaticals, internships, intensive

study of specialized techniques, and conducting research at specialized facilities. These opportunities offer researchers considerable flexibility in their training and promote valuable contacts among faculty members, students, the university, industry and other research institutions.

- B. Protections in Research Involving Human Subjects: It is the policy of the university to protect the rights, well being, and personal privacy of individuals participating in research projects, while also maintaining a favorable climate for the conduct of scientific inquiry and protecting the interests of the university. The university has established the Institutional Review Board to regulate the participation of human subjects in research, consistent with federal law. (See 5.94.30 D. below.) All research conducted at or by the university, regardless of funding source, shall adhere to the requirements of the Institutional Review Board and the following tenets:
1. The university, including its faculty, staff, contractors and student body shall be responsible for the protection of the rights and welfare of human subjects.
 2. No human subject involved in a research activity shall be exposed to unreasonable risk to health or well-being, in order to ensure the subject's physical and mental safety and well-being.
 3. All participation by human subjects shall be voluntary; no subject will be coerced in any way to participate in a research project. A request by any subject to withdraw from a research activity shall be honored promptly without penalty or loss of benefits to which the subject is otherwise entitled, within the limits of the research.
 4. The confidentiality of information received from subjects in experiments or respondents to questionnaires shall be protected, both during and after the conduct of a research activity, consistent with applicable law.
 5. In research which involves more than minimal risk, or which involves substantial stress or discomfort, such risk, stress or discomfort shall be carefully explained in advance to the subject. The researcher(s) shall be satisfied that the explanation has been understood by the subject, and that the written consent of the subject, is obtained and kept as a matter of record. The researcher(s) shall be responsible for ensuring that method used to obtain informed consent (written, audio-recorded, witnessed) is the most appropriate for the participant, and for providing appropriate evidence of informed consent consistent with the approval granted by the Institutional Review Board and with applicable federal law.
 6. Research involving special subject populations (e.g., persons under the age of 18, or mentally disabled or disadvantaged persons) may be conducted as long as a qualified guardian signs the consent form.
- C. Protections in Research Involving the Use of Animals: As a land grant institution, it is the university's role to conduct, if not lead, research designed to optimize the use of animals in the service of man, and to advance human and animal welfare. Consistent with applicable law and regulations, the university supports the use of animals in research, education, and as agricultural resources, provided that the usage is reasonably expected to advance knowledge about human or animal welfare. It is the university's policy to meet all federal and state standards and regulations applicable to animal use.

The university has established the Institutional Animal Care and Use Committee to administer policies and procedures regarding university care and use of vertebrate animals. (See 5.94.30 E. below) Any concerns regarding the use or care of animals by the institution should be addressed to the Institutional Animal Care and Use Committee.

- D. Protection of Proprietary and Classified Information: Some materials and/or information developed at the university may be classified or proprietary to project sponsors, the university and/or the investigators. Additionally, research units including but not limited to the Physical Science Laboratory receive many sponsored awards in which information may be considered classified and/or proprietary. (See the *NMSU Business Ethics Handbook* and the Physical Science

Laboratory's *Code of Ethics and Standards of Business Conduct*, p. 9.) All employees shall comply with applicable laws, university policy and contractual agreements regarding non-disclosure of classified and/or proprietary information.

5.94.10 Addressing Allegations of Misconduct in Research

- A. Definition of Research Misconduct: Research misconduct is academic misconduct, dishonest behavior, or any form of unethical practices involving an act of deception whereby one's work or the work of others is misrepresented. Other terms, such as research fraud or scientific misconduct, are subsumed within the term academic misconduct. Research misconduct is distinguished from honest error and from ambiguities of interpretation that are inherent in the scientific process. The principal element of research misconduct is the intent to deceive others or misrepresent one's work. Research misconduct may also involve wrongful acts or omissions relating to non-compliance with applicable law or regulation, a failure to report known misconduct or retaliation against others involved in the reporting, investigation or correcting misconduct. Research misconduct may take numerous forms such as, but not limited to:
1. **Falsification of Data**: Fabrication, willful suppression and/or distortion of data with the intent to falsify results.
 2. **Plagiarism**: The use of the work of another without proper acknowledgment.
 3. **Improprieties of Authorship**: Improper assignment of credit, such as excluding other authors, inclusion of individuals as authors who have not made a definite contribution to the work published, or submission of multi-authored publications without the concurrence of all authors.
 4. **Misappropriation of the Ideas of Others**: Unauthorized use of privileged information (such as violation of confidentiality in peer review), however obtained.
 5. **Violation of Generally Accepted Research Practices**: Deceptive practices in proposing, conducting, or reporting research.
 6. **Material Failure to Comply with Governmental Requirements**: Serious, repeated, willful violations of governmental requirements arising from law, statute, regulation, or agreement. Regulations include, but are not limited to, those governing the use of funds, care of animals, human subjects, and biological, chemical, pharmacological, and radiological materials.
 7. **Inappropriate Behavior in Relation to Research Misconduct**: Unjust and malicious accusation(s) of misconduct, failure to report misconduct, withholding or destruction of information or evidence relevant to a claim of misconduct, or malicious retaliation against persons involved in the allegation or investigation of misconduct.
- B. Scope of Policy: This policy applies throughout the university system to faculty, staff and students involved in research and research-related work regulated by federal law or sponsored externally. Such research includes, but is not limited to, research involving human subjects, vertebrate animals, biohazardous agents and/or recombinant DNA. Research projects involving the surveying of other students, university personnel, or members of the general public fall within the scope of this policy, unless exempted by federal law. Academic misconduct alleged against a student generally will not be covered by this policy, unless it falls within the above scope, and will instead be addressed pursuant to the Academic Misconduct policy housed in the [Student Handbook](#).
- C. Duty to Report: Individuals with a reasonable factual basis to believe that a researcher has committed an act of research misconduct prohibited by this policy are obligated to report such occurrences to a supervisor not involved in the alleged misconduct. Such reports of suspected research misconduct shall be forwarded to the vice president for research for prompt investigation, and subsequent corrective action and reporting, if warranted by the investigative findings. If the

reporter, the supervisor, or the vice president have reason to suspect that a crime may have been committed, the report shall also be made to the NMSU Police or other appropriate law enforcement for a separate and distinct criminal investigation. (*See also* subsections I and J below.)

- D. Preliminary Internal Investigation: If an appropriate oversight committee (Institutional Review Board, Institutional Animal Care and Use Committee, Institutional Biosafety Committee, or Radiation Safety Committee) reports misconduct substantiated by an investigation with factual findings, this shall serve as the internal preliminary investigation.

In all other cases, the vice president for research will refer the reported matter to the appropriate college dean and associate dean for research, or equivalents, to conduct a preliminary internal investigation into the alleged misconduct. The investigation will be conducted confidentially.

Within twenty (20) business days from the initial receipt of the report of potential academic misconduct, the evidence and any recommended findings shall be forwarded to the vice president for research. During the preliminary investigation stage, the funding agency will not be notified, except as may be otherwise required by law or written agreement.

- E. Action on Results of Preliminary Investigation: The vice president for research shall consider the evidence and the recommended findings of the preliminary investigation, and initiate further action as follows within twenty (20) business days from the date the evidence and the findings were received.

1. If the vice president for research concludes that no infraction occurred, the matter will be dismissed. This decision, including all supporting documentation, will be reported to the Office of University General Counsel.
2. If the vice president for research concludes that an infraction occurred, but was not an unanticipated problem, did not involve serious or continuing non-compliance with federal regulations or university policy, and did not involve a suspension or termination of an approval granted by the appropriate oversight committee, the vice president for research will refer the matter to the college dean or appropriate vice president for disciplinary action or other administrative corrective action, as warranted by the factual findings.
3. If the vice president for research concludes that the matter may involve an unanticipated problem, a serious or continuing non-compliance issue, or a suspension or termination of an approval granted by the appropriate oversight committee, the vice president for research shall refer the matter for a confidential formal investigation, at which time the funding agency and/or the appropriate federal or state oversight agency will be notified by way of an Initial Report. The Initial Report shall indicate that either follow up reports or a final report, or both, will be forthcoming as soon as practicable under the circumstances.
4. If the vice president for research concludes that a crime may be implicated, the matter shall be immediately reported to the appropriate law enforcement agency for a separate and distinct criminal investigation.

- F. Formal Investigation: The confidential formal investigation will be conducted by an ad hoc committee to be convened and chaired by the vice president for research. The committee shall consist of the appropriate college dean and associate dean for research or equivalents, the appropriate department head, and three faculty or exempt staff members from the University Research Council, selected by the university research council chair. Substitutions, in the event of conflict of interest, will be made by the vice president for research or the executive vice president and provost, as appropriate. This formal investigation should be completed within two months from the date the committee is formed. The committee shall gather relevant documentation; interview witnesses with relevant testimony, including the person charged with the misconduct; preserve any physical evidence; and prepare an investigative report summarizing all evidence in the form of factual findings. The final draft investigative report shall be shared with the person charged with the misconduct, and that person shall be given a minimum of five business days to respond.

- G. Action on Results of Formal Investigation: Consistent with the results of the formal investigation, the vice president for research and/or the appropriate college dean or vice president shall take appropriate, university-wide corrective action to ensure that similar incidents do not recur, and shall coordinate with the Office of Human Resource Services regarding disciplinary action, if any, to be taken.
- H. Notifications and Record Retention: All documentation of the preliminary inquiry and formal investigation, if any, shall be maintained in the office of the vice president for research for at least three (3) years and must, upon request, be provided to authorized government personnel. The university shall comply with notification requirements imposed by funding agency regulations and agreements.
- I. Anti-Retaliation: In order to protect the positions and reputations of those persons who, in good faith, report reasonably suspected academic misconduct in research, the university prohibits retaliation in any form to be taken against the reporter or any person who cooperates in the investigative process. A complaint of suspected retaliation will also be cause for the initiation of a separate internal investigation to be conducted in coordination with the Office of Human Resource Services, and if substantiated, will be grounds for disciplinary action, up to and including termination of employment.
- J. False or Unfounded Complaints: If the preliminary or formal investigative report reflects that the complaint of academic misconduct in research was not substantiated, the university will make efforts to restore the reputations of the researcher who was accused of having engaged in misconduct. Additionally, and depending upon the circumstances, the university may initiate a separate internal investigation in the event the investigative report indicates that the initial complaint or any testimony given as part of the internal investigation, may have been intentionally falsified. If deliberate falsification of such a complaint or testimony is substantiated, it will be grounds for disciplinary action against the false reporter, up to and including termination of employment.

5.94.20 Intellectual Property and Patents

New Mexico State University recognizes that faculty and staff members create commercially valuable intellectual property as part of their teaching, scholarship, research, and service duties. University administration strives to foster a work environment that will motivate the creation and commercialization of intellectual property, by providing advice and assistance to originators of intellectual property, by entering into cost and benefit sharing intellectual property agreements with its faculty and staff, and by assuring compliance with such agreements.

- A. Definitions: When used in this section the following definitions apply:
 - 1. Copyright: Copyright means the intangible property right granted by federal statute for an original work fixed in a tangible form of expression.  - 2. Earnings: “Earnings” refers to the monetary proceeds received by the university from the sale or licensing of intellectual property in the nature of sales proceeds, license fees and royalties; but shall not include: (1) proceeds in the nature of research or development funding or contracts for reimbursement for same to the university or its designee or (2) amounts required to be paid or reimbursed to or offset by third parties under any contractual obligation.

intellectual property protection, maintaining and enforcing intellectual property, and commercializing and distributing the intellectual property.

5. Intellectual Property Officer: The vice president for economic development serves as the university's intellectual property officer.
 6. Originator: "Originator" refers to the person or persons primarily responsible for developing the Intellectual Property.
 7. Patent: A patent is the right granted under federal statute for a discovery or invention. To be patented, the discovery or invention must be novel, useful and not of an obvious nature. A patent gives the owner the right to exclude others from producing or using the discovery or invention for a limited period of time.
 8. Significant Use: Significant use shall mean use of university resources which imposes on the university costs or liabilities that otherwise would not be incurred, except for incidental use addressed by [Policy 3.75](#).

Trademarks may also include distinctive and unique packaging, color combinations, building designs, product styles and overall presentations. A trademark provides the owner with the exclusive right to use it on the product it was intended to identify and often on related products. Service-marks receive the same legal protection as trademarks but are meant to distinguish services rather than products.
- B. Ownership of Intellectual Property: Ownership of intellectual property shall be determined as follows:

- C. Distribution of Earnings from Intellectual Property: Net earnings from intellectual property owned by the university will be shared with the originator. After the repayment of all costs

incurred by the university or its assignee to protect, manage, and commercialize (including legal, management and marketing fees), further earnings will be divided as follows:

The Intellectual Property Office shall recommend to the university whether to pursue legal protection for the intellectual property.
5. **University Assistance:** Intellectual property belonging solely to the originator may be submitted to the Intellectual Property Office to explore the feasibility of the university assisting with the protection and commercialization of the intellectual property. The university will require some consideration for such assistance, such as an assignment, a license (with the right to sublicense), or the right to receive royalties or other earnings, as mutually agreed upon between the parties. The originator and the university must negotiate and sign a written agreement before the university will assist the originator.
6. **Funding of Intellectual Property:** Patentable intellectual property developed under the sponsorship of a federal agency is subject to federal policy as detailed in P/L/ 96-157 (35 U.S.C. 200). 5.94.30 Research Oversight and Risk Management

A. Research Funding and Research Institutes:

1. State University Research Fund: The State University Research Fund is the designated university fund where indirect (facilities and administrative) cost recovery earned by the university is deposited. Funds to support academic research from the State University Research Fund are relatively scarce and must be used in a variety of ways (*e.g.*, to support research, to stimulate new research, to support public service, and to support scholarly endeavors as well as the necessary administration). In general, it is desirable to keep the administrative costs at a minimum and, therefore, make available to the faculty as much support as possible for nonrecurring research expenses. It is the underlying philosophy to use this research support in a flexible manner in keeping with college and department priorities. Encouragement is given to the faculty to secure outside support for research, at the same time recognizing that it is important to provide some support to scholarly pursuits which may not attract outside funding.

University Research Institutes:

- a. University Research Institutes are units that primarily perform externally funded research. They are formed by the vice president for research in consultation with the executive vice president and provost. Generally, these units will report to the vice president for research; at the time of creating the institute, the reporting line for the unit

shall be determined by the executive vice president and provost and the vice president for research.

- b. University Research Institutes may be created by the university in anticipation of outside funding. They revert to college status or cease to exist if external funding does not materialize. A University Research Institute may receive some support from the State University Research Fund. Except for the Physical Science Laboratory and the Water Resources Research Institute, University Research Institutes do not directly retain a percentage of indirect cost recovery resulting from their activity.
- c. Upon the recommendation of the vice president for research with concurrence of the executive vice president and provost, a University Research Institute may revert to College Research Institute status, be reorganized, or be dissolved, and the following list modified accordingly. University Research Institutes, all of which currently report to the vice president for research, are listed below.
 - i. Energy Research Laboratory
 - ii. Institute for Applied Biosciences
 - iii. New Mexico Space Grant Consortium
 - iv. Physical Science Laboratory
 - v. Water Resources Research Institute

2. College Research Institutes: College Research Institutes are research units formed at the discretion of a college, reporting to the college as the dean directs, and relying on the college for support. College Research Institutes do not directly retain a percentage of any indirect cost recovery resulting from their activity.

- B. University Research Council: *[Amendment to URC Charter (FS Proposition 22-08/09) passed by Faculty Senate 04.03.09; adopted by Administrative Council 07.14.09; ratified by Board of Regents 07.29.09] [Amendments restructuring and revising Policy 5.94 in its entirety, as noted above at 5.94, were approved by Board of Regents on 03.14.11]*

The University Research Council was established to foster research at the university. It serves as an advisory body to the vice president for research and proposes policy updates related to research, which if approved by the vice president for research are taken forward to the president for formal review and approval action. The University Research Council provides leadership in fostering a culture of research and in enhancing the university's distinction in research, scholarship, and creative activities among faculty, staff, and students.

1. Vision: The University Research Council, in concert with the Office of the Vice President for Research, seeks to create and maintain a culturally-diverse and ethically-driven academic environment that promotes excellence in research through a university that:

2. Mission: The University Research Council assists the vice president for research in formulating recommendations and policies specifically affecting the university's research community. Formally advisory in nature, the University Research Council provides a forum for internal discussion, initiates the development of policy on research matters, gathers and disseminates information to the faculty, and provides a faculty voice to the university administration on matters pertaining to research. While it is recognized that research represents only one component of the academic enterprise, the University Research Council focuses on facilitating and enhancing research-related activities at the university.

3. Goals: The University Research Council will work with faculty, administrators, and students to achieve these goals:
 - a. Encourage research and creative activities,
 - b. Improve the institutional environment for research,
 - c. Strengthen the interdependence between research areas and creative activities, and

 - a. Eligibility for Membership: To be eligible, a faculty member must have at least a 25% allocation of effort assigned to research and creative activity and a successful track record in research and scholarship activity.
 - b. Members: The complete University Research Council membership consists of: the officers of the Council (chair, chair-elect, immediate past chair), two faculty members from each college (three from Arts and Sciences), one faculty representative from the library, one representative from each university research institute reporting to the vice president for research, and one representative from the faculty senate. The vice president for research may appoint additional members to represent specified research activities.
 - c. Term: Members will serve two-year terms on the council, beginning on July 1 of the year of selection, except for the chair-elect (*see below*). The terms of college representatives will be staggered such that one person will be selected each year (two in one year and one the next year from the College of Arts and Sciences). Members are eligible for reappointment. If a member is unable to complete a term, the appropriate college dean or, for university research institutes, the vice president for research will arrange for a replacement to fill the position. Selection procedures for faculty representatives will be determined by the individual colleges.

6. Chair and Other Officers:
 - a. Election: Each year in August or September, the membership will elect a member to serve as chair-elect (who also serves as vice chair) for one year, as chair for the following

year, and on the executive committee as past chair for the next year. The member elected as chair-elect will serve a three-year term on the University Research Council beginning on the following July 1. If a college representative is elected as chair-elect, the college will be permitted to select an additional representative to complete the unexpired term. In the event that an officer is unable to complete a term, the membership will elect a member to fill vacancies.

- b. Responsibilities of the Chair: The chair will be responsible to convene and conduct regular University Research Council meetings. When the chair is unavailable, the chair-elect or another member designated by the chair will assume these duties.

7. Executive Committee:

- a. Membership: The executive committee shall consist of the chair, chair-elect (who also serves as vice chair), immediate past chair, and faculty senate representative.
- b. Responsibilities: Responsibilities shall include, but not be limited to: preparing the meeting agenda, appointing subcommittees, and delivering charges to the subcommittees.

- 8. Resource and Administrative Support: The Office of the Vice President for Research will serve as the office of record for the University Research Council.

C. Council of Associate Deans for Research (formerly Council of Research Centers):

The Council of Associate Deans for Research is an advisory group to recommend research policy and to coordinate operational research procedures among the colleges, university research institutes, and central research administration. It is chaired by the vice president for research. The council is composed of the associate deans for research of each of the colleges, the director of the Physical Science Laboratory, and the university research council chair, who serves in an *ex officio* capacity.

- D. The Institutional Review Board shall have authority to suspend or terminate approval of research that is not being conducted in accordance with the Institutional Review Board's requirements or that has been associated with unexpected serious harm to subjects. Any suspension or termination of approval shall include a statement of the reasons for the Institutional Review Board's action and shall be reported promptly to the principal investigator, to appropriate university officials, and to the federal Office of Human Research Protections.
- n. If a research subject registers a complaint, the investigator shall attempt to relieve the complaint by explanation or by a change of procedure. Written Institutional Review Board approval is required for procedural changes.
- o. It is the responsibility of the Institutional Review Board to determine whether applications that involve more than minimal risk to human subjects are of sufficient scientific merit to answer the proposed research questions or hypotheses.

E. Institutional Animal Care and Use Committee:

1. Membership:

- a. Voting members of the Institutional Animal Care and Use Committee are appointed by the vice president for research upon recommendation from but not limited to the Institutional Animal Care and Use Committee chair and the director of compliance. Animal research must be conducted by adequately trained persons using all necessary measures to prevent, minimize and alleviate pain and distress to an animal. Measures will be taken to ensure that no animals in the university's care will experience severe or unrelieved pain and/or distress. All university employees involved in animal use for teaching or research purposes must be certified by the Institutional Animal Care and Use Committee and must complete the occupational health and safety program for animal workers. Details of these requirements can be obtained from the institutional animal care and use committee chair or the director of compliance. Any microorganism (including but not limited to bacteria, viruses, fungi, rickettsiae, or protozoa), or infectious substance, or naturally occurring, bioengineered, or synthesized component of any such microorganism or infectious substance that is capable of causing: (a) death, disease or other biological malfunction in a human, an animal, a plant or another living organism; (b) deterioration of food, water, equipment, supplies, or materials of any kind; or (c) a deleterious alteration of the environment.
 - ii. Any toxic material or product of plants, animals, microorganisms (including but not limited to bacteria, viruses, fungi, rickettsiae, or protozoa), or infectious substances, or a recombinant or synthesized molecule (whatever the origin and method of production), which includes any poisonous substance or biological product that: (a) may be engineered as a result of biotechnology; (b) produced by a living organism; or (c) is an isomer or biological product, homologue, or derivative of such a substance.
 - iii. Infectious or pathogenic biological agent defined by: (a) CDC as biosafety level (BSL) 2-4 (*BMBL 5th Edition December 2009*), or (b) NIH as risk group (RG) 2-4 agent (*NIH Guidelines September 2009*).
 - iv. Regulated biological agent or toxin as identified by the CDC-APHIS National Select Agents Registry Program (NSAR) pursuant to (a) HHS-CDC 42 Code of federal Regulations (CFR) Part 73; (b) USDA-APHIS (9 CFR Part 121) or (7 CFR Part 331); <http://www.selectagents.gov>.

- b. Recombinant DNA Molecules:
 - i. Nucleic acid molecules constructed outside of living cells by joining natural or synthetic DNA segments to DNA molecules that can be replicated in a living cell.
 - ii. DNA molecules that result from the replication of those molecules described above.
3. Membership:
 - a. Voting members of the Institutional Biosafety Committee are appointed by the vice president for research upon recommendation from but not limited to the institutional biosafety committee chair and the director of compliance.
 - b. The institutional biosafety committee chair is appointed by the vice president for research and serves as the committee liaison to that office. The committee shall select a vice chair to conduct business in the absence of the chair, or in place of the chair if and when the chair has an application before the committee, or other conflict of interest.
 - c. The term of membership on the Institutional Biosafety Committee is a twelve-month renewable period. It is not uncommon for members to serve at least two years. The committee chair and the director of compliance will make a recommendation for renewal of membership on the committee to the vice president for research.
 - d. The institutional biosafety committee chair is a continuous appointment by the vice president for research, with an annual confirmation from the committee to the vice president. The biosafety officer is a continuous position appointment. The biosafety officer is a professional position that reports to the director of compliance.
 - e. The composition of the Institutional Biosafety Committee should include at least eight members employed by or otherwise affiliated with the university and two community members that are not otherwise affiliated with the university, with the following expertise and/or job duties:
 - i. recombinant DNA technology,
 - ii. molecular biology,
 - iii. biological safety,
 - iv. public health and epidemiology,
 - v. virology,
 - vi. microbiology,
 - vii. infectious diseases,
 - viii. animal scientist,

 - x. laboratory technician/non-doctoral, or
 - xi. facilities management.
 - f. The community members should represent the interests of the surrounding community with respect to health and protection of the environment and should be knowledgeable in the basic principles of microbiology and recombinant DNA technology, or capable of assimilating these principles within the context of their applicability to the surrounding community and the general public. Individuals with the following expertise and/or job descriptions should be considered:
 - i. officials of state or local public health or environmental protection agencies, or
 - ii. persons involved in medical, occupational health or environmental concerns in the community.
 - g. The Institutional Biosafety Committee may also include ex-officio non-voting members who may be invited to serve when their expertise is required and can supplement the deliberations of The Institutional Biosafety Committee. These members shall include, but not be limited to, biosafety expert consultants external to the university, and/or additional representatives, usually administrative, from such departments as Environmental Health & Safety; Employee Health Services; Research Administration; Office of the University General Counsel; Office of Facilities and Services; and/or Planning, Design and Construction.

4. Functions and Responsibilities:

- a. The Institutional Biosafety Committee is responsible for reviewing all applications submitted by research investigators and their laboratory staff members, teaching faculty, and visiting scientists (collectively defined as PI for principal investigator) whose activities involve:
 - i. any biohazardous agent as defined above which can cause disease in humans,
 - ii. any biohazardous agent which will be introduced into any animal,
 - iii. any non-exempt recombinant DNA molecules (Exempt experiments are defined by NIH Guidelines Section III-F) (NIH Guidelines September 2009),
 - iv. any large scale production of viable organisms containing recombinant DNA, or with the potential to produce toxic or hazardous substances (as defined by NIH Guidelines Section III-D-6 and Appendix K). (NIH Guidelines September 2009), or
 - v. any possession, use, or transfer of the select agents listed on the CDC-APHIS NSAR. (HHS Select Agents and Toxins 42 CFR Part 73; USDA Biological Agents & Toxins 9 CFR Part 121 or Plant Pathogens (7 CFR Part 331).
- b. The Institutional Biosafety Committee will minimize the risks to the health, safety, and well being of laboratory employees, the public, and the environment regarding the use of biohazardous agents, non-exempt recombinant DNA molecules, and large-scale production of recombinant DNA molecules.
- c. The Institutional Biosafety Committee recommends policies to guide Principal investigators, the biosafety officer, the Office of Compliance, and Environmental Health & Safety in the administration of the university's Biosafety Program with regard to the acquisition, use, transfer, storage, disinfection, disposal of agents, and emergency response procedures for all biosafety activities. The Institutional Biosafety Committee shall ensure that such activities meet standards of good practice consistent with safety of personnel, the general public, and the environment in ways that best facilitate relevant research or teaching activities at the university.
- d. The Institutional Biosafety Committee is vested with the authority to comprehensively review, and approve research applications with or without modifications, or withhold approval of all or any part of an application with regard to biological aspects of the research or activity. The Institutional Biosafety Committee may make recommendations for corrective action on protocols.
- e. If the biosafety officer's review of a suspected or alleged violation of any university policy or external regulation that involves "biosafety activities" indicates that the violation is of a serious or continuing nature, the biosafety officer will report such to the Institutional Biosafety Committee. The Institutional Biosafety Committee holds the authority to suspend any project in which serious or continuing violations have been reported. The Institutional Biosafety Committee will notify and coordinate with the affected investigator to rectify the situation. If further action is needed, the Institutional Biosafety Committee will inform the Office of Compliance, which will comply with appropriate federal agency reporting requirements.
- f. Upon request, the Institutional Biosafety Committee shall review and comment on proposed biosafety regulations, including but not limited to federal, state, and local policies. When appropriate, the Institutional Biosafety Committee will formulate draft policies and procedures for approval by the vice president for research and other institutional officials as needed.
- g. The Institutional Biosafety Committee shall periodically review the effectiveness of the Biosafety Program and make recommendations for improvements.
- h. The Institutional Biosafety Committee shall ensure that "biosafety activities that fall within the responsibility and scope of the Institutional Biosafety Committee" that are official university business conducted by a university employee at a non-university facility have been approved by the non-university facility and adhere to the university biosafety requirements.

G. Radiation Safety Committee:

1. General Principles:

- a. The use of radioactive materials and x-ray emitting machines at the university is regulated by federal, state, local and university entities. The Radiation Control Bureau of the New Mexico Environment Department (Bureau) is the primary regulatory authority.
- b. The Bureau issues Radioactive Material Licenses and X-Ray Certificates of Registration that define the conditions for use of radioactive materials and/or radiation producing devices at university facilities.
- c. The university has established the Radiation Safety Committee to serve as a review and approval body for the use of radioactive materials on campus or for university research purposes, and to provide and enforce safety guidelines for the use of radioactive materials or sources and of x-ray generating equipment at the university. University employees responsible for the use of radioactive materials in their research, operations, and/or teaching (whether conducted by employees, students, or others) must submit a proposal of their activities to the Radiation Safety Committee for approval.
- d. No program proposed or acquisition of radioactive materials shall be initiated until the proposal is approved by the Radiation Safety Committee. All staff and students participating in activities involving radioactive materials shall meet certain training requirements specified in the *Radiation Safety Manual*, available at the Environmental Health and Safety web site, and shall work within the permit granted by the Bureau and the Radiation Safety Committee's guidelines.

2. Membership:

- a. A minimum of three technical members of the Radiation Safety Committee are appointed by the vice president for research upon recommendation from the radiation safety committee chair. The members of the Radiation Safety Committee shall be representative of areas of the university where personnel are using radioactive materials or radiation emitting equipment. The radiation safety officer, a regular position of the Environmental Health and Safety Department, is an official member of the Radiation Safety Committee. All members of the Radiation Safety Committee, including the chair and the radiation safety officer, will be voting members. The radiation safety officer advises the Radiation Safety Committee on every aspect of the radiation safety program.
- b. The radiation safety committee chair is appointed by the vice president for research and serves as the committee liaison to that office. The committee shall select a vice chair to conduct business in the absence of the chair, or in place of the chair if and when the chair has an application before the committee, or other conflict of interest.
- c. Members of the Radiation Safety Committee are appointed for two-year renewable terms. The radiation safety officer is a continuous position appointment. The Radiation Safety Committee may also include ex-officio non-voting members who may be invited to serve when their expertise is required and can supplement the deliberations of the Radiation Safety Committee.

3. Functions and Responsibilities:

- a. The Radiation Safety Committee advises the vice president for research on radiation safety policy and procedures at the university. The Radiation Safety Committee is responsible for reviewing and approving all applications from research investigators and teaching faculty whose activities involve the use of radioactive materials/sources and x-ray generating equipment.
- b. The Radiation Safety Committee is vested with the authority to thoroughly review and make recommendations to the vice president of research regarding
 - i. qualifications of applicants requesting permission to use or supervise the use of radioactive materials or radiation equipment;

- ii. applicants' training and experience in the context of the plans for the work requested, including consideration of the types and quantities of materials, and the methods of use;
 - iii. all training courses that an applicant, or first-time user, attends to overcome any deficiencies in training; and
 - iv. efforts of each applicant to maintain exposure as low as reasonably achievable (ALARA) when considering the use of byproduct material.
- c. The Radiation Safety Committee will (a) ensure that the users justify their procedures, exposure potential and that individual and collective doses will be ALARA; and (b) encourage all users to review current procedures and develop new procedures as appropriate to implement the ALARA concept.
 - d. The Radiation Safety Committee will delegate authority to the radiation safety officer for enforcement of radiation safety policies and procedures. If the Radiation Safety Committee overrules the radiation safety officer, it will record the basis for its action in the meeting minutes.
 - e. The Radiation Safety Committee must meet at intervals not to exceed 12 months to review radiation policies and procedures and their implementation. A quorum for a meeting would require attendance of the chair, the radiation safety officer, and the committee member whose field of expertise is necessary to assure all safety aspects have been addressed.

5.94.40 Responsibilities and Accountability for Sponsored Project Awards

A. Administrative Responsibility:

1. **Principal Investigator Defined:** The principal investigator is the individual responsible for the intellectual direction of a research project and the training of graduate students. This responsibility includes the conduct of the project, fiscal and administrative accountability, and adherence to the requirements of all relevant laws, regulations, policies, procedures and agreements. If a project has multiple investigators (lead principal investigator and co-principal investigators), they shall share the responsibility and accountability for leading and directing the project, both intellectually and logistically.
2. **Eligibility to Serve as a Principal Investigator:** Eligibility to serve as a principal investigator on an externally sponsored award is generally limited to those regular employees of the university including: (a) those with faculty rank, including college faculty and research faculty as well as administrators with faculty rank such as (but not limited to) the president, executive vice president and provost, vice presidents, deans, and associate deans, and (b) research and development technical staff. There may be instances when it is in the best interest of the university to have other persons serve as principal investigators, such as temporary employees, affiliated faculty or emeritus faculty. Exceptions to the requirements that a principal investigator must have both (a) regular employee status and (b) either faculty rank or employment as research and development technical staff may be made with written approval of both the relevant dean or director, and the vice president for research. A student may serve as a co-principal investigator, but may not serve as the lead principal investigator on a project.

B. Sponsored Project Proposal Process:

1. **Proposal Preparation:** Proposal preparation is the responsibility of principal investigators and their units, working in cooperation with the Office of Grants and Contracts. The Proposal/Award Form or a similar automated system, as designated by the vice president for research, will be used by all principal investigators and project directors seeking externally sponsored project funding. This form will be processed in the early stages of proposal development. This is a mandatory form, and no research proposal will be signed or sent out from the university unless this form is signed by the appropriate administrative officers or designated representatives. Responsibility for proposal preparation includes developing budgets consistent with relevant cost accounting standards and obtaining appropriate

certifications, permits (*e.g.*, for drug use), and permissions (*e.g.*, use of humans and animals in research).

2. **Proposal Submission:** Proposal submission is the sole responsibility of the Office of the Vice President for Research. Principal investigators should timely submit funding proposals through their unit to the Office of Grants and Contracts, with sufficient advance notice to allow for their proper review, approval and submission to funding agencies.
- C. **Acceptance of Sponsored Project Award:** Award documents are received by the Office of Grants and Contracts for final review, negotiation and formal acceptance. Only the vice president for research (or designee) has the authority to accept an award, negotiate and to sign award agreements related to sponsored programs, including amendments, modifications, budget changes, principal investigator changes, and extensions to existing agreements.
 - D. **Maintenance of Sponsored Project Records:** Records of sponsored project awards and related certifications, permits and permissions, as well as of non-financial deliverable reports to sponsors, are maintained by the Office of the Vice President for Research through the Office of Grants and Contracts. This includes coordinating the production, submission and retention of reports and records generated in the closeout of sponsored award agreements. Financial records of sponsored awards and related reports, invoices and financial reports, are maintained by the Office of Administration and Finance, primarily through the Sponsored Projects Accounting Office.
 - E. **Accountability for Sponsored Award Transactions:** Transactions on sponsored project awards shall be approved by the principal investigator and the dean, director, or designee of the college or other unit. The Sponsored Projects Accounting Office, in cooperation with the principal investigators and their respective units, fiscally monitors sponsored awards, reviews and prepares financial reports, and receives and disburses funds.
 - F. **Accountability for Property Acquired Through a Sponsored Project Award:** The principal investigator, department head, dean or director, and university property administrator shall be accountable for acquisitions and dispositions of equipment and other property acquired through sponsored project awards. Any such property will be recorded on the university's inventory at a minimum, for property to which the university does not acquire title, until the expiration of the award period. A determination as to whether title to property acquired under sponsored awards vests with the sponsor or with the university at the end of the award period should be included in the award agreement, rather than negotiated at award termination. The university property administrator will be kept informed of any amendment to the initial determination regarding property ownership, so that the university's inventory may be updated and the necessary final property reports prepared.

Searches for Academic Administrators [*Amendment (FS Proposition 11-08/09) passed by Faculty Senate 04.02.09; adopted by Administrative Council 04.14.09; ratified by Board of Regents 09.25.09*][*Amendment (FS Proposition 04-09/10), passed by Faculty Senate 11.05.09; ratified by Board of Regents 02.01.10*]

- A. Guidelines and procedures for a search may be found in the [Search Committee Handbook](#), copies of which are available in departmental offices or through the Office of Institutional Equity/OIE.
- B. Faculty members shall serve on search committees for academic administrative positions. They will be nominated and elected for this specific purpose.
- C. The executive vice president and provost will inform the chair of the Faculty Senate about nonacademic administrative searches, and the chair may request similar faculty representation.
- D. All academic administrative positions at the department head (or equivalent) or above level, including that of the university president, require a search to be filled permanently.
- E. A search at the department head (or equivalent) or associate dean levels may be done externally or internally.

- F. Searches for all positions at the dean (or equivalent) level must allow external applicants.
- G. Internal candidates, including interims, are allowed to apply for any position.
- H. In all cases where external and internal candidates apply for the same position, these applicants will be treated equally. There is no assumed preference for internal applicants.
- I. The provisions of this policy do not limit the Board of Regents when negotiating a contract for interim president.

5.98 Tenure Track and Tenure (Continuous Contract)

Amended by Proposition 06-08/09 Passed by Faculty Senate 01.15.09; Signed by president 02.19.09 Ratified by Board of Regents 07.29.09]

- A. Tenure Home: Tenure at the university is placed in a specific department/program/community college where the criteria for each individual's tenure are established. Tenure at the community college means at the community college, not on the main campus. There is no obligation to bring the person to the main campus if the person's position ceases to exist at the community college.
- B. Initial Appointment: Excerpts from this manual regarding promotion and tenure will be presented to each new member of the faculty* prior to appointment and the faculty member's acceptance of an appointment indicates understanding and acceptance of the provisions of the contract as specified in this manual. Information regarding social security, retirement, hospitalization, disability, and life insurance will be presented to each prospective member of the faculty prior to appointment and acceptance of the conditions of employment. The patent policy for the university staff will be presented to each prospective member of the faculty prior to appointment, and acceptance of the appointment indicates understanding and acceptance of this policy.
- C. Temporary Contracts (Issued by the Office of the Executive Vice President and Provost): Contracts which cover an employment period of either 9 months or 12 months are issued as follows:
 1. Contracts are issued to full-time tenure-track faculty members.* Full-time is interpreted to apply to tenure-track faculty members who are released no more than 1/4 time to duties other than academic and/or research programs and/or academic administration. Unless prior approval for exception is obtained from the department head, dean, and executive vice president and provost, it will be considered that all other faculty are less than full-time and occupy nontenure-track positions.
 2. Nine-month contracts cover the period from the opening faculty meeting in the fall to the date final grade reports are due for the spring semester; 12-month contracts are issued effective July 1 and terminate on June 30 of the following year. Temporary contracts are presumed to end at the conclusion of the stated term. The terms shall be stated in contractual form and a copy retained by the university and the appointee.
 3. New tenure-track faculty reporting for duty after the last Friday in September (12-month employees) or the second Friday in October (9-month employees) will not receive a temporary contract. Instead, the dean will prepare an agreement for the new faculty member's signature covering employment for the remainder of the year (this form to be submitted with the initial Personnel Action Form). The first contract will be issued at the beginning of the next contract period, which will constitute the first year of the probationary period toward tenure.

**Interpreted as including all tenure-track and tenured members of the instruction staff and the Agricultural Experiment Station staff; all Cooperative Extension Service state staff members; the Research Centers' staffs; and any others whom the Board of Regents may designate.*
- D. Probationary Period: The probationary period [may also be referred to as the trial, or provisional period] (1 year at a time) for personnel with or without previous experience agreed upon from

other institutions of higher education will ordinarily not exceed 6 years. At the discretion of the administration, the trial period may be shortened. Thereafter, there shall be a presumption of permanence in employment and the requirement of cause as indicated below assigned for dismissal.

- E. Nonrenewal of Contracts and Termination of Appointment: In the process of evaluating performance and issuing temporary contracts, it may be necessary not to renew a temporary contract.
1. During the trial period, non-renewal of the contract may be without implication of criticism or specification of cause.
 2. The reason for non-renewal will be stated, if so requested by the faculty member subject to non-renewal. The reason is only to be communicated if requested by the faculty member. The choice of the manner of notification (verbally or in writing) is to be made by the faculty member. The faculty member must request the reason for non-renewal prior to the end of the faculty member's contract.
 3. Prior to non-renewal, the department head, or comparable administrator, must consult with the promotion and tenure committee of the department before any recommendation of non-renewal is forwarded to the dean. The consultation is to be in the form of a meeting and the department head or comparable administrator must identify the faculty member(s) at risk for non-renewal. In addition, the department head or comparable administrator must provide the committee with all relevant information, to the extent allowed by law, related to the non-renewal.
 4. Notification of the non-renewal of short-term or non-continuous appointment is made in writing according to the following schedule:
 - a. for faculty members in their first year of service at this university – 3 months or more before the end date of their contract;
 - b. for faculty members in their second year of service at this university – 6 months or more before the end date of their contract;
 - c. for faculty members who will have 3 or more years of service at this university at the time of nonrenewal – 1 year or more before the end date of their contract.
- A Contract Status Form must be processed by the department head for the nonrenewal of a temporary contract prior to the deadlines established for notification. The employee should acknowledge receipt of such notification by dating, signing, and returning the Contract Status Form.
- F. Voluntary Termination of a Temporary Contract: Any staff member who proposes to resign shall give written notice to the administration at the earliest time possible, but in no case later than 30 days after the staff member receives written notification of the terms of the next year's contract, or 3 months prior to the start of the following academic year, whichever is later, except when mutually agreed upon by the individual and the administration. The faculty member should inform the department head in writing. The department head will inform the dean, who in turn will notify the executive vice president and provost. The department head should then submit a terminating Personnel Action Form at the earliest possible date. If death is the reason for termination, payment will be made for all unused annual leave accrued at the time of death to a maximum of 52 working days of leave. If a person listed by the promotion and tenure committee does not wish to be considered for promotion or tenure, the person must so indicate to the department head in writing. However, if the person is in the fifth year of tenure-track service, withdrawal from consideration for tenure must be accompanied by written notice of resignation effective at the end of the sixth year of service (this notice to be received by the department head before the end of the fifth year of service).
- G. Involuntary Termination of a Temporary Contract: [See 5.47 Faculty Discipline](#)

- H. Change to Continuous Contract: The department head initiates the Contract Status Form to accomplish the change from temporary to continuous contract. All recommendations for tenure must be accompanied by notification to the executive vice president and provost from the dean of the result of the faculty committee vote. When tenure is awarded, it is awarded in the unit that initiated the request for tenure (continuous contract). No temporary appointment can become continuous without the official action of the university administration.
- I. Continuous Contracts: A continuous appointment is not a matter of right, but is made after the provisional period has been completed successfully, providing the individual's services are needed. Such an appointment is made by the issuance of a new contract at the time of continuous appointment or shortly thereafter, and the contract becomes the abiding instrument governing employment, except that the terms may be modified from time to time by endorsement. Continuous contracts are issued by the Office of the Executive Vice President and Provost following receipt of an approved Contract Status Form. Continuous contracts are not reissued until there is a promotion in rank. Each spring an official contract amendment (salary letter) is issued by the president's office which informs the faculty member of final performance evaluation and annual salary for the ensuing year. Once a faculty member has been appointed to a continuous contract, that faculty member will retain continuous contract status even though the faculty member accepts appointment at less than full time.
- J. Transfers: Normally there are four types of transfers of faculty members within various agencies of the university:
1. A faculty member leaving an instructional/research department to serve in a different instructional/research department. Under these circumstances, the individual may be given credit toward a continuous contract for the years served in the earlier department. With proper departmental and college vote, and the completion of a Contract Status Form by the new department, tenure may be transferred with a faculty member from one department to another.
 2. The transfer of a faculty member from a non-instructional division to an instructional division or vice versa. Under these circumstances, years of service in the prior position will not necessarily count toward a continuous contract in the new position. Proven performance in the first position, under these circumstances, might not assure that the individual would be able to render satisfactory professional service in the new area of assignment.
 3. The transfer of a faculty member from the university community college campuses to an instructional division on the main campus or vice versa. Under these circumstances, years of service in the prior position will not necessarily count toward a continuous contract in the new position or assure appointment in an equivalent rank. Proven performance in the community college or main campus position might not assure that the individual meets the rank requirements of the new position.
 4. The transfer of a faculty member from one community college to another: Under these circumstances, the individual may be given credit towards a continuous contract and rank for the years in the previous community college.
- K. Voluntary Termination of a Continuous Contract: The section above on voluntary termination of temporary contracts also applies to continuous contract employees.
- L. Involuntary Termination of a Continuous Contract: *See 5.47 Faculty Discipline*

CHAPTER 6 - ACADEMIC-RELATED POLICIES *(See also academic policies contained in the Undergraduate and Graduate Catalogs and Student Handbook)*

6.05 Academic Units - Creating, Reorganizing, Relocating, Eliminating *(See also Policy 2.50-Naming Policies)*

- A. Definition of Academic Unit: For the purpose of this policy an academic unit is defined as a college, a department, an undergraduate major, a graduate degree program, or a library, whether these units are located on the main or a community college.
- B. Reviews/Recommendations and Approvals Required: Any proposal to create, reorganize, relocate or eliminate an academic unit must be submitted for review and recommendation by the Faculty Senate, the Academic Deans Council, and the president to the Board of Regents for their consideration and action.
- C. Initiation of Proposal to Create, Reorganize, Relocate or Eliminate an Academic Unit: Proposals to create, reorganize, relocate, or eliminate an academic unit formally originate with a bill submitted to the Faculty Senate. The proposed legislation shall follow the procedure specified in Faculty Senate Constitution ARTICLE IX Propositions for Consideration of the Constitution of the Faculty Senate, except that no such proposal will be considered as emergency legislation.
- D. Effective Date of Change: If approved, the creation of a department will be effective either January 1 or July 1 following the approval.
- E. Procedure for Implementation: After approvals from the appropriate authorizing bodies are obtained (*i.e.*, Faculty Senate, Academic Deans Council, etc.), the requesting department head/director must submit an Organization Change Request Form to the Office of Human Resource Services for processing. The form must be submitted with all relevant documentation attached no later than November 30 (for January 1 effective date) and May 31 (for July 1 effective date).
- F. Creation of New Colleges: The creation of a new college is a decision based on the weighing of a number of criteria, including those below. An attitude of flexibility, reality, and organizational feasibility should be maintained in applying these criteria. The structure of the entire university, if a new college is formed, is an important consideration.
 1. There should be a documented professional need for the college in the state and region.
 - a. Rationale: This can be expressed through increasing student enrollment in programs that would be part of the new college, or an obvious need for professional graduates of the college as expressed by state and local groups who desire to hire these professions.
 2. The proposed college should be of a recognized profession or group of disciplines.
 - a. Rationale: The new college should give a desirable added professional recognition and development in the area of the new college.
 3. At the outset, the new college shall have a minimum student enrollment of 250 with demonstrated ability to reach an enrollment of 500 within a 3- to 5-year period and a sufficient number of faculty to make it a viable administrative unit within the university.
 - a. Rationale: After several development years, the quantity of faculty and students should be sufficient to lend themselves to a quality of organization, instruction, and service that will provide a viable thrust to the university.

The quality and quantity of the faculty in the proposed college should be capable of maintaining with distinction an academic undergraduate and graduate program.

4. The university must be willing to make the commitment to furnish financial support for an additional college.
 - a. Rationale: This should include an adequate budget to provide for an expanding staff at the college level and funds for additional housing at a professional level.
- G. Changing a Department or Group of Departments into a School: The proposed school should incorporate more than one area of specialization or should offer more than one degree (may include interdisciplinary cooperative efforts or more than one department). The proposed school should be an administrative and support unit with undergraduates and graduate students and an established, nationally recognized teaching and research program. The administrative head of a school may be called a chair, a head, or a director, but this person's administrative level will be equal to that of a department head. The legislation must contain a clearly stated and convincing justification for the name change, and must have support of the department and college faculty and administration.
- H. New Academic Unit: There should be a documented academic/educational need for the academic unit, including but not limited to, an increasing student enrollment or significant employment opportunities for graduates in that field. The new program(s) should be consistent with the mission of the university and the college in which it will be located. There are sufficient faculty and resources to staff the program.
- I. Relocation or Reorganizing an Academic Unit: Proposals to relocate a department must meet all of the following criteria:
 1. The relocation will produce a more homogenous set of programs and departments in both colleges.
 2. The relocation will enhance the professional identity of the program or department involved
 3. The relocation will not cause undue hardship for other academic units.
 4. The faculty and administrators directly affected are in agreement.
 5. Such a change will better serve the university community, clients, and/or the mission of the university.
 6. Address the transfer of resources, courses taught, and the faculty rank and tenure (or years to tenure) of those individuals being transferred.
 7. If a unit is being relocated to another college, there should be significant support from the unit being transferred and the unit receiving the transferred personnel/resources.
- J. Elimination of an Academic Unit: (*See also Policy 4.40, Layoff/Financial Exigency*) Proposals to eliminate an academic unit must meet the following criteria:
 1. A significant decline in enrollment, either as measured by number of majors or student credit hours.
 2. The resources are needed by programs or departments with much higher enrollment or student credit hour production.
 3. In evaluating a proposal to eliminate an academic unit, the unit's contribution in the areas of teaching, research, and service shall be considered.
- K. Undergraduate Program Changes: (*See Curricula Changes*) All undergraduate program changes, including those of associate degrees, will be reported by the appropriate college representative at the fall curriculum meeting of the Associate Deans Academic Council. If applicable, adequate library resources and support services should be confirmed.

6.10 Academic Units/Programs (Procedures for Change) (See Appendices 5-A and B for flowcharts of both academic and nonacademic change procedures)

6.15 Articulation Agreements

- A. The decision to participate in an articulation agreement with another institution(s) rests with the faculty.
- B. For those articulation agreements that are initiated by the New Mexico Higher Education Department, the administration will appoint a representative to the HED Statewide Articulation Task Force. The representative will consult closely with faculty in individual departments on discipline-specific course equivalencies prior to signing any articulation agreements. Department faculty must approve any changes which affect how credit is awarded in their discipline prior to implementation. Faculty approval is not required if the proposed changes are already reflected in the Course Transfer Matrix established by the Office of the Registrar. (See [Transfer Credit in Undergraduate Catalog](#))
- C. In cases where a change in the current HED Articulation Agreement will affect the university's general education requirements, the representative will consult closely with the General Education Committee prior to signing any articulation agreements. The General Education Committee must approve any changes affecting the structure of the university's general education curriculum prior to its implementation.
- D. For those articulation agreements initiated by a university department or college, the initiating department or college will consult closely with the faculty in individual departments on discipline-specific course equivalencies prior to signing any articulation agreements. Department faculty must approve any changes in how credit is awarded in their discipline prior to implementation. Faculty approval is not required if the proposed changes are already reflected in the Course Transfer Matrix established by the Office of the Registrar. (See [Transfer Credit in Undergraduate Catalog](#))
- E. The Board of Regents endorses the concept of articulation between 2 and 4-year colleges and universities. At the university, the evaluation of transfer students' transcripts has been done by one central office for over 15 years. By centrally evaluating these transcripts, the majority of the problems with respect to articulation have been resolved. In addition, the university has prepared academic transfer guides for all two-year institutions in the state of New Mexico. To promote the continuous efficient, forward progress of students through the educational system of New Mexico, the board endorses practices and matrices which facilitate the intrastate transfer of credit and support the development and implementation of a statewide articulation plan. To this end, students awarded the Associate of Arts or Associate of Science degree from an accredited New Mexico postsecondary institution will be accepted at the junior level* in baccalaureate degree-granting institutions.

**Students will be allowed to register as juniors. They may be required to take lower division course work to fulfill specific baccalaureate degree requirements. This interpretation will be published in catalogs and student transfer guides.*

6.16 Authorized Absences

Students making satisfactory progress in their classes will be excused from classes when they are representing the university at a university sponsored event (e.g., ASNMSU president represents the university at legislative session, student-athletes competing in university scheduled athletic events, or educational field trips, and conferences). Authorized absences do not relieve the student of class responsibilities. Prior written notice of the authorized absence will be provided to the instructor by the sponsoring department.

6.20 Class Cancellation

Classes are not to be canceled without prior approval of the appropriate department head and dean.

6.25 Class Disruption/Interruption

Any disruption or interruption of classes is to be reported promptly to the department head, who will in turn inform the dean and the dean will inform the executive vice president and provost.

6.26 Class Schedules and Catalogs

- A. Minimum Class Time: The minimum class meeting time is 750 minutes per credit hour per semester. A chart of minimum class meeting times follows. For more information, contact the Scheduling Office.

Course Length	Credit Hours	Meets 1 Time/Week	Meets 2 Times/Week	Meets 3 Times/Week	Meets 4 Times/Week	Meets 5 Times/Week
16-weeks	3.0 (2250 min.)	2 hrs 30 min	1 hr 15 min	50 min	40 min	30 min
6-weeks	3.0	6 hrs 25 min	3 hrs 15 min	2 hrs 10 min	1 hr 45 min	1 hr 25 min
5-weeks	3.0	7 hrs 30 min	3 hrs 45 min	2 hrs 30 min	2 hrs	1 hr 30 min
4-weeks	3.0	9 hrs 25 min	4 hrs 45 min	3 hrs 10 min	2 hrs 20 min	1 hr 55 min
9-weeks	3.0	4 hrs 20 min	2 hrs 10 min	1 hr 25 min	1 hr 5 min	50 min
8-weeks	3.0	4 hrs 45 min	2 hrs 25 min	1 hr 35 min	1 hr 15 min	60 min
Short-course	1.0					2 hrs 30 min

A credit equals 1 hour of class per week during a semester. To convert laboratory clock hours to credit hours, divide the laboratory clock hours by 2. Thus a course designated as (2+2P) could be evaluated as 3 credits. (See Chapter 5, Faculty - Assignments for other proportional credit calculations)

- B. Use of the Term “Variable”: The term variable in the class schedules and catalogs shall be reserved for the following courses only: 599, 600, 699 and 700.
- C. Listing of Credits: Courses showing credits X-Y (for example, 1-3) are limited to a maximum of 9 credits. That is, they may be listed for 1-9 credits, but not 1-10. Following the course description or title there should be a statement in regard to the maximum credit which may be taken for any given semester and the total maximum credits.
- D. Printing Format: In the printed class schedule the word variable following a course shall be applied to those courses in paragraph B. above. Courses referred to in paragraph C. above will be scheduled 1-3, 1-4, etc., according to the maximum credit which may be taken for any given semester.
- E. Authority of Chair of Associate Deans’ Academic Council: The chair of the Associate Deans Academic Council may approve the offering of new courses on a one-time-only basis if the courses are to be used in programs with special outside funding, or under the following circumstances:
1. The course responds to a special circumstance that could not be anticipated (*e.g.*, to take advantage of the expertise of someone hired in a professorial chair, such as the Gerald Thomas Chair).
 2. The course responds to specific needs in a grant recently received.
 3. Changes in certification requirements dictate immediate changes in the curriculum.
- F. Review by University Curriculum Committee: College deans are to urge department heads to submit to the University Curriculum Committee special topics courses at the lower division, upper division and (if applicable) graduate levels.
- G. Approval Authority of Associate Deans’ Academic Council: Associate Deans Academic Council approval of course changes for the ensuing catalog automatically authorizes scheduling of these

courses during the semesters preceding the publication of the catalog if requested by so indicating on the course change form on the line marked starting date.

- H. Adherence to Class Schedule: Faculty members will meet each class at the place listed in the schedule unless they have approval from the department head to meet elsewhere. (This especially pertains to changing a class to any off-campus location.)

6.30 Commencement

- A. Ceremony: Two ceremonies may be held at the end of each semester, one ceremony on Saturday morning for three colleges and one Saturday afternoon for the other three colleges. Graduate students will participate with their respective colleges, but all graduate students in each ceremony will sit and be identified together. One honorary degree may be awarded at each ceremony.
- B. Symbolic Commencement: Candidates for degrees sign applications which clearly state that the awarding of degrees is subject to completion of all requirements and cannot be interpreted as a commitment. Commencement ceremonies for the associate degrees awarded by the community colleges will be arranged by the respective community college.
- C. Academic Regalia: Each college may approve distinctive symbols to be worn by the top 10 percent of its graduates at commencement. Only one such symbol may be worn by each graduate. In addition, the student with highest honors in each college may wear a crimson-colored gown. No other symbolic additions to academic regalia are allowed without the approval of the Academic Deans Council.

6.35 Curricula Changes

- A. All new courses, course changes (description, credit, prerequisite, etc.), and course deletions are approved by the Associate Deans Academic Council, prior to being placed in the catalog or in the Schedule of Classes. This includes courses offered at the community colleges that meet for less than a full semester. A special meeting is called when appropriate to consider interim courses and other course changes approved for review by the chair of the Associate Deans Academic Council. Deadlines for having this information to appropriate offices will be announced and enforced. The chair is empowered to act for the committee on a one-time-only basis in the case of extenuating circumstances.
- B. Although a grade of D is "passing" but "below-average" work, it is recognized that in some courses, and sequences of courses highly cumulative in nature, below-average work is not adequate preparation for the subsequent courses. In such cases the Associate Deans Academic Council may approve a prerequisite specifying "a grade of C or better in the prerequisite course."
- C. A department wishing to initiate a new course, delete a present course, or introduce changes in descriptions, credits, or prerequisites must submit the request to the cognizant dean on the NCR form designed for this purpose. (These forms, commonly called "flimsies," are available in the deans' offices.) Format guidelines for flimsies are also available in the deans' offices.
- D. Summary sheets, in alpha-numeric order by prefix, provide a cover list of changes. (For example, a number change BIOL 116 to BIOL 119; a title change CHEM 199, Intro. to CHEM to Elementary Chem; a credit hour change PE101, 1 cr to 2 cr; a prereq. Change E T 101 to E T 112; a course deletion GEOG 206; or a new course.) Copies of summary sheets and flimsies are distributed by each dean as follows:

	# of summary sheet copies	# of flimsy copies
AGHE	9	9
A&S	24	5
BA&E	6	2
ED	7	4
ENGR	8	2
HSS	2	2

Executive Vice President/Provost	1	1
Catalog Editor	1	1
Graduate School	1	1
Scheduling	1	1
Library	1	

- E. Objections to any change cited on a flimsy are resolved prior to the meeting of the Associate Deans Academic Council. If this is not possible, a written statement must be submitted to the committee chair prior to the day of the meeting. Automatic approval of the committee will be extended to all courses for which there are no written objections. Any dispute regarding a flimsy that cannot be resolved by the Associate Academic Deans Council will be referred to the executive vice president and provost for a final decision.
- F. The recommendations of the Associate Deans Academic Council are reported immediately to the departments by the deans. An approved copy of the NCR form is distributed to the scheduling office, cognizant dean, and the cognizant department head. Courses which have not been offered for 5 years are subject to automatic deletion by the scheduling office. Before initiating deletion, the scheduling director prepares a list of such courses, and departments may request that they be maintained if suitable justification exists.

6.40 Course Material/Textbooks

- A. Course Material: Department heads are responsible for having on file a course outline for each course offered by the department. Each professor is responsible for course content and selection of required materials (textbook(s), supplementary printed material, equipment, supplies) for the course. The professor is obligated to keep course costs to the student as low as possible. The department head is responsible for the approval of bookstore requests, requests for supplementary materials, and for the coordination of requirements for multiple sections. The department head should be cognizant of course costs to students and advise the professors should such costs appear to be excessive.
- B. Textbooks: All textbook orders from faculty must be channeled through the department head for signature and approval and then forwarded to the bookstore manager. The bookstore manager will review departmental requests for textbooks and order as per the department head's request. Order quantities may be increased or decreased by the bookstore manager if previous enrollment or sales history indicates that it is necessary. Department heads must notify the bookstore manager immediately when additional sections are opened or courses canceled. Faculty will not be allowed to order and/or sell books on or off campus without written approval from the appropriate dean and the bookstore manager. Before a faculty member may require students to buy a textbook or other material authored or coauthored by that faculty member, approval from the department head is required. The department head may convene a committee of department faculty to consider the matter. If the department head is the author/coauthor of the required textbook or other material, a committee of department faculty will consider the matter and make a recommendation to the dean, whose approval will be required. Supplementary materials, published or unpublished, produced by departments or individuals for sale to students will be sold through the university Bookstore or through other vendors who are authorized to purchase such materials from departments only, not from individual faculty members. Payment by the vendors shall be made to the department upon receipt of an appropriate departmental voucher or invoice. Faculty and staff members may request reimbursement from their departments for their expenses.

6.45 Course Prefixes

- A. Proposals for New Course Prefixes: Colleges or departments may propose new course prefixes through appropriate channels to the executive vice president and provost. It is assumed that the prefix will convey desirable information. New prefixes by the departments may be instituted only if they will be applied to at least 9 credits of course work.
- B. Lower-Division Occupational Education Courses at the University's Community Colleges: All courses taken toward fulfilling requirements for an associate degree and/or individual courses

offered for credit at community colleges only will have an OE (Occupational Education) designation. The third and fourth letters will designate the area in occupational education (e.g., WU, Water Utilities; MM, Mid-Management).

6.50 Degree Revocation and Expulsion from university *fka* Degree Revocation *(See also Academic Misconduct Policy in Student Code of Conduct)*

The Board of Regents recognizes that on rare occasions a degree may be awarded to an individual who, upon review, has not properly completed all requirements for the degree.

- A. Allegations Reported To Dean: Allegations regarding academic misconduct which may result in permanent expulsion or degree revocation shall be brought immediately to the attention of the appropriate dean.
- B. Preliminary Investigation: The dean shall conduct a preliminary investigation with an appropriate professional body within the university.
 1. The dean may consult experts in the professional field in which misconduct is suspected. The purpose of this consultation shall be to provide an evaluation of the alleged misconduct.
 2. In all cases where such serious academic misconduct is suspected, the dean shall convene a misconduct review panel consisting of the department head of the appropriate department, or if appropriate, Graduate Council chair, the chair of the Faculty Senate, and an administrative officer of the unit in which the suspected misconduct occurred. No one who has participated in any previous decisions relating to the facts underlying the allegations in question may participate on the Review Panel (or on the ad hoc committee, described below). In the event of a conflict of interest, alleged bias against the accused or refusal to serve on the panel, the dean shall appoint a replacement from the senior faculty. This panel shall review the evidence and its evaluation, decide whether a formal charge is appropriate, and advise the dean and the executive vice president and provost.
 3. If, after such preliminary investigation, serious academic misconduct which could result in degree revocation is suspected, the dean shall notify the executive vice president and provost.
- C. Formal Charges: If so advised, the dean shall:
 1. Issue in writing a formal charge, detailing the basis for the charge, to be delivered to the accused as described below.
 2. Notify the accused in writing of the formal charge(s), including the factual allegations, in detail, upon which such charge(s) are based. This notice will also inform the accused of the right to appear at a hearing before an ad hoc committee and to present evidence at that hearing. The notice shall inform the accused of the proposed date of the hearing and that, if the allegations are substantiated, the revocation of the accused's degree will be considered as a sanction. In addition, a copy of these procedures shall be included with the notice. This notice shall be delivered to the accused in person or by registered or certified mail, return receipt requested.
- D. Ad Hoc Hearing Committee: The ad hoc committee shall be composed of five senior faculty members appointed by the executive vice president and provost. The executive vice president and provost shall designate one member of the committee as the chair. In the event of a conflict of interest, bias against the accused, or refusal to serve on the committee, the executive vice president and provost shall appoint a replacement.
- E. Ad Hoc Committee Hearing Process: A hearing shall be held before the ad hoc committee, which hearing shall begin between 20 and 30 working days after the accused has been notified of the allegations, unless an earlier hearing is requested by the accused. The accused may request, and shall be granted, additional time, not to exceed 20 working days, to prepare for the hearing before

the ad hoc committee. All hearings and appeals described in this procedure will be closed meetings, unless the accused student or former student requests that they be open to the public.

1. The accused shall be given the opportunity, at least 10 working days before the ad hoc committee hearing, to examine any documentary evidence that may be used in support of the allegations, and to interview any witnesses who will be called in support of the allegations.
 2. The accused may be represented by legal counsel, at the accused's expense, who shall be allowed to fully participate in all proceedings following notice of the charge(s) to the accused.
 3. The university may designate and appoint an attorney to present the evidence against the accused and to fully participate in all aspects of the proceedings.
 4. The hearing by the ad hoc committee and any subsequent proceedings shall be recorded by certified court reporter.
 5. All testimony before the ad hoc committee shall be sworn and upon the oath or affirmation of the witness.
 6. The burden of proof shall be on the university to prove the charge(s) by clear and convincing evidence.
 7. At the hearing before the ad hoc committee, the accused shall be entitled to present witnesses and cross-examine adverse witnesses, and to present such other written or documentary evidence as may be relevant to the charge(s).
 8. No formal rules of evidence shall be used by the ad hoc committee. The chair shall control the conduct of the hearing and shall rule on the admissibility of any disputed evidence and may exclude any evidence which, by its nature, would appear to be untrustworthy, irrelevant, or redundant.
 9. The ad hoc committee shall present written findings of fact to the dean. These findings shall state whether the charge(s) against the accused were substantiated by clear and convincing evidence and shall also set forth the specific pertinent factual findings established by the evidence. The ad hoc committee shall not make recommendations concerning possible sanctions.
 10. The ad hoc committee's findings shall be by majority vote and shall be reported to the dean, in writing, within 10 working days of the conclusion of the hearing.
 11. Following the hearing and upon receipt of the formal, written advice of the ad hoc committee, the dean shall decide upon the disposition of the case and, if appropriate, recommend the imposition of sanctions. Within 5 working days of the receipt of the ad hoc committee's report, the dean will forward the record, and the dean's decision and recommendations to the executive vice president and provost.
 12. Within 5 working days following receipt of the disposition and recommendation from the dean, the executive vice president and provost will submit a recommendation as to sanctions, if any, together with the reports of the ad hoc committee and the dean, to the president of the university.
 13. The president will make a decision regarding the imposition of any sanction or penalty. This decision shall be rendered within 5 working days following receipt of the recommendation from the executive vice president and provost. The decision shall be delivered to the accused in person or by certified or registered mail, return receipt requested.
- F. Appeal to Board of Regents: The decision of the president may be appealed, in writing, to the Board of Regents. In the event the accused wishes to exercise such appeal, the accused shall, within 20 days of the date the decision of the president is mailed to the accused, provide the

executive vice president and provost with written notice of appeal to the board. This notice shall be forwarded to the president. The president shall then forward the notice, a copy of the president's written decision, and the record of proceedings, including the evidence presented to the ad hoc committee, to the board. An appeal to the Board of Regents shall be considered by the board at its next regularly scheduled meeting:

1. The Board of Regents shall allow oral arguments by both the general counsel and counsel for the accused, or by the accused, not to exceed 30 minutes in length for each side.
2. The accused, and general counsel, may present written arguments to the board, by service upon the executive vice president and provost, not later than 10 working days prior to the time that the board will hear oral arguments.
3. The general counsel for the university shall be allowed to present its argument first, and to reserve any portion of the allotted 30 minutes for rebuttal following the accused's presentation.
4. The Board of Regents, by majority vote, in open session, may affirm the action of the president, modify such action, or dismiss the allegations against the accused.
5. The decision of the Board of Regents shall be reported, in writing, to the accused (by certified or registered mail, return receipt requested) within 30 days following oral argument, with a copy to the ad hoc committee.
6. The decision of the board shall be final.

6.55 Distance Education (*See also* [Policy 5.25.30, Compensation-Distance Education](#))

- A. All costs for off-campus programs must be recoverable from contracts and/or specified state appropriations and tuition.
- B. The following costs must be recovered:
 1. That portion of salaries of faculty and site facilitators required for the delivery of the course off-campus.
 2. Charges for use of off-campus facility(ies).
 3. Expenses for the production and transmission of the course(s).
 4. Transportation and per diem for travel to remote site(s).
 5. Other expenses such as telephone calls, shipping materials, and supplies.
 6. College and/or departmental and distance education increments.
- C. When contract and/or tuition funds are not sufficient to cover all the costs of Item 2, costs listed under the first and last items in Item 2 above may be negotiated to meet the constraints of funding.
- D. All of the above may be modified to meet different educational approaches; however, the total allocated resources would not be reduced.
- E. Following approval by the college dean, off-campus graduate course proposals are forwarded to the dean of the Graduate School, who is the academic officer responsible for field-based graduate offerings.

6.60 Examinations/Tests

- A. Exam Week: Normally, every class meets at least 750 minutes per credit hour. The registrar will

schedule the sixteenth week of instruction of each regular semester in 2-hour blocks. These blocks may count toward the 750-minute minimum per credit hour if necessary, or it may exceed the 750-minute rule. In either case, the exam week class time is not optional and must be used for some culminating activity, whether or not the instructor requires a final exam.

- B. Exam Schedule: The examination schedule will be included in the class schedule at registration.
- C. Completion of Fall Semester Prior to Holiday: The fall semester will be completed before the winter holidays.
- D. Length of Examinations During Last Week of Regular Classes: Faculty are not allowed to hold examinations lasting more than one class period during the last week of regular classes. In addition, faculty can only reschedule exams outside of the regularly scheduled exam period with the unanimous consent of the students and permission of the department head.
- E. Student Grievance: Students who feel that their rights have been violated should contact the respective department head.
- F. Maximum of Three Final Exams Per Day: During exam week, a student cannot be required to take more than three exams in 1 day. Instructors of exams that would occur after the third must permit the student to take the exam at another time if the student desires. Any student having more than three examinations scheduled in any 1 day may notify the instructor of the last examination listed and ask for alternate arrangements to be made for examination. If the fourth exam is a departmental exam, the instructor of the third exam will make alternate arrangements. (See [the Schedule of Classes for deadline for notifying instructors.](#))
- G. Advance Coordination of Final Exams/Term Papers: Each faculty member will be requested by the deans to announce intentions as to final examinations and term papers during the first week of the semester.
- H. Advance Resolution of Final Exam Scheduling Conflicts: Also, the faculty member will request students with problems of scheduling to report them to the office of the college dean.
- I. Priority in Scheduling: A regularly scheduled evening class will have precedence over examinations scheduled in other courses outside the normal class meetings.
- J. Alternate Exam Time: When a conflict occurs, the department scheduling the examination will arrange for students to complete the examination at another time.
- K. Student Review of Final Exam or Term Paper: Students shall be permitted to see any examination or test paper upon request within a reasonable period of time after the conclusion of the test.

- A. Common Core Defined by the Higher Education Department:

The New Mexico Higher Education Department (HED) mandates a lower-division general education common core curriculum which will be transferable between all universities within the state of New Mexico. Additionally New Mexico State university may require other courses for the student to complete (lower and upper division credits) before graduating. See the Undergraduate Catalog for specific category requirements, options and required credits that will fulfill the HED common core as well as NMSU requirements.

B. New Mexico State University Policies and Procedures:

1. General Education, Generally: General education at NMSU attempts to foster intelligent inquiry, abstract logical thinking, critical analysis and the integration and synthesis of knowledge; it strives for literacy in writing, reading, speaking, and listening; it teaches mathematical structures, acquainting students with precise abstract thought about numbers and space; it encourages an understanding of science and scientific inquiry; it provides a historical consciousness, including an understanding of one's own heritage as well as respect for other peoples and cultures; it includes an examination of values and stresses the importance of a carefully considered values system; it fosters an appreciation of the arts; and general education provides the breadth necessary to have a familiarity with the various branches of human understanding.
2. Viewing a Wider World Graduation Requirement: The Viewing a Wider World requirements for graduation are listed in the undergraduate catalog. The criteria and guidelines for Viewing a Wider World courses are posted on the General Education Website at [NMSU: General Education Committee](#).
3. Role of the General Education Course Certification Committee:
 - a. Composition and Purpose: A permanent standing committee, the General Education Course Certification Committee, comprised of one member of the library staff and two faculty members (one as alternate) from each college (each selected by the deans of the colleges in consultation with the executive vice president and provost), and one nonvoting member from the Committee on Committees (elected by the Committee on Committees) will be charged with certifying that a course meets the criteria for a general education course.
 - b. EVP/Provost is Chair: The General Education Course Certification Committee will report directly to the executive vice president and provost, who will serve as chair.
 - c. Recertification of Courses: Recertification of courses will be required every 4 years, following an initial probationary period of one year. During the first and every fourth year, the General Education Course Certification Committee will receive a narrative summary and other relevant information from the faculty member in charge or the department head of the general education course describing the content and assessing the effectiveness of the course in meeting the desired ends of the course. The General Education Course Certification Committee may also meet with the faculty member during the recertification process.
 - d. Annual Receipt of Course Records: Annually the General Education Course Certification Committee will be supplied with the course records (enrollment, number of sections offered, student evaluations of the general education content of the course, and grade distributions) for each general education course.
4. Offering/Instructing a General Education Course:
 - a. Any college or department may offer a general education course, provided it meets the criteria and is certified by the permanent standing General Education Course Certification Committee.
 - b. Similarly, any faculty member (or team of faculty members) may teach a general education course.
 - c. The Committee on Committees is charged with reviewing implementation of any legislation adopted by the Faculty Senate; therefore, any faculty member or administrator who wishes to appeal a decision of the General Education Course Certification Committee as it applies to the interpretation of the general education policy statement can do so to the Faculty Senate's Committee on Committees.
 - d. Decisions made by the General Education Course Certification Committee on individual course proposals are not appealable.
 - e. Since the Faculty Senate has legislative jurisdiction over policies affecting the academic mission of the university, changes in the general education policies can be made through the normal legislative procedures of the Faculty Senate.

F. Procedures for Awarding an Honorary Professional Degree:

1. Nomination Process: A letter of nomination and support material, which should include support letters and/or documents describing the contributions and/or accomplishments of the nominee, is presented to the dean of the appropriate unit through the department head.
2. Approval Process: All documentation will be submitted for approval to the following officers in the order listed below:
 - a. Faculty of the appropriate academic unit
 - b. Dean of the appropriate unit upon the advice of an existing or appointed unit-wide committee
 - c. Academic Deans Council
 - d. Executive Vice President and Provost
 - e. President of the University
 - f. Board of Regents
3. Presentation of Degree/Limitation of Awards: The honorary professional degree may be presented at a special ceremony, or at another appropriate time approved by the executive vice president and provost, and shall be limited in number to one candidate from each college or library per semester.
4. Distinction from Honorary Doctoral Degrees: These initiatives are separate from the established practice of awarding an honorary doctoral degree at each commencement and are intended to expand public recognition opportunities where it is deemed appropriate and conducive to enhance public relations for the university.

- G. Honorary Doctoral Degrees: Selection of honorary doctoral degree recipients rests with the Board of Regents. The responsibility for seeking qualified nominees for the honorary doctorate degree rests with the Office of University Advancement. Nominations will be sought from the campus community, alumni, and volunteers. No current faculty member or administrator of the university, nor any currently serving elected official, should receive honorary degrees; however, with a unanimous vote of the board, these prohibitions can be overruled. The vice president for university advancement will screen the nominations, provide biographical information, and make recommendations through the president to the board. The board will make the final selection. The honorary doctoral degree is normally presented during commencement ceremonies.

6.80 Independent Studies

Independent studies are for students capable of self-direction, who meets the requirement for the S/U option, *i.e.*, if the students are not eligible for the S/U option, they are not eligible for independent study. Class tickets will not be issued, nor will on-line scheduling unless the student presents a signed Independent Study Permit to the card issuer. Independent study courses are considered part of a faculty member's load. Departments will establish standards for each independent study course offered. The instructor should file a summary of requirements with the department head for each student enrolled in an independent study course before the last day to add or drop a course. Independent study research or reading courses may not be challenged.

6.82 Majors and Minors

- A. Majors: New majors, including those of associate degrees, are endorsed by the Academic Deans Council, and then approved by the Faculty Senate and the Board of Regents. A major is defined as a recognized area of study in which there is an extensive and well-developed curriculum offered at the university, as well as adequate library resources and support services. A major may include courses from more than one department, but as a minimum it must consist of at least 24 credits in the major field, of which 18 credits must be upper-division courses. A student may take a double major. In this case, the student must meet all of the requirements in the catalog for each degree. Courses taken outside of the two major fields may be used to fulfill the conditions of both degrees.
- B. Supplementary Majors: In addition to a major, a student may elect to undertake a supplementary major. The academic colleges offer supplementary majors in areas where sufficient numbers of courses of a closely-related nature are available so as to constitute a significant body of study. The minimum requirements for a supplementary major are 24 credits taken from the catalog listing for the field of study, of which 18 credits must be upper-division courses.
- C. Minors: A student may also minor in a particular area. A minor is based on courses that encompass a recognized field of study. As a minimum, a minor must consist of 18 credits of course work, of which 9 credits are at the upper-division level. Upon approval of the dean of the college, departments may offer a minor that meets these requirements by describing it and receiving approval from the dean of the college. Departments may require that certain courses be a part of a minor and may exclude other courses. Acceptable minors are those listed in the catalog for a department. If a particular minor is not offered by a department, a student may petition for the recognition of that minor at the time of filing for a degree. If the department and the college concerned approve, they will notify the student and the registrar to that effect. Succeeding catalogs will then list that department as offering the particular minor and the requirements that must be met.

6.84 Military Science Coordinator

- A. Promotion of ROTC Program: The university's Reserve Officer Training Corps (ROTC) program is established as a voluntary course of study. It is the policy of the university to advocate and promote the ROTC, and the ROTC officers on campus shall be given faculty status.
- B. Role of the Dean of the College of Arts and Sciences: The dean of the College of Arts and Sciences serves as the military science coordinator and represents the university administration at

various military functions. The dean also approves the faculty members assigned to the Departments of Aerospace Studies and Military Science.

- C. Dismissal from ROTC Programs: When an ROTC department makes a decision to cancel the contract leading to a commission for a student in the advanced ROTC program, the following university procedure will apply:
1. If the contract is canceled during a semester when the student is currently enrolled in an advanced ROTC course, and the student is demonstrating satisfactory academic performance, the student may be dropped from the course only with the student's approval and with a grade of W.
 2. The student wishing to complete a given advanced course for graduation or for credit, whose contract is canceled during the semester in which the student is enrolled in the course, will be permitted to complete the course, provided the student continues to demonstrate satisfactory academic performance. The course may be completed by continued attendance at classes, or by extra-class arrangements made for individual instruction at the discretion of the professor of military science or aerospace studies. Extra-class arrangements must provide to the student the opportunity to achieve the same grade which could have been received by remaining in class.

6.86 Registrar

The Office of the Registrar cannot provide official academic information to unauthorized persons, nor can it reduce the amount of information obtained in the registration process below what is required by the New Mexico Higher Education Department, state statutes, and the National Center for Education Statistics. In these requirements, the Office of the Registrar follows the minimum recommended by the American Association of Collegiate Registrars and Admissions Officers. Strict adherence to academic policies is an integral part of record integrity. A balance must be maintained between public relations and the responsibilities of record-keeping.

A. Duties of the Registrar:

1. Record and preserve academic data on all students registered for credit at the main campus and at the community colleges.
2. Determine assignment of resident or nonresident tuition and fees, in accordance with state law and the uniform definition established by the New Mexico Higher Education Department and the Attorney General's Office.
3. Submit reports of official enrollment statistics to the New Mexico Higher Education Department and to the National Center for Education Statistics.
4. Develop procedures for registration of students in any program in which academic credit is issued.
5. Coordinate preparation of a schedule of classes for each academic semester or summer session.

B. Transcript of Credit: Upon written request, the Office of the Registrar will furnish, for a \$3 fee, an official transcript of a student's academic record to the student or designee.

C. Transcripts: Transcripts will not be furnished without the student's consent if the student is 18 years of age or over, except as requested by a parent claiming the student as a dependent under the definition established by the Internal Revenue Service. If a student is under 18, the parents may request and receive a transcript of the academic records. The Office of the Registrar will also furnish to the student, upon written request, an information copy of the student's academic record. Transcripts, either official or unofficial, may be furnished to university faculty members or

professional staff members upon request, with or without the student's permission. Prior to each advisement period, information copies are produced for the advisors.

- D. Release of Student Information: Information concerning a student that is published in the official student directory may be released to anyone requesting such information. This information will be published unless a request to withhold is received by the registrar by the last day of late registration for the fall term (Buckley Amendment - PL 93-380). Information recorded on the academic record page and in the student's file is released according to the procedures covering issuing of transcripts. Information in the student's folder is confidential, and is not released except to those authorized under the Buckley Amendment to PL 93-380 and The Family Educational Rights and Privacy Act of 1974. (See [2.90 university Records](#))
- E. Eligibility for Registration: Students under any type of sanction may not register until the sanction is removed by the appropriate office. On-line entry or clearance of sanctions is entered by the university agency involved. Students on scholastic suspension may apply for readmission and register when eligible. Students with disabilities may petition for early registration through the Office of Services for Students with Disabilities Office, Room 100, Garcia Annex.
- F. Statistical Data: Certain statistical data are required from the student in order to furnish data to the New Mexico Higher Education Department, the National Center for Education Statistics, and university officials. Other information required is for identification of student records. Registration of students who refuse to furnish requested data is subject to cancellation.
- G. Establishing Residence Status for Tuition Purposes: This responsibility, delegated to the registrar, is based upon state law and various rulings from the New Mexico Higher Education Department and the Attorney General's Office. The general counsel may be consulted by the registrar in cases where legal advice seems warranted. Determination is made by the registrar on the basis of information and affidavits submitted by the student. The burden of proof is on the student, and the final decision will be made by the university. Information on residence requirements may be obtained from the Office of the Registrar. The admissions office determines residency for tuition purposes for first-time applicants.
- H. Release of Registration Statistics to the Press: Final or near final registration statistics are released by the registrar through the vice president for student affairs and enrollment management to the associate vice president for university communications and marketing services, who in turn furnishes such figures to the media. Such release is not made until the close of registration. Any university official may release final enrollment figures after they are published.
- I. Recording Academic and Demographic Data on the Academic Record: Office of the Registrar updates and corrects data entered by admissions on the student's record at the time of matriculation. The following data are entered: last name, first, middle/maiden; date of birth; college or school to which admitted; degrees granted from the university ; date of degrees; major field; minors; other institutions attended, and credits granted; high school last attended; admission status; and social security number or alternate identification number. Also recorded on the undergraduate academic record page, upon approval by the academic dean, are allowable credits from military service, challenged courses, CLEP, or ACT. Such credit will be treated as transfer credit without a grade, will count toward graduation, and may be used in fulfilling curriculum requirements as specified by the student's academic college.
- J. Registration: Eligible students may reserve courses in the offices of the academic deans or on-line by computer, as determined by the academic calendar. Subsequent schedule changes may be made on the dates published in the Schedule of Classes. Students with disabilities may petition for early registration through the Office of Services for Students with Disabilities, Room 100, Garcia Annex. Eligible students may complete registration by mail, phone, Web, or in person by making a minimum down payment to the Office of University Account Receivable. Students who reserve classes but fail to complete registration by the published deadline will be disenrolled from all classes. At the close of the drop/add/late registration period, students who have not made the required payment will be disenrolled from all classes and may not attend until the next scheduled session.

- K. Academic Scheduling: (See [Scheduling, Course](#))
- L. Grade Reporting to the Registrar: Faculty members report grades for students in their classes, through the department head and dean, on forms furnished by the registrar. It is the responsibility of the faculty member to submit these grades according to regulations and dates recommended by the Faculty Senate and approved by the president. Subsequently a list of grades assigned is sent to each instructor for verification.
- M. Justification of I: An I Grade Information Form shall be sent to the dean's office with instructor's grade sheet for each I grade assigned. Forms are available in the offices of the academic deans.
- N. Procedures for Approval of Degree Candidates:
 - 1. Three days (1 day in summer) after final grades are recorded on-line, the Office of the Registrar will furnish each academic dean a list of degree candidates, showing the results of the final record check.
 - 2. The deans' offices will confirm candidates who have met all requirements, and delete those who have not.
 - 3. The deans will certify graduation for the candidates listed.
 - 4. The Office of the Registrar will furnish the executive vice president and provost a list of approved degrees after the deans' certifications are received. The official graduation date will be the date degrees are approved by the executive vice president and provost.
 - 5. The Office of the Registrar will record degrees approved and mail diplomas to graduates.

6.87 Student Admission and Residency Processes in Relation to Immigration Status *[Policy adopted by Administrative Council 09.13.05; ratified by Board of Regents 09.08.06]*

The rules and regulations for establishing student residency for tuition purposes are defined by the New Mexico Higher Education Department which is authorized by the Constitution of the State of New Mexico and state statutes.

- A. All international students entering the United States on a non-immigrant student visa will apply for admission through the Office of International Admissions Program located in Garcia Annex. Consult the Undergraduate Catalog section on Foreign Students for specific restrictions and procedures ([Undergraduate Catalog](#)).
 - 1. Any non-citizen entering an institution of higher education on a non-immigrant visa (*i.e.*, student, diplomatic, visitor or visiting scholar), including spouses and dependents, shall be classified as a non-resident for tuition purposes.
- B. All legal immigrants (permanent residents), partially documented, undocumented or refugee students, who have attended a secondary educational institution in New Mexico for at least one year and have either graduated or received a general education development (GED) certificate in New Mexico, will apply for admissions through the Office of Undergraduate Admissions located in the Educational Services Building.
 - 1. Legal immigrants or refugees must present documentation of their status to the Office of Admissions and Office of the Registrar.
 - 2. Students meeting requirements may be eligible for in-state tuition as determined by the Office of the Registrar in accordance with the State of New Mexico Higher Education Department (hed.state.nm.us).
 - 3. Students eligible for in-state tuition may be eligible for state-funded financial aid.

6.88 Summer Session

Summer teaching at the university is considered a privilege and not a right. Departments will use the following guidelines in determining summer teaching assignments within the department's FTE summer allocation:

- A. Priorities: 1) The first priority must be student and program needs. As resources permit, courses needed by the students to complete programs in a timely fashion should be offered. 2) After student needs, continuing tenured and tenure-track faculty will have priority in teaching assignments.
- B. Development of Departmental Policy: Departments will have the flexibility to develop their own policies after priorities #1 and #2 above have been met. The departmental policy must be written and available to all departmental faculty and other interested parties. The departmental policy must adhere to existing policies related to summer teaching (*e.g.*, current policy states that, in general, faculty members will be employed in one 6-week period only).
- C. Allocation as Relates to Department Heads: No summer session faculty allocation is used for 12-month department heads who teach in the summer.
- D. Schedule: Two 6-week sessions will be scheduled between the end of the spring semester and the beginning of the fall semester. Colleges and departments offering courses numbered 450 and above, designed primarily to meet the needs of teachers have permanent approval to offer courses on a 5-week schedule. During the first summer session, the 5-week option schedule begins after the first week of instruction. In the second summer session, the 5-week option schedule ends after the fifth week of instruction. It is recognized that students may be registered in both 5-week and 6-week courses. Graduate students in a combined registration may not register for more than 6 credits.
- E. Faculty Teaching-Normal: Because the summer schedule must be prepared well in advance, and summer funding is always uncertain, early agreements regarding summer teaching must be identified as tentative. No actual commitment is made until approvals are completed on an E-Hire Form Permission to Offer section). Full load for 6 weeks is 4.5 semester credits or equivalent. (For community college faculty the full load for 6 weeks is 6 semester credits or equivalent.)
- F. Salary for Summer Session: (*See C Policy 5.25.40, Compensation - Summer*)

6.89 Transfer Credit

- A. Faculty Decision: The decision to award a student credit for work completed at another institution rests with the faculty.
- B. Registrar's Duties: The registrar will maintain a data base of commonly transferred courses from other institutions and their NMSU equivalents.
- C. Four Year Review of Departmental Equivalents: Every 4 years faculty from each department will have the opportunity to review the equivalents from their department and make changes to the data base.
- D. Transferred Courses Not in Registrar's Data Base: Transferred courses that are not in the data base will be individually evaluated by the Office of the Registrar. If uncertain about which NMSU course is equivalent, the registrar will consult with the faculty in the relevant department.
- E. Transfer Credits from Non-Accredited Institutions: Transferred credits from non-accredited institutions will be evaluated by faculty from the relevant department after the student has shown acceptable performance at NMSU for two semesters.
- F. Responsibility of Student to Provide Documentation to Facilitate Determination of Transferability: It is the student's responsibility to provide departmental faculty with sufficient materials to determine which of the department's courses is equivalent to the credits being transferred. The

determination whether a course if from an accredited institution will be based on where the course was actually taken. (For example, a course taken at a workplace for which college credit was later awarded by an accredited institution would be treated as credit from a non-accredited institution.)

6.90 Tutoring Services

- A. Approvals: All tutors paid from university funds will be recommended by the head of the department in which the course is taught. In addition, approval must be obtained from the dean of the college. Graduate students must also obtain the approval of the dean of the Graduate School.
- B. Requirements for Providing Tutorial Services: Additional requirements for tutorial services are outlined in the *Student Employment Handbook*.
- C. Employment of Graduate Assistants, Fellows and Trainees: Graduate assistants, fellows, and trainees may be employed as tutors. Such employment must be shown to be free of conflict of interest and must be consistent with policies governing supplemental appointments of such students. (See *Graduate Catalog*)
- D. Hourly Tutoring Rates: (See the *Student Employment Handbook*. For exceptions to published rates for graduate students, contact the dean of the graduate school.)

6.92 Withdrawals, Administrative

When an administrative withdrawal from a course is initiated for a student who is representing the university at an official out-of-town event, the withdrawal will become effective upon the return of the student to the university from that event, or 5 class days after the signed drop slip arrives in the dean's office, whichever is sooner.

6.93 Embargo of Dissertations or Master's Theses [Policy (FS Proposition 16-08/09) passed by Faculty Senate 04.02.09, signed by president 04.07.09; ratified by Board of Regents 07.29.09]

New Mexico State University permits the embargo of dissertations or master's theses under certain conditions as described in this policy.

- A. Definition: An embargo of a thesis is defined as a delay in the release of the dissertation or master's thesis for a specified amount of time (non-renewable).
- B. Routine Processing by Library:

Unless a request for embargo is approved, dissertations or master's theses will be routinely processed by the Library. [NMSU Library: Embargo](#) NMSU permits the embargo of dissertations or master's theses under the following conditions:

1. To protect information of commercial value
 2. To protect a patent application
 3. To protect intellectual property rights associated with publication of content
 4. To honor a pre-existing contractual agreement; or
 5. To protect individual rights to privacy because of the thesis subject or when cultural respect is being infringed.
- C. Procedure To Request Embargo: To apply, the requestor must submit a Master's Thesis and Dissertation Embargo Request Form to the Graduate School office with the Thesis-Dissertation Intake Form.
 1. The completed Master's Thesis and Dissertation Embargo Request Form must be signed by:
 - a. Student
 - b. Dissertation Advisor(s)

- c. Department Head
 - d. Dean of College or Designee
 - e. Dean of Graduate School
2. Conditions: The following conditions will apply if an embargo is granted:
- a. The bibliographic information (author, title, abstract, metadata, etc.) of the copy held by the NMSU Library will be publicly accessible in the library catalog.
 - b. The embargoed dissertation or master's thesis will automatically be made available upon the embargo expiration date.
 - c. An approved embargo period shall be twenty-four months and non-renewable.

- B. **Payroll Deduction:** Method of Contribution: Contributions are made via payroll deduction.
- C. **Supplemental to ERB:** The employee's contribution to an approved deferred compensation program may be in addition to the New Mexico Educational Retirement Account, the New Mexico Alternative Retirement Program and Tax Sheltered Annuity (403b) contributions.
- D. **Selection of Program:** Employees may choose from a list of approved companies that offer 457 programs for the university.
- E. **Cessation of Coverage:** The employee's deferred compensation contributions cease when an employee terminates employment, retires, completes a Salary Reduction Agreement to cancel participation to the program or when contributions have exceeded annual maximums permitted by the IRS. The university will set all 457 contribution amounts with a maximum allowed by the IRS, unless otherwise instructed by the employee on the salary reduction form.

7.04 **Domestic Partners**

- B. **Definition of Domestic Partner:** The university defines domestic partners as two individuals who live together in a long-term relationship of indefinite duration. There must be an exclusive mutual commitment similar to that of marriage, in which the partners agree to be financially responsible for each other's welfare and share financial obligations.

The university may require proof that those applying for status of domestic partnership meet the above requirements. Providing false information may result in disciplinary action, dismissal and reimbursement of costs involved in providing benefit coverage.

- D. Termination of Domestic Partnership: Individuals granted domestic partnership status must report any change in status that terminates the relationship to the Office of Human Resource Services, within 45 calendar days, by completing a Termination of Domestic Partnership form.

All university policies that affect employees, legal spouses and their families also apply to employees, domestic partners and their families.

7.05 **Educational Opportunities For Employees and Their Families** *[Amendment ratified by Board of Regents 10.22.07] [Amendment adopted by Administrative Council 07.08.08; ratified by Board of Regents 07.15.08][Amendments adopted by Administrative Council 11.10.09 and 02.09.10; ratified by Board of Regents 07.20.10][Amendment recommended by Administrative Council 04.12.11, approved by Board of Regents 05.06.11]*

New Mexico State University encourages all regular employees to engage in life-long learning to enhance their careers by taking advantage of the program below:

- A. Tuition Remission: With appropriate administrative approval from the current employer/supervisor, regular employees with a .50 FTE or greater position are entitled to take course(s) at the university's main and community colleges totaling no more than 6 credit hours (supported by regular I & G funding) each fall and 6 credit hours each spring semester without a charge of tuition or the fees included in the tuition rate. No more than a total of 4 credit hours may be taken at the university's main and community colleges during each summer session. This does not include challenged or nontraditional courses for which the university does not receive formula funding, nor any reciprocal agreements the university might have with other higher education institutions.
 - 1. The legal spouse or domestic partner of the eligible employee may also take the tuition-free courses. Credits not used by the employee may be used by the spouse/qualified domestic partner. The tuition free courses taken by the employee and spouse/domestic partner must not exceed 6 credit hours for the fall and spring semesters, and must not exceed 4 credit hours for each summer session. This benefit is not transferable to another university employee who is eligible for a free course.

2. Employees who take a course during working hours may be required to make up the time spent away from the work station (or take annual leave) unless enrollment is a requirement for continued employment.
 3. All courses may be subject to federal and state tax withholdings.
 4. Staff and spouses/domestic partners who enroll fulltime will be subject to the full-time tuition rate unless the free credit hours reduce their full-time hours below the full-time tuition rate.
 5. Other fees not included in the tuition rate (*e.g.*, fees particular to a given course, late registration fees, graduation fees, thesis fees, etc.) are not included in the waiver. To see a complete list of other fees, please refer to the university college catalog.
- B. Registration: Registration follows the same procedures governing all students. Requests for Tuition Remission will be submitted electronically. Changes to class schedules require a new request to be submitted to ensure the class or classes are covered by the tuition benefit. This benefit does not apply to individuals holding graduate assistantships.
- C. Approvals and Resolution of Conflicts of Interest: When university faculty or exempt staff members enroll in a program to earn a graduate degree at this university, a potential for conflict of interest may arise as a result of the dual role as student and as a faculty or staff member. Persons in this status must demonstrate that the potential for conflict of interest will not compromise the quality of their program of study. Approval of cognizant department heads and deans will be required. Such programs are approved on a case-by-case basis by the dean of the Graduate School with the concurrence of the provost. When appropriate, the dean may confer with the Graduate Council about the potential for conflict of interest in such programs. The graduate dean may require a specific representative on such a graduate committee, possibly including off-campus representatives, as a condition for approving programs.
- D. Retiree Benefits: Retirees of NMSU are eligible for tuition remission benefits. A Retiree Tuition Remission form must be completed and submitted to the Office of Human Resource Services department each semester or summer session the retiree chooses to participate in this benefit. Changes to class schedules require a new form to be completed and submitted to ensure the class or classes are covered by the tuition benefit. Retiree spouses/qualified domestic partners are eligible to take one class if the retiree does not take any classes in the session/semester. Surviving spouses of retirees are not eligible for this benefit. See [Policy 7.26](#) for further details.
- E. Dependent Children Reduced Tuition Program:
1. The program provides a 50% discount on tuition and the fees included in the tuition rate for eligible full-time and part-time students. Other fees not included in the tuition rate (*e.g.*, fees particular to a given course, late registration fees, graduation fees, thesis fees, etc.) are not included in the discount. To see a complete list of other fees, please refer to the university college catalog.
 2. Biological children, adopted children, and legally dependent stepchildren, under age 25, of regular employees and of official university retirees, are eligible to participate in this program.
 - a. The student's status and the employee's employment status on the university census date (third Friday of the semester or last day to add or register for summer session courses) will determine participation eligibility.
 - b. If the employee's status changes before the census date, the student will no longer be eligible and the charges will be recalculated.
 - c. If the student reaches his/her 25th birthday before the census date, the student will no longer be eligible and the charges will be recalculated.
 3. Dependents assessed the New Mexico tuition rates will receive a 50% reduction in tuition with this benefit. Dependents assessed non-resident tuition rates will receive a benefit equivalent to 50% off the New Mexico tuition rates.

4. Students must be enrolled in undergraduate courses (eligible for undergraduate tuition) on the main campus or any one of the community colleges.
 5. A student enrolled in more than 18 credit hours will be charged the normal overload rate for any credits over 18.
 6. Courses eligible for a grade will be included in this program; audited courses and challenged credits will be excluded.
 7. The Office of Financial Aid will be informed of a student's participation in this program. A reduction of the student's financial aid package may result from the reduced tuition. Information on the possible effect of this program on the student's financial aid package should be obtained from the student's financial aid advisor.
 8. Requests for Dependent Children Tuition Remission will be submitted electronically. All eligible dependents enrolled with New Mexico State University or its community colleges will automatically be granted the benefit upon electronic request, except those receiving the Lottery Scholarship.
- F. Recognition of Employees Earning Degrees: Half-time or greater regular staff employees and faculty with above-average job performance who earn degrees from an accredited institution of higher education during their employment will be rewarded in appropriate ways whenever possible. Guidelines for this program are:
1. An employee will receive recognition only once for each type of degree awarded (i.e., associate's, bachelor's, master's, and doctorate). An employee shall not receive an increase for earning a lower degree than already held. An employee may only receive an increase for earning the same level degree as already held if the degree is directly related to the position and no increase has been previously awarded.
 2. The salary increases will be effective on the first day of the month following award of the degree, or on the first day of the month in which a degree increment request is received by the Office of Human Resources Services, whichever is later.
 3. Degree increments will not be paid on a retroactive basis.
 4. Employees who have met the above criteria will be eligible for a salary increase of:
 - a. 5 percent of their current salary, not to exceed \$1,000, for an associate degree.
 - b. 5 percent of their current salary, not to exceed \$1,200, for a bachelor's degree.
 - c. 5 percent of their current salary, not to exceed \$1,400, for a master's degree.
 - d. 5 percent of their current salary, not to exceed \$1,600, for a doctorate.
 5. This policy does not apply to faculty who were hired at salaries comparable to others in the department who already have doctorates.

7.08 Employee Health Center

Employees will not be charged leave for visits or appointments at Employee Health Center or for participation in the EAP (Employee Assistance Program). Employees will be required to charge sick leave when taking dependents to Employee Health Center. The EAP is a confidential counseling and referral service available to all university employees. Personal problems can affect an employee's sense of well-being and ability to perform on the job. The EAP offers professional help in preventing/resolving these problems. Employees may refer themselves or can be referred by supervisor to the program by calling (575) 646-6600.

7.09 Flexible Spending Account Policy *[Amendment ratified by Board of Regents 10.22.07][Amendment adopted by Administrative Council 06.10.08; ratified by Board of Regents 07.15.08]*

- A. Description of Flexible Spending Account: Flexible Spending Accounts allow employees to set aside dollars from their paycheck on a pre-tax basis in order to be reimbursed for out-of-pocket health care and child care expenses for themselves and their dependents as defined by IRS codes.
- B. Eligibility and Deadline to Enroll: All regular employees working at least a .50 FTE or greater are eligible for this plan within the first 31 days following their hire date with the plan becoming effective the first day of the month following their first 31 days of their regular employment. If an employee does not return a completed and signed enrollment form to the Office of Human Resource Services department within their first 31 days of employment, they will not be eligible to participate in the plan until the next open enrollment period.
- C. Periodic Open Enrollment: Open enrollment occurs during the fall of each year with any changes or new enrollments becoming effective January 1st. During open enrollment eligible employees who are not currently enrolled in the plan may enroll and employees currently enrolled in the plan must complete paperwork to continue the plan.
- D. Changes to Plan: Employees may only make changes or new enrollments to their plan outside of the open enrollment period within 31 days after a change in status occurs. The proper forms must be executed with the Office of Human Resource Services department within the 31-day period. Examples of a change in status include but are not limited to:
1. Marriage
 2. Divorce
 3. Legal Separation
 4. Childbirth
 5. Adoption of child
 6. Death
 7. Loss of prior coverage
 8. Loss of dependent status
- E. Account Balance After Change to Plan: If a change in status occurs and an employee elects to reduce or cancel coverage, the employee may not reduce or cancel coverage to a point where the total plan year account balance is less than the amount of funds already reimbursed for the employee. An employee's account balance after a change has been made during a plan year will be calculated by adding any balance (including a negative balance) remaining in the employee's account immediately preceding the change, to the newly elected plan year election amount for the remainder of the plan year in which the change in status took place.
- F. Cancellation of Plan/Refunds: If coverage is cancelled, no refund of contributions will be made and no claims incurred after the last day of the month in which the change in status occurred will be eligible for reimbursement.
- G. Contributions During LWOP Status: While on leave without pay, employees are responsible for continuing to make contributions to the plan. If contributions are not made, the plan can be cancelled for the remainder of the plan year. The employee will only be eligible to rejoin the plan during the next open enrollment period held in the fall of each year with the plan becoming effective January 1st.
- H. Issues Upon Separation From Employment: If an employee separates employment from the university, coverage will continue until the last day of the month in which they were employed and claims incurred during that time may be submitted for payment no later than 90 days following the plan year. Employees are allowed to continue the coverage following separation through COBRA.

7.10 **Holidays (New Mexico State University Official)** *(See also Policy 8.20, Compensatory Time, Overtime, and Holiday Pay)*

- A. Eligibility for Holiday Pay, Generally: Regular full-time and part-time employees on a prorated basis are eligible for holiday pay. Certain situations and/or employee status may disqualify an employee from receiving holiday pay (*See* subsections D-G below).

- D. Holiday Preceded or Followed by Unexcused Absence from Work: Any regular employee shall forfeit payment for any holiday if the employee has an unexcused absence on the last regular work day preceding such holiday or on the first regular work day following such holiday.
- E. Employees on Leave Without Pay Status: Employees on leave without pay are not entitled to holiday pay. An employee returning from leave without pay must be on the job at least one day for each day of the holiday period immediately before and after the holiday.
- F. Issues Upon Separation from Employment:
1. To be eligible for holiday pay, any employee who voluntarily terminates with less than 5 years of regular service on or after a holiday must have worked one day (immediately following the holiday or holiday period) for each day of the holiday period. Leave will be considered as time worked only for those employees continuing permanent employment with the university.
 2. Employees with 5 or more consecutive years of regular service may retire or terminate on December 31 and be eligible for all holiday pay in December.
 3. If employees with 5 or more years of service retire or terminate after December 31 they must work and be physically present one day (immediately following the holiday period) for each day of holiday pay to be received. Leave will not be considered as time worked.

- D. Proof of ID Card Required: The identification cards are required for admittance into the Activity Center, Natatorium, for ticket discounts, library privileges and to obtain a parking permit.
- E. Disposition of ID Card Upon Separation from Employment: Upon termination the identification card must be stapled to the Notice of Employee Separation Form. The PAF, Notice of Employee Separation Form and the identification card are then forwarded to the Office of Human Resource Services.

7.15.05 Group Medical Insurance

- A. Eligibility: The university offers group medical insurance for all eligible employees. Full-time and part-time (.50 FTE or more) regular employees are eligible to participate in the group policy. Regular employees hired with a pre-determined termination date will be eligible only if hired for at least 1 academic year (9-, 10-, and 11-month employees) or 1 full year for all others. Optional dependent coverage is available. Part-time (less than .50 FTE) employees, temporary employees, postdoctoral candidates, graduate assistants, other student employees, and Cooperative Extension Service employees with federal appointments are not eligible to participate in the group policy. Note: Nine-, ten-, and eleven-month employees will receive full benefits except for unemployment compensation during the off employment period.
- B. Effective Date of Coverage: Coverage is optional and is available from the date of active regular employment. Coverage is effective the first pay period after 30 days of employment. Coverage may begin on the first or sixteenth day of the month. Employees must complete and return an enrollment form to the Office of Human Resource Services department within 31 calendar days of their regular date of employment to receive this benefit without late enrollment provisions.
- C. Enrollment Procedures: Coverage is not automatic. Within the first 31 calendar days of regular employment, each eligible employee must either enroll in or waive coverage under the policy by completing an enrollment form. Details of coverage and provisions of the medical plan are available in the plan Benefit Summary.
- D. Premium Payments: Premium payments are made by payroll deduction. The university pays a percentage of the premium for the employee and, if the employee's dependents are enrolled in the plan, a percentage of their premium also. Premium payments begin the pay period in which coverage begins. Note: A full fiscal year of premiums (July-June) will be deducted over 18 paychecks (August - May) for 9-, 10-, and 11-month faculty/staff.
- E. Coverage Changes: An employee is responsible for requesting changes to insurance coverage by completing and submitting appropriate forms in order to adjust premiums. When an employee experiences a change in status, the employee has 31 calendar days from the date of the status change to contact the Office of Human Resource Services to make coverage changes.
 - 1. A change in status includes, but is not limited to:
 - a. Marriage
 - b. Divorce
 - c. Childbirth or adoption
 - d. Change in employees FTE, moving from less than a .5 FTE to a benefit eligible status
 - e. Loss of prior coverage or gain of new coverage

- f. Dependent no longer meeting insurance eligibility rules due to age or marriage
2. All status changes which result in an insurance coverage and/or premium change will be effective the day following the date of the change in status, except in the following cases:
 - a. For a newborn or placement of child(ren) through adoption - the coverage becomes effective the date of birth or date of placement
 - b. For divorce or legal separation - the change is effective the day before the legal documents are filed with the appropriate court
 - c. For dependent children who lose eligibility due to age or marriage - the change is effective the day before their 25th birthday or the day before they are legally wed.
 3. All changes that affect premiums will result in a full premium being deducted for the pay period in which the change takes place.
- F. Coverage During Disability: If any employee is terminated because of total disability, coverage may be continued in certain circumstances. Refer to the COBRA section of the medical plan Benefit Booklet for details.
- G. Coverage After Retirement: An employee who officially retires from the university and receives a monthly benefit from the Educational Retirement Board immediately upon termination of employment (those eligible under the Alternative Retirement Plan must meet the regular Educational Retirement Board eligibility rules and immediately begin receiving a benefit) may elect to continue medical insurance after retirement, providing the employee had been covered under the plan for the prior 10 consecutive years and worked in a regular employment status. Time while enrolled as an employee or as a spouse of an active employee will be counted toward the 10 years. Coverage as the spouse of a retiree will not be credited toward the 10 years. The university continues to pay a percentage of the premium. When a retiree or dependent becomes age 65 and/or eligible for Medicare, all medical coverage will be moved to the Medicare Carve-Out Plan. If the retiree or dependent enrolls in Medicare Part D, they will no longer be eligible access prescription coverage through the medical plan. The university reserves the right to unilaterally increase, decrease or discontinue coverages, plan provisions, and premiums.
- H. Dependent Coverage after Retirement: Spouses of eligible retirees covered at the time of retirement may continue coverage after retirement. Only dependent children covered at the time of retirement may continue coverage after retirement. New spouses of retirees acquired after retirement may be added to the plan under certain circumstances. In order to add a new spouse, an enrollment form must be completed. The new spouse may not be added until 1 year after the date of receipt of the form by the Office of Human Resource Services, the retiree must still be living and have medical insurance coverage at the end of the 1 year waiting period. New spouse coverage begins the first day of the month following the 1 year waiting period. There will be no university contributions to the new premium, and the retiree will be responsible for paying 100 percent of the premium for the new spouse's coverage. The new spouse will be eligible for surviving spouse benefits. If a retiree passes away during the new spouse's 1-year waiting period, the new spouse will not be eligible for surviving spouse benefits. New dependent children acquired after retirement may not be added to the plan. A retiree who rescinds retirement, returns to full-time employment, and later retires, may only continue coverage for dependent children who have been covered as a dependent for at least 10 years. Time covered under the retiree as an active employee will count toward the 10 years. If coverage is discontinued by the retiree for self or any covered dependent (including spouse), retiree and/or dependent may never re-enroll. Surviving spouse of a deceased retiree may continue coverage until re-marriage if they receive a monthly benefit from the ERB and pay 100 percent of the premium. Surviving dependent children of a deceased retiree may continue coverage until they no longer meet the rule of a dependent child under the medical plan by paying 100 percent of the premium. If coverage is terminated or dependents are removed from the plan for any reason, enrollment in the plan at a later date is prohibited.
- I. Coverage During Leave Without Pay (LWOP): During periods of leave without pay, medical insurance may be continued at the option of the employee. Continued coverage will not exceed 3 years. Arrangements for timely payment of premiums will be made with the Office of Human

Resource Services and the Office of University Accounts Receivable. If the employee is on LWOP for more than 51% of the pay period the employee is responsible for both the university's and employee's portions of premium (except FMLA LWOP). Failure to make full payment of premiums may result in cancellation of coverages. If coverage is not continued or cancelled during any leave without pay period, the employee will be required to re-apply for coverages upon return to work (If approved for FMLA, the employee may be reinstated immediately upon return to work, provided the employee requests coverage from the Office of Human Resource Services department within 31 days from the date of return.). Reinstatement of coverage is not automatic, is subject to late enrollment provisions set by the insurance carrier, and is subject to the pre-existing conditions clause.

- J. Coverage for Dependents of Deceased Employees: The spouse and eligible dependents of a deceased regular employee who at the time of death met the criteria for retirement under Educational Retirement Board rules and draw a monthly benefit from the Educational Retirement Board or a monthly annuity from the Alternative Retirement Plan may continue coverage provided they have been participating in the plan for at least 1 year prior to the death of the employee and the deceased employee had been participating in the plan for 10 consecutive years immediately prior to the date of death. Eligibility will cease upon remarriage and/or loss of dependent status. If coverage is terminated for any reason, enrollment in the plan at a later date is prohibited.
- K. Coverage After Termination (12-Month Faculty and Staff): Coverage ceases at midnight on the 15th day of the month if employment terminates between the 1st and 15th day of the month, provided the applicable premium for the pay period has been paid. If an employee terminates employment between the 16th and last day of the month, coverage ceases at midnight on the last day of the month, provided the applicable premium for the pay period has been paid. The policy contains continuance in compliance with state and federal law. Complete information on these procedures is available in the Office of Human Resource Services.
- L. Coverage After Termination (9-, 10-, 11- Month Faculty and Staff): When employees or faculty members do not return the next academic year, only dental and medical coverage will remain in effect until June 30th. All other insurances stop at the end of the pay period in which their regular employment ends. See the health insurance carrier's Benefit Booklet for details.
- M. Certificate of Group Medical Plan Coverage: The Certificate of Group Health Plan Coverage may be obtained from the employee's previous medical insurance carrier. Upon losing coverage with the university plan, this certificate will be issued from the medical plan carrier. Creditable coverage is defined as length of coverage under an individual or group health insurance policy. If there has been a break in coverage of 63 calendar days or more, prior coverage is not used to offset the length of the pre-existing condition exclusion period for a new medical plan. Employees and dependents that are not considered late enrollees are not subject to pre-existing condition limitations under the university medical plans.
- N. Late Enrollees: Employees are required to waive or accept coverage within 31 calendar days of regular employment. If an employee does not complete an enrollment or waiver form within 31 calendar days of regular employment, then the employee will automatically waive the right to medical insurance coverage. If the Office of Human Resource Services receives the enrollment form after the first 31 days of regular employment, the employee will be subject to a 90 calendar day waiting period from the date the completed and signed enrollment form is received. Coverage will begin the first day of the pay period following the date of the completion of the 90 calendar day waiting period. A one year pre-existing condition waiting period on out-of-network benefits will apply for late enrollments. Please see medical insurance carrier's Benefit Booklet for more information.
- O. Pre-Existing Condition Exclusion: Employees and dependents who are considered late enrollees in the Blue Cross Blue Shield of New Mexico PPO and Cigna Health Care Open Access Plus plans will be subject to a 1-year pre-existing condition exclusion for out of network services. This exclusion does not apply to late enrollees in the Presbyterian HMO Plan. If any expenses are incurred for an injury or sickness, including a mental, psychoneurotic or personality disorder, during the 6 months before the date the employee or the employee's dependent is covered, benefits may not be payable for the particular condition. Expenses for services, supplies, and treatment for

an injury or sickness, or any related conditions, which was diagnosed and treated, or for which medication has been taken within 6 months prior to the date a person becomes insured are subject to pre-existing condition exclusion. This limitation shall not apply to any expenses incurred:

1. After the end of a 12-consecutive month period during which the person involved was continuously insured under NMSU's medical insurance program.
 2. By a newborn or newly-adopted child(ren), provided the child(ren) is enrolled within 31 days of birth or adoption. *See* the health insurance carrier's Benefit Booklet for details.
- P. Medical Plan Provisions: Details on the medical plan provisions are contained in the medical insurance carrier's Benefit Booklet and questions should be referred to the Office of Human Resource Services

 - I. Late Enrollees: Late enrollment is not available for the dental plan. Employees may add dental benefits during an open enrollment period, unless the employee qualifies for a special enrollment through a change in status (defined above).

All regular full-time and part-time (.5 FTE or more) employees are eligible to participate in the group policy. - F. Pending Approval for Claims: The employee remains on leave if available or on leave without pay while the carrier processes the application. If the application is denied, then employment may be terminated if the employee is unable to return to work.
- G. Employees on Long-term Disability: Employees who qualify and enter into long-term disability will:
 - 1. Use all remaining sick and annual leave to offset long-term disability benefits. Total compensation, to include annual/sick leave and long-term disability benefits, may not exceed the employee's regular rate of pay unless a minimum disability benefit is being paid by the carrier.
 - 2. Be placed on extended leave without pay for up to one year from the date the disability benefits are effective. If the employee is not able to return to work within one year from the date disability benefits are effective, the university will attempt to place the employee in an appropriate position for which they are qualified during the first 90 days after becoming eligible for employment. If an appropriate position is not available or the employee refuses the offered position, the employee may be terminated.
 - 3. Be required to submit a copy of their certificate of continued disability to the university and the insurance company as required by the policy.
 - 4. Retire or terminate at the end of one year, and in order to retain other insurance benefits during that year, the employee must pay premiums like any other employee on LWOP.
 - 5. If the employee qualifies and decides to retire, the employee may continue medical insurance the same as any other retiree, provided the medical benefits remained in effect during the leave of absence.

- H. Coverage After Retirement or Termination: Coverage is not available after retirement or termination. Coverage ceases at midnight on the 15th day of the month if employment terminates between the 1st and 15th day of the month, provided the applicable premium for the pay period has been paid. If an employee terminates employment between the 16th and last day of the month, coverage ceases at midnight on the last day of the month, provided the applicable premium for the pay period has been paid.
- I. Coverage During Leave Without Pay: During periods of leave without pay (except for employees collecting long-term disability benefits), long-term disability may be continued at the option of the employee. Continued coverage cannot exceed three years. Arrangement for payment of premiums will be made with the Office of Human Resource Services and the Office of University Accounts Receivable. If premiums are not paid coverage will end as of the last date premiums were paid. If coverage is not continued or is canceled during leave without pay, the employee will be required to re-apply for coverage as a late enrollee upon return to work. Reinstatement of coverage is not automatic and is subject to approval from the carrier. If the employee is on LWOP for more than 51% of the pay period the employee is responsible for both the university's and employee's portion of premiums (except FMLA LWOP).
- J. Discontinuing Coverage: An employee who discontinues coverage and then wishes to re-enroll in the future will be required to submit evidence of insurability as specified by the carrier and may include a medical examination at the employee's expense. Reinstatement of coverage is not automatic, is subject to approval or disapproval by the university's insurance carrier, and is subject to the pre-existing conditions clause.

The insurance carrier will determine if the employee, spouse and/or dependent child(ren) are approved for amounts of coverage requested. If coverage is approved by the insurance carrier, then the coverage begins the first day of the month following the date the Office of Human Resource Services receives notification of approval. *See* Office of Human Resource Services for more information.
- C. Premium Payments: Premium payments are made by payroll deduction. Premium payments begin the pay period in which coverage begins. Note: A full fiscal year of premiums (July-June) will be deducted over 18 paychecks (August-May). Regular employees hired with a predetermined termination date will be eligible only if hired for at least 1 academic year (9-month employees) or 1 full year for all others. Temporary employees, postdoctoral candidates, graduate assistants, and other student employees are not eligible to participate. Employees must maintain a .5 FTE in a regular employment status to remain eligible for this benefit. Note: 9-month employees will receive full benefits except for unemployment compensation during the off employment period.

- B. Effective Date of Coverage: Coverage is optional and may begin on the first day of the month after 30 days of eligible employment, provided the employee completes and returns an Enrollment Form to the Office of Human Resource Services within 31 days from the date of regular employment.
- C. Enrollment Procedures: At the time of regular employment new employees will be required to complete an enrollment form to either enroll in or waive coverage within the first 31 days of employment. The employee may change the original intent at any time until the eligibility date has expired. If an employee does not complete an enrollment or waiver form within 31 days of regular employment, then the employee will automatically waive their right to vision coverage.  3. All changes that affect premiums will result in a full premium being deducted for the pay period in which the change takes place.
- F. Coverage After Retirement or Termination: Coverage is not available after retirement or termination. Coverage ceases at midnight on the 15th day of the month if employment terminates between the 1st and 15th day of the month, provided the applicable premium for the pay period has been paid. If an employee terminates employment between the 16th and last day of the month, coverage ceases at midnight on the last day of the month, provided the applicable premium for the pay period has been paid.
- G. Coverage During Leave Without Pay: During periods of leave without pay vision may be continued at the option of the employee. Continued coverage cannot exceed three years. Arrangement for payment of premiums will be made with the Office of Human Resource Services and the university Accounts Receivable Office. If premiums are not paid coverage will end as of the last date premiums were paid. If coverage is not continued or is canceled during leave without pay, the employee will be required to re-apply for coverage as a late enrollee upon return to work. Reinstatement of coverage is not automatic and is subject to approval from the carrier. If the employee is on LWOP for more than 51% of the pay period the employee is responsible for both the university's and employee's portion of premiums (except FMLA LWOP).

associated with the death. For purposes of this policy, “immediate family member” includes spouse, a domestic partner as defined in [Policy 7.04](#), a child, parent or legal guardian, a sister or brother, a grandparent, or a grandchild. Such familial relationships created by law are also included (i.e. mother/father in law; half or step siblings).

7.20.32 Domestic Abuse Leave *[New policy recommended by Administrative Council 08.24.10; approved by Board of Regents 09.17.10]*

- A. Definitions: The definitions provided or cross referenced within the NMPFIVDAA shall apply, including but not limited to:
1. “Domestic Abuse” is defined by state law, and means:
 - a. an incident of stalking or sexual assault whether committed by a household member or not;
 - b. any incident by a household member against another household member consisting of or resulting in physical harm, severe emotional distress, bodily injury or assault, a threat causing imminent fear of bodily injury by any household member, criminal trespass, criminal damage to property, repeatedly driving by a residence or work place, telephone harassment, harassment, harm or threatened harm to children as set forth above; and
 - c. Domestic abuse does not mean the use of force in self-defense or the defense of another.
 2. “Employee” means any person employed by NMSU.
 3. “Family member” means a minor child of the employee or a person for whom the employee is a legal guardian.
 4. “Order of Protection” means a court order granted pursuant to the Family Violence Protection Act.
 5. “Retaliation” means adverse action against an employee, including threats, reprisals or discrimination for engaging in the protected activity of taking domestic abuse leave.
- B. Authorized Leave/Impact on Other Benefits:
1. Domestic abuse leave for purposes of this policy is leave taken due to the domestic abuse of an employee or an employee’s family member, including but not limited to: obtaining or attempting to obtain an order of protection or other judicial relief from domestic abuse, meeting with law enforcement officials, consulting with attorneys or victim advocates, attending court or other administrative agency proceedings.
 2. Unless the employee opts to use accrued sick or annual leave, compensatory time or other available paid time off, the domestic abuse leave shall be leave without pay.
 3. The university shall not withhold pay, health insurance coverage or another benefit that has accrued to the employee when an employee takes domestic abuse leave.
 4. Time taken for domestic abuse leave will not be included in calculating eligibility for benefits.
- C. Notice: When an employee must take domestic abuse leave under emergent circumstances, the employee or the employee’s designee shall give notice to the supervisor or employer within 24 hours. Otherwise, employees shall provide as much notice as possible under the circumstances.
- D. Verification Documentation: Employees must provide the Office of Human Resource Services with verification of the leave in a timely fashion. The verification may be:

1. A copy of a police report indicating that the employee or family member was a victim of domestic abuse;
 2. A copy of an order of protection or other court evidence produced in connection with an incident of domestic abuse; however, the provision of such documentation shall not constitute a waiver of confidentiality or privilege; or

- E. Confidentiality and Limited Disclosure:
1. The university shall not disclose verification documentation or information contained therein, and shall maintain confidentiality of the fact that an employee or employee's family member was involved in a domestic abuse incident, that the employee requested or took domestic abuse leave, and that the employee made any written or oral statement about the need for domestic abuse leave.
 2. The university may disclose such information only when the employee consents or when a court or administrative agency orders the disclosure, or when otherwise required by state or federal law.
- F. Retaliation Prohibited: The university shall not penalize or in any other way retaliate against an employee for requesting or taking domestic abuse leave.

7.20.35 Leaves - Educational (With and Without Pay)

- A. Educational Leave With Pay: After 5 years of satisfactory service, leave with partial pay may be requested by any full-time faculty member on regular appointment with rank of instructor or above (including exempt staff with faculty rank in the Cooperative Extension Service), normally for the purpose of taking coursework toward a degree, professional licensure or certificate which is related to the individual's university job assignment. If granted, the recipient of such leave shall be required to sign a supplementary contract agreeing to return to the employing university unit and to serve for a minimum of 2 years. Failure to do so would require immediate full refund of all salary paid by the university during the leave. Normally, no individual may receive more than one such leave with pay. In the case of a non-tenured faculty member, time used for educational leave (with or without pay) will not apply toward the probationary period. The time granted for educational leave with pay will not normally exceed the time allowed for a sabbatical leave. The following options apply:
1. One semester at no reduction in annual salary.
 2. One full academic year at half salary. (Those within 5 years of retirement may wish to request full salary for 1 semester or a 6-month period and personal leave without pay for the other half.) Semester II (spring) of 1 year and Semester I (fall) of the following year, at 1/4 annual salary for each semester of leave.
- B. Educational Leave Without Pay: Any regular full-time exempt staff member or faculty member on regular appointment with rank of instructor or above is eligible for and may request an educational leave of absence without pay after 3 years of service, normally for the purpose of taking coursework toward a degree, professional licensure or certificate which is related to the individual's university job assignment. If the leave is approved, all annual leave should be used before the educational leave without pay begins. The individual's sick leave balance at the beginning of the leave remains on hold during the period of the leave. The university will contribute the employer's portion of insurance premiums during the leave period. A faculty member on educational leave without pay, on continuous or temporary contract, will be required to notify the department head in writing 90 days before the educational leave without pay terminates, or 30 days after notification of salary and position, whichever is later as to the date of

return to academic service on the faculty. In the absence of such notification, the department head may immediately initiate proceedings for termination of the contract.

7.20.40 Leaves - Employees Funded from External Sources

The president is authorized to develop and implement alternative leave, holiday, compensation, and insurance programs for groups of employees whose salaries are funded from external sources.

7.20.45 Leaves - Family and Medical *[Amendments adopted by Administrative Council 06.10.08; ratified by Board of Regents 07.15.08] [Amendments adopted by Administrative Council 11.10.09; ratified by Board of Regents 07.20.10]*

- A. Purpose: This policy is written to comply with the Family and Medical Leave Act of 1993 (FMLA). The act's governing regulations covering definitions and details will apply to this policy.
- B. Use of Accrued Sick and Annual Leave During Approved FMLA Leave:
 1. Employees approved to take leave for FMLA purposes must use accrued sick leave for conditions involving themselves and qualified dependents as defined in the sick leave policy (up to six weeks for parents or adult children with serious health condition as defined below who do not meet the definition of dependent in the sick leave policy).
 2. Annual leave for purpose of the FMLA may only be taken when available sick leave is exhausted and will be subject to approval or disapproval by the employee's supervisor.
 3. If annual leave is denied, leave without pay may be used for FMLA purposes.
 4. FMLA leave periods will run concurrently with any accrued paid leave taken.
- C. FMLA Eligibility: The following employees are eligible for leave under the FMLA: All employees who have been employed at the university at least 12 months (need not be consecutive) and who have worked at least 1,250 hours for the university during the 12-month period immediately preceding the commencement of the leave (including faculty, staff and temporary employees).
- D. FMLA Leave: Eligible employees may take up to 12 weeks in a 12-month period (beginning from the date of the first leave taken under FMLA), for one or more of the causes listed below (a total of 12 weeks for most causes). Any type of leave taken for the conditions listed below will be considered as leave for FMLA purposes:
 1. Childbirth: Leave must be taken within the first 12 months following birth. Combined FMLA leave time for birth mothers and fathers whom both work for the university cannot exceed 12 weeks within the 12-month period.
 2. Adoption or Foster Care: Leave must be taken consecutively within the first 12 months following placement. Combined FMLA leave time for mothers or fathers whom both work for the university cannot exceed 12 weeks within the 12-month period.
 3. Care of spouse, child, or parent with a serious health condition. Combined FMLA leave time for spouses whom both work for the university to care for a seriously ill parent cannot exceed 12 weeks within the 12-month period.
 4. Employee's own serious health condition preventing employee to perform the job.
 - a. A serious health condition is defined as: inpatient care in hospital, hospice or residential medical care facility; or continuing treatment by a health care provider for a serious health condition.
 5. Care of a service member (Armed Forces, Reserves or National Guard) undergoing treatment for or recuperating from a serious health condition incurred during active duty and veterans

undergoing medical treatment, recuperation or therapy for a serious health condition incurred any time during the five years preceding the date of treatment. This leave is available to a spouse, child, parent, or designated next of kin of a service member for up to 26 weeks in a single 12-month period. Combined FMLA leave time for spouses whom both work for the university to care for a service member cannot exceed 26 weeks within the 12-month period.

6. Any “qualifying exigency” arising out of the fact that a covered employee’s spouse, child or parent is on or has been called to active duty in the U.S. Armed Forces, Reserves or National Guard in support of a contingency operation, not to exceed 12 weeks of leave in a 12-month period. Combined FMLA leave time for spouses whom both work for the university cannot exceed 12 weeks in a 12-month period.
- E. Intermittent FMLA Leave: An intermittent schedule may be arranged for #3, #4, and #5 above only if medically necessary and justified. Intermittent schedules for #1 and #2 above are granted at the discretion of the employee’s supervisor. In all cases for leave taken for #1 and #2 above, all leave must be completed within the 12 months immediately following the date of birth/placement of the child. The employee may be required to provide medical certification for any of the above from the attending physician describing the medical condition on a specified form available from the Office of Human Resource Services. Additional documentation may be required to determine if a situation is a “qualifying exigency” under #6 above. In addition:
1. For #3 & #5: The certification will also include a statement that the employee is needed to care for the family member and the expected length of time needed.
 2. For #4: The certification will also include a statement that the condition prevents the employee from working.
 3. For #6: The certification must include sufficient written documentation confirming the covered service member’s active duty or call to active duty in support of a contingency operation.
- F. Other Considerations During FMLA Leave:
1. The employee will give the employee’s supervisor as much notice as possible of the upcoming leave.
 2. Departments will notify the Office of Human Resource Services when an employee has taken more than 3 continuous days of sick leave, annual leave or leave without pay for medical circumstances for that individual or individual’s family member in order to coordinate FMLA benefits.
 3. The university will continue to contribute the employer portion of the medical and dental insurance premiums during the family leave.
 4. The employee must pay the employee's portion of health and dental premiums on a timely basis in order to continue coverage and both the employee and employer's share of other coverage’s as described in “Leave Without Pay.”
 5. If an employee fails to return from FMLA leave, the employee will be required to repay the employer's share of any insurance premiums paid by the employer during leave without pay. Holiday hours which occur during a full week of leave will count toward the 12-week FMLA period.

7.20.50 Leaves - Jury and Witness

- A. Jury Duty: In order for university employees to fulfill their civic responsibility as jurors, regular full-time and part-time employees may be granted leave for this purpose.

1. Employees are not required to report for work after serving 8 hours of jury duty during the day. If service is less than 8 hours in a day, employees will return to work for the remainder of their 8-hour shift (or may request annual leave).
 2. Jury duty is that service and time spent away from a university job as a result of a subpoena or notice issued by the court and counts as time worked.
 3. Department heads are authorized to grant jury duty leave upon the presentation of a subpoena or notice issued by the appropriate court.
 4. The university will pay regular employees who serve such duty their normal salary for each regular work day of service, not to exceed 8 hours per day.
 5. Temporary employees will not receive compensation; however, they may be reimbursed through or by the appropriate court.
 6. A copy of a written statement furnished the employee by the court indicating the number of days or hours served should be furnished to the supervisor. It is the responsibility of the employee to keep the supervisor informed of the anticipated time to be spent away from the job.
 7. Employees must use annual leave or leave without pay for jury duty/witness service in a jurisdiction other than that of their primary work locale, with the exception of employees residing in El Paso and working in Las Cruces.
 8. Regular employees may not receive any form of compensation from state courts other than mileage.
 9. All employees may receive compensation while serving on federal juries.
- B. Court Witness:
1. University employees, as do all citizens, have the right, and on occasion the obligation, to serve as witnesses in a court of law. As such, they are not representative of the university, but are private citizens. Their conduct in the case of court appearances as private citizens should, however, reflect well on the community of university scholars.
 2. Employees shall be granted annual leave, or placed on leave without pay if ineligible for leave, for time spent testifying as a witness.
 3. The employee should provide the supervisor with a copy of the subpoena.
 4. University employees who are plaintiffs in any legal action against the university must use annual leave or leave without pay for all time spent in activities related to such action.
 5. University employees appearing on behalf of the university or as a representative of the university in any legal action, to include depositions or witness testimony, will not be required to use annual leave or leave without pay for such purposes unless the employee receives a witness fee.

- A. Military Training Leave: In accordance with state law, NMSU provides paid training leave for its employees who are members of organized units of the Army or Air National Guard or Army, Air Force, Navy or Marine Reserves, in amount not to exceed 15 days annually when they are ordered to active duty training with such organized units. Such leave shall be in addition to other leave or vacation time with pay to which such employees are otherwise entitled. (See NMSA 1978, §20-4-7)

- B. Employment Status: Employees that are mobilized or volunteer for active duty status will be placed on leave without pay until the date of discharge or release from active duty status at which time the employee will return to regular employment.
- C. Military Leave of Absence: The following under the Uniformed Services Employment and Reemployment Rights Act (USERRA) conditions will apply:
1. The employee must hold a job other than temporary job. (The job need not be permanent.)
 2. The employee must leave employment for the purpose of going on active duty.
 3. The employee must not remain on active duty longer than 5 years, unless the period beyond 5 years is active duty during a war or declared national emergency or active duty in support of a critical mission. Service beyond 5 years required to complete initial period of obligation service from which a person by no fault of their own is unable to obtain release within the 5 year limit.
 4. The employee must be discharged or released from active duty under honorable conditions.
 5. The employee must apply for re-employment as follows:
 - a. If the period of military service was less than 31 days, the service member must report to the university not later than the beginning of the first full regularly scheduled work period on the first full calendar day following completion of the period of service plus 8 hours, after a period allowing for safe transportation from place of service to residence.
 - b. If the period of military service was more than 30 days but less than 181 days, the service-member must apply for re-employment not later than 14 days after military service is completed, or the next full calendar day when such application becomes possible. A copy of a DD214 must be submitted with the application for re-employment.
 - c. If the period of military service was greater than 180 days, the service-member must apply for re-employment not later than 90 days after service is completed. A copy of a DD214 must be submitted with the application for re-employment.
 - d. In all cases above, if the member through no fault of their own the employee cannot re-apply for employment within the time periods listed above, they must report back to work as soon as possible.
 6. If a fitness for duty exam is required before a service member can return to work, regardless of the time the employee was on active duty, the service member must report to the university no later than first full regularly scheduled work period on the first full calendar day following completion of the period of service plus 8 hours, after a period allowing for safe transportation from of service to residence.
 7. Discharge will not occur without cause for a period of time based on the period of military service: 6 months if the military service was 30-181 days; 1 year if the service was more than 180 days in length.
 8. If a service member incurs or aggravates a disability while on active duty, the member has up to 2 years from the date the member is hospitalized or convalescing due to apply for re-employment. The time will be extended to accommodate a circumstance beyond the member's control that would make the reporting within the 2 year period impossible or unreasonable.
- D. Other Considerations Relating to Military Leave:
1. Employees may, but are not required, to use annual leave during their active duty status.
 2. Employees are not entitled to use military leave if they are mobilized or volunteer for active duty.
 3. Military leave may only be used for training purposes.

4. Employees may continue insurances during the leave-without-pay period by paying 100 percent of the total premiums (both employee and employer shares). Any employee called to active duty who discontinues insurance coverages during the leave-without-pay period may be placed immediately back on the plans upon return to employment without providing evidence of insurability.
5. Injuries/illnesses sustained during the active duty period will not be covered by the university health plan. These conditions would be covered by the Veterans Administration.
6. An attorney general's opinion, rendered after the passage of this law, points out that it does not pertain to temporary employees.
7. Dates for such leave must have prior administrative approval within the department and retained with internal leave records.
8. Annually is defined as federal fiscal year.

7.20.60 Leaves - Professional (Without Pay)

- A. Eligibility: After 3 years of service and with the approval of appropriate department head and administrators, any regular full-time exempt staff member or any faculty member of regular appointment with rank of instructor or above may submit an application for professional leave without pay, normally not to exceed 1 year, for the purpose of undertaking some project that will directly benefit the university and the person's professional development. These benefits must be detailed in the application.
- B. Use of Accrued Annual Leave: If the leave without pay is approved, all annual leave should be used before the professional leave without pay begins.
- C. Non-Accrual of Leave During Period of Professional Leave Without Pay: Annual and sick leave do not accrue during professional leave without pay.
- D. Professional Leave Absence is Unpaid: All days, including legal holidays, in the period between the date the professional leave commences and the date the employee returns to work are taken without pay.
- E. Insurance Premiums Contribution by NMSU: The university will contribute the employer's portion of insurance premiums during the leave period.
- F. Performance Evaluation: In cases where the individual enters a contract with a state or federal agency, such agreements must provide for a calendar-year evaluation to be prepared by the appropriate supervisor in that agency and forwarded to the appropriate department head or supervisor.
- G. Effect on Tenure Process: Periods of professional leave without pay normally will not apply toward the probationary period for tenure. All conditions of professional leave without pay, including the status of the individual upon return to the university and (if appropriate) the effect of this period on tenure and promotion eligibility, must be in writing prior to the leave period.

7.20.65 Leaves - Records

Supervisors are responsible for tracking and approving annual leave, and sick leave usage for all persons reporting directly to them. The official leave tracking program of the university is Employee Self Service. The annual leave record will be forwarded with the Personnel Action Form when an employee terminates or is placed on leave without pay.

7.20.70 Leaves - Sabbatical

- A. **Purpose:** The purpose of a sabbatical leave is to promote professional growth and increased competence among faculty members by subsidizing significant study and research, creative work, or some other program which is judged to be of equivalent value and which cannot be accomplished during the fulfillment of normal academic duties and responsibilities. All departments and colleges including community colleges are encouraged to participate fully in the sabbatical program.
- B. **Qualifications and Options:** Application for sabbatical leave may be made by any tenured full-time faculty member (above the rank of instructor) with at least 12 regular semesters of full-time service at the university without a sabbatical. A faculty member who is in the last year of the probationary period may be considered for sabbatical leave if a favorable decision on tenure has already been made. Sabbatical leave may be taken in conjunction with earned annual leave, personal leave, or educational leave without pay. Personal leave and educational leave without pay must comply with university policies. In instances where, for good and sufficient institutional reasons, a sabbatical leave is delayed (not to exceed 2 years), the faculty member will become eligible for a succeeding sabbatical leave after an equivalently reduced period. A faculty member should be given as much notice as possible if a sabbatical leave cannot be approved for the time frame requested. Sabbatical leave is available under the following options:
1. One semester at no reduction in annual salary.
 2. One full contract year at 60 percent salary (Those within 5 years of retirement should consult the Employee Benefits Office about the possible negative impact on the retirement benefit formula.)
 3. Semester II (spring) of 1 year and Semester I (fall) of the following year, at 30 percent annual salary for each semester of leave.

When a person has served as both a 9-month and 12-month employee in the 6-year period immediately prior to the requested sabbatical, the amount of time allotted for the sabbatical will be prorated. A faculty member employed on a continuing basis on a 12-month contract may take a 6-month leave at full salary or a 12-month leave at 60 percent salary.

- C. **Applications:** Sabbatical leave will not be granted automatically upon the expiration of the necessary period of service. Rather, a qualified faculty member shall, normally at least 6 months in advance of the leave, submit an application and proposed leave program to the department head or chair, with evidence of research, creative activity, or other academic achievement, including publications, to support the program of work which is planned for the sabbatical period. Also, this program shall give reasonable promise of accomplishing the major purpose of the leave. Request for a sabbatical leave should be accompanied by a detailed explanation of the benefits to the faculty member, university, and the state resulting from the sabbatical leave. For main campus faculty, the approval of the cognizant dean, graduate dean and provost are required. For community colleges, the approval of the division dean, CAO and CEO are required. In addition to the work plan, the leave application should include: (1) a statement regarding choice of options; (2) departmental verification that during the applicant's absence, teaching, research, and service duties can be managed by the department; (3) a statement concerning compensation to be received during the leave. A faculty member on sabbatical leave at full pay usually will not take other paid employment during the leave; and (4) a clear statement of the benefit of the proposed leave to the university. A person on sabbatical at 60 percent time usually will not take more than 40 percent time employment. However, it is recognized that such employment may be necessary for or enhance the leave. In such cases, a request to take compensated employment should be included in the proposal submitted and must have administrative approval. The evaluation of an application should be based on whether the planned program satisfies the aims and goals explicitly set forth in the Purpose statement above. These aims and goals may be independent of geographical location of the leave activities and, therefore, the place of the faculty member's residence during leave should be only one factor in considering the merits of the application. However, to ensure that the sabbatical experience provides opportunities not otherwise available to the main campus

faculty member, the sabbatical period will normally include a component of study/work away from the home institution.

- D. Related Conditions: Time toward each new sabbatical begins immediately after return to full-time service regardless of the semester of return. The sabbatical leave will not adversely affect salary increases or promotions. Institutional participation in faculty retirement and group insurance will be continued for staff on sabbatical leave with pay. A faculty member on sabbatical leave may request, through the department head, travel support for participation in professional meetings. Consideration will be given if the faculty member is an officer of the professional organization or is to participate in some other significant way. Educational or other leaves are excluded as time counted toward eligibility for sabbatical leave. Twelve-month faculty will accrue annual and sick leave (at 60 percent for those on 60 percent pay) and will report annual and sick leave as usual.
- E. Departmental Implementation: Long-range department plans should consider the necessity of, and provide for, temporary absences for sabbatical leave. The initial leave discussions and concomitant management of duties is primarily a matter for discussion and approval by the concerned department. However, in transmitting the final leave request to the dean and provost, the department head should provide assurance that all student needs will be served by the department during the faculty member's absence. In some departments, the absence of one faculty member might place an undue load on the other department members. After a department has taken every step possible to plan for sabbatical leaves, it should submit its proposal to the dean for consideration. The administration will attempt to accommodate these special cases.
- F. Procedures:
1. At least 6 months prior to the requested leave period (exceptions to be considered on a case-by-case basis), application for sabbatical leave is submitted to the department head on a Request for Leave Form and includes the supporting materials detailed in the Application section.
 2. Preliminary approval is obtained when signatures of the department head, cognizant dean, dean of the Graduate School, and the provost are affixed to the Request for Leave Form. For community college faculty, preliminary approval is obtained when signatures of the department chair, division dean, CAO and CEO are affixed to the Request for Leave Form. A supplementary contract, stipulating that the faculty member is obligated and agrees to return to the university to serve a period of 1 year, and failure to do so would require immediate full refund of all salary paid by the university during the leave, is prepared and sent to the faculty member. Upon receipt of the signed supplementary contract, final approval of the leave is granted and the faculty member is notified.
 3. Department heads or chairs submit a Personnel Action Form to place the faculty member on sabbatical.
- G. Post Sabbatical Obligations: Sabbatical leaves will be approved only with the clear understanding that at the completion of the sabbatical and/or supplemental leave, the faculty member will return to the university for a period of service of 1 year. Failure to do so will require immediate full refund of all salaries and benefits costs paid by the university during the sabbatical, and repayment for any annual leave accrued and used during the extended leave. Within the first semester upon return from the sabbatical, the main campus faculty member shall submit to the provost, through the department head and dean a full report of the research, creative work, publications, or other results of the period of leave. This final report should contain a brief summary of the proposal, including a review of the objectives, as well as a summary of what was accomplished. An explanation should be given in the event that some objective(s) were not met. This report will be incorporated in the faculty member's annual written report and may be used in the annual performance evaluation process. The dean will forward the report with both the dean's and department heads comments to the provost regarding the overall value of the sabbatical to the faculty member and to the university and indicating the extent to which the sabbatical plan was accomplished. Community college faculty will submit a similar report to the CEO through their immediate supervisor.

7.20.75 Leaves - Sick

A. Twelve-Month Exempt and Nonexempt Employees:

1. Regular full-time employees shall be granted 12 working days of sick leave a year. This is prorated for half time or more employees.
2. Temporary employees are not eligible for leave.
3. Leave will be earned from the first day of employment and may be used as it is earned.
4. Hours worked over 40 hours per week do not accrue either annual or sick leave.
5. Employees may accrue and bank 100 working days (800 hours) of accumulated sick leave (prorated for less than full-time employees and for any partial months by annual 9-month employees). On July 1 every year, any employee who has accumulated more than 100 working days of sick leave will have the sick leave balance reduced to 100 days.
6. A department may require supporting documentation for any usage of sick leave any time abuse of sick leave is suspected. Any grant of sick leave in excess of 3 consecutive working days should be supported by a medical certificate or other evidence administratively acceptable. Abuse of sick leave may be grounds for immediate dismissal.
7. Annual leave will be applied (if available) against sick leave in excess of the allotted sick leave days, but sick leave will not be applied against annual leave in any case.
8. Any employee who terminates, retires or converts from a 12-month pay base to an academic faculty pay base will be paid for earned sick leave over 600 hours (not to exceed 200 hours). The payment will be made at a rate of 50 percent of the employee's straight-time hourly salary multiplied by the number of sick leave hours accrued over 600 to a maximum of 200. The payment may not exceed 50 percent x hourly rate x 200. (According to Educational Retirement Board rules, this payment will not be included in the 5-year average salary used for the retirement benefits calculation.)
9. Sick leave will be transferred from one department to another with the employee.
10. Sick leave may be used when the employee's presence is reasonably required for the care of dependents during illness or recovery from injury. For this purpose, dependents are defined as spouse, children, or immediate family members any of whom normally reside in an employee's household and who are dependent upon the employee for support and maintenance. A physician's statement may be required to support the usage of sick leave for dependents. Sick leave may be granted to a full-time employee for the purpose of caring for a newly adopted well child under the age of 5 years. Exceptions may be considered for children ages 5 and older upon request to the human resource service director. The leave may be given upon request and approval commencing with formal adoption or receipt of placement papers. Leave time may not exceed 6 weeks. If both adoptive parents are employed by the university, combined leave time may not exceed 6 weeks. Birth fathers and mothers may use up to 6 weeks of sick leave within the first 12 weeks immediately following the birth of a child. Birth mothers may use more than 6 weeks of sick leave for time that is required to be off work due to complications arising from the birth of the child that is directly associated with the mother's health. Time used for care of a newborn child with a serious health condition will be administered under the sick leave policy associated with caring for a dependent.
11. An employees pay can be docked for a voluntary day off if they do not have a leave balance to cover (*see* [section 8.15 Compensation](#)).

- ### B. Nine, Ten and Eleven-Month And Other Non-faculty Employees: Nine, ten and eleven-month non-faculty staff regular employees may earn 9, 10 or 11 days of sick leave a year (8.00 hours per month worked, prorated based on job FTE). Annual leave or sick leave for 9-, 10- and 11-month non-faculty regular employees may be used only during the regular employment time period they

are scheduled to work each fiscal year. Leave is prorated for less than full-time eligible employees.

- C. Nine-Month Faculty Employees: Each case of illness, when duties of a faculty member cannot be made up or covered by coworkers, will be considered administratively, but time off for illness cannot exceed the equivalent of 2 regular semesters with pay. Normally such cases would be approved on the basis of length of service with 1 semester off equated in terms of 10 years of service.

7.20.80 Leaves - Sick Leave Bank

- A. This program establishes a Sick Leave Bank to be used by participating university employees affected by a personal emergency, and who have insufficient leave to cover required work absences.
- B. A personal emergency is defined as an unusual and catastrophic medical or immediate family medical emergency that is likely to require an employee's absence from duty for a prolonged period of time and to result in a substantial loss of income because of the unavailability of paid leave.
- C. Only those items allowable under the university Sick Leave Policy are covered by the Sick Leave Bank; maternity leave in connection with an uncomplicated pregnancy is not a personal emergency.
- D. The bank allows employees to share the risk of severe circumstances by donating to a common pool of leave.
- E. Members of the pool are required to enroll in the long-term disability insurance long-term disability program as a protection against income loss while recovering from a severe medical condition. The long-term disability policy covers total disability after a waiting period of 135 consecutive calendar days or 100 work days.
- F. The maximum a recipient can receive from the Sick Leave Bank is 70 days per personal emergency with no more than one withdrawal from the bank per fiscal year or per personal emergency. No more than 70 days can be withdrawn for a particular medical condition.
- G. Employees would be wise to maintain a balance of at least 30 days of combined sick and annual leave to cover them during the first 30 days of personal emergency or total disability. The Sick Leave Bank does not provide for the first 30 days of the personal emergency; these are the responsibility of the employee and are covered by the employee's sick and annual leave or leave without pay.
- H. Program requirements and application procedures are maintained on the web pages for the Office of Human Resource Services.

7.20.85 Leaves - Without Pay (See [Leaves - Educational](#) and [Leaves - Professional](#)) [*Amendments ratified by Board of Regents 10.22.07*]

Refer to [Section 7.20.45 Leaves – Family and Medical](#) – for leave without pay granted in accordance with the Family and Medical Leave Act.
- B. Requests for LWOP in excess of 90 days should be requested by the employee to the department head/director. If the department head/director recommends approval, the request is forwarded through the dean or vice president for human resource services for consideration. Circumstances in individual cases will determine if such leave will be granted.
- C. An employee who is granted a leave of absence without pay and works less than 51 percent of the pay period must make arrangements through the Office of Human Resource Services to pay the

full cost (employer and employee) of insurance premiums and make timely payments to university accounts receivable (See [Educational](#) and [Professional](#) Leaves without pay for payment requirements). Employees who do not make timely premium payments by the last day of the month are subject to having their coverage cancelled.

- D. Annual and sick leave do not accrue during LWOP.
- E. All days, including legal holidays, in the interim period between the date LWOP commences and the date the employee actually returns to work are taken without pay. For exempt employees, leave without pay will begin on the first eight hour day and end on the last eight hour day of the leave period. Any partial days, taken immediately before or after the official LWOP period, shall be deducted from leave accrued upon return.
- F. An appointing authority may involuntarily place an employee on leave without pay if approved by the Office of Human Resource Services and executive vice president and provost.
- G. LWOP (including LWOP due to educational leave) will not be granted to an individual who has annual leave unless specifically approved by the executive vice president and provost, except under the Family and Medical Leave Act.

7.23 New Employee Orientation *[Amendments ratified by Board of Regents 10.22.07]*

- A. All regular employees, except ERA Return to Work Retirees, working .50 FTE or greater are encouraged to either attend a New Employee Benefits Orientation Group Session or review the orientation information and handouts on the NMSU benefits web site within 31 days of regular employment.
- B. It is the employing department's responsibility to provide employees with a benefits enrollment packet within their first 31 days of regular employment, and to notify employees of their option to either attend a New Employee Benefits Orientation Group Session or review the orientation information.
- C. The online information is available on the NMSU benefits web site.
- D. Employees who do not enroll within established deadlines for the university insurance plans are subject to late enrollment provision, when applicable.

7.27 **Re-Employment of Retirees** [Amendments ratified by the Board of Regents 10.22.07]

A. ERB Retiree/Re-employment after Retirement:

1. \$15,000 or .25 FTE Rule: A retired employee of NMSU may be re-hired and earn up to \$15,000 or an amount calculated under the .25 or less FTE (full time equivalency) provision, whichever is greater, without affecting retirement benefits with the Educational Retirement Board (ERB). The salary for re-hired retirees is calculated on a fiscal year (July 1 – June 30). NMSU will determine if a position equals the .25 FTE.
2. Contract Work: A retiree of NMSU may contract services with NMSU without affecting retirement benefits with the Educational Retirement Board (ERB). NMSU will follow the IRS rules concerning who qualifies as a contractor. NMSU will not enter into a contract with a retiree for the same position the retiree vacated upon retirement.
3. Return to Work Program: The Return to Work (RTW) Program allows retirees to be employed with NMSU without restriction to salary or FTE status. The RTW Program requires the following:
 - a. For employees who retired **after** January 1, 2001:
 - i. The retiree must not work for NMSU for 12 consecutive months.
 - ii. A Return to Work application must be completed with the ERB and approved before the date of re-hire.
 - iii. Re-hired RTW retirees will continue their benefits with the ERB and will not contribute to the retirement fund upon re-hire.
 - b. For Employees who retired **before** January 1, 2001, **and are currently employees**:
 - i. The 12 month requirement does not apply.
 - ii. A Return to Work application must be completed with the ERB before moving to a different employment status.
 - iii. Re-hired RTW retirees will continue their benefits with the ERB and will not contribute to the retirement fund.
 - c. For Employees who retired **before** January 1, 2001, **suspended their retirement payments and are currently working**.

- i. Retirees must have had a 12 month period in which they did not work for an ERB institution.
 - ii. Retirees must terminate their current employment with NMSU for 90 consecutive days (this time cannot include regular scheduled breaks for summer, winter, spring, vacation or sick leave).
 - iii. A Return to Work application must be completed with the ERB and approved before the date of re-hire.
 - iv. The re-hired RTW retiree can resume collection of the ERB benefits and will not contribute to the retirement fund upon re-hire.
- B. ERB Retiree/Return to Work/Procedures and Benefits: Retirees who become employed by NMSU under ERB Return to Work Program must provide both their employing department and the Office of Human Resource Services with an approved copy of their Return to Work application. Such employment will be treated as any other new hire with the exception of eligibility for benefits through NMSU. Returning to regular employment would not be automatic. Retirees would compete for regular positions the same as other candidates. Retirees may be employed in temporary positions without competition subject to existing hiring policies for temporary employees. Educational Retirement Board retirees returning to faculty positions may only be employed as college non-contract faculty. Educational Retirement Board retirees who are hired as regular 12-month employees may earn 22 days of annual leave per fiscal year (pro-rated based on FTE), but all earned annual leave must be used or forfeited by September 30th of the next fiscal year. Retirees will not be paid any annual leave upon termination of employment with the university. Except for annual leave and holiday pay, retirees who return to work as a regular employee will not be eligible for any other benefits extended to regular employees. All other benefits must be maintained as retiree benefits including but not limited to health and life insurance. Retirees will not be eligible for dental, long-term disability, sick leave or any other group insurance or other university benefits offered to eligible regular employees.
- C. ERA Retiree/Re-employment after Retirement: An Educational Retirement Account retiree may be employed as an NMSU temporary employee and earn a salary during the first year after retirement that may be comparable to the salary paid at time of retirement for similar work performed. The sum of that salary is not to exceed the greater of \$15,000 or the time worked shall not exceed one quarter time employment during any fiscal year. Retirees jeopardize their retirement income by not meeting the ERB salary or FTE requirements.
- D. ERA Retiree/Return to Work/Procedures and Benefits: An Educational Retirement Account retiree may be employed as an NMSU full time, regular employee, provided the ERB Return to Work requirements have been satisfied, including an approved RTW application on file with the ERB. Such employment will be treated as any other new hire with the exception of eligibility for benefits through NMSU. Returning to regular employment would not be automatic. Educational Retirement Account retirees would compete for regular positions the same as other candidates. Educational Retirement Act retirees who are hired as regular 12-month employees may earn 22 days of annual leave per fiscal year (pro-rated based on FTE), but all earned annual leave must be used or forfeited by September 30th of the next fiscal year. Retirees will not be paid any annual leave upon termination of employment with the university. Except for annual leave and holiday pay, retirees who return to work as a regular employee will not be eligible for any other benefits extended to regular employees. Retirees will not be eligible for medical, dental, life insurance, long-term disability, sick leave or any other group insurance or other university benefits offered to eligible regular employees.
- E. Re-employment of ARP Retirees: An Alternative Retirement Plan (ARP) retiree is eligible for any type of employment with NMSU. The ARP retiree must identify themselves as an ARP retiree upon hire. ARP retirees will be required to enroll and contribute to the ARP if hired into an ARP eligible position. Except for annual leave and holiday pay, ARP retirees who return to work as a regular employee will not be eligible for any other benefits extended to regular employees. ARP retirees will not be eligible for medical, dental, life insurance, long-term disability, sick leave or any other group insurance or other university benefits offered to eligible regular employees.

7.30 Social Security (FICA) (*See also Policies 2.65, Social Security Numbers, Use Of; 2.90, University Records*)

University employees, full-time or part-time, extension employees who hold federal appointments, and certain other temporary and part-time employees are covered by social security. Payment is made by monthly payroll deduction at a rate set by law, with a matching contribution by the university. (Current rates may be obtained from the Office of Human Resource Services.) Each applicant must possess a social security card in order to be employed. If an applicant does not have a social security card or requests the use of a name that is different in any way from the name on the card, it is the responsibility of the applicant to have the matter corrected at the nearest Social Security Administration Office.

7.34 Tax Sheltered Annuities [*Amendment recommended by Administrative Council 07.27.11; approved by Board of Regents 08.22.11*]

The university provides voluntary tax sheltered annuities. This program allows full-time and part-time employees to exclude a portion of their salary, within certain limits, from their current taxable income by electing to have their employer invest an amount in retirement annuities. No employer contributions are made to the plan. The program is in addition to the New Mexico Educational Retirement Account, the New Mexico Alternative Retirement Program and 457 contributions. Employees may choose from a list of approved companies that offer Tax Sheltered Annuity programs for the university. Employees may also choose within the approved company which accounts they would like their contributions to be distributed to. Employees may elect participation in the tax sheltered annuity plans at any time during the year. Contributions end when an employee terminates employment, retires, completes a Salary Reduction Agreement canceling contributions or when contributions have exceeded annual maximums.

7.35 Tickets (Athletic) for Faculty/Staff (*See 2.05 Athletics*)

The Athletics Department provides season tickets at reduced rates in reserved sections for football and basketball to university faculty and staff. Each employee is eligible to purchase a maximum of two football and two basketball season tickets at reduced rates. The same privileges afforded the university employee shall be extended to official university retirees and their surviving spouses. All employee and retiree tickets are for the use of the member and family and are not transferrable. The cost of tickets for retirees and their surviving spouse is 1/3 the highest cost ticket. Tickets are only issued on a season basis. Both employee and retiree tickets are subject to taxation.

7.40 Unemployment Compensation

- A. Unemployment compensation is paid for by the university on a self-insured basis.
- B. Former employees may file for unemployment benefits at a local employment office in any state.
 1. Student employees are not covered under unemployment compensation.
 2. Nine-month employees are not eligible during the off-employment period.
- C. When an employee has filed for benefits, the university is notified. This notification should be sent to the Office of Human Resource Services, but may be sent directly to the department. In this case, it should be sent immediately to the Office of Human Resource Services as the notification of filing must be answered within 5 days. The supervisor will be contacted to verify reasons for the employee no longer being employed.
- D. All claims will be reviewed and contested by the university on a selective basis if the stated reason for no longer being employed is other than a layoff (discharged through no fault of the employee) and no penalty has been assessed.

- E. Payments will normally be made for a period not to exceed 26 weeks. This may be extended for an additional 13 weeks under certain conditions which are dependent on national and local unemployment percentages.

7.41 United Fund Contribution

Annually, in the fall, the university participates in the United Fund campaign drive. The purpose of this program is to afford the university's employees (regular employees only) an opportunity to participate, either by cash contribution or payroll deduction, at one time and not be subjected to multiple solicitations throughout the year.

7.42 United States Savings Bonds

A regular employee may participate in the savings bond payroll deduction program. Enrollment is optional and forms must be completed and returned to the Office of Human Resource Services. (*See the Office of Human Resource Services for more information.*)

7.45 Work-Related Injuries/Workers' Compensation [*Amendments approved by Board of Regents 10.22.07*]

All employees (including student employees) are covered by the provisions of the Workers' Compensation Law of the State of New Mexico. On-the-job accidents and occupational diseases incurred while working for the university are normally eligible for coverage. An employee may also be covered while traveling on official university business. The benefits payable include medical, surgical, and drug expenses and weekly compensation after the first 7 days of disability. If the period of disability lasts for more than 4 weeks from the date of the accidental injury, compensation benefits will be allowed from the initial date of disability. For more information and procedures for filing claims, contact the Office of Human Resource Services or go to the Office Human Resource Services web site.

- A. Reporting Accidents: All on-the-job accidents or injuries must be reported immediately to the injured employee's supervisor by completing and submitting the Notice of Accident Form whether or not medical care is needed. An Employer's First Report of Accident Form and a Supervisor's Accident Investigation Report Form will be completed by the supervisor whether or not medical care is needed. An Authorization to Release Medical Information and a Claims Explanation Form will be completed by the employee for injuries requiring medical care. All forms are to be sent to the Office of Human Resource Services within 24 hours of the injury or illness. Employees may offset their weekly workers' compensation benefit with their sick/annual leave. Total compensation, to include annual/sick leave and workers' compensation benefits, may not exceed the employee's regular rate of pay. The university will carry the employee on sick leave or leave without pay during the period the employee is receiving payment from the Workers' Compensation carrier up to the maximum of 1 year. Additional information and procedures for filing claims are available in the Office of Human Resource Services or on the Office of Human Resource Services web site.

CHAPTER 8- HUMAN RESOURCES-STAFF POLICIES

8.05 Area/Shift Differentials

- A. Shift Differential Pay (Nonexempt): Work schedules are divided into three, 8-hour shifts in any 24-hour work day. Normally, the daytime shift receives the base rate of pay; the second shift (swing) receives a \$.10 per hour pay differential; the third shift (graveyard) receives a \$.40 per hour pay differential. Any granting of differentials other than those specified must have specific approval of the Office of Human Resource Services. Payment is reported on Form 302 for employees rotating shifts. A Personnel Action Form is used for non-rotating shift employees. The comment section of the Personnel Action Form should note the base salary and shift differential separately. In order to be eligible for a shift differential, an employee's normal work schedule must extend more than 3 hours into the swing or graveyard shift. An employee is eligible for shift differential pay only for those hours extending into the swing or graveyard shift.
- B. Area Differential Pay: Occasionally, employees are sent on temporary duty to locations outside their normal work area. When the cost of temporary lodging and food exceeds the normal per diem rate, the supervisor may request a temporary adjustment to the employee's base pay during the absence to compensate for this loss. Such requests should be submitted to the Office of Human Resource Services. Adjustments in the in-hire rate for nonexempt employees to a rate above the entry rate to compensate for areas or positions in which the university's entry level salary is not competitive may be considered by the Office of Human Resource Services.

8.10 Career Development/Apprenticeship Training

- A. Creation of Trainee Position: When qualified applicants are not available to fill a position, or the employing department desires to establish a trainee position, the director/department head, (in cooperation with the Office of Human Resource Services) may develop a job development program that will provide an opportunity for the individual to become qualified for a position. Normally, the salary schedule for the trainee will not be less than 80 percent of the minimum non-probationary salary for the position and will provide for periodic incremental increases.
- B. Apprenticeship Training (Applicable to recognized apprenticeship programs only): Apprenticeship programs may be submitted for approval by the Office of Human Resource Services.
- C. Preference in Hiring: Apprentices who have satisfactorily completed the training may be promoted to the first available position for which they are qualified without competitive advertising with prior approval by the Office of Human Resource Services. All apprentices assigned to the university through federal, state, or local programs may be placed on temporary employment status. Prior to the end of the employment period, the employee will receive a performance evaluation report and either be terminated or granted a regular appointment.

8.15 Compensation Policies *[Amendments ratified by Board of Regents 10.22.07]*

- A. Salary Schedule:
 - 1. Exempt Employees: Entry salary for exempt employees is determined in accordance with the exempt salary schedule by direct negotiation between the employee and the supervisor with prior approval of the appropriate dean, director, vice president, or executive vice president and provost and the Office of Human Resource Services.

2. **Nonexempt Employees:** New employees are normally hired at entry level of the appropriate grade. With justification and prior approval appropriate dean, director, vice president, or executive vice president and provost and the Office of Human Resource Services, certain applicants may be hired at 5 percent or 10 percent above the entry level dependent upon experience. Employees hired above entry level are not eligible for an end of probation increase. Adjustments may be made to the in-hire rate for positions or in areas that require a higher rate to be set competitive with the local market. (*See [Area Differential](#)*.) The salaries of all employees occupying nonexempt positions are based on the grade as set by the current salary schedule and the university job classification specification. No employee shall be paid less than the minimum for his or her grade in the salary schedule. Classification specifications are standardized descriptions of the characteristics, duties, and minimum qualifications for a group of positions. The qualifications statement in each classification specification establishes minimum requirements that are to be met by an individual before being considered for appointment or promotion. Combinations of education and experience are specified in the classification specification. Other combinations, if deemed equivalent by the Office of Human Resource Services, may qualify an individual for appointment or promotion. Employees may be required by their supervisor to perform duties outside the general skill level of their classification specification on a temporary basis. A supervisor who determines that the standard classification specification does not accurately describe a position should initiate reclassification action (*See [Promotion and Reclassification](#)*).
3. **Temporary Nonexempt Employees:** A temporary employee is normally hired at the entry level of the appropriate grade and remains at the in-hire rate unless the salary schedule changes. If the salary-scale changes, the salary is adjusted in accordance with the new scale. If the salary scale does not change, the employee may be awarded the appropriate base adjustment. Temporary employees are paid on an hourly basis. The E-Hire Form must specify a termination date that does not exceed 12 months. Temporary employees are not eligible for insurance coverage, benefits or holiday pay. The Notice of Employee Separation Form, employment application/resume, and I-9 Form accompany the appointing E-Hire Form, attached to the transmittal form.
4. **Temporary Exempt Employees:** Compensation is in accordance with the exempt salary schedule and may be negotiated between supervisor and employee with prior approval of the Office of Human Resource Services and/or the executive vice president and provost. The supervisor makes salary recommendations at the time the position is requested. (*See [Comp Time/Overtime](#)*) Exempt temporary employees are not eligible for insurance coverages, benefits or holiday pay. The appointing E-Hire Form must specify a termination date not to exceed 12 months and should contain a brief explanation of the work to be performed and salary calculation. The Notice of Employee Separation Form, resume and I-9 Form should accompany the E-Hire Form, attached to the transmittal form.

B. Temporary Assignment to a Position of Another Level:

1. **Nonexempt Employees:**
 - a. **Wage Increases:** Nonexempt employees shall receive a 5% wage increase effective on July 1, 2007; an additional 5% wage increase effective on July 1, 2008; and an additional 5% wage increase effective July 1, 2009. Except as otherwise provided by legislative appropriation, wage increases shall be administered each year as follows:
 - i. All eligible employees whose base salary is less than \$30,000 prior to the increase shall receive a full 5% wage increase.

- ii. For eligible employees whose base salary is \$30,000 or more prior to the increase, a percentage of the wage increase – 90% in 2007, 70% in 2008, and 70% in 2009 – shall be added to each eligible employee’s salary as a cost of living base adjustment. Organizational units shall be allocated a block of funds for the remaining percentage of the wage increase – 10% in 2007, 30% in 2008, and 30% in 2009 – for performance adjustments to such eligible employees, to be distributed at the unit’s discretion as justified by performance evaluation ratings.
 - iii. The following employees shall not be eligible for any wage increase:
 - employees hired after the preceding March 31.
 - iv. The following employees shall not be eligible for a performance adjustment:
 - employees hired after the preceding January 1;
 - employees on Long Term Disability (LTD) or Leave Without Pay (LWOP) status for six (6) months or more during the preceding review period;
 - employees with a “needs improvement” or “unsatisfactory” overall performance rating on the preceding performance evaluation.
 - v. All wage increases are contingent upon the specific appropriation of funds by the Legislature for such increases, which shall be implemented if the specific appropriations are granted.
 - b. Higher classification: An employee who is temporarily assigned to a higher position for a period in excess of 1 calendar month may be assigned a salary in the higher grade in accordance with the rules for promotion (*See Rate of Pay for Promotion*) from the first day of the assignment. To be assigned to the grade, the employee must meet minimum qualifications for the position. If there are no qualified employees, the duties will be reassigned to other employees.
 - c. Lower or lateral classification: The employee will not receive any adjustment in pay.
 - d. Temporary assignments: Temporary assignments will not normally exceed 1 calendar year.
2. Exempt Employees: Salary adjustments and period of assignment will be approved on an individual basis by the Office of Human Resource Services and the executive vice president and provost. Adjustments will be in accordance with the promotion policy outlined below.
- B. Rate of Pay on Demotion (Voluntary or Involuntary):
- 1. Nonexempt Employees: When a nonexempt employee is demoted or accepts a position at a lower grade level, a salary rate will be received in the lower salary range that is 5 percent above the entrance level; or the following percentage decrease, whichever is less of a reduction:
 - a. 5 percent if the demotion is one grade.
 - b. 8 percent if two or three grades.
 - c. 15 percent if four grades.
 - d. 5 percent per grade thereafter.
 - 2. Exempt Employees: Recommendations for exempt salary rates should be submitted to the Office of Human Resource Services for approval by the executive vice president and provost.
- C. Rate of Pay on Voluntary Lateral Transfer to the Same Grade: Whenever an employee makes a lateral transfer, there is normally no change in salary.

D. Rate of Pay for Promotion, Equity or Base Adjustment:

1. Nonexempt Employees (Nonprobationary): The new base salary for nonexempt employees on a promotion will be:
 - a. 5 percent if promotion is one grade.
 - b. 8 percent if two or three grades.
 - c. 15 percent if four or more grades.
 - d. 5 percent above entry level of new grade, whichever is greater.
2. Exempt Employees: Exempt employees may receive an internal promotion, equity or base adjustment salary increase of from 0 to 15 percent or to entry of the new salary level with prior approval of the executive vice president and provost. Internal promotions should not normally exceed a two-level increase. Equity adjustments may be considered dependent upon availability of funding for exempt employees. Internal and external market comparisons are reviewed when considering equity adjustment requests.
3. Nonexempt to Exempt: A nonexempt employee being internally promoted to an exempt position may receive a salary increase of from 0 to 15 percent or to entry of the new salary level with prior approval of the Office of Human Resource Services and the executive vice president and provost.

E. Rate of Pay on Reclassification (Nonprobationary):

1. Nonexempt Employees: The new base salary on reclassification to a higher grade will be:
 - a. 5 percent, if one to three grades;
 - b. 10 percent, if four or more grades;
 - c. up to 15 percent, if from nonexempt to exempt; or
 - d. 5 percent above entry level of new grade, whichever is greater.

A nonexempt employee reclassified to an exempt position may receive a salary increase of from 0 to 15 percent or entry of the exempt level with approval of the Office of Human Resource Services and the executive vice president and provost. Reclassification to the same grade level will not affect the salary. An adjustment in classification by the Office of Human Resource Services which results in change of grade or elimination of title may or may not result in a salary change. Decisions regarding such changes will be made on a case-by-case basis.

2. Exempt Employees: Exempt employees may receive a salary increase of 0 to 15 percent or to entry of the new salary level with prior approval of the executive vice president and provost. Reclassifications will not normally exceed two levels.

F. End of Probation Salary Adjustment (Nonexempt Regular Employees Only): Upon satisfactory completion of the initial probationary period, a new nonexempt employee may receive a 5 percent salary increase. Employees hired above the entry level will not receive an increase. Supervisors complete a Personnel Action Form and performance evaluation to implement the change from probationary to regular status. The salary increase will be effective 6 months following the employee's employment date or upon completion of the probationary period.

G. Retroactive Pay Adjustment: Retroactive payment may be made back to the day of the calendar month in which the general pay adjustment was approved. Example: an employee was granted a pay adjustment effective April 26 but, due to an error, the proper amount was

not paid. The error was discovered on June 15. The retroactive adjustment may be made back to April 26, the date the adjustment was approved. Salary adjustments may not pass beyond fiscal year dates without specific approval of the assistant vice president for human resource services. If an employee is overpaid due to an administrative error, the employee will be responsible for reimbursing the university for the total overpayment.

- H. Meal Periods - Rest Breaks: A normal work day shall consist of 8 hours of work with a minimum of one-half hour and a maximum of 1 hour of non work time granted for a meal period. Periods of less than 1 hour meal time and specific eating on the job arrangements must be approved by the department head or director. A 15-minute break period is allowed during each 4-hour work period. Non usage of break periods may not be used to make up time spent away from work. Break times can not be accumulated.
- I. Three-Year Longevity Increase: Nonexempt employees who satisfactorily complete their initial 3 consecutive years of service will be awarded a 5 percent increase effective on the employee's anniversary date. Temporary or occasional employees are not eligible for the 3-year service award. Prior service with a break in employment in excess of 5 working days is not credited toward the 3 years of service. Leave without pay will not be included as service time.
- J. Service Increase: Regular nonexempt employees may be awarded a service increase upon satisfactory completion of 10, 15, 20, 25 and 30 years of regular consecutive service. The increase will be effective on the first day of the month after the anniversary date (*i.e.*; if the anniversary date is January 13, the award will be effective February 1). The increase will be \$750 after 10 years; \$850 after 15 years; and \$1,000 after 20 years. (To be prorated for less than full time employees). The increase may not be retroactive and will be subject to satisfactory performance as documented on the performance evaluation form.
- K. Daily Maximum Hours of Employment: No employees, other than fire fighters, law enforcement officers, dispatchers, or farm or ranch hands, whose duties require them to work longer hours, or employees primarily in a standby position shall normally be required to work more than 16 hours in any 24-hour period, except in emergency or special situations.
- L. Deductions from Pay: Improper deductions from an employees pay are prohibited. Full day suspensions without pay are allowed for exempt employees. Suspensions must be related to conduct. Supervisors must obtain prior approval from the appropriate dean or vice president/vice provost and the assistant vice president for human resource services. An exempt employee's pay can be docked for a voluntary day off if leave is unavailable to cover the time. Refer to FMLA policy [7.20.45](#) for allowable partial day docking. (*See* [8.30 Disciplinary action/Involuntary Termination](#) and [4.05.11 Appeals/Grievances](#))

8.15.05 Multi-lingual Pay *[Amendment approved by Board of Regents 10.22.07]*

In facilities or offices where the employer deems it necessary to have on staff multi-lingual employees to facilitate communications with members of the public, and employees on staff assigned to the facility are available and capable of fulfilling such need, the university may designate a sufficient number of employees in the assigned work force to perform such duties and such employees shall be entitled to a differential in the amount of \$.10 per hour

8.15.10 Employee Recognition Program *[Amendment adopted by Administrative Council 07.08.08; ratified by Board of Regents 07.15.08]*

- A. Policy Statement: New Mexico State University recognizes the most important and valuable asset any organization has is its employees. In appreciation for the dedication and accomplishments of staff members, the Employee Recognition Program (ERP) is

established to reward and recognize those who demonstrate the professionalism and behaviors consistent with the mission of NMSU and to celebrate achievements that have an exceptional impact on the organization. Departments, colleges and divisions are encouraged to develop their own programs to complement established university -level* programs.

This program is exclusive of merit/performance adjustments provided during the annual salary process.

* Established University - Level Employee Recognition Programs:

- Patricia Christmore Faculty Teaching Award
- Fort Bliss Federal Credit Union Award
- Ralph B. Crouch Award
- Donald Roush Award
- Robert L. Westhafer Award
- Frank Bromilow Staff and Teaching Awards
- University Research Council Award
- Stephen W. and Robert E. Roberts Memorial Staff Award
- Dr. Dennis Darnall Award
- El Paso Energy Award

Additional university-level Employee Recognition Programs may be developed by the Office of Human Resource Services with approval by executive administration. Programs will be designed to recognize exceptional accomplishments for faculty and staff subject to specific achievement within specified criteria directly attributable to faculty and staff members.

To ensure fairness and equity, all ERP's must include an application and/or nomination/recommendation process, defined selection criteria and a process which includes the review and recommendation of a group or a committee. If a donor serves on the committee for which his/her donation is under consideration, the donor must be in the minority of the representation on the committee in order to avoid tax consequences.

All employees must have an equal opportunity to compete for bonuses and awards based on the eligibility criteria of an approved program. The Office of Human Resources will review and approve all departmental ERP's, with the exception of awards provided from donated funds. Because of the university's status as a public employer, tax issues and state regulations, rewards are defined as either a **bonus** or an **award**.

Exceptions to the following guidelines must be approved by the Office of the Executive Vice President and Provost.

- B. Bonus: A bonus is defined as recognition for exceptional performance of duties and responsibilities above and beyond the normal scope of an employee's assigned duties and responsibilities. A bonus is a one-time payment that is paid from instruction and general (I&G) finds, state appropriations and/or any appropriate restricted or unrestricted funding source. The following guidelines apply to departmental bonus programs:
1. A minimum of \$100.00 (net) up to a maximum of \$500.00 (net) may be provided for any individual payment.
 2. More than one recipient per department and/or division may receive a bonus depending upon the availability of funding and eligibility.

3. Bonuses paid from restricted/unrestricted funds must comply with the granting agency guidelines.
 4. Applicable taxes will be deducted from the gross amount.
 5. Bonuses will be processed using a One Time Payment Request.
- C. **Award:** An award is recognition of an exceptional achievement, work ethic and/or service which significantly contributes to an organizational unit. Awards may be paid from any appropriate restricted or unrestricted funding source and/or donated funds. The following guidelines apply to departmental bonus programs:
1. There are no dollar restrictions for awards provided from donated funds.
 2. A minimum of \$100.00 (net) up to a maximum of \$500.00 (net) may be provided for any individual recipient of an award paid from restricted/unrestricted funds.
 3. More than one recipient per department and/or division may receive an award depending upon the availability of funding and eligibility.
 4. Awards paid from restricted/unrestricted funds must comply with the granting agency guidelines.
 5. To avoid the appearance of a conflict of interest, services or merchandise (or certificates for such) from vendors or other non-university businesses shall not be solicited or accepted as donations by departments for use as awards. As state employees are not entitled to receive gifts, certificates for such awards shall be called "award certificates".
 6. If donated funds are the source of an award, the Office of University Advancement must be consulted prior to the presentation of the award.
 7. Awards paid from restricted/unrestricted funds and donated funds are taxable and are processed through a One Time Payment Request.

NMSU encourages nomination of faculty and staff for external (non-NMSU) awards. These awards are subject to the granting agency's criteria and guidelines and will not require a central office review.

8.16 **Hardship Differential Pay** *[Policy adopted by Administrative Council 07.11.06; ratified by Board of Regents 09.08.06]*

- A. **Policy Statement:** Hardship differential pay is extra compensation occasionally paid to employees assigned to work for a fixed period of time on a specific project to meet an objective, and under extraordinary working conditions.
- B. **Procedural Guidance:**
 1. Management should attempt to schedule staff and faculty such that excessive overtime and hardship to the employee is avoided; the hardship differential pay addresses those situations where this cannot be avoided.
 2. Extraordinary working conditions include situations when the employee is required to work an inordinate number of hours beyond the normal forty (40) hour work week, or to work under unusually risky and/or hazardous conditions, or to work away from home through a holiday. Such working conditions should not be the

norm, and payment of extra compensation is justified due to the significant hardship placed on the employee during the period of time necessary to meet the work objective.

3. In order to receive hardship differential pay, the appropriate dean, vice president or designee and the Office of Human Resource Services must approve it in writing.
4. The amount of the hardship differential pay will be a differential over and above the employee's regular salary, to be paid for the duration of the project.
 - a. Hardship differential pay will be included in the calculation of overtime compensation for nonexempt employees.
 - b. The differential for exempt and faculty employees shall not exceed their regular base rate of pay.

8.20 Compensatory Time, Overtime, and Holiday Pay *(See also [Chapter 4-Hiring-Definitions-Employees Exempt](#)) [Amendment ratified by Board of Regents 10.22.07]*

- A. **Employees Exempt from Overtime:** Any individual employed in a bona fide executive, administrative, or exempt capacity, as defined by the Fair Labor Standards Act, may be exempted from compensatory time or payment of overtime. Employees so exempted shall be termed exempt. All other categories will be termed nonexempt. Exempt/nonexempt status will be determined by a review of the specific description of duties for the position in question. Positions having like classifications may receive different exempt/nonexempt classifications based on the specific duties and responsibilities required. The Office of Human Resource Services may be contacted for information regarding exempt/nonexempt status on any position.
- B. **Overtime Administration:** A director/department head may prescribe reasonable periods of overtime work to meet the needs of an operation. A nonexempt employee may only work more than 40 hours a week after having obtained prior approval or instructions from the appropriate supervisor. Complete records of overtime for employees will be maintained in each department or office.
- C. **Overtime Payment:** Nonexempt employees as defined by the Fair Labor Standards Act (*See [Chapter 4 Human Resources - General - Hiring Definitions](#)*) are eligible to be compensated or given compensatory time for overtime. Upon election by the employee, overtime work may be compensated in the form of overtime pay or compensatory time off. Normally, employees who are eligible for payment of overtime will not work in excess of a 40-hour week. To prevent a backlog, workloads should be adjusted by determining needs sufficiently in advance so that temporary help may be hired. The university has no contractual obligation to pay overtime or approve compensatory time. If it becomes necessary for nonexempt employees to work more than 40 hours in a week, the following will apply:
 1. All regular, non-exempt, employees shall be paid for all hours worked in excess of forty (40) hours during a work week at the employee's regular rate of pay and at an additional 0.5 times for the overtime hours worked or be paid for all hours worked in excess of forty (40) hours during a work week at the employee's rate of pay and earn comp time at an additional 0.5 times the overtime hours worked.
 2. When regular, part-time, employees are required to work more than their normal scheduled hours, but less than 40 hours per week, they will be paid for additional hours (at straight time rates) up to a total of 40 hours in a work week. All time worked in excess of 40 hours is subject to the provisions in #1 above.

3. When temporary employees are required to work more than their normal scheduled hours, but less than 40 hours per week, they will be paid for additional hours (at straight time rates) up to a total of 40 hours in a work week. All time worked in excess of 40 hours shall be paid at the employee's rate of pay and at an additional 0.5 times the overtime hours worked.
- C. Holiday Pay: Any nonexempt employee required to work on one of the official holidays and who does not receive a day off in lieu of the holiday, may be compensated at one and a half times the regular hourly rate in addition to the holiday pay regardless of the number of hours actually worked during the normal work week. If compensatory time, in lieu of payment, is granted for work performed on a holiday, it shall be granted at the rate of one and one half times the number of hours worked regardless of the number of hours actually worked during the normal work week. An employee whose normal work schedule does not include a day designated as an official university holiday may receive a day off in lieu of the holiday during the same work week in which the holiday falls. Payment for a holiday, annual leave, sick leave, administrative leave, compensatory time, or compassionate leave will be considered as hours worked only during a work week in which an official university holiday occurs. Otherwise, in order to be paid at the overtime rate, actual hours worked must be in excess of 40 hours for an employee's work week. If holiday hours and actual hours worked exceed 40 hours in a workweek, calculation of overtime hours will exclude holiday premium hours already compensated.
- D. Overtime Reporting: Nonexempt employees eligible for payment of overtime who are required to work in excess of 40 hours per week will report overtime hours worked on the university Compensation Overtime Report at the end of the pay period. The method for computing overtime is stated on the form.
- E. Compensatory Time (Comp Time): The purpose of compensatory time is to provide an alternative to cash payment of overtime. A nonexempt employee may only work more than 40 hours a week after having obtained prior approval or instructions from the appropriate supervisor.
1. Upon election by the employee, overtime work may be compensated in the form of compensatory time off. When such form of compensation is elected, the employee shall be paid for all hours worked in excess of forty (40) hours during the work week (hereinafter "overtime hours") at the employee's regular hourly rate of pay and earn comp time at an additional .5 times the overtime hours worked. The university shall designate two (2) opportunities each year for employees' to elect to receive comp time for overtime hours worked, to be effective on January 1 and July 1.
 2. The date to be taken as comp time off shall be scheduled by agreement between the supervisor and the employee. Supervisory approval for the use of comp time shall not be unreasonably withheld. A supervisor may direct that an employee use accrued comp time.
 3. A maximum of one hundred and twenty (120) hours of comp time may be accrued in a fiscal year. Comp time earned for overtime and reported by the payroll deadline shall be accrued at the next regularly scheduled pay day. An employee may request payment of accrued comp time at any time, which shall then be paid at the next regularly scheduled pay day. All comp time must be used or paid by the end of each fiscal year or prior to transfer or termination.

8.20.05 On-call Pay [*Policy approved by Board of Regents 10.22.07*]

The university may assign and employee to on-call status in accordance with the following:

- A. On-call Status: An employee is assigned to on-call status in circumstances where the time expended will not constitute compensable hours worked under the Fair Labor Standards Act shall be paid “on call” pay in the amount equal to \$1.00 per hour for each hour of assigned on-call status.
- B. Unrestricted Call-back Status: On-call pay shall not be paid to employees who are placed on stand-by status and who are provided with a pager, cell phone or other electronic device and required to return to work site as soon as practical from the time contact is made, so long as the employee is not required to remain in any specific geographical area or required to return to work within a specific time period. Employees on such status may decline to return to work if contacted, without penalty, discipline or other reprisal if they acknowledge they are not fit to report to duty.

8.20.10 Call-back Pay *[Policy approved by Board of Regents 10.22.07]*

On-call employees who are required to return to work, or those other employees who are called back to work on a regularly scheduled on-duty day after going off-duty or who are called to work on a regularly scheduled off-duty day, shall be guaranteed a minimum of two (2) hours of pay for the actual time worked at the applicable straight time or overtime rate. For employees called back to work, paid time shall commence at the time the employee begins travel to report for work and ends at the completion of the call-back assignment.

8.25 Consulting (Exempt Staff)

- A. Exempt employees whose full-time duties and responsibilities are similar to those of faculty may be granted consulting privileges subject to prior approval of the appropriate supervisors through the executive vice president and provost. The terms and conditions of these privileges are contained in [Chapter 5 - Faculty - Consulting](#).
- B. Other exempt employees who engage in any form of paid consulting, contracting, retail, or wholesale activity not directly related to their university responsibilities normally will do so only on their own time.
- C. Outside activities during a normal duty day should have prior approval by a supervisor and be accomplished on an annual leave or compensatory time basis.
- D. No paid outside activity may be pursued which would create the appearance of a conflict of interest with university responsibilities or which would reflect unfavorably on the university. Outside activities will not be allowed when they prevent an employee from accomplishing regularly assigned duties.
- E. With prior approval from the appropriate supervisor and cognizant dean/director/vice president, exempt employees may engage in job-related service or professional activities outside the university without taking annual leave (such as serving on an accrediting team or holding a professional office). The activity must be of benefit to the university and support the goals of higher education. University employees working on government contracts that require accounting for all direct and indirect time, and all sick leave, holiday, and annual leave time, will be required to comply with record keeping systems that meet government audit requirements. Full accountability of all paid time is the general norm for this type of organization. University facilities, equipment, personnel or supplies which are not freely available to the general public will not be used in consulting without proper arrangements for reimbursement. (*See also Policy 5.14.40 at “Exempt Staff Hired as Part-time Faculty”*)

8.30 Disciplinary Action/Involuntary Termination *[Amendment adopted by Administrative Council 09.09.08; ratified by Board of Regents 07.29.09]*

- A. Inability to Perform Essential Job Functions: A supervisor may, after having obtained the approval of the appropriate dean/vice president and the Office of Human Resource Services, require an employee to be examined by a medical doctor (or other health provider) for the purpose of determining the employee's ability to perform essential job functions. The cost of the examination will be borne by the university. An employee may be terminated if unable to perform the essential job functions of a position.
- B. Absence Without Authorization: A staff employee who is absent from work without proper authorization or notification for a period of 1 working day or if less than 1 working day for more than one occurrence, may be terminated. Such action will be considered as just cause for termination and processed as an involuntary termination. If subsequent investigation and information reveals extenuating circumstances, the employee may use annual leave, sick leave, or leave without pay for the days absent and may be subject to other disciplinary action.
- C. Disciplinary Action (Nonprobationary Regular Employees): The supervisor may request action appropriate to the nature and severity of the offense or unacceptable performance and has the following options available. Items #2, #3, and #4 require prior approval from the Office of Human Resource Services.
1. Oral Reprimand or Warning: Supervisor prepares a memorandum of record for departmental file.
 2. Written Reprimand, Warning, or Notification of Unacceptable Performance: Supervisor prepares a memorandum to the employee, obtains approval from the Office of Human Resource Services, and forwards a copy to the Office of Human Resource Services for inclusion in the employee's file.
 3. Suspension or Demotion: (See [Termination and Just Cause](#)) Suspension of exempt employees will be for a minimum of 1 working day within a work week.
 4. Involuntary Termination: (See [Termination and Just Cause](#)).
- D. Immediate (Temporary) Removal: The appointing authority may, with approval of the appropriate dean or vice president, and Office of Human Resource Services, immediately remove and place an employee on administrative leave with pay. This action may be taken when it is in the best interest of the university or it is necessary to remove an employee from the work site. Requests to place an employee on involuntary leave without pay must be submitted to the Office of Human Resource Services.
- E. Termination of Involuntary (Probationary, Temporary and Emergency Hires): Probationary, temporary, occasional and emergency hire employees may be terminated without cause by providing at least 24 hours notice. The termination of any such employee requires the prior approval of the appropriate dean or vice president and assistant vice president for human resource services. Probationary, temporary, occasional, or emergency hire employees have no entitlement or expectation to continued employment during or beyond the probationary or appointment period.
- F. Termination - Demotion and Suspension (Involuntary) of (Nonprobationary Regular Employees): A supervisor may, after obtaining prior approval of the appropriate dean or vice president and the assistant vice president for human resource services, terminate, demote, or suspend an employee for just cause. All such actions will be submitted to the Office of Human Resource Services for review and prior approval. Normally, exempt

employees will be given at least 10 working day's notification of the proposed action. Nonexempt employees will receive at least 5 working days. However, the supervisor, with prior approval of the cognizant dean or vice president, and Office of Human Resource Services, may immediately remove and place an employee on administrative leave with pay during the notification period. (See [Immediate \(Temporary\) Removal](#) above) After obtaining the necessary approvals, the supervisor may issue a notice of proposed disciplinary action. The notification will contain the following:

1. The type of action being proposed.
2. The specific acts resulting in the proposed action.
3. The effective date of the proposed action.
4. A summary of the information used in support of the proposed action.
5. A statement that the employee may respond to the action and allegations in writing or request a review hearing within 2 working days of receipt of the notice of proposed action.
6. A statement that if the employee does not respond to the proposed notice or request a review hearing, the proposed action will become final and effective on the proposed date.
7. A statement that a post-action grievance may be filed with the Office of Institutional Equity/OIE and Employee Management Services Office within 15 working days of receipt of the proposed notice (if the employee does not chose to respond to the notice or request a review hearing) or within 15 working days of receipt of the notice of final determination.

Should an employee respond in writing to the proposed notice and not request a review hearing, the supervisor will consider the employee's response and issue a final determination, after consultation with the Office of Human Resource Services. Should an employee request a review hearing, the immediate supervisor (or designee) of the individual issuing the proposed notice, and a representative of the Office of Human Resource Services, will meet with the employee within 2 working days of the employee's request. The employee may bring a representative to the hearing. If the representative is an attorney, the employee must so inform the human resources representative to allow the university time to arrange for its general counsel to be present at the hearing. The university reserves the right to have the general counsel present at any and all hearings. A final determination will be issued by the immediate supervisor (or designee) of the individual issuing the proposed notice, after consultation with the Office of Human Resource Services. Time limits specified may be changed should requests be made and/or circumstances warrant a revision.

- G. Just Cause (Nonprobationary Regular Employees): Employees may be terminated, demoted, or suspended for just cause which may be generally described as any conduct, action, or inaction, arising from, connected with, or impacting on the employee's work, whether on or off duty, that is inconsistent with the employee's obligations to the employer; or conduct reflecting a disregard of the employer's interests, policies or procedures. Just cause includes, but is not limited to, inefficiency, unacceptable performance, incompetence, misconduct, negligence, insubordination, or conviction of a felony or misdemeanor under the provisions of the Criminal Offender Employment Act (Section 28-2-1, *et seq.*, NMSA 1978).

1. Falsification of documents.
2. Threatening, assaulting, or abusive behavior towards a supervisor, student, employee, guest or customer of the university.

3. Sexual harassment of an employee, student, guest or customer of the university on or off campus which may explicitly or implicitly affect an employee's performance or unreasonably interferes with a person's employment or academic endeavors.
4. Jeopardizing the safety or health of an employee (including one's self), student, guest or customer of the university.
5. Dishonesty or intentional fabrication of events.
6. Negligent, incompetent, inefficient or unacceptable performance of duties.
7. Willful disregard of reasonable directives or policies or a defiant attitude of noncompliance toward regulations, directives or policies applicable to an employee.
8. Conduct that interferes with the efficient operation of the university.

8.40 **Hiring** (See [Chapter 4 - Human Resources - General - Hiring](#))

8.40.1 **Ineligibility for Rehire** [*Policy adopted by Administrative Council 06.10.08; ratified by Board of Regents 07.15.08*]

- A. Purpose: To facilitate a safe and secure academic and employment environment in which faculty, staff and students may be effective and successful in their learning and working experiences at NMSU.
- B. Permanent Disqualification: Former NMSU employees shall not be rehired by any NMSU entity if their separation from employment occurred under any of the following circumstances:

1. Termination for just cause (*See* Guidelines Matrix in HRS Procedures Manual);
 2. Resignation or retirement in lieu of termination for just cause, including resignation or retirement during development or pendency of administrative proceeding seeking termination of employment, based on substantiated misconduct;
 3. Resignation or retirement during the course of an internal investigation for alleged misconduct, which if substantiated would constitute just cause for termination;
 4. Categorization of Ineligibility for Rehire pursuant to other NMSU Policy.
- C. **Temporary Disqualification:** At the discretion of the NMSU hiring manager, with the concurrence of the Office of Human Resource Services, NMSU may rehire former employees, after a minimum period of 365 days, whose voluntary or involuntary separation from employment occurred under any one of the following circumstances:
1. Sleeping on the job;
 2. Job abandonment due to extenuating circumstances;
 3. Absenteeism/tardiness;
 4. Loss of required credential required to meet the job's minimum qualifications.
- D. **Notification and Right to Administrative Review:** At or near the time of separation from university service, the employee who will not be eligible for rehire will be notified in writing by the Office of Human Resource Services or by the Office of the Executive Vice President and provost either: 1) during an exit interview process, 2) in a Final Determination Letter following proposed disciplinary action, or 3) by other written notification to the employee mailed to the employee's home address. The former staff or faculty member may seek reconsideration of this determination by notifying either the assistant vice president for human resource services or the executive vice president and provost, respectively, in writing, within ten (10) working days after receipt of the notification. The former employee shall include all information the employee wishes the university to consider when reconsidering the ineligibility determination. The assistant vice president for human resource services or the Office of the executive vice president and provost, as appropriate, will provide the university's final decision to the former employee in writing with thirty (30) working days from receipt of the request for reconsideration.
- E. **Disqualification Based Upon Latent Misconduct:** The university also may exclude from future employment those former employees whose misconduct is discovered by the university after separation from service, and such misconduct would have constituted just cause for termination under the university's policies and/or established practices. In such case, the university will provide notice to the former employee of the circumstances leading to such decision and provide an opportunity to seek reconsideration of that decision, as set forth above.

8.45 Layoffs and Recall (*See also* [Policy 4.40, Layoff/Financial Exigency](#))

- A. Layoff, transfer and recall, due to a university wide financial exigency of positions funded from state appropriations as a line item, will be made in accordance with the Financial Exigency Policy contained in the [Human Resources - General section: Layoffs/Financial Exigency](#).

- B. Transfer, recall, and termination policy for employees (below the rank of director) who are facing termination for reasons other than a university wide financial exigency shall be as follows:
1. It is the policy of the university to attempt to transfer any non-probationary, satisfactorily performing employee who will be laid off as a result of a reduction in force, reorganization, or job elimination.
 2. Employees may be transferred to like positions for which they are qualified on the basis of seniority (i.e., service within both the university and the department, along with past work performance) as vacancies occur.
 3. Those individuals not transferred by their termination date will be placed on leave without pay in accordance with the policy stated under Benefits - Leaves - Leave Without Pay.
 4. The university may recall non-probationary employees on a seniority basis whenever possible, with those having the most seniority and good work records recalled first. Recall rights are limited to the first 90 calendar days after layoff.
 5. The transfer or recall of employees to other positions may result in a different rate of pay, level, and job title.
 6. Specific plans for any area which is terminating employees will be prepared at the time of the layoff, reviewed by the assistant vice president for human resource services and approved by the executive vice president and provost.
 7. Salary and wage rate will be in accordance with Policy [5.25-Compensation \(Faculty\)](#) or Policy [8.15-Compensation \(Staff\)](#).
- C. This policy is not applicable to positions when wages are derived from external funds or other non-instructional type funding. Departmental layoff plans may be developed and submitted to the executive vice president and provost through the assistant vice president for human resource services for these positions, if necessary. All terminations due to a layoff must have the prior approval of the assistant vice president for human resource services and executive vice president and provost. Any employee whose position is federally funded, and who is facing involuntary leave due to a temporary federal financial shortfall, may choose to use annual leave or leave without pay during the required absence. Leave without pay requests should be processed in accordance with [Benefits - Leaves - Leave Without Pay](#).

8.50 Performance Evaluation/Probationary Period (See also [Policy 5.06-Administrative Reviews](#)) [*Ratified by Board of Regents 10.22.07*] [*Amendment approved by Administrative Council 09.09.08; ratified by Board of Regents 07.29.09*]

- A. Initial Probationary Period (New Regular Employees): The probationary period is an essential part of the employment process and shall be used as an adjustment period for new employees and supervisors. Probationary employees have no entitlement or expectation to continued employment during the probationary period. During the probationary period, a new employee may be terminated with or without cause and without recourse to the pre- or post-action grievance procedures except in cases alleging discrimination. Probationary employees may be terminated by providing at least 24 hours notice after having obtained approvals from the assistant vice president for human resource services and the appropriate dean or vice president in accordance with Disciplinary Action in this chapter. A probationary employee may also resign without notice at any time during the probationary period. The initial probationary period is

applicable to a new employee in any position to which appointed. The probationary period shall be the first 6 months of service for nonexempt employees and the first 12 months of service for exempt employees. Time served in a temporary, occasional or emergency hire status does not apply towards completion of the initial probationary period.

- B. Probationary Period (Promotion or Transfer) – Exempt Employees Only: Any employee promoted, transferred or reclassified (voluntarily or involuntarily) will serve an additional probationary period. The length of the probationary period shall be the same as defined in the section immediately above. Any employee promoted, transferred or reclassified (voluntarily or involuntarily) may be demoted and or transferred by a supervisor with or without cause and without recourse to the pre- or post-action grievance procedures by providing at least 24 hours notice after having obtained approval of the assistant vice president for human resource services.
- C. Probationary Period (Adjustment): The director/department head may request an exception to any probationary period. There may be cases in which employees demonstrate exceptional qualities that would permit reduction of the probationary period. Conversely, the type of work and an employee's performance may demonstrate a need for lengthening the period. Variations are normally limited to 3 months for nonexempt and 6 months for exempt employees. Any adjustment should be requested in writing 2 weeks prior to completion of the probationary period, supported by a performance evaluation, and forwarded to the Office of Human Resource Services for consideration.
- D. Probationary Period Evaluation Report (Applicable Only to Regular, Nonexempt Employees): Prior to completion of the probationary period, the supervisor completes the Performance Evaluation Form (*See [Performance Evaluation](#)*), and forwards it through channels to the Office of Human Resource Services for inclusion in the employee's personnel file. A Personnel Action Form should accompany the evaluation report if the employee is a new hire and was hired at the entry level. Normally evaluations with outstanding marks are reserved for employees who have consistently, over a period of time demonstrated outstanding performance.
- E. Probationary Period Salary Adjustment (Applicable Only to Newly Appointed Regular Nonexempt Employees): (*See [Compensation - End of Probation Salary Adjustment](#)*)
- F. Performance Evaluation Completion Schedule: An evaluation should be completed:
 - 1. After completion of a probationary period for nonexempt employees (may also be used for the annual evaluation if completed in December, January or February).
 - 2. Annually for purposes of allocating merit increases.
 - 3. Any time a supervisor considers an evaluation necessary.
 - 4. Upon transfer of an employee to a new organizational unit.
- G. Performance Evaluation (Nonexempt Staff):
 - 1. Evaluations will be made on the approved Nonexempt Performance Evaluation Form.
 - 2. The form will be completed by the immediate supervisor and then reviewed and signed by the appropriate second level supervisor prior to discussion with the employee. The employee will be provided with a copy of the completed form within 10 working days of the supervisor's signature.

3. The evaluator should discuss the evaluation with the employee to avoid the possibility of misinterpretation. (This discussion should occur after the reviewer has signed the form.)
4. The employee may discuss the rating with the reviewer prior to the evaluation being forwarded to the Office of Human Resource Services or being filed.
5. If the employee does not agree with the evaluation and does not want to go through a formal appeal procedure, the employee may prepare an addendum to the evaluation to be placed in the employee's personnel file within 15 working days after receipt of the evaluation form containing all necessary signatures.
6. In the event that a supervisor is not able to evaluate due to lack of longevity in the position or lack of knowledge about the employee, the supervisor may designate a responsible official to complete the Performance Evaluation Form. If this is done, the supervisor must co-sign the evaluation form with the designated official.
7. The employee's current supervisor is responsible for completing the evaluation process and may consult with previous supervisors of the employee in assigning evaluation scores.

H. Performance Evaluation (Exempt Staff):

1. Each major administrative unit should utilize a form approved by the assistant vice president for human resource services or the university approved form.
2. All exempt employees will be evaluated at least annually. If performance becomes a concern, interim evaluations may be administered.

I. Performance Evaluation Appeals: (Non-probationary Employees) An employee appeal may be forwarded in writing to the assistant vice president for human resource services within 15 working days of receipt of the evaluation form containing all necessary signatures. The appeal should state specifically what area(s) of the evaluation are being appealed and why. The Office of Human Resource Services will review the appeal and attempt conciliation. (*See Chapter 4 Human Resources – General – Appeals*). Performance evaluations with overall ratings of unsatisfactory, needs improvement or does not meet expectations may be appealed using the grievance procedure.)

8.55 Promotion and Reclassification (*See also Compensation - Rate of Pay for Promotions* above, and *Career Development*)

A. Internal promotion criteria for regular employees includes:

1. The promotion should be within a major organizational unit, such as a college or vice president's area. Employing departments are encouraged to notify all employees in the organizational unit of the promotional opportunity.
2. The salary increase on promotion will be in accordance with the section Compensation - Rate of Pay for Promotions. Nonexempt promotions of four or more grades and exempt promotions of three or more levels may require advertisement.
3. New employees will not normally be considered for a promotion outside their current department until they have completed their initial probationary period.

Requests for exception must have the written release of the current supervisor and approval of the Office of Human Resource Services.

4. The employee must meet the minimum qualifications for the higher level position.
 5. In E-Hire Form should be submitted after the Office of Human Resource Services has determined that the employee meets all qualifications for the new position. The employee should be notified only after approval is received from the Office of Human Resource Services.
 6. The department that the employee is leaving initiates and forwards an E-Hire Form and leave records to the hiring department.
 7. Equal Employment Opportunity/Affirmative Action commitments will be considered during promotions.
- B. Reclassification of Positions: The level and/or grade of positions are determined by the Office of Human Resource Services as authorized by the executive vice president and provost. The Office of Human Resource Services may direct, through the executive vice president and provost, that duties be added, taken away or reassigned from existing positions in order to correspond with currently authorized levels and/or grades.
- C. Nonexempt Staff Positions:
1. A supervisor requesting to make significant changes in the duties and responsibilities of a position may prepare a Position Description Questionnaire detailing the characteristics, duties, responsibilities and minimum qualifications of the position in question. After obtaining the comments and signatures of the employee when appropriate, the department head/director, and the dean/vice president, the supervisor should forward the completed Position Description Questionnaire to the Office of Human Resource Services for a reclassification review.
 2. A regular non-probationary employee who has reason to believe a position is misclassified may request a classification review. The Position Description Questionnaire will be sent through channels to the Office of Human Resource Services. Supervisors should comment on the Position Description Questionnaire and forward through channels.
 3. Reclassification requests will be considered three times per year. Requests submitted in June, July, August, and September will be reviewed in October and effective in November. Requests submitted in October, November, December, and January will be reviewed in February and effective in March. Requests submitted in February, March, April, and May will be reviewed in June and effective in July.
 4. Reclassification requests of new or vacant positions are considered upon submission.
 5. The director/department head and/or the employee may appeal the reclassification review decision to the assistant vice president for human resource services within 15 working days of receiving notification of the decision.
 6. The decision of the assistant vice president for human resource services may be appealed within 15 working days to the executive vice president and provost, whose decision is final.

7. A nonexempt reclassification action which results in an upgrade of more than 3 grades is normally advertised except when there is no interim career grade or is specifically exempted by the Office of Human Resource Services. Reclassification of a position does not, however, guarantee promotion of an incumbent employee. If the incumbent does not have the experience, knowledge, skills or ability to perform the responsibilities of the reclassified position, the incumbent will be considered for transfer.
8. When a position is changed to a classification with a lower grade, the incumbent may be considered for transfer to an appropriate vacant position.
9. The employee's probationary status will not change.
10. Reclassification requests to change a position from nonexempt to exempt status may be submitted in accordance with the procedure outlined below for exempt positions.

D. Exempt Staff Positions:

1. A supervisor requesting to make major changes in level, title, responsibilities, or salary range of an exempt position may submit an exempt Position Description Questionnaire and a request in memorandum form through the Office of Human Resource Services to the executive vice president and provost for review and consideration.
2. A regular exempt non-probationary employee who has reason to believe a position is misclassified may request a classification review.
3. The director/department head and/or the employee may appeal the reclassification review decision to the assistant vice president for human resource services within 15 working days of receiving notification of the decision.
4. The decision of the assistant vice president for human resource services may be appealed within 15 working days to the executive vice president and provost, whose decision is final.

8.60 Resignations *[Amendment recommended by Administrative Council 03.09.11; approved by Board of Regents 03.14.11]*

- A. Notice Required for Resignation from the University: A nonexempt employee who desires to separate from university employment should submit a signed resignation statement to the appointing authority two (2) weeks prior to the intended resignation date.

Exempt employees should give thirty (30) days written notice prior to termination.

If the employee resigns by phone or is otherwise not available to submit a letter/notice of resignation, the supervisor should document all relevant information and forward to the Office of Human Resource Services in accordance with applicable procedures.

- B. Notice Required for Intra-NMSU Career Moves: Employees who have accepted another position within NMSU should provide the notice referenced above to the department the employee is leaving, unless an alternative arrangement can be reached between the former supervisor and the new supervisor.
- C. Impact of Resignation to Benefits: All benefit coverages cease at midnight of the last day of the pay period in which the employee's separation from service date falls.

Employees will be responsible for payment of the benefit premiums, if the employee's final paycheck is not large enough to cover the benefit deductions to maintain coverage through the last day of the pay period.

- D. Withdrawal of Resignation/Reinstatement of Benefits: At the discretion of the Office of Human Resource Services, in consultation with the appropriate supervisor and/or administrative staff, a resignation from an employee otherwise in good standing may be permitted to be withdrawn.

In the event a resignation is permitted to be withdrawn, employment benefits, including but not limited to seniority and accrued leave, may be reinstated, provided no more than five (5) business days have passed from the date of official cessation of benefits.

The decisions by the Office of Human Resource Services relating to requests to withdraw a resignation or for reinstatement of benefits may not be appealed.

- D. Exempt employees may be laterally transferred voluntarily or involuntarily throughout the university with prior approval from the assistant vice president for human resource services and executive vice president and provost.
- E. The employee's education and experience should correspond with those required by the position being transferred to.
- F. A salary adjustment will not normally be awarded if the position to which employee is transferred is similar in overall duties and responsibilities.
- G. An E-Hire Form, leave records, and performance evaluation form will be submitted after approval for transfer has been obtained.
- H. Requests for transfer, initiated by nonexempt employees, will be made on a Transfer Request Form obtained in the Office of Human Resource Services. Each request will be evaluated by the merits of the situation.
- I. Employees with overall needs improvement or unsatisfactory ratings are ineligible for transfer consideration.
- J. Employees serving any type of probationary period may not transfer outside of their organizational unit without obtaining a written release from their current supervisor.

9.04 Office of Facilities and Services *[Amendment recommended by Administrative Council 07.27.11; approved by Board of Regents 08.22.11]*

The Office of Facilities and Services is funded by the state and by NMSU for the operation and maintenance of Instruction and General Space (“I & G”). It exists to provide courteous, responsive, cost-effective campus service by providing a broad range of campus support services. Its core mission is the management, operation, repair, renovation, and construction of the fixed physical assets of the university. All construction activity on university-owned facilities is mandated by state law to be done in accordance with applicable building codes. Should the Office of Facilities and Services become aware of any activity or work which does not meet building codes, that activity or work will be removed and the responsible department will bear the cost of all required remedial actions. In order to coordinate these construction activities and to protect the interests of the university, all contractors performing construction (as defined by the Construction Industries Division) on facilities owned by the University shall obtain the express permission from the Office of Facilities and Services. Only those entities licensed and acceptable to the Construction Industries Division and to the NMSU Office of Facilities and Services shall be allowed to perform construction-related activities. Some construction projects may also require approval of the Higher Education Department and the State Board of Finance.

9.05 Campus Planning (Master Plan) *[Amendment recommended by Administrative Council 07.27.11; approved by Board of Regents 08.22.11]*

The Office of Facilities and Services is charged with the responsibility for the development and maintenance of facility master plans for the main campus. In addition, the Office of Facilities and Services coordinates and assists the community campuses in the development of their master plans. The Office of Facilities and Services is funded by the state and by NMSU for the operation and maintenance of Instruction and General (I&G) Space. Most routine maintenance services to I&G space are provided without charge by the Office of Facilities and Services, while as a general rule, non-routine maintenance activities are charged back to the customer. Services paid for by the NMSU entity that occupies the space are called billable services. Upon request, the Office of Facilities and Services will provide estimates for billable work. All services rendered in support of non-I & G buildings are billable. Services rendered in support of I & G buildings may or may not be billable, depending on the type of service. The Office of Facilities and Services publishes a detailed schedule of those services that are provided as well as a [schedule of billable services](#). Each year the State of New Mexico allocates funds to be used for the renovation, repair, and remodeling of I & G buildings and infrastructures at the university (BRR funds).

- D. Utility Tunnels: The university owns an extensive network of utility tunnels that exist for the sole purpose of providing a conveying utility systems to and from campus facilities. Access to those

tunnels must be specifically approved by the executive director of operations (or designee) at (575) 646-2101. The tunnels are potentially dangerous spaces and safety regulations shall be followed by any person that enters these areas. Any installation of additional equipment or devices in the university utility tunnel system shall receive prior written approval from the executive director of operations in the Office of Facilities and Services.

9.60 Wayfinding and Signage Policy *[New policy adopted by Administrative Council 11.14.06; ratified by Board of Regents 07.20.10] [Amendment recommended by Administrative Council 07.27.11; approved by Board of Regents 08.22.11]*

- A. Purpose: To establish parameters for a unified graphic design to be used on all signage at NMSU's Las Cruces campus, in order to provide a sense of welcome, security and comfort to students and visitors as they navigate the campus.
- B. Policy Administrator: This policy is administered by the Office of Facilities and Services.
- C. Rationale and Objectives:
 1. The goals of the NMSU Wayfinding and Signage Program are to implement a cohesive graphic identity throughout the entire Las Cruces campus by the Office of Facilities and Services. The look and style of the signs applied uniformly and accurately will create a positive first impression by displaying graphics that will assist students and first-time visitors with navigating the campus and by providing them with a sense of welcome, security and comfort.
 2. This document establishes parameters and provides guidelines that will maintain a unified look for all signage on campus. Collaboration and participation by interested parties (administrative staff, architects, sign designers, interior designers, campus project managers, etc) will ensure that the system remains uniform and cohesive. The design of the signage will incorporate the guidelines from the branding initiative.
 3. The Wayfinding and Signage Program is all encompassing. It includes directional signs from roadways, to parking, to pedestrian activities, to buildings and ultimately to final destinations. The guidelines serve the entire Las Cruces campus and will be applied to new construction as well as modifications to existing buildings.
 4. Roadway signage will emphasize the main campus entrances and clearly identify visitor information destinations. Parking lots will be clearly marked, and campus maps and directories will be strategically placed at pedestrian entry paths adjacent to parking lots.
- D. Required Architectural Signage: Campus buildings will have architectural signage as follows:
 1. Building Identification/dimensional letters - with the official name of the building as approved by the Board of Regents placed near the main entrance(s). Address numerals may also be utilized (numerals only). All letters on buildings will be a standard size as noted in the signage guidelines.
 2. Building Identification/freestanding sign - with name of building, one name per building, as defined by the Naming Committee, placed near the main entrance or near the primary walkway to the main entrance in instances when the front door is obscured or when there is no appropriate location on the architecture for dimensional letters. One line of descriptive text may also be applied to the sign when needed or feasible, as defined by the Naming Committee. Address, with numerals and street name only, may also be applied to the sign panel. Signs may be single sided when parallel to the building or double faced when perpendicular to approaching traffic.
 3. Building Directories/wall mounted - Tenants and sub-tenants of buildings will be listed on building directories as shown in the signage guidelines. The Office of Facilities and Services will provide information and assist building managers with implementing the directory

signage through the NMSU Sign Shop. Directories are recommended in lobbies of buildings at primary entrances on the first floor or ground level. Secondary directories, such as floor directories and/or elevator lobby directories, can provide further opportunity to guide visitors and provide tenant information.

4. All appeals pursuant to this policy should be directed through the university architect to the Campus Planning Committee.

Section B: Legislation passed by the Faculty Senate shall be submitted to the president of the university and, upon receiving the president’s signature, shall become effective July 1 following unless otherwise specified. If the president takes no action on a proposition within 45 days of its passage by the Faculty Senate, that proposition stands as approved. Any proposition which passes the Faculty Senate but is disapproved and returned by the president may, by a two-thirds vote of the present and voting members of the Faculty Senate, be forwarded to the president. For the purpose of nominating senators, the faculty of each branch, university Library, or Cooperative Extension Service shall meet as a group, hereafter termed faculty electing groups, or may submit nominees to their senior faculty senator. The senior senator of each faculty electing group shall serve as chair.* The chair of each group shall be responsible for conducting the election of those nominated. Elections shall be by secret written ballot. Elections of faculty senators shall be completed before the end of March each year. In the event of a tie vote, the result shall be determined by lot. Immediately after the election the chair of each faculty election group shall inform the vice chair of the Faculty Senate of the names of the elected senators.

*In case of a tie in consecutive service, cumulative service in the Faculty Senate will determine the senior senator.

ARTICLE V – TERM OF OFFICE OF ELECTED SENATORS

Section A: The Faculty Senate year shall begin immediately following the last day of the second semester of an academic year and end the last day of the second semester of the next academic year.

Section B: The usual term of office for elected senators shall be 3 years. However, when reapportionment makes it necessary, the terms of some newly-elected senators shall be for 1, 2, or 3 years so that the terms of an approximately equal number of senators from each faculty electing group expire each subsequent year. No faculty member shall be elected to a Faculty Senate term which will result in more than seven consecutive years of service. The chair of the Faculty Senate shall be responsible for implementing this section.

Section C: Vacancies in the Faculty Senate created by the expiration of members' terms of office shall be filled at the regular annual elections.

Section D: In the case of the death, resignation, or retirement of a member of the Faculty Senate, a successor shall be elected to fill out the unexpired term at a special election called for that purpose. The provisions of Article IV, Section C, shall apply to such election.

Section E: In the case of a leave of absence of a member of the Faculty Senate, a special election shall be called to elect a temporary replacement who shall serve until the absent member returns from leave or until the member's term of office has expired, whichever occurs first. The provisions of Article IV, Section C, shall apply to such election.

ARTICLE VI – OFFICERS

Section A: The seven senate electing groups are: (1) the senators representing the four branches; (2) the senator representing the university Library and the senators representing the College of Arts and Sciences; (3) the three senators representing the Cooperative Extension Service and the senators representing the College of Agricultural, Consumer and Environmental Sciences. The senators representing each of the four remaining colleges shall each constitute a separate senate electing group.

Section B: The officers of the Faculty Senate shall be a chair, vice chair, a parliamentarian, and a recording secretary. The terms of the chair and vice chair shall begin on the first day following the end of the spring semester and end on the last day of the following spring semester. The parliamentarian and the recording secretary shall be appointed by the chair with the approval of the Faculty Senate. The chair and vice chair shall be elected members of the Faculty Senate, representing different senate electing groups.

Section C: The Faculty Senate shall elect two senators as nominees for the position as chair at the December meeting. The nominees must be members of the senate at the time of nomination and election and must intend to continue as active (nonretired) faculty during the following academic year. If the chair would otherwise still have been serving in the Faculty Senate during the ensuing term of office, a temporary replacement shall be elected to serve during the chair's term. Immediately following these nominations, a ballot shall be prepared and mailed to all faculty as defined in Article I. The by-laws of the Faculty Senate shall apply to the nomination and election of the chair. The winner of the election, until assuming the office of the chair, will be designated the chair-elect. The chair-elect shall not be from the same senate electing group as the chair (except when the current chair is re-elected). In

the case of the death, resignation, or retirement of the chair, the vice chair shall fulfill the remainder of the chair's term of office.

Section D: At the end of the last meeting of the senate year, the elected senators for the next year from each senate electing group shall caucus and elect their members to the Committee on Committees. This Committee on Committees shall then caucus and elect its chair, who will also be vice chair of the senate. These actions shall be reported in the minutes of the last Faculty Senate meeting. The committee shall consist of one member from each senate electing group for each five elected senators or major fraction thereof. Each electing group shall have at least one member regardless of its senate representation. Vacancies shall be filled by the elected senators from the senate electing groups. The four standing committee chairs will serve as nonvoting ex officio members, unless the standing committee chair has also been elected by their senate electing group as a voting member of the Committee on Committees, in which case that standing committee chair may serve as a voting member of the Committee on Committees and remain as chair of that standing committee.
2. Committees on Scholastic Affairs, University Affairs, Faculty Affairs, and Long-Range Planning: The other standing committees shall consider propositions referred to them as described in Article IX, as well as actively develop and prepare for Faculty Senate consideration such policies and propositions as may seem beneficial to the university, particularly in areas suggested by their names. In doing so, they may, through hearings and requests for information, draw on the resources of the university and its administration. Each committee shall have the right to create and constitute subcommittees consisting of individuals whom it designates; such subcommittees shall be chaired by a member of the constituting committee. Each committee shall consist of at least 13 voting members as assigned from the elected senators by the Committee on Committees. Senators not employed on the main campus need not be counted in the determination of a quorum. Each elected senator shall serve on one, and no more than one, of these four committees, with the exception of the chair of the Committee on Committees, who need only serve on that committee. Each committee shall elect a chair at its first meeting.
3. Committee of the Whole: The Faculty Senate by majority vote may convene as a Committee of the Whole to discuss and shape possible legislation pertaining to a particular issue. While sitting as a Committee of the Whole, the Faculty Senate may not pass new resolutions.

Section C: A term of committee membership shall be 1 year. Members may serve more than one term.

ARTICLE VIII – MEETINGS

Section A: Meetings of the Faculty Senate shall take place no less frequently than once a month during the academic year, but only on a special meeting basis during the summer sessions.

Section B: The time and place of each regular meeting shall be determined by the Committee on Committees.

Section C: The chair of the senate or, in the absence of the chair, the vice chair, may call special meetings at any time. A special meeting shall be limited to the consideration of the specific items of business designated in the call

of the meeting.

Section D: The president shall have the right to attend and participate in all meetings of the Faculty Senate and its committees. Any member of the university community may attend regular meetings of the Faculty Senate and its committees, and by invitation may participate in the discussions and deliberations.

Section E: A majority of the voting members of the Faculty Senate shall constitute a quorum.

Section F: The rules contained in the current edition of *Robert's Rules of Order* shall govern the parliamentary procedures of the Faculty Senate in all cases to which they are applicable and in which they are not inconsistent with the Constitution and any bylaws the Faculty Senate may adopt.

Section G: The officers of the senate shall make arrangements for its meetings. The chair will send a notice of the meeting and an agenda to each member of the faculty and will also send copies of committee reports to each senator.

Section H: Faculty electing groups represented by a senator not located on the main campus may send an elected alternate to substitute for that representative at meetings of the Faculty Senate and its committees. The Faculty Senate may seat the substitute with the right to participate and vote in the Faculty Senate and/or its committees.

ARTICLE IX – PROPOSITIONS FOR CONSIDERATION

Section A: Propositions to be considered by the Faculty Senate shall be presented by one or more voting or nonvoting senators. First-time propositions will not be sponsored or presented in the name of standing or ad hoc committees.

Section B: Each proposition shall be prepared in writing and signed by the presenting senator(s). Propositions shall be keyed to affected portions of the *New Mexico State University Policy Manual* so as to indicate the intended changes. At the time of presentation, copies of the proposition shall be distributed to all senators by the presenting senator(s).

Section C: Normally, a proposition shall be given first reading and explanation by the presenting senator(s), and then referred to the appropriate committee(s) by the vice chair of the senate. A challenge to the referral to committee may be made by any senator. The decision on the committee or committees to which referral shall be made will then be by majority vote of the senate. In exceptional cases, a proposition may be considered by the Faculty Senate as emergency legislation without referral to its committees, provided either:

- (a) previous notice and an outline of the nature of the proposition was given in the agenda of the meeting and the senate accepts consideration of the proposition by a two-thirds vote, or
- (b) lacking previous notice, the senate accepts consideration of the proposition by a three-fourths vote.

Section D: Committees shall hold hearings on all propositions referred to them. These hearings shall be open to the public so that all individuals interested in propositions may make presentations to the committee. The decision as to the nature of a committee's report on each proposition shall be by majority vote of the committee. Commentary for and against the proposition may be submitted with the report. Propositions shall be reported out with one of four recommendations to the senate: RECOMMEND FOR PASSAGE; RECOMMEND AGAINST PASSAGE; RECOMMEND REPLACEMENT BY A COMMITTEE-DRAWN SUBSTITUTE; or RECOMMEND SENATE DISCUSSION.

Section E: Propositions shall be reported out by the committees and forwarded to the recording secretary of the Faculty Senate prior to the Faculty Senate meeting next following first reading. A committee shall be given additional time when its chair, prior to that next meeting, notifies the recording secretary of the Faculty Senate that additional time is needed. In no case, however, shall committee deliberation of a proposition extend beyond the second regular Faculty Senate meeting following first reading of the proposition. The recording secretary shall be responsible for informing the Faculty Senate of violation of this provision.

Section F: Legislation reported out of committee shall be placed on the Faculty Senate agenda for full consideration in any of four possible circumstances:

- If the committee recommends for passage.
- If the committee recommends against passage but the Faculty Senate, after debate, votes for full consideration.
- If the committee recommends a substitute motion and the Faculty Senate votes for full consideration.
- If the committee recommends Faculty Senate discussion: in this case, after Faculty Senate debate, the proposition may be referred to a committee for further consideration.

The legislation shall be considered defeated if it does not receive full Faculty Senate consideration. When the unfinished business portion of the agenda is reached, each of the items that have been voted full Faculty Senate consideration shall be moved for adoption and will thus be subject to debate, amendment, and normal parliamentary procedures. However, when a committee recommends senate discussion, referral back to a committee must precede final passage.

ARTICLE X – AMENDMENTS

Section A: Amendments to this constitution shall be initiated as propositions and shall initially follow the procedures of Article IX. Upon passage by the Faculty Senate they shall be duplicated and distributed to all members of the faculty who are qualified to vote.

Section B: Such proposed amendments shall be considered as adopted when approved by an affirmative vote of two-thirds of the qualified members of the faculty who vote. Such voting shall be by secret written ballot.

Section C: This constitution may also be amended by an initiative and referendum election. Such an initiative shall specify the amendment(s) to be made and shall require the signatures of 10 percent of the faculty as defined in Article I. Verification of the signatures upon the initiative shall be by the officers of the Faculty Senate. Upon verification, such amendments shall be submitted directly to the faculty without prior approval of the Faculty Senate. The amendment(s) shall be considered as adopted when approved by an affirmative vote of two-thirds of the qualified members of the faculty who vote.

Article XI – BYLAWS

Section A: All procedural decisions and guidelines adopted by the Faculty Senate to implement its constitution shall be appended to that document in an addendum to be labeled “Bylaws”.

Section B: Adoption and amendment of bylaws shall be by a simple majority vote of the Faculty Senate. Presentation of proposed by laws or amendments thereof shall follow the procedure for presentation of proposals detailed in Article IX of this constitution.
